Sec. 1650. (1) The department may require medical services recipients residing in counties offering managed care options to choose the particular managed care plan in which they wish to be enrolled. Persons not expressing a preference may be assigned to a managed care provider.

(2) Persons to be assigned a managed care provider shall be informed in writing of the criteria for exceptions to capitated managed care enrollment, their right to change HMOs for any reason within the initial 90 days of enrollment, the toll-free telephone number for problems and complaints, and information regarding grievance and appeals rights.

(3) The criteria for medical exceptions to HMO enrollment shall be based on submitted documentation that indicates a recipient has a serious medical condition, and is undergoing active treatment for that condition with a physician who does not participate in 1 of the HMOs. If the person meets the criteria established by this subsection, the department shall grant an exception to mandatory enrollment at least through the current prescribed course of treatment, subject to periodic review of continued eligibility.

Sec. 1651. (1) Medical services patients who are enrolled in HMOs have the choice to elect hospice services or other services for the terminally ill that are offered by the HMOs. If the patient elects hospice services, those services shall be provided in accordance with part 214 of the public health code, 1978 PA 368, MCL 333.21401 to 333.21420.

(2) The department shall not amend the medical services hospice manual in a manner that would allow hospice services to be provided without making available all comprehensive hospice services described in 42 C.F.R. part 418.

Sec. 1653. Implementation and contracting for managed care by the department through HMOs are subject to the following conditions:

(a) Continuity of care is assured by allowing enrollees to continue receiving required medically necessary services from their current providers for a period not to exceed 1 year if enrollees meet the managed care medical exception criteria.

(b) The department shall require contracted HMOs to submit data determined necessary for evaluation on a timely basis.

(c) A health plans advisory council is functioning that meets all applicable federal and state requirements for a medical care advisory committee. The council shall review at least quarterly the implementation of the department's managed care plans.

(d) Mandatory enrollment of Medicaid beneficiaries living in counties defined as rural by the federal government, which is any nonurban standard metropolitan statistical area, is allowed if there is only 1 HMO serving the Medicaid population, as long as each Medicaid beneficiary is assured of having a choice of at least 2 physicians by the HMO.

(e) Enrollment of recipients of children's special health care services in HMOs shall be voluntary during fiscal year 2001-2002.

(f) The department shall develop a case adjustment to its rate methodology that considers the costs of persons with HIV/AIDS, end stage renal disease, organ transplants, epilepsy, and other high-cost diseases or conditions and shall implement the case adjustment when it is proven to be actuarially and fiscally sound. Implementation of the case adjustment must be budget neutral.

Sec. 1654. (1) Medicaid HMOs shall establish an ongoing internal quality assurance program for health care services provided to Medicaid recipients which includes all of the following:

(a) An emphasis on health outcomes.

(b) Establishment of written protocols for utilization review based on current standards of medical practice.

(c) Review by physicians and other health care professionals of the process followed in the provision of the health care services.

(d) Evaluation of the continuity and coordination of care that enrollees receive.

(e) Mechanisms to detect overutilization and underutilization of services.

(f) Actions to improve quality and assess the effectiveness of the action through systematic follow-up.

(g) Provision of information on quality and outcome measures to facilitate enrollee comparison and choice of health coverage options.

(h) Ongoing evaluation of the plans' effectiveness.

(i) Consumer involvement in the development of the quality assurance program and consideration of enrollee complaints and satisfaction survey results.

(2) Medicaid HMOs shall apply for accreditation by an appropriate external independent accrediting organization requiring standards recognized by the department once those HMOs have met the application requirements. The state shall accept accreditation of an HMO by an approved accrediting organization as proof that the HMO meets some or all of the state's requirements, if the state determines that the accrediting organization's standards meet or exceed the state's requirements.

(3) Medicaid HMOs shall report encounter data, including data on inpatient and outpatient hospital care, physician visits, pharmaceutical services, and other services specified by the department.

(4) Medicaid HMOs shall assure that all covered services are available and accessible to enrollees with reasonable promptness and in a manner that assures continuity. Medically necessary services shall be available and accessible 24 hours a day and 7 days a week. HMOs shall continue to develop procedures for determining medical necessity which may include a prior authorization process.

(5) Medicaid HMOs shall provide for reimbursement of HMO covered services delivered other than through the HMO's providers if medically necessary and approved by the HMO, immediately required, and that could not be reasonably obtained through the HMO's providers on a timely basis. Such services shall be considered approved if the HMO does not respond to a request for authorization within 24 hours of the request. Reimbursement shall not exceed the Medicaid fee-for-service payment for those services.

(6) Medicaid HMOs shall provide access to appropriate providers, including qualified specialists for all medically necessary services.

(7) Medicaid HMOs shall provide the department with a demonstration of the plan's capacity to adequately serve the HMO's expected enrollment of Medicaid enrollees.

(8) Medicaid HMOs shall provide assurances to the department that it will not deny enrollment to, expel, or refuse to reenroll any individual because of the individual's health status or need for services, and that it will notify all eligible persons of those assurances at the time of enrollment.

(9) Medicaid HMOs shall provide procedures for hearing and resolving grievances between the HMO and members enrolled in the HMO on a timely basis.

(10) Medicaid HMOs shall meet other standards and requirements contained in state laws, administrative rules, and policies promulgated by the department.

(11) Medicaid HMOs shall develop written plans for providing nonemergency medical transportation services funded through supplemental payments made to the plans by the department, and shall include information about transportation in their member handbook.

Sec. 1655. (1) The department may require a 12-month lock-in to the HMO selected by the recipient during the initial and subsequent open enrollment periods, but allow for good cause exceptions during the lock-in period.

(2) Medicaid recipients shall be allowed to change HMOs for any reason within the initial 90 days of enrollment.

Sec. 1656. (1) The department shall provide an expedited complaint review procedure for Medicaid eligible persons enrolled in HMOs for situations in which failure to receive any health care service would result in significant harm to the enrollee.

(2) The department shall provide for a toll-free telephone number for Medicaid recipients enrolled in managed care to assist with resolving problems and complaints. If warranted, the department shall immediately disenroll persons from managed care and approve fee-for-service coverage.

(3) Annual reports summarizing the problems and complaints reported and their resolution shall be provided to the house of representatives and senate appropriations subcommittees on community health, the house and senate fiscal agencies, the state budget office, and the department's health plans advisory council.

Sec. 1657. (1) Reimbursement for medical services to screen and stabilize a Medicaid recipient, including stabilization of a psychiatric crisis, in a hospital emergency room shall not be made contingent on obtaining prior authorization from the recipient's HMO. If the recipient is discharged from the emergency room, the hospital shall notify the recipient's HMO within 24 hours of the diagnosis and treatment received.

(2) If the treating hospital determines that the recipient will require further medical service or hospitalization beyond the point of stabilization, that hospital must receive authorization from the recipient's HMO prior to admitting the recipient.

(3) Subsections (1) and (2) shall not be construed as a requirement to alter an existing agreement between an HMO and their contracting hospitals nor as a requirement that an HMO must reimburse for services that are not considered to be medically necessary.

Sec. 1658. (1) In lieu of implementing per diems in policy bulletin MSA 01-03 related to Medicaid conditions of participation for hospitals and removing references to per diem payments, the department may utilize up to \$2,500,000.00 from the outpatient adjustor and \$1,500,000.00 from available lapses in the health plan services line to reimburse HMOs that can demonstrate that they have suffered a financial loss due to reimbursing noncontracting hospitals at fee-for-service rates rather than on a per diem basis. Medicaid notices of proposed policies 0039-Hospital and 0004-Hospital, relating to payments under the outpatient hospital adjustor and graduate medical education payments respectively, shall have all references to per diem payments deleted.

