House Resolution No. 390.

A resolution designating June 21, 2008, as Tuberous Sclerosis Awareness Day in the state of Michigan.

Whereas, It is important to increase awareness of Tuberous Sclerosis Complex (TSC) and support programs to increase research and improve treatment of Tuberous Sclerosis. It is also vital to improve training and support for individuals with Tuberous Sclerosis and those who care for individuals with Tuberous Sclerosis; and

Whereas, The Tuberous Sclerosis Alliance is the only national voluntary health organization dedicated to finding a cure for TSC and improving the lives of those affected through research, support, and education; and

Whereas, TSC affects an estimated 1 in very 6,000 live births in America; and

Whereas, TSC affects some people severely, while others are so mildly affected that it often goes undiagnosed; and

Whereas, People with TSC often develop epilepsy and autism. In fact, TSC is one of the leading known genetic causes of epilepsy and autism. Many other individuals encounter behavioral and learning problems. Despite this, many professionals in the medical and educational fields are still unaware of the best methods to diagnose and treat TSC; and

Whereas, The Tuberos Sclerosis Alliance of Michigan is hosting an opportunity to create awareness of Tuberos Sclerosis and raise funds for research programs and services titled "Step Forward to Cure Tuberos Sclerosis" on June 21, 2008; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body designate June 21, 2008, as Tuberos Sclerosis Awareness Day in the state of Michigan. We recognize and commend the families and individuals affected by TSC for their sacrifice and dedication in dealing with this devastating condition. We commend them for providing the special needs of both children and adults with TSC and for absorbing significant financial costs for treatment and support services; and be it further

Resolved, That we stress the need to begin early intervention services soon after a child has been diagnosed with TSC. Early intervention strategies are the primary therapeutic options for young people with TSC, and early intervention significantly improves outcomes for people with TSC. Early intervention can reduce the level of funding and services needed later in life.

Pending the reference of the resolution to a committee,

Rep. Tobocman moved that Rule 71 be suspended and the resolution be considered at this time.

The motion prevailed, 3/5 of the members present voting therefor.

The question being on the adoption of the resolution,

The resolution was adopted.

Reps. Rick Jones, Casperson, Agema, Ball, Booher, Brandenburg, Caswell, Dean, Elsenheimer, Hammel, Hansen, Hopgood, Huizenga, Knollenberg, David Law, LeBlanc, Marleau, Mayes, Meekhof, Meltzer, Moore, Moss, Nitz, Nofs, Opsommer, Palsrok, Polidori, Proos, Schuitmaker, Shaffer, Stahl and Steil offered the following resolution:

House Resolution No. 391.

A resolution to urge the Michigan Department of Natural Resources (DNR) to allow its law enforcement personnel to carry stun guns.

Whereas, Stun guns, also commonly known as "tasers," are devices or weapons designed to stun or temporarily immobilize a person by delivering an electric shock. Currently, certain authorized persons such as peace officers, corrections officers, court officers, and licensed private investigators, among others, are authorized to carry and use stun guns. The understanding is that these persons have been trained in the use, effects, and risks related to these weapons; and

Whereas, Stun guns provide law enforcement officers with greater flexibility in diffusing potentially dangerous situations. Because stun guns are designed to temporarily incapacitate a person, law enforcement officers are able to use them to disable and apprehend dangerous and aggressive persons while avoiding the use of lethal force. Stun guns provide officers another option to prevent further escalation of force while still controlling and containing dangerous situations; and

Whereas, DNR's law enforcement personnel often carry out their duties in rural areas dealing with armed citizens and a wide range of potentially hazardous law enforcement functions. Along with their conservation duties, DNR personnel also support and assist other state and local law enforcement in a variety of domestic, traffic and public safety situations. These responsibilities can include apprehending criminal suspects. DNR officers should be given additional less-than-lethal options to deal with dangerous situations; now, therefore, be it

Resolved by the House of Representatives, That we urge the Michigan Department of Natural Resources (DNR) to allow its law enforcement personnel to carry stun guns; and be it further

Resolved, That copies of this resolution be transmitted to the Director of the Department of Natural Resources.

The resolution was referred to the Committee on Tourism, Outdoor Recreation and Natural Resources.
