

SUBSTITUTE FOR
HOUSE BILL NO. 5220

A bill to amend 1994 PA 451, entitled
"Natural resources and environmental protection act,"
by amending section 5522 (MCL 324.5522), as amended by 2007 PA 75.

THE PEOPLE OF THE STATE OF MICHIGAN ENACT:

1 Sec. 5522. (1) ~~Until~~**BEFORE** October 1, 2011, the owner or
2 operator of each fee-subject facility shall pay air quality fees as
3 required and calculated under this section. The department may levy
4 and collect an annual air quality fee from the owner or operator of
5 each fee-subject facility in this state. The legislature intends
6 that the fees required under this section meet the minimum
7 requirements of the clean air act and that this expressly stated
8 fee system serve as a limitation on the amount of fees imposed
9 under this part on the owners or operators of fee-subject

1 facilities in this state.

2 (2) The annual air quality fee shall be calculated for each
3 fee-subject facility, according to the following procedure:

4 (a) Except as provided in subdivision (d), for category I
5 facilities, the annual air quality fee shall be the sum of a
6 facility charge and an emissions charge as specified in subdivision
7 (e). The facility charge shall be \$4,485.00.

8 (b) For category II facilities, the annual air quality fee
9 shall be the sum of a facility charge and an emissions charge as
10 specified in subdivision (e). The facility charge shall be
11 \$1,795.00.

12 (c) For category III facilities, the annual air quality fee
13 shall be \$250.00.

14 (d) For municipal electric generating facilities that are
15 category I facilities and that emit more than 450 tons but less
16 than 18,000 tons of fee-subject air pollutants, the annual air
17 quality fee shall be the following amount, based on the number of
18 tons of fee-subject air pollutants emitted:

19 (i) More than 450 tons but less than 4,000 tons, \$24,816.00.

20 (ii) At least 4,000 tons but not more than 5,300 tons,
21 \$24,816.00 plus \$45.25 per ton of fee-subject air pollutant in
22 excess of 4,000 tons.

23 (iii) More than 5,300 tons but not more than 12,000 tons,
24 \$85,045.00.

25 (iv) More than 12,000 tons but less than 18,000 tons,
26 \$159,459.00.

27 (e) The emissions charge for category I and category II

1 facilities shall equal the emission charge rate of \$45.25,
2 multiplied by the actual tons of fee-subject air pollutants
3 emitted. A pollutant that qualifies as a fee-subject air pollutant
4 under more than 1 class shall be charged only once. The actual tons
5 of fee-subject air pollutants emitted is considered to be the sum
6 of all fee-subject air pollutants emitted at the fee-subject
7 facility for the calendar year 2 years preceding the year of
8 billing, but not more than the lesser of the following:

9 (i) 4,000 tons.

10 (ii) 1,000 tons per pollutant, if the sum of all fee-subject
11 air pollutants except carbon monoxide emitted at the fee-subject
12 facility is less than 4,000 tons.

13 (3) ~~The~~ **BIENNIALY, THE** auditor general shall conduct a
14 ~~biennial~~ **AN** audit of the federally mandated operating permit
15 program required in title V. The audit shall include the auditor
16 general's recommendation regarding the sufficiency of the fees
17 required under subsection (2) to meet the minimum requirements of
18 the clean air act.

19 (4) After January 1, but before January 15 of each year, the
20 department shall notify the owner or operator of each fee-subject
21 facility of its assessed annual air quality fee. Payment is due
22 within 90 calendar days of the mailing date of the air quality fee
23 notification. If an assessed fee is challenged under subsection
24 (6), payment is due within 90 calendar days of the mailing date of
25 the air quality fee notification or within 30 days of receipt of a
26 revised fee or statement supporting the original fee, whichever is
27 later. The department shall deposit all fees collected under this

1 section to the credit of the fund.

2 (5) If the owner or operator of a fee-subject facility fails
3 to submit the amount due within the time period specified in
4 subsection (4), the department shall assess the owner or operator a
5 penalty of 5% of the amount of the unpaid fee for each month that
6 the payment is overdue up to a maximum penalty of 25% of the total
7 fee owed.

8 (6) If the owner or operator of a fee-subject facility desires
9 to challenge its assessed fee, the owner or operator shall submit
10 the challenge in writing to the department. The department shall
11 not process the challenge unless it is received by the department
12 within 45 calendar days of the mailing date of the air quality fee
13 notification described in subsection (4). A challenge shall
14 identify the facility and state the grounds upon which the
15 challenge is based. Within 30 calendar days of receipt of the
16 challenge, the department shall determine the validity of the
17 challenge and provide the owner with notification of a revised fee
18 or a statement setting forth the reason or reasons why the fee was
19 not revised. Payment of the challenged or revised fee is due within
20 the time frame described in subsection (4). If the owner or
21 operator of a facility desires to further challenge its assessed
22 fee, the owner or operator of the facility has an opportunity for a
23 contested case hearing as provided for under the administrative
24 procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328.