(2) It is the intent of the legislature that HMOs shall have contracts with hospitals within a reasonable distance from their enrollees. If a hospital does not contract with 1 or more HMOs, in which it has no financial interest and whose facility is in a service area with 1 or more HMOs, that hospital shall allow for the admission of HMO enrollees by a physician under contract with excluded HMOs who has admitting privileges at that hospital.

(3) In the absence of a contract with a hospital, an HMO shall reimburse that hospital at Medicaid fee-for-service rates for medically necessary and appropriately authorized services, arranged by a physician under contract with the HMO and who has admitting privileges at that hospital. The department shall reimburse the HMO the differential between the actuarially equivalent per diem rate and the actual Medicaid fee-for-service payment that was paid to the hospital by the HMO.

(4) The conditions specified in subsection (3) shall only apply to those HMOs that can certify that the capitation rates, on which their bid for inclusion in the state's Medicaid managed care program was made, were based on per diem and not fee-for-service estimates for inpatient hospital services.

Sec. 1659. The following sections are the only ones that shall apply to the following Medicaid managed care programs, including the comprehensive plan, children's special health care services plan, MI Choice long-term care plan, and the mental health, substance abuse, and developmentally disabled services program: 402, 404, 413, 414, 418, 1612, 1642, 1650, 1651, 1653, 1654, 1655, 1656, 1657, 1658, 1660, 1661, and 1662.

Sec. 1660. (1) The department shall assure that all Medicaid children have timely access to EPSDT services as required by federal law. Medicaid HMOs shall provide EPSDT services to their child members in accordance with Medicaid EPSDT policy.

(2) The primary responsibility of assuring a child's hearing and vision screening is with the child's primary care provider. The primary care provider shall provide age appropriate screening or arrange for these tests through referrals to local health departments. Local health departments shall provide preschool hearing and vision screening services and accept referrals for these tests from physicians or from Head Start programs in order to assure all preschool children have appropriate access to hearing and vision screening. Local health departments shall be reimbursed for the cost of providing these tests for Medicaid eligible children by the Medicaid program.

Medicaid HMOs shall assure that maternal support service screening is available to their pregnant members and that those women found to meet the maternal support service high-risk criteria are offered maternal support services. Local health departments shall assure that maternal support service screening is available for Medicaid pregnant women not enrolled in an HMO and that those women found to meet the maternal support service high-risk criteria are offered maternal support services or are referred to a certified maternal support service provider.

(2) The department shall prohibit HMOs from requiring prior authorization of their contracted providers for any EPSDT screening and diagnosis service, for any MSS/ISS screening referral, or for up to 3 MSS/ISS service visits.

(3) The department shall assure the coordination of MSS/ISS services with the WIC program, state-supported substance abuse, smoking prevention, and violence prevention programs, the family independence agency, and any other state or local program with a focus on preventing adverse birth outcomes and child abuse and neglect.

Sec. 1662. (1) The department shall require the external quality review contractor to conduct a review of all EPSDT components provided to children from a statistically valid sample of health plan medical records.

(2) The department shall provide a copy of the analysis of the Medicaid HMO annual audited health employer data and information set reports and the annual external quality review report to the senate and house of representatives appropriations subcommittees on community health, the senate and house fiscal agencies, and the state budget director, within 30 days of the department's receipt of the final reports from the contractors.

(3) The department shall work with the Michigan association of health plans and the Michigan association for local public health to improve service delivery and coordination in the MSS/ISS and EPSDT programs.

(4) The department shall provide training and technical assistance workshops on EPSDT and MSS/ISS for Medicaid health plans, local health departments, and MSS/ISS contractors.

Sec. 1670. (1) The appropriation in part 1 for the MICHild program is to be used to provide comprehensive health care to all children under age 19 who reside in families with income at or below 200% of the federal poverty level, who are uninsured and have not had coverage by other comprehensive health insurance within 6 months of making application for MICHild benefits, and who are residents of this state. The department shall develop detailed eligibility criteria through the medical services administration public concurrence process, consistent with the provisions of this act. Health care coverage for children in families below 150% of the federal poverty level shall be provided through expanded eligibility under the state's Medicaid program. Health coverage for children in families between 150% and 200% of the federal poverty level shall be provided through a state-based private health care program.

(2) The department shall enter into a contract to obtain MICHild services from any HMO, dental care corporation, or any other entity that offers to provide the managed health care benefits for MICHild services at the MICHild capitated rate. As used in this subsection:

Sec. 1675. Children whose category of eligibility changes between the Medicaid and MICHild programs shall be assured of keeping their current health care providers through the current prescribed course of treatment for up to 1 year, subject to periodic reviews by the department if the beneficiary has a serious medical condition and is undergoing active treatment for that condition.

Sec. 1676. To be eligible for the MICHild program, a child must be residing in a family with an adjusted gross income of less than or equal to 200% of the federal poverty level. The department's verification policy shall be used to determine eligibility.

The department may also explore options to increase the Medicaid income disregard for parents of Medicaid or MICHild eligible children who have income up to 100% of the federal poverty level. Penalty money, characterized as private funds, received by the department shall increase authorizations and allotments in the long-term care accounts.

(3) Any unexpended penalty money, at the end of the year, shall carry forward to the following year.

Sec. 1683. The department shall promote activities that preserve the dignity and rights of terminally ill and chronically ill individuals. Priority shall be given to programs, such as hospice, that focus on individual dignity and quality of care provided persons with terminal illness and programs serving persons with chronic illnesses that reduce the rate of suicide through the advancement of the knowledge and use of improved, appropriate pain management for these persons; and initiatives that train health care practitioners and faculty in managing pain, providing palliative care, and suicide prevention.

The facility cost for space from which beds are removed to downsize wards or create private rooms shall remain as an allowable Medicaid cost. The department shall not require nursing home beds removed under this policy to remain out of service for more than 1 year, and a shorter period of time may be approved by the department.

Sec. 1688. (1) In consultation with the nursing home industry, the department shall conduct a study to address the apparent liability insurance increases for nursing homes. The study may include recommendations such as creating a self-insured fund, a catastrophic claim fund, a cost-settled Medicaid pass-through for liability insurance increases if not in the base rate, or implementing an alternative methodology. The department shall provide its findings and recommendations from this study to the senate and house of representatives appropriations subcommittees on community health, the senate and house fiscal agencies, and the state budget director no later than April 1, 2002.

Sec. 1690. (1) From the funds appropriated in part 1 for the indigent medical care program, the department shall establish a program that provides for the basic health care needs of indigent persons as delineated in the following subsections.

(2) Eligibility for this program is limited to the following:

(2) For a county with a population of more than 2,000,000 people, the department shall distribute \$44,012,800.00 to hospitals if \$15,026,700.00 is received by the state from such a county, which meets the criteria of an allowable state matching share as determined by applicable federal laws and regulations. If the state receives a lesser sum of an allowable state matching share from such a county, the amount distributed shall be reduced accordingly.

(3) The department may establish county-based, indigent health care programs that are at least equal in eligibility and coverage to the fiscal year 1996 state medical program.

(4) The department is authorized to establish and expand programs in counties that include rural, underserved areas if the expenditures for the programs do not increase state general fund/general purpose costs and local funds are provided.

(5) If a locally administered indigent health care program replaces the state medical program authorized by section 1690 for a given county on or before October 1, 1998, the state general fund/general purpose dollars allocated for that county under this section shall not be less than the general fund/general purpose expenditures for the state medical program in that county in the previous fiscal year.

Sec. 1692. (1) The department of community health is authorized to pursue reimbursement for eligible services provided in Michigan schools from the federal Medicaid program. Sec. 1693. The special adjutor payments appropriation in part 1 may be increased if the department submits a medical services state plan amendment pertaining to this line item at a level higher than the appropriation. The department is authorized to appropriately adjust financing sources in accordance with the increased appropriation.

