ZONING AUTHORIZATION AND INITIATION

Sec. 201. (2) Except as otherwise provided under this act, the regulations shall be uniform for each class of land or buildings, dwellings, and structures within a district.

(3) A local unit of government may provide under the zoning ordinance for the regulation of land development and the establishment of districts which apply only to land areas and activities involved in a special program to achieve specific land management objectives and avert or solve specific land use problems, including the regulation of land development and the establishment of districts in areas subject to damage from flooding or beach erosion.

(4) A local unit of government may adopt land development regulations under the zoning ordinance designating or limiting the location, height, bulk, number of stories, uses, and size of dwellings, buildings, and structures that may be erected or altered, including tents and recreational vehicles.

Sec. 202. (1) The legislative body of a local government may provide by ordinance for the manner in which the regulations and boundaries of districts or zones shall be determined and enforced or amended, supplemented, or changed. Amendments or supplements to the zoning ordinance shall be made in the same manner as provided under this act for the enactment of the original ordinance.

(2) If an individual property or 10 or fewer adjacent properties are proposed for rezoning, the zoning commission shall give a notice of the proposed rezoning in the same manner as required under section 103.

(3) If 11 or more adjacent properties are proposed for rezoning, the zoning commission shall give a notice of the proposed rezoning in the same manner as required under section 103, except for the requirement of section 103(2) and except that no individual addresses of properties are required to be listed under section 103(3)(b).

(4) An amendment to a zoning ordinance by a city or village is subject to a protest petition under section 403.

(5) An amendment for the purpose of conforming a provision of the zoning ordinance to the decree of a court of competent jurisdiction as to any specific lands may be adopted by the legislative body and the notice of the adopted amendment published without referring the amendment to any other board or agency provided for under this act.

Sec. 203. (1) The zoning ordinance shall be based upon a plan designed to promote the public health, safety, and general welfare, to encourage the use of lands in accordance with their character and adaptability, to limit the improper use of land, to conserve natural resources and energy, to meet the needs of the state's residents for food, fiber, and other natural resources, places of residence, recreation, industry, trade, service, and other uses of land, to insure that uses of the land shall be situated in appropriate locations and relationships, to avoid the overcrowding of population, to provide adequate light and air, to lessen congestion on the public roads and streets, to reduce hazards to life and property, to facilitate adequate provision for a system of transportation, sewage disposal, safe and adequate water supply, education, recreation, and other public requirements, and to conserve the expenditure of funds for public improvements and services to conform with the most advantageous uses of land, resources, and properties. The zoning ordinance shall be made with reasonable consideration to the character of each district, its peculiar suitability for particular uses, the conservation of property values and natural resources, and the general and appropriate trend and character of land, building, and population development.

(2) If a local unit of government adopts or revises a plan required under subsection (1) after an airport layout plan or airport approach plan has been filed with the local unit of government, the local unit of government shall incorporate the airport layout plan or airport approach plan into the plan adopted under subsection (1).

(a) The environs of any airport within a district.

(b) Comments received at or before a public hearing under section 306 or transmitted under section 308 from the airport manager of any airport.

(4) If a zoning ordinance was adopted before March 28, 2001, the zoning ordinance is not required to be consistent with any airport zoning regulations, airport layout plan, or airport approach plan. A zoning ordinance amendment adopted or variance granted after March 28, 2001 shall not increase any inconsistency that may exist between the

zoning ordinance or structures or uses and any airport zoning regulations, airport layout plan, or airport approach plan. This section does not limit the right to petition for submission of a zoning ordinance amendment to the electors under section 402 or the right to file a protest petition under section 403.

Sec. 204. A zoning ordinance adopted under this act shall provide for the use of a single-family residence by an occupant of that residence for a home occupation to give instruction in a craft or fine art within the residence. This section does not prohibit the regulation of noise, advertising, traffic, hours of operation, or other conditions that may accompany the use of a residence under this section.

Sec. 206. (1) Except as otherwise provided in subsection (2), a state licensed residential facility shall be considered a residential use of property for the purposes of zoning and a permitted use in all residential zones and is not subject to a special use or conditional use permit or procedure different from those required for other dwellings of similar density in the same zone.

(2) Subsection (1) does not apply to adult foster care facilities licensed by a state agency for care and treatment of persons released from or assigned to adult correctional institutions.

(3) For a county or township, a family day-care home is considered a residential use of property for the purposes of zoning and a permitted use in all residential zones and is not subject to a special use or conditional use permit or procedure different from those required for other dwellings of similar density in the same zone.

(4) For a county or township, a group day-care home shall be issued a special use permit, conditional use permit, or other similar permit if the group day-care home meets all of the following standards:

(a) Is located not closer than 1,500 feet to any of the following:

(i) Another licensed group day-care home.

(ii) Another adult foster care small group home or large group home licensed under the adult foster care facility licensing act, 1979 PA 218, MCL 400.701 to 400.737.

(f) Meets regulations, if any, requiring a group day-care home operator to provide off-street parking accommodations for his or her employees.

(5) For a city or village, a group day-care home may be issued a special use permit, conditional use permit, or other similar permit.

(6) A licensed or registered family or group day-care home that operated before March 30, 1989 is not required to comply with the requirements of this section.

(7) The requirements of this section shall not prevent a local unit of government from inspecting and enforcing a family or group day-care home for the home's compliance with the local unit of government's zoning ordinance. For a county or township, an ordinance shall not be more restrictive for a family or group day-care home than as provided under 1973 PA 116, MCL 722.111 to 722.128.

(8) The subsequent establishment of any of the facilities listed under subsection (4)(a) will not affect any subsequent special use permit renewal, conditional use permit renewal, or other similar permit renewal pertaining to the group day-care home.

(9) The requirements of this section shall not prevent a local unit of government from issuing a special use permit, conditional use permit, or other similar permit to a licensed or registered group day-care home that does not meet the standards listed under subsection (4).

