26 that establish an appropriate means of determining such damages.

27 (4) A contingent nonuse valuation method or similar nonuse

1 valuation method shall not be utilized for natural resource damage

20 **EDITION)**, report the release to the department within 24 hours
21 after obtaining knowledge of the release.

22 (ii) If the owner or operator has reason to believe that 1 or
23 more hazardous substances are emanating from or have emanated from
24 and are present beyond the boundary of his or her property at a
25 concentration in excess of cleanup criteria for unrestricted
26 residential use, notify the department and the owners of property
27 where the hazardous substances are present within 30 days after

1 obtaining knowledge that the release has migrated.

2 (iii) If the release is a result of an activity that is subject
3 to permitting under part 615 and the owner or operator is not the
4 owner of the surface property and the release results in hazardous

8 (c) Immediately stop or prevent the release at the source.

9 (d) Immediately implement source control or removal measures
10 to remove or contain hazardous substances that are released after
11 June 5, 1995 if those measures are technically practical, cost
12 effective, and provide protection to the environment. At a facility
13 where hazardous substances are released after June 5, 1995, and
14 those hazardous substances have not affected groundwater but are
15 likely to, groundwater contamination shall be prevented if it can
16 be prevented by measures that are technically practical, cost
17 effective, and provide protection to the environment.

18 (e) Immediately identify and eliminate any threat of fire or
19 explosion or any direct contact hazards.

20 (f) Immediately initiate removal of a hazardous substance that
21 is in a liquid phase, that is not dissolved in water, and that has
22 been released.

23 (g) Diligently pursue response activities necessary to achieve
24 the cleanup criteria established under this part. Except as
25 otherwise provided in this part, in pursuing response activities

27 following:

1 (i) Proceed under section 20114a to conduct self-implemented
2 response activities.

24 (vii) Submit a no further action report under section 20114d
25 after completion of remedial action.

26 (2) Subsection (1) does not preclude a person from
27 simultaneously undertaking 1 or more aspects of planning or

1 implementing response activities at a facility under section 20114a
2 without the prior approval of the department, unless 1 or more
3 response activities are being conducted pursuant to an
4 administrative order or agreement or judicial decree that requires
5 prior department approval, and submitting a response activity plan
6 to the department under section 20114b.

7 (3) Except as provided in subsection (4), a person who holds
8 an easement interest in a portion of a property who has knowledge
9 that there may be a release within that easement shall report the
10 release to the department within 24 hours after obtaining knowledge
11 of the release. This subsection applies to reportable quantities of
12 hazardous substances established pursuant to 40 CFR 302.4 and 302.6
13 ~~(1989)~~. **(JULY 1, 2012 EDITION)**.

14 (4) The requirements of subsections (1) and (3) do not apply
15 to a permitted release or a release in compliance with applicable
16 federal, state, and local air pollution control laws.

19 response activities pursuant to this part.

20 (b) Limit the liability of a person who is liable under
21 section 20126.

23 cleanup criteria for unrestricted residential use, land use or
24 resource use restrictions or monitoring is not required.

25 (2) Upon completion of remedial actions at a facility for a
26 category of cleanup that does not satisfy cleanup criteria for
27 unrestricted residential use, the person conducting the remedial

1 actions shall prepare and implement a postclosure plan for that
2 facility. A postclosure plan shall include both of the following:

3 (a) Land use or resource use restrictions as provided in
4 subsection (3).

5 (b) Permanent markers to describe restricted areas of the
6 facility and the nature of any restrictions. A permanent marker is
7 not required under this subdivision if the only applicable land use
8 or resource use restrictions relate to 1 or more of the following:

9 (i) A facility at which remedial action satisfies the cleanup
10 criteria for the nonresidential category under section
11 20120a(1)(b).

12 (ii) Use of groundwater.

13 (iii) Protection of the integrity of exposure controls that
14 prevent contact with soil, and those controls are composed solely
15 of asphalt, concrete, or landscaping materials. This subparagraph
16 does not apply if the hazardous substances that are addressed by
17 the barrier exceed a cleanup criterion based on acute toxic
18 effects, reactivity, corrosivity, ignitability, explosivity, or
19 flammability. ~~or if any hazardous substance addressed by the~~
20 ~~exposure control is present at a concentration of more than 10~~
21 ~~times an applicable soil direct contact cleanup criterion.~~

22 (iv) Construction requirements or limitations for structures
23 that may be built in the future.

24 (3) Land use or resource use restrictions that assure the
25 effectiveness and integrity of any containment, exposure barrier,
26 or other land use or resource use restrictions necessary to assure
27 the effectiveness and integrity of the remedy shall be described in

1 a restrictive covenant. A restrictive covenant developed to comply
2 with this part shall be in a format made available on the
3 department's website, with modifications to reflect the facts
4 applicable to the facility. The restrictive covenant shall be
5 recorded with the register of deeds for the county in which the
6 property is located within 21 days after the completion of the
7 remedial actions or within 21 days after the completion of
8 construction of the containment or barrier, as appropriate. The
9 restrictive covenant shall only be recorded by the property owner
10 or with the express written permission of the property owner. The
11 restrictions shall run with the land and be binding on the owner's
12 successors, assigns, and lessees. The restrictive covenant shall
13 include a survey and property description that define the areas
14 addressed by the remedial actions and the scope of any land use or
15 resource use restrictions. At a minimum, the restrictive covenant
16 shall do all of the following:

17 (a) Describe the general uses of the property that are
18 consistent with the cleanup criteria.