Sec. 1695. It is the sense of the legislature that disproportionate share hospital payments and other similar adjutor payments should be equitably distributed on a statewide basis. No later than February 1, 2002, the department shall provide a report to the chairs of the senate and house of representatives appropriations subcommittees on community health and the senate and house fiscal agencies on the methodology used to distribute disproportionate share hospital payments and other similar adjutor payments. Senator Gougeon asked and was granted unanimous consent to make statements and moved that the statements be printed in the Journal.

The motion prevailed.

Senator Gougeon's first statement is as follows:

Mr. President and colleagues, I'm delighted this morning to rise and urge a "yes" vote on the conference report on the funding for the Department of Community Health.

I've been particularly happy and proud to work with my counterpart in the House of Representatives, Representative Mortimer, and his team and with the Senate Fiscal Agency, specifically senior analyst John Walker, Steve Angelotti, and Dana Patterson, and particularly my chief of staff, Brett Henderson, who has taken a lead role in working with the staff members of all the members of our committee to take on the challenge of a \$75 million GF reduction in the Department of Community Health. We can still present to you today a proposal for your consideration and your "yes" vote. It is essentially a continuation budget that does not cut the funding that we put in last year for any of the areas that we have funded unless it was one-time funding. We accomplished this by rejecting the 2 percent inflationary increases for Medicaid, community mental health, and local public health operations, and we transferred \$25 million from the Medicaid trust fund as was part of the target agreement.

But more so, I challenged our group last January to think out of the box, to talk about innovations, and to look at every way that we could disassemble this budget and put in back together in a way that we could maintain the base line of funding that we had last year. This group came back and met the challenge with pharmaceutical rebates and other innovations that are included in this budget today, and they met that challenge by 110 percent. I'm so very proud of the work we've done because it's going to mean that people who have received funding all up and down the line from hospitals to HMOs to community mental health will not be taking any reduction from the amount of money they received last year. And that is significant because last year, as you recall, we focused on rebasing the funding for doctors and hospitals, and we had 11 percent increases built in to both that and HMOs as well. Being able to maintain that this year, in light of a \$75 million budget reduction, was astronomical.

But we went beyond that. What we have done basically is we've eased the restrictions on the department's ability to manage pharmaceutical costs and the fee-for-service Medicaid program, as well as the Elder Prescription Insurance Coverage program. We've only booked a small conservative amount of the savings that we predict will arise as a result of this initiative. This is a major initiative, and it is an initiative that will make Michigan a leader in the nation among all states dealing with the high costs of pharmaceutical drugs. Very, very significant in this budget is the aggressive pharmaceutical rebate program that is built into it.

These savings indeed will also allow for progress to work providing coverage under our EPIC program toward our goal of 200 percent of poverty. This was a Schwarz/Gast initiative that was put in last year and will be funded this year. And to realize the loan, that pharmaceutical rebate initiative will add \$8 million to be able to provide prescriptions for those seniors taking advantage of this program—8 million additional dollars.

The bill also removes current prohibitions on pre-authorization of pharmaceutical products and aggressively seeks additional pharmaceutical rebates there as well. The conference report requires the department to submit these changes in pharmacy policy for the Legislature's review.

I want to particularly thank Senator Joe Schwarz, who is very much interested as a physician in the formulary that we'll be looking at, as well as the administration agreeing with us.

Senator Gougeon's second statement is as follows:

I'm very ecstatic about the work done on this budget, and I will conclude by saying there's a rural health initiative expansion that I'm also very proud of. In previous years, we've only had \$10 million. This year because of the innovations put into this budget, we're going to \$11,870,000, and that's going to provide \$5.2 million for direct adjusted payments to rural hospitals, \$2 million for emergency medical service activities, 150 additional dollars for free clinics in rural areas, and \$4.5 million for health clinics on Mackinac and Beaver Islands.

I would like to acknowledge the leadership of Senator Walt North and your kind self, Senator Hoffman, and Senator Schwarz and Senator McManus and others in moving toward the clinic issue. It was an important issue, and we're happy to have been able to have funded it in this year's budget.

I urge a "yes" vote.

Resolutions

Senator North offered the following resolution:

Senate Resolution No. 93.

A resolution offered as a memorial for Thomas F. Schweigert, former member of the Michigan Senate.

Whereas, It is with admiration for the numerous sacrifices he made throughout his life for our state and nation that we honor the memory of Thomas F. Schweigert, a member of the Michigan Senate from 1961 to 1970. His talents and commitment strengthened many aspects of life in Michigan and provided an example of the highest standards of service. We offer our sincere condolences to his family on his passing; and

Whereas, A graduate of the forestry program at Michigan State College, Thomas Schweigert was a highly influential advocate for our natural resources and agriculture. He distinguished himself with the United States Forest Service and through his efforts as a pioneer in the field of private forest management consulting. His keen understanding of issues involving land, water, and woods led him to leadership posts not only in his legislative tenure, but throughout his entire life; and

Whereas, Thomas Schweigert was a man with a strong commitment to the service of others. He devoted three years to the defense of our country as an infantry officer in the European Theater of Operations during World War II. Prior to his election to the Michigan Senate in 1960, he handled several local governmental posts, including three terms on the Emmet County Board of Supervisors. His leadership in the Senate included serving as the President Pro Tem and as the President and Acting Lieutenant Governor in 1970. Among his proudest achievements was working on the establishment of North Central Michigan College; and

Whereas, Following his work in the Senate, Thomas Schweigert took his talents to the federal level as a presidential appointee heading the Upper Great Lakes Regional Commission and serving on the Delaware River Basin Commission. He returned to the service of his beloved home state as the chair of the Michigan Liquor Control Commission before ending his long and accomplishment-filled efforts in public service with his 1983 retirement; now, therefore, be it

Resolved by the Senate, That we offer this expression of tribute to honor the memory of Thomas F. Schweigert, a member of the Michigan Senate from 1961 to 1970; and be it further

Resolved, That copies of this resolution be transmitted to the Schweigert family as evidence of our sympathies.

Pending the order that, under rule 3.204, the resolution be referred to the Committee on Government Operations, Senator Emmons moved that the rule be suspended.

The motion prevailed, a majority of the members serving voting therefor.

The resolution was adopted by a unanimous standing vote of the Senate.

Senator Emmons moved that rule 3.204 be suspended to name the entire membership of the Senate and the Lieutenant Governor as co-sponsors of the resolution.

The motion prevailed, a majority of the members serving voting therefor.

Senator North asked and was granted unanimous consent to make a statement and moved that the statement be printed in the Journal.

The motion prevailed.

Senator North's statement is as follows:

Former Senator Schweigert was a constituent of mine. He lived in Petoskey and used to represent much of the same area that I now have the privilege of representing in this Senate. He was very instrumental back in 1968 in getting the bridge tolls reduced on the Mackinac Bridge from \$3.75 at that time for a passenger car to \$1.50. He shepherded that legislation through the Senate. I worked with him then. I had the opportunity to work with him for about 35 years. He was a giant in public service. He was chairman of the Liquor Control Commission. He was on the Upper Great Lakes Regional Commission, Delaware River Basin Commission, and had appointments on both the federal and state levels, as well as serving in this chamber from 1961 until 1970. He also was acting Lieutenant Governor in the late 1960s.

So I certainly would urge my colleagues to give unanimous support to this resolution.

By unanimous consent the Senate returned to the order of

Resolutions**House Concurrent Resolution No. 34.**

A concurrent resolution to explain and urge the Governor to support and sign Senate Bill No. 546.

