A bill to amend 1974 PA 198, entitled

"An act to provide for the establishment of plant rehabilitation districts and industrial development districts in local governmental units; to provide for the exemption from certain taxes; to levy and collect a specific tax upon the owners of certain facilities; to provide for the disposition of the tax; to provide for the obtaining and transferring of an exemption certificate and to prescribe the contents of those certificates; to prescribe the powers and duties of the state tax commission and certain officers of local governmental units; and to provide penalties,"

by amending section 9 (MCL 207.559), as amended by 1996 PA 513.

**THE PEOPLE OF THE STATE OF MICHIGAN ENACT:**

1       Sec. 9. (1) The legislative body of the local governmental  
2 unit, in its resolution approving an application, shall set forth  
3 a finding and determination that the granting of the industrial  
4 facilities exemption certificate, considered together with the  
5 aggregate amount of industrial facilities exemption certificates  
6 previously granted and currently in force, shall not have the  
7 effect of substantially impeding the operation of the local

1 governmental unit or impairing the financial soundness of a  
2 taxing unit that levies an ad valorem property tax in the local  
3 governmental unit in which the facility is located or to be  
4 located. If the state equalized valuation of property proposed  
5 to be exempt pursuant to an application under consideration, con-  
6 sidered together with the aggregate state equalized valuation of  
7 property exempt under certificates previously granted and cur-  
8 rently in force, exceeds 5% of the state equalized valuation of  
9 the local governmental unit, the commission, with the approval of  
10 the state treasurer, shall make a separate finding and shall  
11 include a statement in the order approving the industrial facili-  
12 ties exemption certificate that exceeding that amount shall not  
13 have the effect of substantially impeding the operation of the  
14 local governmental unit or impairing the financial soundness of  
15 an affected taxing unit.

16 (2) Except for an application for a speculative building,  
17 which is governed by subsection (4), the legislative body of the  
18 local governmental unit shall not approve an application and the  
19 commission shall not grant an industrial facilities exemption  
20 certificate unless the applicant complies with all of the follow-  
21 ing requirements:

22 (a) The commencement of the restoration, replacement, or  
23 construction of the facility occurred not earlier than 12 months  
24 before the filing of the application for the industrial facili-  
25 ties exemption certificate. If the application is not filed  
26 within the 12-month period, the application may be filed within  
27 the succeeding 12-month period and the industrial facilities

1 exemption certificate shall in this case expire 1 year earlier  
2 than it would have expired if the application had been timely  
3 filed. This subdivision does not apply for applications filed  
4 with the local governmental unit after December 31, 1983.

5 (b) For applications made after December 31, 1983, the pro-  
6 posed facility shall be located within a plant rehabilitation  
7 district or industrial development district that was duly estab-  
8 lished in a local governmental unit eligible under this act to  
9 establish a district and that was established upon a request  
10 filed or by the local governmental unit's own initiative taken  
11 before the commencement of the restoration, replacement, or con-  
12 struction of the facility.

13 (c) For applications made after December 31, 1983, the com-  
14 mencement of the restoration, replacement, or construction of the  
15 facility occurred not earlier than 6 months [, OR, IF THE  
APPLICATION WAS APPROVED BY THE LOCAL GOVERNMENTAL UNIT ON OCTOBER  
7, 1996, 7 MONTHS] before the filing of  
16 the application for the industrial facilities exemption  
17 certificate.

18 (d) The application relates to a construction, restoration,  
19 or replacement program that when completed constitutes a new or  
20 replacement facility within the meaning of this act and that  
21 shall be situated within a plant rehabilitation district or  
22 industrial development district duly established in a local gov-  
23 ernmental unit eligible under this act to establish the  
24 district.

25 (e) Completion of the facility is calculated to, and will at  
26 the time of issuance of the certificate have the reasonable  
27 likelihood to create employment, retain employment, prevent a

1 loss of employment, or produce energy in the community in which  
2 the facility is situated.

3 (f) Completion of the facility shall not have the effect of  
4 transferring employment from 1 or more local governmental units  
5 of this state to the local governmental unit in which the facil-  
6 ity is to be located, except that this restriction does not pre-  
7 vent the granting of a certificate if the legislative body of  
8 each local governmental unit from which employment is to be  
9 transferred consents by resolution to the granting of the  
10 certificate. If the local governmental unit does not give its  
11 consent, a copy of the resolution of denial showing reasons for  
12 the denial shall be filed within 20 days after adoption with the  
13 department of consumer and industry services.

14 (g) Completion of the facility does not constitute merely  
15 the addition of machinery and equipment for the purpose of  
16 increasing productive capacity but rather is primarily for the  
17 purpose and will primarily have the effect of restoration,  
18 replacement, or updating the technology of obsolete industrial  
19 property. An increase in productive capacity, even though sig-  
20 nificant, is not an impediment to the issuance of an industrial  
21 facilities exemption certificate if other criteria in this sec-  
22 tion and act are met. This subdivision does not apply to a new  
23 facility.

24 (h) The provisions of subdivision (c) do not apply to a new  
25 facility located in an existing industrial development district  
26 owned by a person who filed an application for an industrial  
27 facilities exemption certificate in April of 1992 if the

1 application was approved by the local governing body and was  
2 denied by the state tax commission in April of 1993.

3 (i) The provisions of subdivisions (b) and (c) and  
4 section 4(3) do not apply to 1 or more of the following:

9 lished by the legislative body of the local governmental unit in  
10 July 1994. An industrial facilities exemption certificate  
11 described in this subparagraph shall expire as provided in sec-  
12 tion 16(3).

13 (ii) A facility located in an industrial development dis-  
14 trict that was established in January 1994 and was owned by a  
15 person who filed an application for an industrial facilities

17 and real property portions of the application were approved by  
18 the legislative body of the local governmental unit and the per-  
19 sonal property portion of the application was approved by the  
20 state tax commission in December 1994 and the real property por-  
21 tion of the application was denied by the state tax commission in  
22 December 1994. An industrial facilities exemption certificate  
23 described in this subparagraph shall expire as provided in sec-  
24 tion 16(3).

3       (4) The legislative body of the local governmental unit  
4 shall not approve an application and the commission shall not  
5 grant an industrial facilities exemption certificate that applies  
6 to a speculative building unless the speculative building is or  
7 is to be located in a plant rehabilitation district or industrial  
8 development district duly established by a local governmental  
9 unit eligible under this act to establish a district; the specu-