(10) The distances required under subsection (4)(a) shall be measured along a road, street, or place maintained by this state or a local unit of government and generally open to the public as a matter of right for the purpose of vehicular traffic, not including an alley.

Sec. 207. A zoning ordinance or zoning decision shall not have the effect of totally prohibiting the establishment of a land use within a local unit of government in the presence of a demonstrated need for that land use within either that local unit of government or the surrounding area within the state, unless a location within the local unit of government does not exist where the use may be appropriately located or the use is unlawful.

Sec. 208. (1) If the use of a dwelling, building, or structure or of the land is lawful at the time of enactment of a zoning ordinance or an amendment to a zoning ordinance, then that use may be continued although the use does not conform to the provisions of the zoning ordinance or amendment.

(2) The legislative body may provide in a zoning ordinance for the completion, resumption, restoration, reconstruction, extension, or substitution of nonconforming uses or structures upon terms and conditions provided in the zoning ordinance. In establishing terms for the completion, resumption, restoration, reconstruction, extension, or substitution of nonconforming uses or structures, different classes of nonconforming uses may be established in the zoning ordinance with different requirements applicable to each class.

(3) The legislative body may acquire, by purchase, condemnation, or otherwise, private property or an interest in private property for the removal of nonconforming uses and structures. The legislative body may provide that the cost and expense of acquiring private property may be paid from general funds or assessed to a special district in accordance with the applicable statutory provisions relating to the creation and operation of special assessment districts for public improvements in local units of government. Property acquired under this subsection by a city or village shall not be used for public housing.

(4) The elimination of the nonconforming uses and structures in a zoning district is declared to be for a public purpose and for a public use. The legislative body may institute proceedings for condemnation of nonconforming uses and structures under 1911 PA 149, MCL 213.21 to 213.25.

Sec. 209. Except as otherwise provided under this act, a township that has enacted a zoning ordinance under this act is not subject to an ordinance, rule, or regulation adopted by a county under this act.

Sec. 210. Except as otherwise provided under this act, an ordinance adopted under this act shall be controlling in the case of any inconsistencies between the ordinance and an ordinance adopted under any other law.

Sec. 211. (1) The legislative body may proceed with the adoption of a zoning ordinance containing land development regulations and establishing zoning districts under this act upon appointment of a zoning commission as provided in section 301.

(2) The legislative body may appoint a zoning commission for purposes of formulating a zoning ordinance on its own initiative or upon receipt of a petition requesting that action as provided under subsection (3).

(3) Upon receipt of a petition signed by a number of qualified and registered voters residing in the zoning jurisdiction equal to not less than 8% of the total votes cast within the zoning jurisdiction for all candidates for governor at the last preceding general election at which a governor was elected, filed with the clerk of the local unit of government requesting the legislative body to appoint a zoning commission for purposes of formulating a zoning ordinance, the legislative body, at the next regular meeting, may initiate action to formulate a zoning commission and zoning ordinance under this act.

ARTICLE III

ZONING COMMISSION

Sec. 301. (1) Each local unit of government in which the legislative body exercises authority under this act shall create a zoning commission. A zoning board in existence on the effective date of this act may continue as a zoning commission subject to a transfer of power under subsection (2) or until 5 years from the effective date of this act, whichever is earlier. A planning commission exercising the authority of a zoning board before the effective date of this act may continue to exercise that authority subject to this act.

(2) Except as otherwise provided under this subsection, if the legislative body has transferred the powers of the zoning commission to the planning commission as provided by law, the zoning commission shall be the planning commission of the local unit of government. The legislative body shall have 5 years from the effective date of this act to transfer the powers of the zoning commission to the planning commission. Except as provided under this subsection, 5 years after the effective date of this act, the zoning commission shall not have any authority under this act or an ordinance adopted under this act.

(3) If a zoning commission is created after the effective date of this act, the zoning commission shall be created by resolution and be composed of not fewer than 5 or more than 11 members appointed by the legislative body. Not less than 2 of the members of a county zoning commission shall be recommended for membership by the legislative bodies of townships that are, or shall be, subject to the county zoning ordinance. This requirement may be met as vacancies occur on a county zoning commission that existed on the effective date of this act.

(4) The members of the zoning commission shall be selected upon the basis of the members' qualifications and fitness to serve as members of a zoning commission.

(5) The first zoning commission appointed shall be divided as nearly as possible into 3 equal groups, with terms of each group as follows:

- (a) One group for 1 year.
- (b) One group for 2 years.
- (c) One group for 3 years.

(6) Upon the expiration of the terms of the members first appointed, successors shall be appointed in like manner for terms of 3 years each. A member of the zoning commission shall serve until a successor is appointed and has been qualified.

(7) A vacancy shall be filled in the same manner as is provided under this section for the remainder of the unexpired term.

(8) An elected officer of the local unit of government or an employee of the legislative body shall not serve simultaneously as a member or an employee of the zoning commission, except that 1 member of the zoning commission may be a member of the legislative body.

(9) The legislative body shall provide for the removal of a member of the zoning commission for misfeasance, malfeasance or nonfeasance in office upon written charges and after public hearing.

(10) The zoning commission shall elect from its members a chairperson, a secretary, and other officers or establish such committees it considers necessary and may engage any employees, including for technical assistance, it requires. The election of officers shall be held not less than once in every 2-year period.

Sec. 302. Members of the zoning commission may be reimbursed for reasonable expenses actually incurred in the discharge of their duties and may receive compensation as fixed by the legislative body.

Sec. 303. (1) With the approval of the legislative body, the zoning commission may engage the services of a planning expert. Compensation for the planning expert shall be paid by the legislative body.

(2) The zoning commission shall consider any information and recommendations furnished by appropriate public officials, departments, or agencies.

