House Bill 6075 (as passed by the House)  
Sponsor: Representative David Law  
House Committee: Transportation  
Senate Committee: Transportation

Date Completed: 11-27-06

### **CONTENT**

The bill would amend the Aeronautics Code to make it a misdemeanor to trespass upon the area within the boundary of, or operate or cause to be operated a vehicle or device or conduct an activity upon or across, an approved or licensed airport, landing field, or other aeronautical facility, without the authorization of the airport management. A violation would be punishable by imprisonment for up to one year and/or a maximum fine of \$1,000.

The Code prohibits these activities currently, but does not prescribe a specific penalty. Under Section 176, except as otherwise provided, a person who violates the Code is responsible for a State civil infraction and is subject to a civil fine of up to \$500.

MCL 259.184

Legislative Analyst: Julie Cassidy

### **FISCAL IMPACT**

The bill would have an indeterminate fiscal impact on local government. There are no data to indicate how many offenders would be convicted of the proposed offense. Local governments would incur the costs of misdemeanor probation and incarceration in local facilities, which vary by county. Additional penal fine revenue would benefit public libraries.