19 (b) Restrict activities at the facility that may interfere
20 with remedial actions, operation and maintenance, monitoring, or
21 other measures necessary to assure the effectiveness and integrity
22 of the remedial actions.

23 (c) Restrict activities that may result in exposures above
24 levels attained in the remedial actions.

25 (d) Grant to the department the ability to enforce the
26 restrictive covenant by legal action in a court of appropriate
27 jurisdiction.

1 (4) A person shall not record a restrictive covenant
2 indicating approval by the department unless the department has
3 approved the recording of the restrictive covenant.

4 (5) A person who implements a postclosure plan shall provide
5 notice of the land use or resource use restrictions to the
6 department and to the zoning authority for the local unit of
7 government in which the facility is located within 30 days after
8 recording the land use or resource use restrictions with the
9 register of deeds.

10 (6) The department, with the approval of the state
11 administrative board, may place restrictive covenants related to
12 land use or resource use restrictions on deeds of state-owned
13 property.

14 (7) Implementation of remedial actions does not relieve a
15 person who is liable under section 20126 of that person's
16 responsibility to report and provide for response activity to
17 address a subsequent release or threat of release.

18 (8) Implementation by any person of remedial actions without
19 department approval does not relieve that person of an obligation
20 to undertake response activities or limit the ability of the
21 department to take action to require response activities necessary
22 to comply with this part by a person who is liable under section
23 20126.

24 Sec. 20114d. (1) Upon completion of remedial actions that
25 satisfy ~~applicable cleanup criteria established under THE~~
26 **REQUIREMENTS OF** this part, ~~and all other requirements of this part~~
27 ~~that are applicable to remedial action,~~ a person may submit a no

1 further action report to the department. ~~The~~ **A PERSON MAY SUBMIT A**
2 **NO FURTHER ACTION REPORT UNDER THIS SUBSECTION FOR REMEDIAL ACTIONS**
3 **ADDRESSING CONTAMINATION FOR WHICH THE PERSON IS OR IS NOT LIABLE.**
4 **REMEDIAL ACTIONS INCLUDED IN A NO FURTHER ACTION REPORT MAY ADDRESS**
5 **ALL OR A PORTION OF CONTAMINATION AT A FACILITY AS FOLLOWS:**

6 (A) **THE REMEDIAL ACTIONS MAY ADDRESS 1 OR MORE RELEASES AT A**
7 **FACILITY.**

8 (B) **THE REMEDIAL ACTIONS MAY ADDRESS 1 OR MORE HAZARDOUS**
9 **SUBSTANCES AT A FACILITY.**

10 (C) **THE REMEDIAL ACTIONS MAY ADDRESS CONTAMINATION IN 1 OR**
11 **MORE ENVIRONMENTAL MEDIA AT A FACILITY.**

12 (D) **THE REMEDIAL ACTIONS MAY ADDRESS CONTAMINATION WITHIN THE**
13 **ENTIRE FACILITY OR ONLY A PORTION OF A FACILITY.**

14 (E) **THE REMEDIAL ACTIONS MAY ADDRESS CONTAMINATION AT A**
15 **FACILITY THROUGH ANY COMBINATION OF SUBDIVISIONS (A) THROUGH (D).**

16 (2) **A no further action report SUBMITTED UNDER SUBSECTION (1)**
17 **shall document the basis for concluding that the remedial actions**
18 **have been completed. A no further action report may include a**
19 **request that, upon approval, the ~~facility~~ **RELEASE OR CONDITIONS****
20 **ADDRESSED BY THE NO FURTHER ACTION REPORT be designated as a**
21 **residential closure. A no further action report shall be submitted**
22 **with a form developed by the department. The department shall make**
23 **this form available on its website.**

24 (3) ~~(2)~~ **A no further action report submitted under subsection**
25 **(1) shall be submitted with the following, as applicable:**

26 (a) **If the remedial action at the facility satisfies the**
27 **cleanup criteria for unrestricted residential use **FOR THE HAZARDOUS****

1 **SUBSTANCES AND PORTION OF THE FACILITY ADDRESSED IN THE NO FURTHER**
2 **ACTION REPORT**, neither a postclosure plan or a proposed postclosure
3 agreement is required to be submitted.

4 (b) If the remedial action requires only land use or resource
5 use restrictions and financial assurance is not required or the
6 financial assurance is de minimis, a postclosure plan is required
7 but a proposed postclosure agreement is not required to be
8 submitted.

9 (c) For ~~facilities~~**CIRCUMSTANCES** other than those described in
10 subdivision (a) or (b), a postclosure plan and a proposed
11 postclosure agreement are required to be submitted.

12 (4) ~~(3)~~—A proposed postclosure agreement that is submitted as
13 part of a no further action report shall include all of the
14 following:

15 (a) Provisions for monitoring, operation and maintenance, and
16 oversight necessary to assure the effectiveness and integrity of
17 the remedial action.

18 (b) Financial assurance to pay for monitoring, operation and
19 maintenance, oversight, and other costs determined by the
20 department to be necessary to assure the effectiveness and
21 integrity of the remedial action.