Whereas, During the last decade, Michigan's population grew by 643,147 people, an increase of approximately seven percent. Despite Michigan's population growth, the 2000 decennial census has resulted in Michigan being apportioned fifteen congressional seats for the next ten years, one fewer than ten years ago. Based on Michigan's population of 9,938,444, the ideal size of each congressional district is 662,563. This is an increase of 81,600 people from the ideal district size in the current congressional districting plan. In addition to a change in overall population, during the last decade, significant demographic shifts occurred in the state. Perhaps the most significant of these shifts was the continued loss of population in the City of Detroit and certain inner-suburban areas. Detroit alone lost over 75,000 people. At the same time, the outer suburbs of the Detroit metropolitan area and much of the Northern Lower Peninsula experienced significant growth. As a result of these changes, Michigan's congressional districts for the next decade must change as well. Senate Bill No. 546 establishes new congressional districts for the State of Michigan; and

Whereas, In 1999, the Legislature enacted statutory criteria to be applied in redistricting Michigan's congressional districts (1999 PA 221). These criteria incorporate the federal constitutional requirement of precise mathematical equality of population in each district. They also require compliance with section 2 of the federal Voting Rights Act. As "secondary" state criteria, 1999 PA 221 requires, in descending order of priority, that congressional districts (1) shall break as few county boundaries as reasonably possible, (2) shall break as few city or township boundaries as reasonably possible, and (3) within a city or township to which there is apportioned more than one congressional district, districts shall be as compact as possible. (The third secondary criterion is inapplicable in the current redistricting cycle because no Michigan city is large enough to encompass more than one congressional seat); and

Whereas, The secondary criteria established for congressional redistricting are similar to the criteria utilized by the Federal District Court when it drew Michigan Congressional districts in 1992 (Good v Austin, 800 F Supp 551 (1992)). They are also similar to the so-called "Apol Criteria" utilized by the Michigan Supreme Court for redistricting the Michigan Legislature in 1982 and 1992. The Apol Criteria were enacted into law in 1996 for use in state legislative redistricting. Among other things, they effectuate a long-standing state constitutional policy of preserving county and, to a lesser extent, city and township boundary lines in the redistricting of the state Legislature. While this constitutional policy is not directly applicable to congressional districting, the Legislature nevertheless adopted it as a statutory policy for congressional districts; and

Whereas, Unlike the Apol Criteria, which require the fewest possible breaks in county and municipal lines, the congressional redistricting criteria require only that district lines break as few county, city, and township boundary lines "as is reasonably possible." The reason for this difference is that federal courts have held that population deviations of up to 10% between state legislative districts to achieve legitimate state goals are presumptively valid. This flexibility—as distinguished from the requirement of precise mathematical equality for congressional districts—better enables the achievement of the fewest possible breaks in a redistricting plan for the Legislature; and

Whereas, Except within cities apportioned more than one congressional seat (and there are currently none), compactness is not a requirement. As the Michigan Supreme Court observed in its 1982 state redistricting decision, compactness is not an end in itself but rather a means of avoiding political gerrymandering (In Re Apportionment - 1982, 413 Mich 96, 134 (1982)). Requiring preservation of county, city, and township boundary lines effectively achieves the same anti-gerrymandering purpose. Furthermore, use of counties, cities, and townships as the basic building blocks for districts helps assure reasonable spatial uniformity among districts (In Re Apportionment- 1982, 413 Mich 133); and

Whereas, The statutory criteria for congressional redistricting are set forth in MCL § 3.63. They are as follows:

Except as otherwise required by federal law for congressional districts in this state, the redistricting plan shall be enacted using only these guidelines in the following order of priority:

(a) The constitutional guideline is that each congressional district shall achieve precise mathematical equality of population in each district.

(b) The federal statutory guidelines in no order of priority are as follows:

(i) Each congressional district shall be entitled to elect a single member.

(ii) Each congressional district shall not violate section 2 of title I of the voting rights act of 1965, public Law 89-110, 42 U.S.C. 1973.

(c) The secondary guidelines in order of priority are as follows:

(i) Each congressional district shall consist of areas of convenient territory contiguous by land. Areas that meet only at points of adjoining corners are not contiguous.

(ii) Congressional district lines shall break as few county boundaries as is reasonably possible.

(iii) If it is necessary to break county lines to achieve equality of population between congressional districts as provided in subdivision (a), the number of people necessary to achieve population equality shall be shifted between the 2 districts affected by the shift.

(iv) Congressional district lines shall break as few city and township boundaries as is reasonably possible.

(v) If it is necessary to break city or township lines to achieve equality of population between congressional districts as provided in subdivision (a), the number of people necessary to achieve population equality shall be shifted between the 2 districts affected by the shift.

(vi) Within a city or township to which there is apportioned more than 1 congressional district, district lines shall be drawn to achieve the maximum compactness possible.

(vii) Compactness shall be determined by circumscribing each district within a circle of minimum radius and measuring the area, not part of the Great Lakes and not part of another state, inside the circle but not inside the district.

(viii) If a discontinuous township island exists within an incorporated city or discontinuous portions of townships are split by an incorporated city, the splitting of the township shall not be considered a split if any of the following circumstances exist:

(A) The city must be split to achieve equality of population between congressional districts as provided in subdivision (a) and it is practicable to keep the township together within 1 district.

(B) A township island is contained within a whole city and a split of the city would be required to keep the township intact.

(C) The discontinuous portion of a township cannot be included in the same district with another portion of the same township without creating a noncontiguous district.

(ix) Each congressional district shall be numbered in a regular series, beginning with congressional district 1 in the northwest corner of the state and ending with the highest numbered district in the southeast corner of the state.
; and

Whereas, In determining the number of county breaks in a proposed plan, the House and Senate utilized the same methodology that the Supreme Court utilized in redistricting the Legislature in 1982 and 1992. This methodology is set forth in publicly available correspondence between the Supreme Court and its special master for the 1982 plan and in footnote seven of the concurring opinion of Justices Levin and Fitzgerald in the 1982 redistricting case (In Re Apportionment-1982, 413 Mich 96, 155, n.7.) That methodology for determining county breaks is as follows:

1. Breaking a county line means assigning part of the population of a county to one or more other counties in the formation of a district.

2. If population is shifted from a county to a single election district (even if it comes from two geographically-separate whole cities or townships), that counts as one break. However, if population from that county is shifted to two or more election districts, that counts as two or more breaks.

3. A subsidiary rule (an exception) is that if one part of a county is shifted to one district and all the rest of the county is shifted to another district, that counts as one break.
; and

Whereas, The number of municipal breaks was determined by essentially the same methodology:

1. Breaking a municipal line means assigning part of the population of a municipality to one or more other municipalities or counties in the formation of a district.

2. If population is shifted from a municipality to a single election district, that counts as one break. However, if population from that municipality is shifted to two or more election districts, that counts as two or more breaks.

3. A subsidiary rule (an exception) is that if one part of a municipality is shifted to one district and all the rest of the municipality is shifted to another district, that counts as one break.

