SENATE BILL 686 AS PASSED SENATE

Sponsor: Sen. Thaddeus McCotter

House Committee: Health Policy

FLOOR ANALYSIS - 12/4/02

Analyst(s): Bob Schneider

SUMMARY

The bill expands the current law definition of "review entities" to which confidential medical information can be released. The definition is expanded to include a professional corporation, limited liability partnership, or partnership consisting of 10 or more allopathic physicians, osteopathic physicians, or podiatric physicians and surgeons who regularly practice peer review consistent with the requirements of the Public Health Code. The bill would have no fiscal impact on the State or on local units of government.