Sec. 304. The zoning commission shall hold a minimum of 2 regular meetings annually, giving notice of the time and place by publication in a newspaper of general circulation in the zoning jurisdiction. Notice shall be given not less than 15 days before the meeting. The zoning commission is subject to the open meetings act, 1976 PA 267, MCL 15.261 to 15.275.

Sec. 305. The zoning commission shall adopt and file with the legislative body the following recommendations:

- (a) A zoning plan for the areas subject to zoning of the local unit of government.
- (b) The establishment of zoning districts, including the boundaries of those districts.
- (c) The text of a zoning ordinance with the necessary maps and zoning regulations to be adopted for a zoning district or the zoning jurisdiction as a whole.
- (d) The manner of administering and enforcing the zoning ordinance.

Sec. 306. (1) Before submitting its recommendations for a proposed zoning ordinance to the legislative body, the zoning commission shall hold at least 1 public hearing. Notice of the time and place of the public hearing shall be given in the same manner as required under section 103(1) for the initial adoption of a zoning ordinance or section 202 for any other subsequent zoning text or map amendments.

(2) Notice of the time and place of the public hearing shall also be given by mail to each electric, gas, and pipeline public utility company, each telecommunication service provider, each railroad operating within the district or zone affected, and the airport manager of each airport, that registers its name and mailing address with the clerk of the legislative body for the purpose of receiving the notice of public hearing.

(3) The notices required under this section shall include the places and times at which the proposed text and any maps of the zoning ordinance may be examined.

Sec. 307. (1) Following the hearing required in section 306, a township shall submit for review and recommendation the proposed zoning ordinance, including any zoning maps, to the zoning commission of the county in which the township is situated if a county zoning commission has been appointed as provided under this act.

(2) If there is not a county zoning commission or county planning commission, the proposed zoning ordinance shall be submitted to the coordinating zoning committee. The coordinating zoning committee shall be composed of either 3 or 5 members appointed by the legislative body of the county for the purpose of coordinating the zoning ordinances proposed for adoption under this act with the zoning ordinances of a township, city, or village having a common boundary with the township.

(3) The county will have waived its right for review and recommendation of an ordinance if the recommendation of the county zoning commission, planning commission, or coordinating zoning committee has not been received by the township within 30 days from the date the proposed ordinance is received by the county.

(4) The legislative body of a county by resolution may waive its right to review township ordinances and amendments under this section.

Sec. 308. (1) Following the required public hearing under section 306, the zoning commission shall transmit a summary of comments received at the hearing and its proposed zoning ordinance, including any zoning maps and recommendations, to the legislative body of the local unit of government.

(2) Following the enactment of the zoning ordinance, the zoning commission shall at least once per year prepare for the legislative body a report on the administration and enforcement of the zoning ordinance and recommendations for amendments or supplements to the ordinance.

ARTICLE IV

(7) Following adoption of a zoning ordinance and any subsequent amendments by the legislative body, the zoning ordinance or subsequent amendments shall be filed with the clerk of the legislative body, and a notice of ordinance adoption shall be published in a newspaper of general circulation in the local unit of government within 15 days after adoption.

(8) A copy of the notice required under subsection (7) shall be mailed to the airport manager of an airport entitled to notice under section 306.

(9) The notice required under this section shall include all of the following information:

(a) In the case of a newly adopted zoning ordinance, the following statement: "A zoning ordinance regulating the development and use of land has been adopted by the legislative body of the [county, township, city, or village] of _____."

(b) In the case of an amendment to an existing zoning ordinance, either a summary of the regulatory effect of the amendment, including the geographic area affected, or the text of the amendment.

(c) The effective date of the ordinance or amendment.

(d) The place where and time when a copy of the ordinance or amendment may be purchased or inspected.

(10) The filing and publication requirements under this section supersede any other statutory requirements relating to the filing and publication of county, township, city, or village ordinances.

Sec. 402. (1) Within 7 days after publication of a zoning ordinance under section 401, a registered elector residing in the zoning jurisdiction of a county or township may file with the clerk of the legislative body a notice of intent to file a petition under this section.

(2) If a notice of intent is filed under subsection (1), the petitioner shall have 30 days following the publication of the zoning ordinance to file a petition signed by a number of registered electors residing in the zoning jurisdiction not less than 15% of the total vote cast within the zoning jurisdiction for all candidates for governor at the last preceding general election at which a governor was elected, with the clerk of the legislative body requesting the submission of a zoning ordinance or part of a zoning ordinance to the electors residing in the zoning jurisdiction for their approval.

(3) Upon the filing of a notice of intent under subsection (1), the zoning ordinance or part of the zoning ordinance adopted by the legislative body shall not take effect until 1 of the following occurs:

(a) The expiration of 30 days after publication of the ordinance, if a petition is not filed within that time.

(b) If a petition is filed within 30 days after publication of the ordinance, the clerk of the legislative body determines that the petition is inadequate.

(c) If a petition is filed within 30 days after publication of the ordinance, the clerk of the legislative body determines that the petition is adequate and the ordinance or part of the ordinance is approved by a majority of the registered electors residing in the zoning jurisdiction voting on the petition at the next regular election or at any special election called for that purpose. The legislative body shall provide the manner of submitting the zoning ordinance or part of the zoning ordinance to the electors for their approval or rejection and determining the result of the election.

(4) A petition and an election under this section are subject to the Michigan election law, 1954 PA 116, MCL 168.1 to 168.992.

Sec. 403. (1) An amendment to a zoning ordinance by a city or village is subject to a protest petition as required by this subsection. The protest petition shall be presented to the legislative body of the city or village before final legislative action on the amendment and shall be signed by 1 or more of the following:

(a) The owners of at least 20% of the area of land included in the proposed change.

(b) The owners of at least 20% of the area of land included within an area extending outward 100 feet from any point on the boundary of the land included in the proposed change.

(2) Publicly owned land shall be excluded in calculating the 20% land area requirement under subsection (1).