4. If the boundary of a city, which is located in more than one county, is broken in order to preserve a county boundary, that does not count as a municipal break.
; and

Whereas, The United States Supreme Court has observed that districting solely to achieve population equality “may be little more than an open invitation to partisan gerrymandering” (Reynolds v Sims, 377 US 533, 578 (1969)). The secondary criteria requiring the preservation of political subdivision boundaries to the extent reasonably possible substantially limits discretionary decision-making, and thus limits the opportunities for political gerrymandering; and

Whereas, Decennial census data became available in Michigan on March 28, 2001. Creation of a redistricting plan requires 2000 Census population data and 2000 Census geography, known as TIGER/Line files. All of this data has been made publicly available by both the Michigan Information Center and the United States Census Bureau from the date it was received by the state. Interested citizens and members of the Legislature have had since that date the opportunity to draft redistricting plans consistent with the statutory criteria; and

Whereas, On June 8, 2001, the Majority Leader of the Senate and the Speaker of the House announced the likelihood that redistricting legislation would be taken up before the summer recess. They asked that proposed plans and comments be submitted to the Secretary of the Senate and the Clerk of the House of Representatives not later than June 18, 2001. On June 20, 2001, that deadline was extended to June 25, 2001; and

Whereas, The Senate Committee on Redistricting held a committee hearing on June 25, 2001. After entertaining public comment, Senate Bill No. 546 was reported favorably with substitute (S-2) to the Senate floor. The Senate thereafter passed Senate Bill No. 546; and

Whereas, Senate Bill No. 546 was referred to the House Committee on Redistricting and Elections. The House Committee on Redistricting and Elections held a committee hearing on July 10, 2001. After entertaining public comment, the Committee reported Senate Bill No. 546 favorably; and

Whereas, The plan recommended by the House Committee on Redistricting and Elections for the United States House of Representatives consists of 15 single member districts comprised of convenient territories contiguous by land. The population of each district is 662,563; the number of breaks in county boundaries is 11; the number of breaks in city and township lines is 14. This is the plan which is most in compliance with the statutory redistricting criteria, constitutional, and statutory requirements of any plan before the Legislature; and

Whereas, This redistricting plan was designed to comply fully with both section 2 of the Voting Rights Act and the requirements of the Fourteenth Amendment’s equal protection clause, as set forth in Shaw v Reno, 509 US 630 (1993) and subsequent cases concerning racial gerrymandering. Aware of these dual obligations, this plan avoids any practice or district lines which result in the denial of any racial or ethnic group’s equal opportunity to elect a representative of their choice and, at the same time, does not subordinate traditional redistricting principles for the purpose of accomplishing a racial gerrymander or creating a majority-minority district. As a consequence, the plan does not result in retrogression or dilution of minority voting strength, particularly in light of the demographic limitations caused by relative population losses and the neutral criteria set forth in MCL § 3.63. On the other hand, the plan does not sacrifice

traditional neutral principles, such as, most importantly, preservation of county and municipal boundaries, for the purpose of engaging in a gerrymander that unnecessarily favors one racial group over others; and

Whereas, The plan furthers the underlying purpose of the state constitution by facilitating effective representation in the Congress where elected representatives can advance the shared interests of unified municipalities or counties. It does so without sacrificing Voting Rights Act principles, equal electoral opportunities, or racial fairness; now, therefore, be it

Protests

Senators Cherry and Smith, under their constitutional right of protest (Art. 4, Sec. 18), protested against the adoption of House Concurrent Resolution No. 34.

Senator Cherry moved that the statement he made during the discussion of the concurrent resolution be printed as his reasons for voting “no.”

The motion prevailed.

Senator Cherry's statement is as follows:

I rise in opposition to House Concurrent Resolution 34. My good colleague, the Senator from the 35th District, makes it sound like a pretty simple piece which simply reiterates the history here of congressional redistricting. But I would suggest, Mr. President, that it spells out that history in a pretty slanted, biased fashion to the point that really what House Concurrent Resolution 34 is it's a political fairytale that is far from resembling the real history of what's gone on.

I think it's inappropriate for us to shrine this fairytale into the record by supporting it and voting "yes." I would urge a "no" vote in that respect, Mr. President. I think that one can judge what's occurred on this bill through its record in the previous Journals of this body and the House in terms of the bills that were offered, the amendments that were adopted, and the debates that were made. It doesn't need for a revisionist to come along after the fact and somehow put forward a state of affairs that simply doesn't exist. On that basis, Mr. President, I would urge a "no" vote.

Senator Smith moved that she be permitted to submit, in writing, her reasons for voting "no" for inclusion in a subsequent Journal.

The motion prevailed.

By unanimous consent the Senate returned to the order of

The House of Representatives has adopted the report of the Committee of Conference and ordered that the bill be given immediate effect.

The Conference Report was read as follows:

The itemized statement below identifies appropriations from which spending to local units of government will occur:

Operations.....	\$ 315,504,216
At-risk student success program	3,692,103
Renaissance zone tax reimbursement program	\$ 400,000
TOTAL.....	\$ 319,596,319

Sec. 202. The appropriations authorized under this act are subject to the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

Sec. 208. Unless otherwise specified, the department of career development shall continue to pilot the use of the Internet to fulfill the reporting requirements of this act. This may include transmission of reports via electronic mail to

the recipients identified for each reporting requirement or it may include placement of reports on the Internet or legislative Intranet site. The senate and house appropriations subcommittees and senate and house fiscal agencies shall be notified in writing of the Internet or Intranet site of any such report. Quarterly, the department of career development shall provide to each member of the senate and house appropriations subcommittees, the senate and house fiscal agencies, and the state budget office both an electronic and paper copy listing of the reports submitted during the most recent 3-month period, along with each report's Internet or Intranet site, if any.

Sec. 209. Funds appropriated in part 1 should not be used for the purchase of foreign goods or services, or both, if competitively priced and of comparable quality American goods and services, or both, are available. Preference should be given to goods and services, or both, manufactured or provided by Michigan businesses if they are competitively priced and of comparable value.

Sec. 210. The principal executive officer of each community college receiving appropriations in part 1 shall take all reasonable steps to ensure businesses in deprived and depressed communities compete for and perform contracts to provide services or supplies, or both. Each principal executive officer shall strongly encourage firms with which the community college contracts to subcontract with certified businesses in depressed and deprived communities for services, supplies, or both.

Sec. 211. (1) The money appropriated in this act is appropriated for community colleges with fiscal years ending June 30, 2002, and shall be paid out of the state treasury and distributed by the state treasurer to the respective community colleges in 11 monthly installments on the sixteenth of each month, or the next succeeding business day, beginning with October 16, 2001. Each community college shall accrue its July and August 2002 payments to its institutional fiscal year ending June 30, 2002. However, if a community college fails to submit all verified Michigan community colleges activities classification structure data for school year 2000-2001 to the department of career development by November 1, 2001, the monthly installments shall be withheld from that community college until those data are submitted. The department of career development shall publish the activities classification structure data book for Michigan community colleges on or before March 1, 2002, for use by the legislature during budget development for the fiscal year ending September 30, 2003. The amount from the money appropriated in part 1 that is allocated under section 103 to address the special needs of at-risk students shall be paid in full by the state treasurer by November 1, 2001. The amount distributed to a community college or department shall not exceed the net state allocation authorized by this act.

(2) Except as otherwise provided by law, each of the amounts appropriated shall be used solely for the respective purposes stated in this act. The money appropriated by this act may be used to match the cost of any available programs under the Carl D. Perkins vocational and applied technology education act, Public Law 88-210, 98 Stat. 2435, including local administration.

Sec. 212. (1) The auditor general or an independent public accounting firm appointed by the auditor general shall audit data for the fiscal year ending on June 30, 2001, as submitted to the department of career development by 7 randomly selected community colleges. A community college shall maintain and provide those records necessary for the auditor general or certified public accountant appointed by the auditor general to determine the accuracy of the reported data. The audits shall be based upon the definitions and requirements contained in the Manual for Uniform Financial Reporting, Michigan Public Community Colleges, published by the Michigan state board of education in 1981, and the Activities Classification Structure Manual for Michigan Community Colleges, 1996 revision of the final report of the activities classification structure task force (July 1981), published by the department of education. Before the submission of a final audit report, a community college may appeal the findings of the preliminary report under an appeal process to be established by the auditor general. The auditor general shall submit a report of the findings to the house and senate appropriations committees, the department of career development, and the state budget director before June 1, 2002.

(2) The auditor general or a certified public accountant appointed by the auditor general shall conduct not less than 3 performance audits of community colleges but may conduct more if the auditor general considers it necessary.

(3) Not more than 60 days after an audit report is released by the office of the auditor general, the principal executive officer of the community college that was audited shall submit to the house and senate appropriations committees, the house and senate fiscal agencies, the department of career development, the auditor general, and the state budget director a plan to comply with audit recommendations. The plan shall contain projected dates and resources required, if any, to achieve compliance with the audit recommendations, or a documented explanation of the college's noncompliance with the audit recommendations concerning the matters on which the audited community college and office of the auditor general disagree.

