14 comparable to those the person holds in the other state, without
15 requiring the person to pass a basic skills examination or the

17 subsection (2) or (3). To be eligible to receive a Michigan

19 a person shall provide evidence satisfactory to the department that

9 endorsements the person holds in another state only if the person
10 passes the appropriate subject area examinations required under
11 subsection (2) or (3).

12 (8) The superintendent of public instruction shall deny a
13 Michigan teaching certificate to a person described in subsection
14 (6) for fraud, material misrepresentation, or concealment in the
15 person's application for a certificate or for a conviction for
16 which a person's teaching certificate may be revoked under section
17 1535a.

18 (9) The department, based upon criteria recommended pursuant
19 to subsection (11), shall provide to approved teacher education
20 institutions guidelines and criteria approved by the superintendent
21 of public instruction for use in the development or selection of a
22 basic skills examination and approved guidelines and criteria for
23 use in the development or selection of subject area examinations.

24 (10) For the purposes of this section, the superintendent of
25 public instruction, based upon criteria recommended pursuant to
26 subsection (11), shall develop, select, or develop and select 1 or
27 more basic skills examinations and subject area examinations. In

1 addition, the superintendent of public instruction, based upon
2 criteria recommended pursuant to subsection (11), shall approve an
3 elementary certification examination and a reading subject area
4 examination.

5 (11) The superintendent of public instruction shall appoint an
6 11-member teacher examination advisory committee comprised of
7 representatives of approved teacher education institutions and
8 Michigan education organizations and associations. Not more than
9 1/2 of the members comprising this committee shall be certified
10 teachers. This committee shall recommend criteria to be used by the
11 superintendent of public instruction in the development, selection,
12 or development and selection of 1 or more basic skills
13 examinations, and criteria to be used by the superintendent of
14 public instruction in the development, selection, or development
15 and selection of subject area examinations. In addition, the
16 committee shall recommend guidelines for the use and administration
17 of those examinations. The basic skills examinations referred to in
18 this subsection may be developed by the superintendent of public
19 instruction or selected by the superintendent of public instruction
20 from commercially or university developed examinations. In
21 addition, an approved teacher education institution, pursuant to
22 guidelines and criteria described in subsection (9), may develop an
23 examination at its own expense for approval by the superintendent
24 of public instruction. An approved teacher education institution
25 that develops its own examination is liable for any litigation that
26 results from the use of its examination.

27 (12) The superintendent of public instruction shall appoint a

1 7-member standing technical advisory council comprised of persons
2 who are experts in measurement and assessment. This council shall
3 advise the superintendent of public instruction and the teacher
4 examination committee on the validity, reliability, and other
5 technical standards of the examinations that will be used or are
6 being used and of the administration and use of those examinations.

7 (13) Not later than November 30 of each year, the
8 superintendent of public instruction shall submit in writing a
9 report on the development or selection and use of the basic skills
10 examination, the elementary certification examination, and the
11 subject area examinations to the house and senate education
12 committees. The report shall also contain a financial statement
13 regarding revenue received from the assessment of fees levied
14 pursuant to subsection (15) and the amount of and any purposes for
15 which that revenue was expended.

16 (14) The basic skills examination, the elementary
17 certification examination, and the subject area examinations
18 required by this section may be taken at different times during an
19 approved teacher preparation program, but the basic skills
20 examination must be passed before a person is enrolled for student
21 teaching and the elementary certification examination and the
22 subject area examinations, as applicable, must be passed before a
23 person is recommended for certification.

24 (15) The department, or if approved by the superintendent of
25 public instruction, a private testing service, may assess fees for
26 taking the basic skills examination, elementary certification
27 examination, and the subject area examinations. The fees, which

1 shall be set by the superintendent of public instruction, shall not
2 exceed \$50.00 for a basic skills examination or \$75.00 for an
3 elementary certification examination or a subject area examination.
4 However, if a subject area examination for vocational education
5 includes a performance examination, an additional fee may be
6 assessed for taking the performance examination, not to exceed the
7 actual cost of administering the performance examination. Fees
8 received by the department shall be expended solely for
9 administrative expenses that it incurs in implementing this
10 section.

11 (16) If a person holding a teaching certificate from another
12 state applies for a Michigan teaching certificate and meets all
13 requirements for the Michigan teaching certificate except passage
14 of the appropriate examinations under subsection (3), the
15 superintendent of public instruction shall issue a nonrenewable
16 temporary teaching certificate, good for 1 year, to the person. The
17 superintendent of public instruction shall not issue a Michigan
18 teaching certificate to the person after expiration of the
19 temporary teaching certificate unless the person passes appropriate
20 examinations as described in subsection (3).

21 (17) As used in this section:

22 (a) "Basic skills examination" means an examination developed
23 or selected by the superintendent of public instruction or
24 developed pursuant to subsection (11) by an approved teacher
25 education institution for the purpose of demonstrating the
26 applicant's knowledge and understanding of basic language and
27 mathematical skills and other skills necessary for the certificate

1 sought, and for determining whether or not an applicant is eligible
2 for a provisional Michigan teaching certificate.

3 (b) "Elementary certification examination" means a
4 comprehensive examination for elementary certification that has
5 been developed or selected by the superintendent of public
6 instruction for demonstrating the applicant's knowledge and
7 understanding of the core subjects normally taught in elementary
8 classrooms and for determining whether or not an applicant is
9 eligible for an elementary level teaching certificate.

10 (c) "Subject area examination" means an examination related to
11 a specific area of certification, which examination has been
12 developed or selected by the superintendent of public instruction
13 for the purpose of demonstrating the applicant's knowledge and
14 understanding of the subject matter and determining whether or not
15 an applicant is eligible for a Michigan teaching certificate.

16 (18) The superintendent of public instruction shall promulgate
17 rules for the implementation of this section.

18 (19) Notwithstanding any rule to the contrary, the
19 superintendent of public instruction shall continue to issue state
20 elementary or secondary continuing education certificates pursuant
21 to R 390.1132(1) of the Michigan administrative code to persons who
22 completed the requirements of that rule by December 31, 1992 and
23 who apply for that certificate not later than March 15, 1994. If
24 the superintendent of public instruction has issued a state
25 elementary or secondary professional education certificate to a
26 person described in this section, the superintendent of public
27 instruction shall consider the person to have a state elementary or

1 secondary, as applicable, continuing education certificate.