22 (c) A provision requiring notice to the department of the
23 owner's intent to convey any interest in the facility 14 days prior
24 to consummating the conveyance. A conveyance of title, an easement,
25 or other interest in the property shall not be consummated by the
26 property owner without adequate and complete provision for
27 compliance with the terms and conditions of the postclosure plan

1 and the postclosure agreement.

2 (d) A provision granting the department the right to enter the
3 property at reasonable times for the purpose of determining and
4 monitoring compliance with the postclosure plan and postclosure
5 agreement, including the right to take samples, inspect the
6 operation of the remedial action measures, and inspect records.

7 (5) ~~(4)~~—A postclosure agreement may modify the terms of a
8 postclosure plan as follows:

9 (a) If the exposure to hazardous substances **ADDRESSED IN THE**
10 **NO FURTHER ACTION REPORT** may be reliably restricted by an
11 institutional control in lieu of a restrictive covenant, and
12 imposition of land use or resource use restrictions through
13 restrictive covenants is impractical, the postclosure agreement may
14 allow for a remedial action under section 20120a(1)(c) or (d) or
15 (2) to rely on an institutional control in lieu of a restrictive
16 covenant in a postclosure plan. Mechanisms that may be considered
17 under this subsection include, but are not limited to, an ordinance
18 that restricts the use of groundwater or an aquifer in a manner and
19 to a degree that protects against unacceptable exposures. An
20 ordinance that serves as an exposure control pursuant to this
21 subsection shall be published and maintained in the same manner as
22 zoning ordinances and shall include a requirement that the local
23 unit of government notify the department at least 30 days prior to
24 adopting a modification to the ordinance, or to the lapsing or
25 revocation of the ordinance.

26 (b) A postclosure agreement may waive the requirement for
27 permanent markers.

1 (6) ~~(5)~~—The person submitting a no further action report shall
2 include a signed affidavit attesting to the fact that the
3 information upon which the no further action report is based is
4 complete and true to the best of that person's knowledge. The no
5 further action report shall also include a signed affidavit from an
6 environmental consultant who meets the professional qualifications
7 described in section 20114e(2) and who prepared the no further
8 action report, attesting to the fact that the remedial actions
9 detailed in the no further action report comply with all applicable
10 requirements and that the information upon which the no further
11 action report is based is complete and true to the best of that
12 person's knowledge. In addition, the environmental consultant shall
13 attach a certificate of insurance demonstrating that the
14 environmental consultant has obtained at least all of the following
15 from a carrier that is authorized to conduct business in this
16 state:

17 (a) Statutory worker compensation insurance as required in
18 this state.

19 (b) Professional liability errors and omissions insurance.
20 This policy may not exclude bodily injury, property damage, or
21 claims arising out of pollution for environmental work and shall be
22 issued with a limit of not less than \$1,000,000.00 per claim.

23 (c) Contractor pollution liability insurance with limits of
24 not less than \$1,000,000.00 per claim, if not included under the
25 professional liability errors and omissions insurance required
26 under subdivision (b). The insurance requirement under this
27 subdivision is not required for environmental consultants who do

1 not perform contracting functions.

2 (d) Commercial general liability insurance with limits of not
3 less than \$1,000,000.00 per claim and \$2,000,000.00 aggregate.

4 (e) Automobile liability insurance with limits of not less
5 than \$1,000,000.00 per claim.

6 (7) ~~(6)~~—A person submitting a no further action report shall
7 maintain all documents and data prepared, acquired, or relied upon
8 in connection with the no further action report for not less than
9 10 years after the later of the date on which the department
10 approves the no further action report under this section, or the
11 date on which no further monitoring, operation, or maintenance is
12 required to be undertaken as part of the remedial action covered by
13 the report. All documents and data required to be maintained under
14 this section shall be made available to the department upon
15 request.

16 (8) ~~(7)~~—Upon receipt of a no further action report submitted
17 under this subsection, the department shall approve or deny the no
18 further action report or shall notify the submitter that the report
19 does not contain sufficient information for the department to make
20 a decision. If the no further action report requires a postclosure
21 agreement, the department may negotiate alternative terms than
22 those included within the proposed postclosure agreement. The
23 department shall provide its determination within 150 days after
24 the report was received by the department under this subsection
25 unless the report requires public participation under section
26 20120d(2). If the report requires public participation under
27 section 20120d(2), the department shall respond within 180 days. If

1 the department's response is that the report does not include
2 sufficient information, the department shall identify the
3 information that is required for the department to make a decision.
4 If the report is denied, the department's denial shall, to the
5 extent practical, state with specificity all of the reasons for
6 denial. If the no further action report, including any required
7 postclosure plan and postclosure agreement, is approved, the
8 department shall provide the person submitting the no further
9 action report with a no further action letter. The department shall
10 review and provide a written response within the time frames
11 required by this subsection for at least 90% of the no further
12 action reports submitted to the department under this section in
13 each calendar year.

14 (9) ~~(8)~~—If the department fails to provide a written response
15 within the time frames required by subsection ~~(7)~~, ~~(8)~~, the no
16 further action report is considered approved.

17 (10) ~~(9)~~—A person requesting approval of a no further action
18 report under subsection ~~(7)~~—~~(8)~~ may appeal the department's
19 decision in accordance with section 20114e.