(4) A community college whose audited activities classification structure data is significantly different than the data used to determine state aid under this act shall return any overappropriated money as provided in this section. The department of career development shall compare formula computations for the audited colleges using pre- and post-audit data. If the state allocation is 2% or more than the post-audit allocation amount, the college shall return the excess money. The returned money shall be redistributed to all 28 community colleges, prorated on the base appropriations contained in part 1.

Sec. 213. The department of career development shall review the taxonomy of the 7 community colleges selected for the audit under section 212 that is based on the Activities Classification Structure Manual for Michigan Community Colleges, 1996 revision of the final report of the activities classification structure task force (July 1981), published by the department of education.

Sec. 214. (1) A community college shall retain certified class summaries, class lists, registration documents, and student transcripts that are consistent with the taxonomy of courses. For each enrollment period during the fiscal year, these certified documents shall identify clearly by course the number of in-district and out-of-district student credit and contact hours. The class summaries and class lists shall be consistent with each other and shall include the course prefix and numbers, course title, course credit and contact hours, credit and contact hours generated by each student, and activity classifications consistent with the taxonomy. An auditable process shall be used by the community college to determine the unduplicated head count for in-district students, out-of-district students, and prisoners for each enrollment period during the fiscal year.

(2) Contracts between the community college and agencies that reimburse the community college for the costs of instruction shall be retained for audit purposes.

Sec. 215. Each community college shall have an annual audit of all income and expenditures performed by an independent auditor and shall furnish the independent auditor's management letter and an annual audited accounting of all general and current funds income and expenditures including audits of college foundations to the legislature, the senate and house fiscal agencies, the auditor general, the department of career development, and the state budget director before November 15, 2001. If a community college fails to furnish the audit materials, the monthly state aid installments shall be withheld from that college until the information is submitted. All reporting shall conform to the requirements set forth in the Manual for Uniform Financial Reporting, Michigan Public Community Colleges, published by the Michigan state board of education in 1981, as amended by the department of career development.

Sec. 216. (1) A community college shall pay the employer's contributions to the Michigan public school employees' retirement system created by the public school employees retirement act of 1979, 1980 PA 300, MCL 38.1301 to 38.1408, as a condition of receiving money appropriated under this act. If amendments to the public school employees retirement act of 1979, 1980 PA 300, MCL 38.1301 to 38.1408, that require pre-funding of the health benefits portion of the Michigan public school employees' retirement system are enacted and take effect, those amendments apply to community colleges.

(2) A community college shall not pay an employer's contribution to more than 1 retirement fund providing benefits for an employee.

Sec. 217. An appropriation contained in this act shall not be used for the construction of buildings for, or operations of, a community college not expressly authorized in part 1. Money appropriated in part 1 shall not be used to pay for the construction or maintenance of a self-liquidating project.

Sec. 218. The department of career development shall ensure that a statistical report for minorities and women employees for the most recent school year, as submitted to the federal government, be included in the Michigan Community Colleges Enrollment Profile published by the department of career development. Also included in this profile shall be a statistical report for the most recent school year that includes enrollment statistics for minorities and women from the current year as submitted to the department of career development. The department of career development shall distribute a copy of this report to the state budget director and to members of the house and senate appropriations subcommittees on community colleges and the house and senate fiscal agencies no later than March 1, 2002.

Sec. 219. The department of treasury shall annually collect and compile data on the tax revenue losses to community colleges resulting from tax increment financing authorities (TIFA) and tax abatements. The department of treasury shall produce a report detailing the data. The report shall be completed and presented to the house and senate appropriations subcommittees on community colleges, the department of career development, and the department of management and budget not later than February 15, 2002. The report shall include, but is not limited to, the following:

(a) Estimated revenue losses for each community college for the calendar year 2001.

(b) Confirmed revenue losses for each community college for the calendar years 1999 and 2000.

(c) Other requirements requested by the house and senate appropriations subcommittees on community colleges.

Sec. 221. (1) Each community college shall report the following to the department of career development, no later than November 1, 2001:

(a) The number of North American Indian students enrolled each term for the previous fiscal year, using guidelines and procedures developed by the department of career development and the Michigan commission on Indian affairs.

(b) The number of Indian tuition waivers granted each term, and the monetary value of the waivers for the previous fiscal year.

(2) Colleges shall use the criteria cited in 1976 PA 174, MCL 390.1251 to 390.1253, to determine eligibility for tuition waivers, and shall grant those waivers to individuals who meet the criteria and request tuition waivers.

(3) The department of career development shall compile the information received under subsection (1) and shall submit this compilation to the house and senate appropriations subcommittees on community colleges, the senate and house fiscal agencies, and the state budget director by January 7, 2002.

Sec. 222. From the general fund/general purpose appropriation in part 1 for renaissance zone reimbursement funding, there is allocated \$400,000.00 to make reimbursement to community colleges, as provided by section 12 of the Michigan renaissance zone act, 1996 PA 376, MCL 125.2692, for property taxes levied in 2001. Reimbursements shall be made in amounts to each eligible recipient no later than 60 days after the department of treasury certifies to the state budget director that it has received all necessary information to properly determine the amounts due each eligible recipient under section 12 of the Michigan renaissance zone act, 1996 PA 376, MCL 125.2692. Excess allocations lapse to the general fund.

Sec. 223. (1) Upon request, a community college shall inform interested Michigan high schools of the aggregate academic status of its students for the fiscal year beginning October 1, 2001, in a manner prescribed by the Michigan community college association and in cooperation with the Michigan association of secondary school principals.

(2) Each community college shall report by December 1, 2001, to the department of career development, a summary of the information provided under subsection (1) for the prior academic year.

(3) The department of career development shall compile the information received under subsection (2) and shall submit this compilation to the house and senate appropriations subcommittees on community colleges, the house and senate fiscal agencies, and the state budget director by February 1, 2002.

Sec. 224. (1) Recognizing the critical importance of education in strengthening Michigan's workforce, the legislature encourages the state's public community colleges to explore ways of increasing collaboration and cooperation with 4-year universities, particularly in the areas related to training, instruction, and program articulation.

(2) Community colleges shall report by December 1, 2001 to the department of career development on steps they have taken to increase collaboration and cooperation with 4-year universities under subsection (1).

(3) The department of career development shall compile the information received under subsection (2) and shall submit this compilation to the house and senate appropriations subcommittees on community colleges and the senate and house fiscal agencies by January 7, 2002.

Sec. 225. The legislature intends that all citizens of this state have geographic and programmatic access to quality comprehensive community college services. The legislature and the Michigan community college association shall continue to review and analyze the recommendations made by the co-terminus task force to assure geographic and programmatic access to quality and comprehensive community college services. The legislature recognizes that as of January 1, 2001, there were also public universities that provide quality comprehensive community college services for citizens of this state who are not served by a community college district.

Sec. 226. Each community college shall report to the house and senate fiscal agencies and the department of career development a modification in credit or contact hour tuition or mandatory non-course-related student fees not later than 30 days after the modification is established by the college governing board.

Sec. 227. (1) Each community college shall report to the department of career development the numbers and type of associate degrees and other certificates awarded during the previous fiscal year. The report shall be made not later than November 15, 2001.

(2) The department of career development shall compile the information received under subsection (1) and shall submit this compilation to the house and senate appropriations subcommittees on community colleges, the senate and house fiscal agencies, and the state budget director by January 7, 2002.

Sec. 228. The legislature intends to achieve full funding of the Gast-Mathieu fairness in funding formula.