25 (7) If requested by the department, by March 15 of each year,
26 or within 45 days of a request by the department, whichever is
27 later, the owner or operator of each fee-subject facility shall

1 submit information regarding the facility's previous year's
2 emissions to the department. The information shall be sufficient
3 for the department to calculate the facility's emissions for that
4 year and meet the requirements of 40 CFR 51.320 to 51.327.

5 (8) By July 1 of each year, the department shall provide the
6 owner or operator of each fee-subject facility required to pay an
7 emission charge pursuant to this section with a copy of the
8 department's calculation of the facility emissions for the previous
9 year. Within 60 days of this notification, the owner or operator of
10 the facility may provide corrections to the department. The
11 department shall make a final determination of the emissions by
12 December 15 of that year. If the owner or operator disagrees with
13 the determination of the department, the owner or operator may
14 request a contested case hearing as provided for under the
15 administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to
16 24.328.

17 (9) By March 1 annually, the department shall prepare and
18 submit to the governor, the legislature, the chairpersons of the
19 standing committees of the senate and house of representatives with
20 primary responsibility for environmental protection issues related
21 to air quality, and the chairpersons of the subcommittees of the
22 senate and house appropriations committees with primary
23 responsibility for appropriations to the department a report that
24 details the department's activities of the previous fiscal year
25 funded by the fund. This report shall include, at a minimum, all of
26 the following as it relates to the department:

27 (a) The number of full-time equated positions performing title

1 V and non-title V air quality enforcement, compliance, or
2 permitting activities.

3 (b) All of the following information related to the permit to
4 install program authorized under section 5505:

5 (i) The number of permit to install applications received by
6 the department.

7 (ii) The number of permit to install applications for which a
8 final action was taken by the department. The number of final
9 actions should be reported as the number of applications approved,
10 the number of applications denied, and the number of applications
11 withdrawn by the applicant.

12 (iii) The number of permits to install approved that were
13 required to complete public participation under section 5511(3)
14 before final action and the number of permits to install approved
15 that were not required to complete public participation under
16 section 5511(3) prior to final action.

17 (iv) The average number of final permit actions per permit to
18 install reviewer full-time equivalent position.

19 (v) The percentage and number of permit to install
20 applications that were reviewed for administrative completeness
21 within 10 days of receipt by the department.

22 (vi) The percentage and number of permit to install
23 applications that were reviewed for technical completeness within
24 30 days of receipt of an administratively complete application by
25 the department.

26 (vii) The percentage and number of permit to install
27 applications submitted to the department that were administratively

1 complete as received.

2 (viii) The percentage and number of permit to install
3 applications for which a final action was taken by the department
4 within 60 days of receipt of a technically complete application for
5 those not required to complete public participation under section
6 5511(3) prior to final action, or within 120 days of receipt of a
7 technically complete application for those which are required to
8 complete public participation under section 5511(3) prior to final
9 action.

10 (c) All of the following information for the renewable
11 operating permit program authorized under section 5506:

12 (i) The number of renewable operating permit applications
13 received by the department.

14 (ii) The number of renewable operating permit applications for
15 which a final action was taken by the department. The number of
16 final actions should be reported as the number of applications
17 approved, the number of applications denied, and the number of
18 applications withdrawn by the applicant.

19 (iii) The percentage and number of permit applications initially
20 processed within the required time.

21 (iv) The percentage and number of permit renewals and
22 modifications processed within the required time.

23 (v) The number of permit applications reopened by the
24 department.

25 (vi) The number of general permits issued by the department.

26 (d) The number of letters of violation sent.

27 (e) The amount of penalties collected from all consent orders

1 and judgments.

2 (f) For each enforcement action that includes payment of a
3 penalty, a description of what corrective actions were required by
4 the enforcement action.

5 (g) The number of inspections done on sources required to
6 obtain a permit under section 5506 and the number of inspections of
7 other sources.

8 (h) The number of air pollution complaints received,
9 investigated, not resolved, and resolved by the department.

10 (i) The number of contested case hearings and civil actions
11 initiated and completed, and the number of voluntary consent
12 orders, administrative penalty orders, and emergency orders entered
13 or issued, for sources required to obtain a permit under section
14 5506.

15 (j) The amount of revenue in the fund at the end of the fiscal
16 year.

17 (10) The report under subsection (9) shall also include the
18 amount of revenue for programs under this part received during the
19 prior fiscal year from fees, from federal funds, and from general
20 fund appropriations. Each of these amounts shall be expressed as a
21 dollar amount and as a percent of the total annual cost of programs
22 under this part.

23 (11) The attorney general may bring an action for the
24 collection of the fees imposed under this section.

25 (12) This section does not apply if the administrator of the
26 United States environmental protection agency determines that the
27 department is not adequately administering or enforcing the

- 1 renewable operating permit program and the administrator
- 2 promulgates and administers a renewable operating permit program
- 3 for this state.