20 (11) ~~(10)~~—Any time frame required by this section may be
21 extended by mutual agreement of the department and a person
22 submitting a no further action report. An agreement extending a
23 time frame shall be in writing.

24 (12) ~~(11)~~—Following approval of a no further action report
25 under this section, the owner or operator of the facility addressed
26 by the no further action report may submit to the department an
27 amended no further action report. The amended no further action

1 report shall include the proposed changes to the original no
2 further action report and an accompanying rationale for the
3 proposed change. The process for review and approval of an amended
4 no further action report is the same as the process for no further
5 action reports.

6 Sec. 20114e. (1) The director shall establish a response
7 activity review panel to advise him or her on technical or
8 scientific disputes, including disputes regarding assessment of
9 risk, ~~concerning~~ response activity plans, ~~and~~ no further action
10 reports, **CERTIFICATES OF COMPLETION, AND DOCUMENTATIONS OF DUE CARE**
11 **COMPLIANCE** under this part, and initial assessment reports, final
12 assessment reports, ~~and~~ closure reports, **AND DOCUMENTATIONS OF DUE**
13 **CARE COMPLIANCE** under part 213.

14 (2) The panel shall consist of 15 individuals, appointed by
15 the director. Each member of the panel shall meet all of the
16 following minimum requirements:

17 (a) Meet 1 or more of the following:

18 (i) Hold a current professional engineer's or professional
19 geologist's license or registration from a state, tribe, or United
20 States territory, or the Commonwealth of Puerto Rico, and have the
21 equivalent of 6 years of full-time relevant experience.

22 (ii) Have a baccalaureate degree from an accredited institution
23 of higher education in a discipline of engineering or science and
24 the equivalent of 10 years of full-time relevant experience.

25 (iii) Have a master's degree from an accredited institution of
26 higher education in a discipline of engineering or science and the
27 equivalent of 8 years of full-time relevant experience.

1 (b) Remain current in his or her field through participation
2 in continuing education or other activities.

3 (3) An individual is not eligible to be a member of the panel
4 if any 1 of the following is true:

5 (a) The individual is a current employee of any office,
6 department, or agency of the state.

7 (b) The individual is a party to 1 or more contracts with the
8 department and the compensation paid under those contracts
9 represented more than 5% of the individual's annual gross revenue
10 in any of the preceding 3 years.

11 (c) The individual is employed by an entity that is a party to
12 1 or more contracts with the department and the compensation paid
13 to the individual's employer under these contracts represented more
14 than 5% of the employer's annual gross revenue in any of the
15 preceding 3 years.

16 (d) The individual was employed by the department within the
17 preceding 3 years.

18 (4) An individual appointed to the panel shall serve for a
19 term of 3 years and may be reappointed for 1 additional 3-year
20 term. After serving 2 consecutive terms, the individual shall not
21 be a member of the panel for a period of at least 2 years before
22 being eligible to be appointed to the panel again. The terms for
23 members first appointed shall be staggered so that not more than 5
24 vacancies are scheduled to occur in a single year. Individuals
25 appointed to the panel shall serve without compensation. However,
26 members of the panel may be reimbursed for their actual and
27 necessary expenses incurred in the performance of their official

1 duties as members of the panel.

2 (5) A vacancy on the panel shall be filled in the same manner
3 as the original appointment.

4 (6) The business that the panel may perform shall be conducted
5 at a public meeting of the panel held in compliance with the open
6 meetings act, 1976 PA 267, MCL 15.261 to 15.275.

7 (7) A person who submitted a response activity plan, ~~or~~ a no
8 further action report, **A REQUEST FOR CERTIFICATE OF COMPLETION, OR**
9 **DOCUMENTATION OF DUE CARE COMPLIANCE** under this part or an initial
10 assessment report, final assessment report, ~~or~~ closure report, **OR**
11 **DOCUMENTATION OF DUE CARE COMPLIANCE** under part 213 may appeal a
12 decision made by the department regarding a technical or scientific
13 dispute, including a dispute regarding assessment of risk,
14 concerning the response activity plan, no further action report,
15 **REQUEST FOR CERTIFICATE OF COMPLETION**, initial assessment report,
16 final assessment report, ~~or~~ closure report, **OR DOCUMENTATION OF DUE**
17 **CARE COMPLIANCE** by submitting a petition to the director. However,
18 an issue that was addressed as part of the final decision of the
19 director under section 21332 or that is the subject of a contested
20 case hearing under section 21332 is not eligible for review by the
21 panel. The petition shall include the issues in dispute, the
22 relevant facts upon which the dispute is based, factual data,
23 analysis, opinion, and supporting documentation for the
24 petitioner's position. The petitioner shall also submit a fee of
25 \$3,500.00. If the director believes that the dispute may be able to
26 be resolved without convening the panel, the director may contact
27 the petitioner regarding the issues in dispute and may negotiate a

1 resolution of the dispute. This negotiation period shall not exceed
2 45 days. If the dispute is resolved without convening the panel,
3 any fee that is submitted with the petition shall be returned.