Sec. 229. (1) A community college receiving funding under this act and also subject to the student right-to-know and campus security act, Public Law 101-542, 104 Stat. 2381, shall make a copy of all material prepared in accordance with the public information reporting requirements under the crime awareness and campus security act of 1990, title II of the student right-to-know and campus security act, Public Law 101-542, 104 Stat. 2384, available in hard copy and electronic format accessible through the Internet for school districts, parents, and students.

(2) On the department website, the department of career development shall provide a hyperlink to the United States department of education website or provide access to a hard copy of information requested under subsection (1) for school districts, parents, and students. Upon request, the department of career development shall provide a hard copy of this information to the public.

Sec. 230. (1) A community college shall not expend money appropriated under this act to provide health care coverage for community college employees or their dependents for abortion services, other than for spontaneous abortion or to prevent the death of the woman upon whom the abortion is performed. A community college shall not approve a collective bargaining agreement or enter into any other employment contract that includes health care coverage for abortion services other than spontaneous abortion or to prevent the death of the woman upon whom the abortion is performed.

(2) If a community college expends money appropriated under this act in violation of subsection (1), the community college shall repay to this state an amount equal to the amount of money spent in violation of subsection (1).

Sec. 231. In light of sections 1, 3, and 4 of 1846 RS 83, MCL 551.1, 551.3, and 551.4, and section 1 of 1939 PA 168, MCL 551.271, the legislature intends that a community college receiving funding under this act shall not use part 1 money to extend employee benefits to the unmarried partners of the community college's employees except for pre- and post-natal costs.

STATE AID - OPERATIONS

Sec. 301. Unless otherwise stated, all data items used in determining state aid in this act are as defined in the Manual for Uniform Financial Reporting, Michigan Public Community Colleges, published by the Michigan state board of education in 1981, which shall be the basis for reporting data, and the Activities Classification Structure Manual for Michigan Community Colleges, 1996 revision of the final report of the activities classification structure task force (July 1981), published by the department of education, which shall be used to document financial needs of the community colleges, as amended by the department of career development.

Sec. 302. A community college shall not include in the enrollment report any student credit hours or student contact hours for a student incarcerated in a Michigan penal institution. Each community college's percentage shall be divided by the sum of all the percentages systemwide to obtain each community college's prorated grant amount.

Senators Byrum and Dunaskiss asked and were granted unanimous consent to make statements and moved that the statements be printed in the Journal.

The motion prevailed.

Senator Byrum's statement is as follows:

As is the case in many of our offices, we have young people who come and spend some time with us. They graduate from college and they move on to other opportunities and that is happening in my office. Dana Rice has been with me for a little over a year. He has graduated from Michigan State University in the James Madison College. He will be going to DePaul University in Chicago with a goal of becoming a lawyer, and most likely, entering public service at some point later in his life. So I would like to introduce the body to Dana Rice. We're going to miss him in my Senate office.

Senator Dunaskiss moved that rule 3.902 be suspended to allow additional staff admittance to the Senate floor.

The motion prevailed, a majority of the members serving voting therefor.

Senator Dunaskiss' statement is as follows:

At this time I would also like to make an announcement about a young man who's leaving my office. He's worked in my office this summer. Thadd is a nephew of Rick Simonson, a person who many of us know. He's a former intern for Representative Middaugh and Lieutenant Governor Dick Posthumus. This fall Thadd will be leaving my office to attend Calvin College in Grand Rapids, and we wish him the very, very best in his endeavor. It's been a pleasure to have the experience of seeing Thadd grow and mature in his understanding of the legislative process, and I truly appreciate his presence on my staff.

I'd like to present him a Great Seal that has been genuinely signed by all the members here on the floor, and I thank you all very much for that. Now Thadd will treasure this for many, many years. I ask you to give him a round of applause.

By unanimous consent the Senate returned to the order of

Protest

Senator Scott, under her constitutional right of protest (Art. 4, Sec. 18), protested against concurring in the House substitute to Senate Bill No. 389 and moved that the statement she made during the discussion of the bill be printed as her reasons for voting “no.”

The motion prevailed.

Senator Scott’s statement is as follows:

I will be voting “no” on this. However, in the committee, I did vote for this bill. I was hoping that later I would be able to put some amendments on here that could be voted on.

I think it’s time for us to start dealing with juveniles in order to give them an opportunity to move forward in life in the right direction. I certainly think we should be putting monies into programs like Wrap Around programs where we help total families, rather than spend money for disorderly conduct or peeping in windows or something. Sometimes kids just do these things and really don’t mean to be doing anything bad. I mean, are we going to allow them to be children at any time in their lives?

As I’ve indicated before when this bill was here, we have students at U of M who once a year run around. I don’t always agree with it, but I think putting them in jail for things of that nature of running around—I guess what they call it is the “naked walk.” I would just hope that we would look at working with juveniles.

Just recently, I attended a conference along with one of the other Senators where they had programs for these youths that was working with the courts, the communities, and the families all in one where these children can be productive to themselves and to the community on a long-term basis. But rather, we look at it very shallowly and just think of how we can incarcerate them and spend more money.

I would hope that in the future that we think about doing some things for young people in advance, and that’s called prevention, rather than continuing to do these DNA testings for indecent exposure and all of these things. These are children we’re talking about, so I would hope that we would give them an opportunity. I hope that the chair of that committee will kind of think in terms of doing some things in prevention, rather than these DNA testings.

Protest

Senator Smith, under her constitutional right of protest (Art. 4, Sec. 18), protested against concurring in the House substitutes to Senate Bill Nos. 389, 393, and 394.

Senator Smith's statement is as follows:

I voted "no" on Senate Bill No. 389. I think it's important for us to understand that with this legislation we are, indeed, criminalizing first-time juvenile offenses for what are wrong actions but actions that children may not understand are socially unacceptable. We are not giving opportunity for the courts and the caseworkers to work their corrective and rehabilitative magic with the children. We are turning them into young people who have a permanent file—a permanent DNA record—for an offense that many, many young people commit—window peeping, exposure. I think it's a step too far and one that the Legislature should have thought more carefully about.

Resolutions

Senators Goschka, Garcia, McManus, North, Gougeon, Sikkema, Bennett, Dunaskiss, Hammerstrom and Bullard offered the following resolution:

Senate Resolution No. 94.

A resolution to call for an increased use of ethanol in Michigan.

Whereas, The recent series of gasoline price spikes and supply disruptions have provided tangible proof of the need for renewable, clean, and available fuel in our state and across the country. While there are clearly many long-term strategies that should be pursued, it is fitting to call attention to a resource that offers many benefits in the effort to develop additional supplies to meet Michigan's energy needs, especially with regard to gasoline; and

Whereas, Ethanol, a grain-based alcohol most often made from corn, holds great potential to augment traditional gasoline supplies. Already used as part of a nation-wide approach to burning cleaner fuels, ethanol has properties that hold great promise. It is a renewable, agriculture-based source of energy that burns cleaner than traditional gasoline formulas. The more it is used, the less dependent we are on foreign sources of energy and the better our air quality can become; and

Whereas, While there already are some vehicles using ethanol, the level of usage in this country is only a fraction of what it could be. There are other countries that rely on ethanol to power vehicles as a major energy source. Automobile manufacturers in the United States have made great progress in promoting vehicles that can use a higher percentage of ethanol. Unlike other answers to America's energy dilemma, using ethanol is something that can make an immediate and measurable impact; and

Whereas, Clearly, encouraging the use of ethanol as a key component of meeting our fuel needs is a wise course of action; now, therefore, be it

Resolved by the Senate, That we call for an increased use of ethanol in Michigan and encourage individuals, private businesses, and public officials to use this renewable and environmentally beneficial resource.

