---

House Bill 5230 (Substitute S-1 as reported by the Committee of the Whole)  
Sponsor: Representative Wayne Kuipers  
House Committee: Transportation  
Senate Committee: Transportation and Tourism

### **CONTENT**

The bill would amend Public Act 222 of 1972, which provides for the issuance and use of an official personal identification card, to prohibit the Secretary of State (SOS) or any other State agency from selling any list of information maintained under the Act for the purpose of surveys, marketing, and solicitations. The bill also would delete requirements that people be informed of their right to prohibit disclosure of personal information for surveys, marketing, and solicitations and given an opportunity to notify the Secretary of State of their desire not to have this information disclosed. The bill provides that if the SOS sold a member of the State Legislature a list of information from the records maintained under the Act, the Secretary of State would have charge the same fee as the fee for the sale of bulk records, unless the member requested the list to carry out a legislative function.

The bill would take effect June 1, 2000.

MCL 28.300

Legislative Analyst: S. Lowe

### **FISCAL IMPACT**

Due to fewer look-ups, the State could incur a loss of some look-up fee revenue. According to the Department of State, the provisions of House Bills 5227, 5230 (H-1), and 5270 could result in a \$400,000 reduction in revenue to the look-up fee account. There would be no impact on local units of government.