4 (8) If a dispute is not resolved pursuant to subsection (7),
5 the director shall schedule a meeting of 5 members of the panel,
6 selected on the basis of their relevant expertise, within 45 days
7 after receiving the original petition. If the dispute involves an
8 underground storage tank system, at least 3 of the members selected
9 shall have relevant experience in the American society for testing
10 and materials risk-based corrective action processes described in
11 part 213. A member selected for the dispute resolution process
12 shall agree not to accept employment by the person bringing the
13 dispute before the panel, or to undertake any employment concerning
14 the facility in question for a period of 1 year after the decision
15 has been rendered on the matter if that employment would represent
16 more than 5% of the member's gross revenue in any of the preceding
17 3 years. The director shall provide a copy of all supporting
18 documentation to members of the panel who will hear the dispute. An
19 alternative member may be selected by the director to replace a
20 member who is unable to participate in the dispute resolution
21 process. Any action by the members selected to hear the dispute
22 shall require a majority of the votes cast. The members selected
23 for the dispute resolution process shall elect a chairperson of the
24 dispute resolution process. At a meeting scheduled to hear the
25 dispute, representatives of the petitioner and the department shall
26 each be afforded an opportunity to present their positions to the
27 panel. The fee that is received by the director along with the

1 petition shall be forwarded to the state treasurer for deposit into
2 the fund.

3 (9) Within 45 days after hearing the dispute, the members of
4 the panel who were selected for and participated in the dispute
5 resolution process shall make a recommendation regarding the
6 petition and provide written notice of the recommendation to the
7 director of the department and the petitioner. The written
8 recommendation shall include the specific scientific or technical
9 rationale for the recommendation. The panel's recommendation
10 regarding the petition may be to adopt, modify, or reverse, in
11 whole or in part, the department's decision that is the subject of
12 the petition. If the panel does not make its recommendation within
13 this 45-day time period, the decision of the department is the
14 final decision of the director.

15 (10) Within 60 days after receiving written notice of the
16 panel's recommendation, the director shall issue a final decision,
17 in writing, regarding the petition. However, this time period may
18 be extended by written agreement between the director and the
19 petitioner. If the director agrees with the recommendation of the
20 panel, the department shall incorporate the recommendation into its
21 response to the response activity plan, no further action report,
22 **REQUEST FOR CERTIFICATE OF COMPLETION**, initial assessment report,
23 final assessment report, ~~or~~ closure report, **OR DOCUMENTATION OF DUE**
24 **CARE COMPLIANCE**. If the director rejects the recommendation of the
25 panel, the director shall issue a written decision to the
26 petitioner with a specific rationale for rejecting the
27 recommendation of the panel. If the director fails to issue a final

1 decision within the time period provided for in this subsection,
2 the recommendation of the panel shall be considered the final
3 decision of the director. The final decision of the director under
4 this subsection is subject to review pursuant to section 631 of the
5 revised judicature act of 1961, 1961 PA 236, MCL 600.631.

6 (11) Upon request of the director, the panel shall make a
7 recommendation to the department on whether a member should be
8 removed from the panel. Prior to making this recommendation, the
9 panel may convene a peer review panel to evaluate the conduct of
10 the member with regard to compliance with this part.

11 (12) A member of the panel shall not participate in the
12 dispute resolution process for any appeal in which that member has
13 a conflict of interest. The director shall select a member of the
14 panel to replace a member who has a conflict of interest under this
15 subsection. For purposes of this subsection, a member has a
16 conflict of interest if a petitioner has hired that member or the
17 member's employer on any environmental matter within the preceding
18 3 years.

19 (13) As used in this section, "relevant experience" means
20 active participation in the preparation, design, implementation,
21 and assessment of remedial investigations, feasibility studies,
22 interim response activities, and remedial actions under this part
23 or experience in the American society for testing and materials
24 risk-based corrective action processes described in part 213. This
25 experience must demonstrate the exercise of sound professional
26 judgment and knowledge of the requirements of this part or part
27 213, or both.

1 SEC. 20114F. (1) UPON COMPLETION OF A RESPONSE ACTIVITY A
2 PERSON MAY REQUEST A CERTIFICATE OF COMPLETION FROM THE DEPARTMENT.

3 (2) TO OBTAIN A CERTIFICATE OF COMPLETION FROM THE DEPARTMENT
4 UNDER THIS SECTION, A PERSON SHALL SUBMIT EACH OF THE FOLLOWING TO
5 THE DEPARTMENT:

6 (A) A CERTIFICATE OF COMPLETION REQUEST FORM. THE DEPARTMENT
7 SHALL SPECIFY THE REQUIRED CONTENT OF THE REQUEST FORM AND MAKE THE
8 FORM AVAILABLE ON THE DEPARTMENT'S WEBSITE.

9 (B) DOCUMENTATION OF THE COMPLETED RESPONSE ACTIVITY.

10 (3) UPON RECEIPT OF A REQUEST FOR A CERTIFICATE OF COMPLETION
11 SUBMITTED UNDER THIS SUBSECTION, THE DEPARTMENT SHALL ISSUE A
12 CERTIFICATE OR DENY THE REQUEST, OR SHALL NOTIFY THE SUBMITTER THAT
13 THERE IS NOT SUFFICIENT INFORMATION FOR THE DEPARTMENT TO MAKE A
14 DECISION. IF THE DEPARTMENT'S RESPONSE IS THAT THE REQUEST DOES NOT
15 INCLUDE SUFFICIENT INFORMATION, THE DEPARTMENT SHALL IDENTIFY THE
16 INFORMATION THAT IS REQUIRED FOR THE DEPARTMENT TO MAKE A DECISION.
17 IF THE REQUEST IS DENIED, THE DEPARTMENT'S DENIAL SHALL, TO THE
18 EXTENT PRACTICAL, STATE WITH SPECIFICITY ALL OF THE REASONS FOR
19 DENIAL. THE DEPARTMENT SHALL MAKE A DECISION UNDER THIS SUBSECTION
20 AND SHALL PROVIDE THE PERSON SUBMITTING THE REQUEST WITH A
21 CERTIFICATE OF COMPLETION, AS APPROPRIATE, WITHIN 1 OF THE
22 FOLLOWING TIME FRAMES, AS APPLICABLE:

