Rep. Ward moved that the bill be given immediate effect.

The motion prevailed, 2/3 of the members serving voting therefor.

Rep. Waters, having reserved the right to explain her protest against the passage of the bill, made the following statement:

“Mr. Speaker and members of the House:

All recipients of public dollars should be tested for drugs. Because this bill does not include everyone, I voted ‘no’.”

Rep. Tobocman, having reserved the right to explain his protest against the passage of the bill, made the following statement:

“Mr. Speaker and members of the House:

I voted against this bill because I believe it is an election year gimmick to scapegoat our society’s most vulnerable citizens, those who need public assistance through the family independence assistance program. The bill was

introduced less than a week from our final session day before the election, rather than considered as part of our year-long debate on reforming the welfare program.

In fact, there was little testimony that drug testing would improve workforce participation. Instead, the defeat of the Farrah amendment limits the program's flexibility and takes the determination about the need for drug testing from the person best situated to make such a decision: a qualified professional. Additionally, the bill will waste \$750 on unnecessary drug tests in instances when program participants agree to enter into substance abuse programs.

If we are serious about insuring that public dollars are invested wisely and not wasted by those with substance abuse problems, I suggest that we would get a better return on the investment of drug testing by testing legislators, MSHDA loan recipients, students with student loans and corporate CEOs receiving tax breaks and corporate welfare largesse."

Rep. Bieda, having reserved the right to explain his protest against the passage of the bill, made the following statement:

"Mr. Speaker and members of the House:

While this bill is more narrowly tailored than mandatory drug testing bills that have come before the House and were subsequently struck down by the courts, the problem with this bill is that it is fairly vague about what constitutes suspicion, which leaves drug screening largely up to the discretion of frontline DHS workers. I also have concerns that while formal cost estimates have not been completed for consideration by this legislative body, it is clear that there will be significant costs associated with the program's implementation. This legislative body would be better served if we knew with some degree of certainty of the costs of this program. Simply put, this bill still has much more work to be done. Because of these concerns, I voted 'no' on HB 6481."
