*Reflects State Budget Office supplemental request 2011-4.

OVERVIEW

In a letter dated February 28, the State Budget Office requested a variety of supplemental adjustments to the FY 2010-11 state budget. The requested adjustments include a funding shift of \$87.4 million Gross (\$57.3 million GF/GP) between the Higher Education and Human Services budgets intended to better position the state to meet federal Temporary Assistance to Needy Families (TANF) maintenance-of-effort (MOE) requirements, as well as funding increases available from federal and restricted sources in multiple budget areas totaling \$61.2 million.

House Bill 4407 (H-1) reflects the requested adjustments, along with \$40.0 million in authorization for Strategic Water Quality Initiatives Grants in the Natural Resources and Environment budget and boilerplate language appropriating remaining funds in the Homeowner Construction Lien Recovery Fund in the Energy, Labor, and Economic Growth budget. The bill would have no net impact on GF/GP appropriations.

FY 2010-11 Appropriation Items:

ENERGY, LABOR, AND ECONOMIC GROWTH

1. Unemployment Insurance Agency (UIA)

The supplemental request re-appropriates federal Reed Act funds initially received by the state in 2002. The state originally received \$291.5 million in Reed Act fund, with \$213.0 million allocated for employment services (Michigan Works and welfare-to-work programs), \$3.5 million for internet job search access at libraries, and \$75.0 million for the Unemployment Insurance Agency. The UIA used its funds to support agency operations, establish call centers, update computer software, and establish an Internet-based claims system. The UIA is now proposing to use the remaining funds to replace its mainframe-based legacy systems that support its core functions of tax administration, benefit claims processing, income eligibility verification, and trust fund accounting with an integrated system that enable these core tax and benefit systems to share data, in real time and across several varied agency functions, including adjudication, trust fund accounting, and field audits. An integrated system would improve the agency's interaction with claimants and employers, improve agency efficiency through reduced paperwork and duplicative data entry, and improve program integrity through real time data verification. The DTMB sent out an RFP in October 2010, with responses due in January 2011. The DTMB anticipates that the contract will be awarded in April 2011, and will begin in July 2011.

Federal	23,300,000	23,300,000	

FY 2010-11 Appropriation Items:**2. Office of Financial and Insurance Regulation – Securities**

The supplemental request increases funding for the Office of Financial and Insurance Regulation, supported by existing securities fees revenue and Insurance Bureau Fund revenue, to implement additional responsibilities placed on the office under the Dodd-Frank Wall Street Reform and Consumer Protection Act. The Dodd-Frank Act shifts regulatory oversight over investment advisors with assets under management between \$25 million and \$100 million from SEC oversight to state oversight. States previously regulated smaller investment firms with less than \$25 million - \$30 million in investments under management. These additional firms, totaling about 170, are very large firms from a state regulatory standpoint. OFIR indicates that most of these firms haven't had an SEC examination. This adjustment is included in the FY 2011-12 Executive Recommendation. House makes technical correction, including associated FTE positions

FTE	0.0	4.0	
Gross	\$233,000	\$233,000	
Restricted	233,000	233,000	

3. Office of Financial and Insurance Regulation – Life Insurance

The Dodd-Frank Act also makes many other changes affecting the regulation of insurance companies (historically a state, rather than federal, regulatory function). OFIR indicates that these changes will have particularly significant implications on domestic life insurance companies. This adjustment is included in the FY 2011-12 Executive Recommendation. House makes technical correction, including associated FTE position.

FTE	0.0	1.0	
Gross	\$52,500	\$52,500	
Restricted	52,500	52,500	

HIGHER EDUCATION**4. TANF Fund Shift for Financial Aid Programs**

Replaces \$57.3 million in GF/GP revenue and \$30.1 million in Merit Award Trust Fund revenue appropriated for state financial aid programs with an equal amount of federal Temporary Assistance to Needy Families (TANF) funding. Affected programs are State Competitive Scholarships, Tuition Grants, and Tuition Incentive Program. Offsetting adjustments are recommended in the Human Services budget (see below). This funding transfer is intended to improve the state's ability to meet TANF MOE requirements and is consistent with supplemental adjustments made in previous fiscal years.

Gross	\$ 0	\$ 0	
Federal	87,426,400	87,426,400

GF/GP	(\$57,326,400)	(\$57,326,400)	

HUMAN SERVICES**5. TANF Fund Shift with Higher Education**

Transfers out \$87.4 million in TANF revenue to Higher Education budget to fund financial aid programs and transfers in \$57.3 million GF/GP and \$30.1 million Merit Award Trust Funds from Higher Education to fund the Family Independence Program. This funding transfer is intended to improve the state's ability to meet TANF MOE requirements and is consistent with supplemental adjustments made in previous fiscal years.

Restricted	30,100,000	30,100,000	
GF/GP	\$57,326,400	\$57,326,400	

6. Weatherization Assistance

Increases federal weatherization assistance ARRA funds from 2 awarded contract proposals for sustainable energy resources for consumers. The two community action agencies awarded contracts are Muskegon Oceana Community Action Partnership (\$3.0 million) and Oakland Livingston Human Services Agency (\$3.6 million). Five percent is retained for grantee administration costs.

Gross	\$6,962,100	\$6,962,100	
Federal	6,962,100	6,962,100	

JUDICIARY**7. Appellate Public Defender Program**

Provides \$154,600 in federal Edward Byrne Justice Assistance Grant revenue as an IDG from the Department of State Police for State Appellate Defender Office (SADO) crime lab unit technology expansion. This expansion will include website enhancements and video conferencing centers that will allow assigned appellate counsel to communicate with clients in remote locations.

Private	500,000	500,000	

NATURAL RESOURCES AND ENVIRONMENT**9. Environmental Cleanup and Redevelopment Program**

Provides \$30.0 million funding to implement PA 232 of 2010, which allows funding from the Strategic Water Quality Initiatives Fund to be used for cleanup actions at certain contaminated sites. Funding will be used for nonpoint source water pollution response activities.

Gross	\$30,000,000	\$30,000,000
Restricted	30,000,000	30,000,000

10. Strategic Water Quality Initiatives Grants

Provides \$40.0 million funding to be used for grants to municipalities and implement PA 231 of 2010, which allows funding from the Strategic Water Quality Initiatives Fund (SWQIF), generated by new bond issues, to be used for grants to municipalities. The grants may be used to provide assistance to complete loan application requirements of the SWQIF loan program and other sources of financing for sewage treatment works projects, storm water treatment projects, and nonpoint source pollution projects. The SWQIF loan program provides low interest loans to fund wastewater treatment facility improvements.

Gross	--	\$40,000,000
Restricted	--	40,000,000

FY 2010-11 Boilerplate Items:**ENERGY, LABOR AND ECONOMIC GROWTH****1. Homeowner Construction Lien Fund**

Appropriates the funds remaining in the Homeowner Construction Lien Recovery Fund (now repealed) for the payment of court-ordered construction lien judgments enter prior to the fund's repeal on August 23, 2010. Since its repeal, the fund has received some restitution payments resulting from court orders made prior to August 23, 2010. At present, there are six claims, totaling nearly \$80,000, that were entered before August 23, 2010 that still need to be paid.