23 (A) 150 DAYS AFTER THE REQUEST WAS RECEIVED BY THE DEPARTMENT
24 IF THE RESPONSE ACTIVITY WAS UNDERTAKEN WITHOUT PRIOR APPROVAL OF
25 THE DEPARTMENT AND THE DEPARTMENT DETERMINES THAT THE RESPONSE
26 ACTIVITY COMPLIES WITH THE APPLICABLE REQUIREMENTS OF THIS PART.

27 (B) 90 DAYS AFTER THE REQUEST WAS RECEIVED BY THE DEPARTMENT

1 IF THE RESPONSE ACTIVITY WAS UNDERTAKEN PURSUANT TO A RESPONSE
2 ACTIVITY PLAN THAT WAS APPROVED UNDER SECTION 20114B AND THE
3 DEPARTMENT DETERMINES THAT THE RESPONSE ACTIVITY WAS COMPLETED IN
4 ACCORDANCE WITH THE APPROVED PLAN.

5 (4) IF THE DEPARTMENT FAILS TO PROVIDE A WRITTEN RESPONSE
6 WITHIN THE TIME FRAME REQUIRED BY SUBSECTION (3), THE RESPONSE
7 ACTIVITY IS CONSIDERED APPROVED.

8 (5) ANY TIME FRAME REQUIRED BY THIS SECTION MAY BE EXTENDED BY
9 MUTUAL AGREEMENT OF THE DEPARTMENT AND A PERSON SUBMITTING A
10 REQUEST FOR A CERTIFICATE OF COMPLETION OR A PERSON WHO HAS
11 RECEIVED A CERTIFICATE OF COMPLETION. AN AGREEMENT EXTENDING A TIME
12 FRAME SHALL BE IN WRITING.

13 (6) A PERSON REQUESTING A CERTIFICATE OF COMPLETION MAY APPEAL
14 THE DEPARTMENT'S DECISION IN ACCORDANCE WITH SECTION 20114E, IF
15 APPLICABLE.

16 SEC. 20114G. (1) A PERSON MAY SUBMIT TO THE DEPARTMENT
17 DOCUMENTATION OF DUE CARE COMPLIANCE REGARDING A FACILITY. THE
18 DOCUMENTATION OF DUE CARE COMPLIANCE SHALL BE SUBMITTED ON A FORM
19 PROVIDED BY THE DEPARTMENT AND SHALL CONTAIN DOCUMENTATION OF
20 COMPLIANCE WITH SECTION 20107A, AND OTHER INFORMATION REQUIRED BY
21 THE DEPARTMENT.

22 (2) WITHIN 45 BUSINESS DAYS AFTER RECEIPT OF THE DOCUMENTATION
23 OF DUE CARE COMPLIANCE UNDER SUBSECTION (1) CONTAINING SUFFICIENT
24 INFORMATION FOR THE DEPARTMENT TO MAKE A DECISION, THE DEPARTMENT
25 SHALL APPROVE, APPROVE WITH CONDITIONS, OR DENY THE DOCUMENTATION
26 OF DUE CARE COMPLIANCE. IF THE DEPARTMENT DOES NOT APPROVE THE
27 DOCUMENTATION OF DUE CARE COMPLIANCE, THE DEPARTMENT SHALL PROVIDE

1 THE PERSON THAT SUBMITTED THE DOCUMENTATION THE REASONS WHY THE
2 DOCUMENTATION OF DUE CARE COMPLIANCE WAS NOT APPROVED.

3 (3) A PERSON THAT DISAGREES WITH A DECISION OF THE DEPARTMENT
4 UNDER THIS SECTION MAY SUBMIT A PETITION FOR REVIEW OF SCIENTIFIC
5 OR TECHNICAL DISPUTES TO THE RESPONSE ACTIVITY REVIEW PANEL
6 PURSUANT TO SECTION 20114E.

7 Sec. 20120a. (1) The department may establish cleanup criteria
8 and approve of remedial actions in the categories listed in this
9 subsection. The cleanup category proposed shall be the option of
10 the person proposing the remedial action, subject to department
11 approval if required, considering the appropriateness of the
12 categorical criteria to the facility. The categories are as
13 follows:

14 (a) Residential.

15 (b) Nonresidential. ~~Beginning on the effective date of the~~
16 ~~2010 amendatory act that amended this section, the~~ **THE**
17 nonresidential cleanup criteria shall be the former industrial
18 categorical cleanup criteria developed by the department pursuant
19 to this section until new nonresidential cleanup criteria are
20 developed and published by the department pursuant to subsection
21 (17).

22 (c) Limited residential.

23 (d) Limited nonresidential.