Sec. 404. (1) To protect the public health, safety, and general welfare of the inhabitants and the lands and resources of a local unit of government during the period required for the preparation and enactment of an initial zoning ordinance under this act, the legislative body of a local unit of government may direct the zoning commission to submit, within a specified period of time, recommendations as to the provisions of an interim zoning ordinance.

(2) Before presenting its recommendations to the legislative body, the zoning commission of a township shall submit the interim zoning ordinance, or an amendment to the ordinance, to the county zoning commission or the coordinating zoning committee, for the purpose of coordinating the zoning ordinance with the zoning ordinances of a township, city, or village having a common boundary with the township. (3) After approval, the legislative body, by majority vote of its members, may give the interim ordinance or amendments to the interim ordinance immediate effect. An interim ordinance and subsequent amendments shall be filed and published as required under section 401.

(4) The interim ordinance, including any amendments, shall be limited to 1 year from the effective date and to not more than 2 years of renewal thereafter by resolution of the local unit of government.

Sec. 405. (1) An owner of land may voluntarily offer in writing, and the local unit of government may approve, certain use and development of the land as a condition to a rezoning of the land or an amendment to a zoning map.

(2) In approving the conditions under subsection (1), the local unit of government may establish a time period during which the conditions apply to the land. Except for an extension under subsection (4), if the conditions are not satisfied within the time specified under this subsection, the land shall revert to its former zoning classification.

(3) The local government shall not add to or alter the conditions approved under subsection (1) during the time period specified under subsection (2) of this section.

(4) The time period specified under subsection (2) may be extended upon the application of the landowner and approval of the local unit of government.

(5) A local unit of government shall not require a landowner to offer conditions as a requirement for rezoning. The lack of an offer under subsection (1) shall not otherwise affect a landowner's rights under this act, the ordinances of the local unit of government, or any other laws of this state.

Sec. 406. The legislative body may require the payment of reasonable fees for zoning permits as a condition to the granting of authority to use, erect, alter, or locate dwellings, buildings, and structures, including tents and recreational vehicles, within a zoning district established under this act.

Sec. 407. Except as otherwise provided by law, a use of land or a dwelling, building, or structure, including a tent or recreational vehicle, used, erected, altered, razed, or converted in violation of a zoning ordinance or regulation adopted under this act is a nuisance per se. The court shall order the nuisance abated, and the owner or agent in charge of the dwelling, building, structure, tent, recreational vehicle, or land is liable for maintaining a nuisance per se. The legislative body shall in the zoning ordinance enacted under this act designate the proper official or officials who shall administer and enforce the zoning ordinance and do either of the following for each violation of the zoning ordinance:

- (a) Impose a penalty for the violation.
- (b) Designate the violation as a municipal civil infraction and impose a civil fine for the violation.

ARTICLE V

SPECIAL ZONING PROVISIONS

Sec. 501. (1) The local unit of government may require the submission and approval of a site plan before authorization of a land use or activity regulated by a zoning ordinance. The zoning ordinance shall specify the body or official responsible for reviewing site plans and granting approval.

(2) If a zoning ordinance requires site plan approval, the site plan, as approved, shall become part of the record of approval, and subsequent actions relating to the activity authorized shall be consistent with the approved site plan, unless a change conforming to the zoning ordinance receives the mutual agreement of the landowner and the body or official that initially approved the site plan.

(3) The procedures and requirements for the submission and approval of site plans shall be specified in the zoning ordinance. Site plan submission, review, and approval shall be required for special land uses and planned unit developments. Decisions rejecting, approving, or conditionally approving a site plan shall be based upon requirements and standards contained in the zoning ordinance, other local unit of government planning documents, other applicable ordinances, and state and federal statutes.

(4) A site plan shall be approved if it contains the information required by the zoning ordinance and is in compliance with the conditions imposed under the zoning ordinance, other local unit of government planning documents, other applicable ordinances, and state and federal statutes.

Sec. 502. (1) The legislative body may provide in a zoning ordinance for special land uses in a zoning district. A special land use shall be subject to the review and approval of the zoning commission, the planning commission, an official charged with administering the zoning ordinance, or the legislative body as required by the zoning ordinance. The zoning ordinance shall specify all of the following:

(a) The special land uses and activities eligible for approval and the body or official responsible for reviewing and granting approval.

(b) The requirements and standards for approving a request for a special land use.

(c) The procedures and supporting materials required for the application, review, and approval of a special land use.

(2) Upon receipt of an application for a special land use which requires a discretionary decision, the local unit of government shall provide notice of the request as required under section 103. The notice shall indicate that a public hearing on the special land use request may be requested by any property owner or the occupant of any structure located within 300 feet of the property being considered for a special land use regardless of whether the property or occupant is located in the zoning jurisdiction.

(3) At the initiative of the body or official responsible for approving the special land use or upon the request of the applicant, a real property owner whose real property is assessed within 300 feet of the property, or the occupant of a structure located within 300 feet of the property, a public hearing shall be held before a discretionary decision is made on the special land use request.

(4) The body or official designated to review and approve special land uses may deny, approve, or approve with conditions a request for special land use approval. The decision on a special land use shall be incorporated in a statement of findings and conclusions relative to the special land use which specifies the basis for the decision and any conditions imposed.

Sec. 503. (1) As used in this section, "planned unit development" includes such terms as cluster zoning, planned development, community unit plan, and planned residential development and other terminology denoting zoning requirements designed to accomplish the objectives of the zoning ordinance through a land development project review

process based on the application of site planning criteria to achieve integration of the proposed land development project with the characteristics of the project area.

