“In the beginning, God created Heaven and Earth. Let us remind the members of this floor that God was here first—not us. He allowed us to become a part of this great humankind. May God reach out to those individuals who have envy and jealousy in their heart. In His name may we pray. Amen.”

Senate Concurrent Resolution No. 12.

A concurrent resolution to express support for efforts to increase public awareness of the severe health risks related to obesity and to encourage people to make responsible lifestyle changes, and commemorate July 1999 as Obesity Awareness Month.

Whereas, One of the most significant public health issues facing Michigan and our country is the problem of obesity. This problem leads to a host of grave conditions, including hypertension, type two diabetes, cardiovascular disease, respiratory complications, and osteoarthritis. Public health officials across the country are especially concerned over the increased rates of obesity among young people; and

Whereas, Apart from the immeasurable costs to the quality of people's lives, obesity exacts an enormous financial toll on our society. Each year, billions of dollars are lost directly and indirectly, through lost productivity and costs of care. All of these costs, both human and economic, are especially frustrating due to the fact that a great portion of the problems created by obesity are preventable; and

Whereas, Traditional strategies of better nutrition and exercise have been accompanied by research that recommends that people spend less time in front of their televisions and increase their physical activity; and

Whereas, There needs to be an increase in public awareness of the fact that even relatively easy behavioral changes can save lives and money for our state. This is clearly an area where prevention offers significant rewards; now, therefore, be it

Resolved by the Senate (the House of Representatives concurring), That we express support for efforts to increase public awareness of the severe health risks related to obesity and to encourage people to make responsible lifestyle changes and designate July 1999 as Obesity Awareness Month; and be it further

Resolved, That copies of this resolution be transmitted to the Department of Community Health.

The Senate has adopted the concurrent resolution.