24 (2) As an alternative to the categorical criteria under
25 subsection (1), the department may approve a response activity plan
26 or a no further action report containing site-specific criteria
27 that satisfy the requirements of section 20120b and other

1 applicable requirements of this part. The department shall utilize
2 only reasonable and relevant exposure pathways in determining the
3 adequacy of a site-specific criterion. Additionally, the department
4 may approve a remedial action plan for a designated area-wide zone
5 encompassing more than 1 facility, and may consolidate remedial
6 actions for more than 1 facility.

7 (3) The department shall develop cleanup criteria pursuant to
8 subsection (1) based on generic human health risk assessment
9 assumptions determined by the department to appropriately
10 characterize patterns of human exposure associated with certain
11 land uses. The department shall utilize only reasonable and
12 relevant exposure pathways in determining these assumptions. The
13 department may prescribe more than 1 generic set of exposure
14 assumptions within each category described in subsection (1). If
15 the department prescribes more than 1 generic set of exposure
16 assumptions within a category, each set of exposure assumptions
17 creates a subcategory within a category described in subsection
18 (1). The department shall specify facility characteristics that
19 determine the applicability of criteria derived for these
20 categories or subcategories.

21 (4) If a hazardous substance poses a carcinogenic risk to
22 humans, the cleanup criteria derived for cancer risk under this
23 section shall be the 95% upper bound on the calculated risk of 1
24 additional cancer above the background cancer rate per 100,000
25 individuals using the generic set of exposure assumptions
26 established under subsection (3) for the appropriate category or
27 subcategory. If the hazardous substance poses a risk of an adverse

1 health effect other than cancer, cleanup criteria shall be derived
2 using appropriate human health risk assessment methods for that
3 adverse health effect and the generic set of exposure assumptions
4 established under subsection (3) for the appropriate category or
5 subcategory. A hazard quotient of 1.0 shall be used to derive
6 noncancer cleanup criteria. For the noncarcinogenic effects of a
7 hazardous substance present in soils, the intake shall be assumed
8 to be 100% of the protective level, unless compound and site-
9 specific data are available to demonstrate that a different source
10 contribution is appropriate. If a hazardous substance poses a risk
11 of both cancer and 1 or more adverse health effects other than
12 cancer, cleanup criteria shall be derived under this section for
13 the most sensitive effect.

14 (5) If a cleanup criterion derived under subsection (4) for
15 groundwater in an aquifer differs from either: (a) the state
16 drinking water standard established pursuant to section 5 of the
17 safe drinking water act, 1976 PA 399, MCL 325.1005, or (b) the
18 national secondary drinking water regulations established pursuant
19 to 42 USC 300g-1, or (c) if there is not national secondary
20 drinking water regulation for a contaminant, the concentration
21 determined by the department according to methods approved by the
22 United States environmental protection agency below which taste,
23 odor, appearance, or other aesthetic characteristics are not
24 adversely affected, the cleanup criterion shall be the more
25 stringent of (a), (b), or (c) unless the department determines that
26 compliance with this subsection is not necessary because the use of
27 the aquifer is reliably restricted under provisions of a

1 postclosure plan or a postclosure agreement.

2 (6) The department shall not approve a remedial action plan or
3 no further action report in categories set forth in subsection
4 (1)(b) to (d), unless the person documents that the current zoning
5 of the property is consistent with the categorical criteria being
6 proposed, or that the governing zoning authority intends to change
7 the zoning designation so that the proposed criteria are consistent
8 with the new zoning designation, or the current property use is a
9 legal nonconforming use. The department shall not grant final
10 approval for a remedial action plan or no further action report
11 that relies on a change in zoning designation until a final
12 determination of that zoning change has been made by the local unit
13 of government. The department may approve of a remedial action plan
14 or no further action report that achieves categorical criteria that
15 are based on greater exposure potential than the criteria
16 applicable to current zoning. In addition, the remedial action plan
17 or no further action report shall include documentation that the
18 current property use is consistent with the current zoning or is a
19 legal nonconforming use. Abandoned or inactive property shall be
20 considered on the basis of zoning classifications as described
21 above.

22 (7) Cleanup criteria from 1 or more categories in subsection
23 (1) may be applied at a facility, if all relevant requirements are
24 satisfied for application of a pertinent criterion.

25 (8) The need for soil remediation to protect an aquifer from
26 hazardous substances in soil shall consider the vulnerability of
27 the aquifer or aquifers potentially affected if the soil remains at

1 the facility. Migration of hazardous substances in soil to an
2 aquifer is a pertinent pathway if appropriate based on
3 consideration of site specific factors.

4 (9) The department may establish cleanup criteria for a
5 hazardous substance using a biologically based model developed or
6 identified as appropriate by the United States environmental
7 protection agency if the department determines all of the
8 following:

9 (a) That application of the model results in a criterion that
10 more accurately reflects the risk posed.

11 (b) That data of sufficient quantity and quality are available
12 for a specified hazardous substance to allow the scientifically
13 valid application of the model.

14 (c) The United States environmental protection agency has
15 determined that application of the model is appropriate for the
16 hazardous substance in question.

17 (10) If the target detection limit or the background
18 concentration for a hazardous substance is greater than a cleanup
19 criterion developed for a category pursuant to subsection (1), the
20 criterion shall be the target detection limit or background
21 concentration, whichever is larger, for that hazardous substance in
22 that category.