(2) The legislative body may establish planned unit development requirements in a zoning ordinance that permit flexibility in the regulation of land development, encourage innovation in land use and variety in design, layout, and type of structures constructed, achieve economy and efficiency in the use of land, natural resources, energy, and the provision of public services and utilities, encourage useful open space, and provide better housing, employment, and shopping opportunities particularly suited to the needs of the residents of this state. The review and approval of planned unit developments shall be by the zoning commission, an individual charged with administration of the zoning ordinance, or the legislative body, as specified in the zoning ordinance.

(3) Within a land development project designated as a planned unit development, regulations relating to the use of land, including, but not limited to, permitted uses, lot sizes, setbacks, height limits, required facilities, buffers, open space areas, and land use density, shall be determined in accordance with the planned unit development regulations specified in the zoning ordinance. The planned unit development regulations need not be uniform with regard to each type of land use if equitable procedures recognizing due process principles and avoiding arbitrary decisions are followed in making regulatory decisions. Unless explicitly prohibited by the planned unit development regulations, if requested by the landowner, a local unit of government may approve a planned unit development with open space that is not contiguous with the rest of the planned unit development.

(4) The planned unit development regulations established by the local unit of government shall specify all of the following:

(a) The body or official responsible for the review and approval of planned unit development requests.

(b) The conditions that create planned unit development eligibility, the participants in the review process, and the requirements and standards upon which applicants will be reviewed and approval granted.

(c) The procedures required for application, review, and approval.

(5) Following receipt of a request to approve a planned unit development, the body or official responsible for the review and approval shall hold at least 1 public hearing on the request. A zoning ordinance may provide for preapplication conferences before submission of a planned unit development request and the submission of preliminary site plans before the public hearing. Notification of the public hearing shall be given in the same manner as required under section 103.

(6) Within a reasonable time following the public hearing, the body or official responsible for approving planned unit developments shall meet for final consideration of the request and deny, approve, or approve with conditions the request. The body or official shall prepare a report stating its conclusions, its decision, the basis for its decision, and any conditions imposed on an affirmative decision.

(7) If amendment of a zoning ordinance is required by the planned unit development regulations of a zoning ordinance, the requirements of this act for amendment of a zoning ordinance shall be followed, except that the hearing and notice required by this section shall fulfill the public hearing and notice requirements of section 306.

(8) If the planned unit development regulations of a zoning ordinance do not require amendment of the zoning ordinance to authorize a planned unit development, the body or official responsible for review and approval shall approve, approve with conditions, or deny a request.

(9) Final approval may be granted on each phase of a multiphased planned unit development if each phase contains the necessary components to insure protection of natural resources and the health, safety, and welfare of the users of the planned unit development and the residents of the surrounding area.

(10) In establishing planned unit development requirements, a local unit of government may incorporate by reference other ordinances or statutes which regulate land development. The planned unit development regulations contained in zoning ordinances shall encourage complementary relationships between zoning regulations and other regulations affecting the development of land.

Sec. 504. (1) If the zoning ordinance authorizes the consideration and approval of special land uses or planned unit developments under section 502 or 503 or otherwise provides for discretionary decisions, the regulations and standards upon which those decisions are made shall be specified in the zoning ordinance.

(2) The standards shall be consistent with and promote the intent and purpose of the zoning ordinance and shall insure that the land use or activity authorized shall be compatible with adjacent uses of land, the natural environment, and the capacities of public services and facilities affected by the land use. The standards shall also insure that the land use or activity is consistent with the public health, safety, and welfare of the local unit of government.

(3) A request for approval of a land use or activity shall be approved if the request is in compliance with the standards stated in the zoning ordinance, the conditions imposed under the zoning ordinance, other applicable ordinances, and state and federal statutes.

(4) Reasonable conditions may be required with the approval of a special land use, planned unit development, or other land uses or activities permitted by discretionary decision. The conditions may include conditions necessary to

insure that public services and facilities affected by a proposed land use or activity will be capable of accommodating increased service and facility loads caused by the land use or activity, to protect the natural environment and conserve natural resources and energy, to insure compatibility with adjacent uses of land, and to promote the use of land in a socially and economically desirable manner. Conditions imposed shall meet all of the following requirements:

(a) Be designed to protect natural resources, the health, safety, and welfare, as well as the social and economic well-being, of those who will use the land use or activity under consideration, residents and landowners immediately adjacent to the proposed land use or activity, and the community as a whole.

(b) Be related to the valid exercise of the police power and purposes which are affected by the proposed use or activity.

(c) Be necessary to meet the intent and purpose of the zoning requirements, be related to the standards established in the zoning ordinance for the land use or activity under consideration, and be necessary to insure compliance with those standards.

(5) The conditions imposed with respect to the approval of a land use or activity shall be recorded in the record of the approval action and remain unchanged except upon the mutual consent of the approving authority and the landowner. The approving authority shall maintain a record of conditions which are changed.

Sec. 505. (1) To ensure compliance with a zoning ordinance and any conditions imposed under a zoning ordinance, a local unit of government may require that a cash deposit, certified check, irrevocable letter of credit, or surety bond acceptable to the local unit of government covering the estimated cost of improvements be deposited with the clerk of the legislative body to insure faithful completion of the improvements. The performance guarantee shall be deposited at the time of the issuance of the permit authorizing the activity or project. The local unit of government may not require the deposit of the performance guarantee until it is prepared to issue the permit. The local unit of government shall establish procedures by which a rebate of any cash deposits in reasonable proportion to the ratio of work completed on the required improvements shall be made as work progresses.

(2) This section shall not be applicable to improvements for which a cash deposit, certified check, irrevocable bank letter of credit, or surety bond has been deposited under the land division act, 1967 PA 288, MCL 560.101 to 560.293.

Sec. 506. (1) Subject to subsection (4) and section 402, a qualified local unit of government shall provide in its zoning ordinance that land zoned for residential development may be developed, at the option of the landowner, with the same number of dwelling units on a smaller portion of the land than specified in the zoning ordinance, but not more than 50% for a county or township or 80% for a city or village, that could otherwise be developed, as determined by the local unit of government under existing ordinances, laws, and rules on the entire land area, if all of the following apply:

(a) The land is zoned at a density equivalent to 2 or fewer dwelling units per acre or, if the land is served by a public sewer system, 3 or fewer dwelling units per acre.