Sec. 3. The secretary of state shall prepare a map and a legal description of each district constituted under this act. The legal description shall be in terms of political subdivisions, such as counties, cities, and townships; man-made

features, such as streets, roads, highways, and railroads; and natural features, such as waterways, which political subdivisions and man-made and natural features form the boundaries of the district. The secretary of state shall convey the map and legal description of each district to the legislature and the governor.

Sec. 4. The secretary of the senate and the clerk of the house of representatives shall transmit a report of the conference committee explaining this act to the secretary of state for filing with the office of the great seal.

Sec. 5. All of the following apply to the redistricting plans in sections 1 and 2:

(a) In adopting the redistricting plans for the house of representatives and the senate, it is the intention of the legislature to comply fully with sections 1 and 1a of 1996 PA 463, MCL 4.261 and 4.261a.

(b) The number of county breaks in the redistricting plans is determined by the following principles:

(i) Breaking a county line means assigning part of the population of a county to 1 or more counties in the formation of a district.

(ii) If population is shifted from a county to a single election district, including a district from 2 geographically-separate whole cities or whole townships, there is 1 break. Except as provided in subparagraph (iii), if population from a county is shifted to 2 or more election districts, there are 2 or more breaks.

(iii) If 1 part of a county is shifted to a district and the rest of the county is shifted to another district, there is 1 break.

(c) The number of municipal breaks in the redistricting plans is determined by the following principles:

(i) Breaking a municipal line means assigning part of the population of a municipality to 1 or more municipalities or counties in the formation of a district.

(ii) If population is shifted from a municipality to a single election district, there is 1 break. Except as provided in subparagraph (iii), if population from a municipality is shifted to 2 or more election districts, there are 2 or more breaks.

(iii) If 1 part of a municipality is shifted to a district and the rest of the municipality is shifted to another district, there is 1 break.

(iv) If the boundary of a city, which is located in more than 1 county, is broken in order to preserve a county boundary, that does not count as a municipal break.

(d) The redistricting plans were designed to comply fully with both section 2 of the voting rights act of 1965, Public Law 89-110, 42 U.S.C. 1973, and the requirements of the equal protection clause of amendment XIV of the constitution of the United States, as set forth in *Shaw v Reno*, 509 US 630 (1993), and subsequent cases concerning racial gerrymandering. In light of these dual obligations, the plans avoid any practice or district lines that result in the denial of any racial or ethnic group's equal opportunity to elect a representative of its choice and, at the same time, does not subordinate traditional redistricting principles for the purpose of accomplishing a racial gerrymander or creating a majority-minority district. As a consequence, the plans do not result in retrogression or dilution of minority voting strength, particularly in light of the demographic limitations caused by relative population losses and the neutral criteria set forth in section 1 of 1996 PA 463, MCL 4.261. However, the plans do not sacrifice traditional neutral principles, such as, most importantly, the Michigan constitutional principles of preservation of county and municipal boundaries, for the purpose of engaging in a gerrymander that unnecessarily favors 1 racial group over others.

(e) The plans further the underlying purpose of the state constitution of 1963 by facilitating effective representation in the legislature where elected representatives can advance the shared interests of unified municipalities or counties. They do so without sacrificing voting rights act of 1965 principles, equal electoral opportunities, or racial fairness.

(f) The redistricting plan for the house of representatives consists of 110 single member districts comprised of convenient territories contiguous by land. All of the following apply to the plan:

(i) The districts range in size between 85,861 and 94,823 residents.

(ii) The number of breaks in county boundaries is 17.

(iii) The number of breaks in city and township lines is 17.

(iv) The cities of Detroit and Grand Rapids each contain more than 1 whole district.

(v) The range of population divergence between whole districts within the city of Detroit is 167 and within the city of Grand Rapids is 245.

(vi) The number of whole cities and townships shifted to form a district with residents of another county is 65.

(vii) The number of residents shifted in the cities and townships described in subparagraph (vi) is 385,902.

(g) The redistricting plan for the senate consists of 38 single member districts comprised of convenient territories contiguous by land. All of the following apply to the senate plan:

(i) The districts range in size between 248,631 and 274,588 residents.

(ii) The number of breaks in county boundaries is 6.

(iii) There are 3 city or township line breaks.

(iv) The city of Detroit contains more than 1 whole district.

(v) The range of population divergence between whole districts within the city of Detroit is 393.

(vi) The number of whole cities and townships shifted to form a district with residents of another county is 26.

(vii) The number of residents shifted in the cities and townships described in subparagraph (vi) is 274,180.

Sec. 6. As used in this act:

(a) "Block" means block as that term is used by the United States department of commerce, bureau of the census in conducting the 2000 decennial census.

(b) “Tract” means tract as that term is used by the United States department of commerce, bureau of the census in conducting the 2000 decennial census.

Protest

Pursuant to rule 3.506, Senator Peters submitted his reasons, in writing, for voting “no” on the passage of Senate Bill No. 3 on July 10.

Senator Peters’ statement is as follows:

I opposed Senate Bill 3 because I believe the bill violates Michigan’s Constitution in two ways.

First, enactment of Senate Bill 3 would violate Article I, Sec. 10, of the Michigan Constitution of 1963 which

provides that, "No bill....impairing the obligation of contract shall be enacted." Senate Bill 3 applies to a "qualified authority." Currently the only authority meeting the definition of "qualified authority" is the Southeastern Oakland Resource Recovery Authority (SOCRRA). Pursuant to current law (section 5 of Public Act 179 of 1947), in 1995 the participating municipalities of SOCRRA contracted with SOCRRA for garbage and rubbish disposal services through July of 2007. In reliance upon that contract, and in accordance with section 6 of PA 179, SOCRRA has entered into contracts with third parties. The early withdrawal of a member of SOCRRA, or dissolution of the authority under the provisions of Senate Bill 3, would result not only in the breach of the contract between SOCRRA and its participating municipalities, but also of contracts with third parties.

Unlike other statutes relating to the withdrawal and dissolution of intergovernmental authorities, SB 3 contains no provision to prevent the impairment of contracts. Considering the constitutionality of similar proposed legislation that would have allowed Wayne County to withdraw from the Huron Clinton Metropolitan Authority, the Attorney General has opined that "Such legislation may not impair vested rights or the obligation of contracts of the Huron Clinton Metropolitan Authority. Such legislation would become effective only to the extent that it did not impair the obligation of district contracts. The constitutional right guarding against the impairment of contract must be preserved in any such legislation."

Second, Senate Bill 3 is special or local legislation prohibited by Michigan's Constitution. Article 4, Section 29 of the Michigan Constitution of 1963 provides that "The legislature shall pass no local or special act in any case where a general act can be made applicable, and whether a general act can be made applicable is a judicial question." Senate Bill 3 applies only to a "Qualified Authority" created under PA 179 of 1947. A "Qualified Authority" is limited to authorities with ten or members encompassing a territory with a population of 250,000 or more. The only authority created under PA 179 to which SB 3 would apply is SOCRRA.

The definition of "qualified authority" being tied to population within the authority's territory constitutes a population classification. According to the Michigan Supreme Court, an act containing a population requirement can be sustained as a general act if "The population classification bears a reasonable relationship to the purpose of the statute" and "The provisions of the statute apply whenever the population requirement is met."

SB 3's population classification bears no reasonable relationship to the purposes of PA 179, which is the creation and operation of dog pound and garbage and rubbish authorities. The definition of "qualified authority" is nothing more than a subterfuge to attempt to classify this special local legislation as a general act.

Finally, should authorities other than SOCRRA attain status as a "qualified authority" in the future, the provisions of the bill do not apply to all potential qualified authorities.

In addition to the constitutional concerns, this bill will negatively affect many of the communities that I represent in Oakland County, solely for the benefit of one other community. These municipalities all made a commitment by signing a contract, and should not be bailed out by the Legislature because they do not want to stay bound by this contract until 2007. Having the Legislature intervene also erases all local control.

For these reasons I opposed SB 3.
