

Senators Brater, Brown, Goschka, Cherry, Toy, Prusi, Schauer, Hardiman, Birkholz, Garcia, Olshove and Thomas offered the following resolution:

**Senate Resolution No. 35.**

A resolution to memorialize the Congress of the United States and the United States Department of Agriculture (USDA) to provide assistance, including additional emergency funding, in the effort to mitigate the infestation of the Emerald Ash Borer.

Whereas, Michigan asked the federal government for \$29.5 million to fight the Emerald Ash Borer (EAB) in 2005. On April 19<sup>th</sup> the USDA sent a letter to Governor Granholm saying there would be no more emergency funding to fight the EAB. The state has received only about \$10.9 million from the USDA, which is not enough to fund all the current eradication strategies; and

Whereas, With alarming swiftness, the Emerald Ash Borer, an aggressive Asian insect, is threatening virtually all of the ash trees in the state of Michigan and surrounding region. In spite of the quarantine in 20 Michigan counties this beetle has killed or damaged approximately 15 million ash trees in the state. Overall, the EAB, an invasive species, is causing similar devastation in the states of Ohio and Indiana, as well as the Canadian province of Ontario, threatening as many as 700 million ash trees in our state and 8 billion in North America; and

Whereas, Ash trees are very important to the ecology, economy, and environment of our state and the nation. Ash trees are used for many products in several sectors of business. Beyond these factors, the ash trees that grace our communities and neighborhoods are beloved shade trees that contribute enormously to the character and beauty of Michigan, the region, and the nation; and

Whereas, Governor Granholm is working to secure continued assistance from the federal government to deal swiftly with this devastating pest. Michigan needs sustained technical and financial assistance to face this emergency. The state has taken decisive actions to address this invasive species, but the magnitude of the problem and the immediacy of the issue make it clear we need the prompt assistance of Congress and the USDA; now, therefore, be it

Resolved by the Senate, That we memorialize the Congress of the United States and the United States Department of Agriculture (USDA) to provide assistance, including additional emergency funding, in the effort to mitigate the infestation of the Emerald Ash Borer; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.