(b) A percentage of the land area specified in the zoning ordinance, but not less than 50% for a county or township or 20% for a city or village, will remain perpetually in an undeveloped state by means of a conservation easement, plat dedication, restrictive covenant, or other legal means that runs with the land, as prescribed by the zoning ordinance.

(c) The development does not depend upon the extension of a public sewer or public water supply system, unless development of the land without the exercise of the option provided by this subsection would also depend upon the extension.

(d) The option provided under this subsection has not previously been exercised with respect to that land.

(2) After a landowner exercises the option provided under subsection (1), the land may be rezoned accordingly.

(3) The development of land under subsection (1) is subject to other applicable ordinances, laws, and rules, including rules relating to suitability of groundwater for on-site water supply for land not served by public water and rules relating to suitability of soils for on-site sewage disposal for land not served by public sewers.

(4) Subsection (1) does not apply to a qualified local unit of government if both of the following apply:

(a) On or before October 1, 2001, the local unit of government had in effect a zoning ordinance provision providing for both of the following:

(i) Land zoned for residential development may be developed, at the option of the landowner, with the same number of dwelling units on a smaller portion of the land that, as determined by the local unit of government, could otherwise be developed under existing ordinances, laws, and rules on the entire land area.

(ii) If the landowner exercises the option provided by subparagraph (i), the portion of the land not developed will remain perpetually in an undeveloped state by means of a conservation easement, plat dedication, restrictive covenant, or other legal means that runs with the land.

(b) On or before December 15, 2001, a landowner exercised the option provided under the zoning ordinance provision referred to in subdivision (a) with at least 50% of the land area for a county or township or 20% of the land area for a city or village, remaining perpetually in an undeveloped state.

(5) The zoning ordinance provisions required by subsection (1) shall be cited as the “open space preservation” provisions of the zoning ordinance.

(6) As used in this section, “qualified local unit of government” means a county, township, city, or village that meets all of the following requirements:

(a) Has adopted a zoning ordinance.

(b) Has a population of 1,800 or more.

(c) Has land that is not developed and that is zoned for residential development at a density described in subsection (1)(a).

Sec. 507. (1) As used in this section and sections 508 and 509, “PDR program” means a purchase of development rights program.

(2) The legislative body may adopt a development rights ordinance limited to the establishment, financing, and administration of a PDR program, as provided under this section and sections 508 and 509. The PDR program may be used only to protect agricultural land and other eligible land. This section and sections 508 and 509 do not expand the condemnation authority of a local unit of government as otherwise provided for in this act.

(3) A PDR program shall not acquire development rights by condemnation. This section and sections 508 and 509 do not limit any authority that may otherwise be provided by law for a local unit of government to protect natural resources, preserve open space, provide for historic preservation, or accomplish similar purposes.

(4) A legislative body shall not establish, finance, or administer a PDR program unless the legislative body adopts a development rights ordinance. If the local unit of government has a zoning ordinance, the development rights ordinance may be adopted as part of the zoning ordinance under the procedures for a zoning ordinance under this act. A local unit of government may adopt a development rights ordinance in the same manner as required for a zoning ordinance.

(5) A legislative body may promote and enter into agreements with other local units of government for the purchase of development rights, including cross-jurisdictional purchases, subject to applicable development rights ordinances.

Sec. 508. (1) A development rights ordinance shall provide for a PDR program. Under a PDR program, the local unit of government purchases development rights, but only from a willing landowner. A development rights ordinance providing for a PDR program shall specify all of the following:

(a) The public benefits that the local unit of government may seek through the purchase of development rights.

(b) The procedure by which the local unit of government or a landowner may by application initiate purchase of development rights.

(c) The development rights authorized to be purchased subject to a determination under standards and procedures required by subdivision (d).

(d) The standards and procedures to be followed by the legislative body for approving, modifying, or rejecting an application to purchase development rights, including the determination of all the following:

(i) Whether to purchase development rights.

(ii) Which development rights to purchase.

(iii) The intensity of development permitted after the purchase on the land from which the development rights are purchased.

(iv) The price at which development rights will be purchased and the method of payment.

(v) The procedure for ensuring that the purchase or sale of development rights is legally fixed so as to run with the land.

(e) The circumstances under which an owner of land from which development rights have been purchased under a PDR program may repurchase those development rights and how the proceeds of the purchase are to be used by the local unit of government.

(2) If the local unit of government has a zoning ordinance, the purchase of development rights shall be consistent with the plan referred to in section 203 upon which the zoning ordinance is based.

(3) Development rights acquired under a PDR program may be conveyed only as provided under subsection (1)(e).

(4) A county shall notify each township, city, or village, and a township shall notify each village, in which is located land from which development rights are proposed to be purchased of the receipt of an application for the purchase of development rights and shall notify each township, city, or village of the disposition of that application.

(5) A county shall not purchase development rights under a development rights ordinance from land subject to a township, city, or village zoning ordinance unless all of the following requirements are met:

(a) The development rights ordinance provisions for the PDR program are consistent with the plan upon which the township, city, or village zoning is based.

(b) The legislative body of the township, city, or village adopts a resolution authorizing the PDR program to apply in the township, city, or village.

(c) As part of the application procedure for the specific proposed purchase of development rights, the township, city, or village provides the county with written approval of the purchase.

Sec. 509. (1) A PDR program may be financed through 1 or more of the following sources:

- (a) General appropriations by the local unit of government.
- (b) Proceeds from the sale of development rights by the local unit of government subject to section 508(3).
- (c) Grants.
- (d) Donations.
- (e) Bonds or notes issued under subsections (2) to (5).
- (f) General fund revenue.
- (g) Special assessments under subsection (6).
- (h) Other sources approved by the legislative body and permitted by law.

(2) The legislative body may borrow money and issue bonds or notes under the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821, subject to the general debt limit applicable to the local unit of government. The bonds or notes may be revenue bonds or notes, general obligation limited tax bonds or notes, or, subject to section 6 of article IX of the state constitution of 1963, general obligation unlimited tax bonds or notes.

(3) The legislative body may secure bonds or notes issued under this section by mortgage, assignment, or pledge of property, including, but not limited to, anticipated tax collections, revenue sharing payments, or special assessment revenues. A pledge made by the legislative body is valid and binding from the time the pledge is made. The pledge immediately shall be subject to the lien of the pledge without a filing or further act. The lien of the pledge shall be valid and binding as against parties having claims in tort, contract, or otherwise against the local unit of government, irrespective of whether the parties have notice of the lien. Filing of the resolution, the trust agreement, or another instrument by which a pledge is created is not required.

(4) Bonds or notes issued under this section are exempt from all taxation in this state except inheritance and transfer taxes, and the interest on the bonds or notes is exempt from all taxation in this state.

(5) The bonds and notes issued under this section may be invested in by the state treasurer and all other public officers, state agencies, and political subdivisions, insurance companies, financial institutions, investment companies, and fiduciaries and trustees and may be deposited with and received by the state treasurer and all other public officers and the agencies and political subdivisions of this state for all purposes for which the deposit of bonds or notes is authorized. The authority granted by this section is in addition to all other authority granted by law.

(6) A development rights ordinance may authorize the legislative body to finance a PDR program by special assessments. In addition to meeting the requirements of section 508, the development rights ordinance shall include in the procedure to approve and establish a special assessment district both of the following:

- (a) The requirement that there be filed with the legislative body a petition containing all of the following:
 - (i) A description of the development rights to be purchased, including a legal description of the land from which the purchase is to be made.
 - (ii) A description of the proposed special assessment district.
 - (iii) The signatures of the owners of at least 66% of the land area in the proposed special assessment district.
 - (iv) The amount and duration of the proposed special assessments.
- (b) The requirement that the legislative body specify how the proposed purchase of development rights will specially benefit the land in the proposed special assessment district.

ARTICLE VI

ZONING BOARD OF APPEALS

Sec. 601. (1) In each local unit of government in which the legislative body exercises the authority conferred by this act, the legislative body shall appoint a zoning board of appeals. A zoning board of appeals in existence on the effective date of this act may continue to act as the zoning board of appeals subject to this act.

(2) The legislative body of a city or village may act as a zoning board of appeals and may establish rules to govern its procedure as a zoning board of appeals.

(3) In appointing a zoning board of appeals, membership of that board shall be composed of not fewer than 5 members if the local unit of government has a population of 5,000 or more and not fewer than 3 members if the local unit of government has a population of less than 5,000. The number of members of the zoning board of appeals shall be

specified in the zoning ordinance. One of the regular members of the zoning board of appeals shall be a member of the zoning commission or of the planning commission if the duties and responsibilities of the zoning commission have been transferred to the planning commission.

(4) The remaining regular members, and any alternate members, shall be selected from the electors of the local unit of government residing within the zoning jurisdiction of that local unit of government. The members selected shall be representative of the population distribution and of the various interests present in the local unit of government.

(5) One regular member may be a member of the legislative body but shall not serve as chairperson of the zoning board of appeals. An employee or contractor of the legislative body may not serve as a member of the zoning board of appeals.

(6) The legislative body may appoint not more than 2 alternate members for the same term as regular members to the zoning board of appeals. An alternate member may be called as specified to serve as a member of the zoning board of appeals in the absence of a regular member if the regular member will be unable to attend 1 or more meetings. An alternate member may also be called to serve as a member for the purpose of reaching a decision on a case in which the member has abstained for reasons of conflict of interest. The alternate member appointed shall serve in the case until a final decision is made. The alternate member has the same voting rights as a regular member of the zoning board of appeals.

(7) A member of the zoning board of appeals may be paid a reasonable per diem and reimbursed for expenses actually incurred in the discharge of his or her duties.

(8) A member of the zoning board of appeals may be removed by the legislative body for misfeasance, malfeasance, or nonfeasance in office upon written charges and after public hearing. A member shall disqualify himself or herself from a vote in which the member has a conflict of interest. Failure of a member to disqualify himself or herself from a vote in which the member has a conflict of interest constitutes malfeasance in office.

(9) The terms of office for members appointed to the zoning board of appeals shall be for 3 years, except for members serving because of their membership on the zoning commission or legislative body, whose terms shall be limited to the time they are members of those bodies. When members are first appointed, the appointments may be for less than 3 years to provide for staggered terms. A successor shall be appointed not more than 1 month after the term of the preceding member has expired. Vacancies for unexpired terms shall be filled for the remainder of the term.

(10) A zoning board of appeals shall not conduct business unless a majority of the regular members of the zoning board of appeals are present.

Sec. 602. (1) Meetings of the zoning board of appeals shall be held at the call of the chairperson and at other times as the zoning board of appeals in its rules of procedure may specify. The chairperson or, in his or her absence, the acting chairperson may administer oaths and compel the attendance of witnesses.

(2) The zoning board of appeals shall maintain a record of its proceedings which shall be filed in the office of the clerk of the legislative body.

Sec. 603. (1) The zoning board of appeals shall hear and decide questions that arise in the administration of the zoning ordinance, including the interpretation of the zoning maps, and may adopt rules to govern its procedures sitting as a zoning board of appeals. The zoning board of appeals shall also hear and decide on matters referred to the zoning board of appeals or upon which the zoning board of appeals is required to pass under a zoning ordinance adopted under this act. It shall hear and decide appeals from and review any administrative order, requirement, decision, or determination made by an administrative official or body charged with enforcement of a zoning ordinance adopted under this act. For special land use and planned unit development decisions, an appeal may be taken to the zoning board of appeals only if provided for in the zoning ordinance.

(2) The concurring vote of a majority of the members of the zoning board of appeals is necessary to reverse an order, requirement, decision, or determination of the administrative official or body, to decide in favor of the applicant on a matter upon which the zoning board of appeals is required to pass under the zoning ordinance, or to grant a variance in the zoning ordinance.

Sec. 604. (1) An appeal to the zoning board of appeals may be taken by a person aggrieved or by an officer, department, board, or bureau of the state or local unit of government. In addition, a variance in the zoning ordinance may be applied for and granted under section 4 of the uniform condemnation procedures act, 1980 PA 87, MCL 213.54, and as provided under this act. The zoning board of appeals shall state the grounds of any determination made by the board.

(2) An appeal under this section shall be taken within such time as shall be prescribed by the zoning board of appeals by general rule, by the filing with the officer from whom the appeal is taken and with the zoning board of appeals of a notice of appeal specifying the grounds for the appeal. The body or officer from whom the appeal is taken shall immediately transmit to the zoning board of appeals all of the papers constituting the record upon which the action appealed from was taken.

(3) An appeal to the zoning board of appeals stays all proceedings in furtherance of the action appealed from unless the body or officer from whom the appeal is taken certifies to the zoning board of appeals after the notice of appeal is filed that, by reason of facts stated in the certificate, a stay would in the opinion of the body or officer cause imminent peril to life or property, in which case proceedings may be stayed by a restraining order issued by the zoning board of appeals or a circuit court.

(4) Following receipt of a written request concerning a request for a variance, the zoning board of appeals shall fix a reasonable time for the hearing of the request and give notice as provided in section 103.

(5) Upon receipt of a written request seeking an interpretation of the zoning ordinance or an appeal of an administrative decision, a notice stating the time, date, and place of the public hearing shall be published in a newspaper of general circulation within the township and shall be sent to the person requesting the interpretation not less than 15 days before the public hearing. In addition, if the request for an interpretation or appeal of an administrative decision involves a specific parcel, written notice stating the nature of the interpretation request and the time, date, and place of the public hearing on the interpretation request shall be sent by first-class mail or personal delivery to all persons to whom real property is assessed within 300 feet of the boundary of the property in question and to the occupants of all structures within 300 feet of the boundary of the property in question. If a tenant's name is not known, the term "occupant" may be used.

(6) At the hearing, a party may appear in person or by agent or attorney. The zoning board of appeals may reverse or affirm, wholly or partly, or modify the order, requirement, decision, or determination and may issue or direct the issuance of a permit.

(7) If there are practical difficulties for nonuse variances as provided in subsection (8) or unnecessary hardship for use variances as provided in subsection (9) in the way of carrying out the strict letter of the zoning ordinance, the zoning board of appeals may grant a variance in accordance with this section, so that the spirit of the zoning ordinance is observed, public safety secured, and substantial justice done. The ordinance shall establish procedures for the review and standards for approval of all types of variances. The zoning board of appeals may impose conditions as is otherwise allowed under this act.

(8) The zoning board of appeals of all local units of government shall have the authority to grant nonuse variances relating to the construction, structural changes, or alteration of buildings or structures related to dimensional requirements of the zoning ordinance or to any other nonuse-related standard in the ordinance.

(9) The authority to grant variances from uses of land is limited to the following:

(a) Cities and villages.

(b) Townships and counties that as of February 15, 2006 had an ordinance that uses the phrase "use variance" or "variances from uses of land" to expressly authorize the granting of use variances by the zoning board of appeals.

(c) Townships and counties that granted a use variance before February 15, 2006.

(10) The authority granted under subsection (9) is subject to the zoning ordinance of the local unit of government otherwise being in compliance with subsection (7) and having an ordinance provision that requires a vote of 2/3 of the members of the zoning board of appeals to approve a use variance.

(11) The authority to grant use variances under subsection (9) is permissive, and this section shall not be construed to require a local unit of government to adopt ordinance provisions to allow for the granting of use variances.

Sec. 605. The decision of the zoning board of appeals shall be final. A party aggrieved by the decision may appeal to the circuit court for the county in which the property is located as provided under section 606.

Sec. 606. (1) Any party aggrieved by a decision of the zoning board of appeals may appeal to the circuit court for the county in which the property is located. The circuit court shall review the record and decision to ensure that the decision meets all of the following requirements:

(a) Complies with the constitution and laws of the state.

(b) Is based upon proper procedure.

(c) Is supported by competent, material, and substantial evidence on the record.

(d) Represents the reasonable exercise of discretion granted by law to the zoning board of appeals.

(2) If the court finds the record inadequate to make the review required by this section or finds that additional material evidence exists that with good reason was not presented, the court shall order further proceedings on conditions that the court considers proper. The zoning board of appeals may modify its findings and decision as a result of the new proceedings or may affirm the original decision. The supplementary record and decision shall be filed with the court. The court may affirm, reverse, or modify the decision.

(3) An appeal under this section shall be filed within 30 days after the zoning board of appeals certifies its decision in writing or approves the minutes of its decision. The court shall have jurisdiction to make such further orders as justice may require. An appeal may be had from the decision of any circuit court to the court of appeals.

Sec. 607. (1) Any party aggrieved by any order, determination, or decision of any officer, agency, board, commission, zoning board of appeals, or legislative body of any local unit of government made under section 208 may obtain a review in the circuit court for the county in which the property is located. The review shall be in accordance with section 606.

(2) Any person required to be given notice under section 604(4) of the appeal of any order, determination, or decision made under section 208 shall be a proper party to any action for review under this section.

ARTICLE VII

STATUTORY COMPLIANCE AND REPEALER