23 (11) The department may also approve cleanup criteria if
24 necessary to address conditions that prevent a hazardous substance
25 from being reliably measured at levels that are consistently
26 achievable in samples from the facility in order to allow for
27 comparison with generic cleanup criteria. A person seeking approval

1 of a criterion under this subsection shall document the basis for
2 determining that the relevant published target detection limit
3 cannot be achieved in samples from the facility.

4 (12) In determining the adequacy of a land-use based response
5 activity to address sites contaminated by polychlorinated
6 biphenyls, the department shall not require response activity in
7 addition to that which is subject to and complies with applicable
8 federal regulations and policies that implement the toxic
9 substances control act, 15 USC 2601 to 2692.

10 (13) Remedial action to address the release of uncontaminated
11 mineral oil satisfies cleanup criteria under this part for
12 groundwater or for soil if all visible traces of mineral oil are
13 removed from groundwater and soil.

14 (14) Approval by the department of remedial action based on
15 the categorical standard in subsection (1)(a) or (b) shall be
16 granted only if the pertinent criteria are satisfied in the
17 affected media. The department shall approve the use of
18 probabilistic or statistical methods or other scientific methods of
19 evaluating environmental data when determining compliance with a
20 pertinent cleanup criterion if the methods are determined by the
21 department to be reliable, scientifically valid, and best represent
22 actual site conditions and exposure potential.

23 (15) If a discharge of venting groundwater complies with this
24 part, a permit for the discharge is not required.

25 (16) Remedial actions shall meet the cleanup criteria for
26 unrestricted residential use or shall provide for acceptable land
27 use or resource use restrictions in a postclosure plan or a

1 postclosure agreement.

2 (17) Remedial actions that rely on categorical cleanup
3 criteria developed pursuant to subsection (1) shall also consider
4 other factors necessary to protect the public health, safety, and
5 welfare, and the environment as specified by the department, if the
6 department determines based on data and existing information that
7 such considerations are relevant to a specific facility. These
8 factors include, but are not limited to, the protection of surface
9 water quality and consideration of ecological risks if pertinent to
10 the facility based on the requirements of this part.

11 (18) Not later than ~~2 years after the effective date of the~~
12 ~~2010 amendatory act that amended this section, DECEMBER 31, 2013,~~
13 the department shall evaluate and revise the cleanup criteria
14 derived under this section. The evaluation **AND ANY REVISIONS** shall
15 incorporate knowledge gained through research and studies in the
16 areas of fate and transport and risk assessment **AND SHALL TAKE INTO**
17 **ACCOUNT BEST PRACTICES FROM OTHER STATES, REASONABLE AND REALISTIC**
18 **CONDITIONS, AND SOUND SCIENCE**. Following this revision, the
19 department shall periodically evaluate whether new information is
20 available regarding the cleanup criteria and shall make revisions
21 as appropriate. The department shall prepare and submit to the
22 legislature a report detailing any revisions made to cleanup
23 criteria under this section.

24 (19) **A PERSON DEMONSTRATES COMPLIANCE WITH INDOOR AIR**
25 **INHALATION CRITERIA FOR A HAZARDOUS SUBSTANCE AT A FACILITY UNDER**
26 **THIS PART IF ALL OF THE FOLLOWING CONDITIONS ARE MET:**

27 (A) **THE FACILITY IS AN ESTABLISHMENT COVERED BY THE**

1 CLASSIFICATIONS PROVIDED BY SECTOR 31-33 - MANUFACTURING, OF THE
2 NORTH AMERICAN INDUSTRY CLASSIFICATION SYSTEM, UNITED STATES, 2012,
3 PUBLISHED BY THE OFFICE OF MANAGEMENT AND BUDGET.

4 (B) THE PERSON COMPLIES WITH THE MICHIGAN OCCUPATIONAL SAFETY
5 AND HEALTH ACT, 1974 PA 154, MCL 408.1001 TO 408.1094, AND THE
6 RULES PROMULGATED UNDER THAT ACT APPLICABLE TO THE EXPOSURE TO THE
7 HAZARDOUS SUBSTANCE, INCLUDING, BUT NOT LIMITED TO, THE
8 OCCUPATIONAL HEALTH STANDARDS FOR AIR CONTAMINANTS, R 325.51101 TO
9 R 325.51108 OF THE MICHIGAN ADMINISTRATIVE CODE.

10 (C) THE HAZARDOUS SUBSTANCE IS INCLUDED IN THE FACILITY'S
11 HAZARD COMMUNICATION PROGRAM UNDER SECTION 14A OF THE MICHIGAN
12 OCCUPATIONAL SAFETY AND HEALTH ACT, 1974 PA 154, MCL 408.1014A, AND
13 THE HAZARD COMMUNICATION RULES, R 325.77001 TO R 325.77003 OF THE
14 MICHIGAN ADMINISTRATIVE CODE, EXCEPT THAT UNLESS THE HAZARDOUS
15 SUBSTANCE IS IN USE IN THE FACILITY, THE REQUIREMENT TO HAVE A
16 MATERIAL SAFETY DATA SHEET IN THE WORKPLACE REQUIRES ONLY A GENERIC
17 MATERIAL SAFETY DATA SHEET FOR THE HAZARDOUS SUBSTANCE AND THE
18 LABELING REQUIREMENTS DO NOT APPLY.

19 Sec. 20120b. (1) The department shall approve **NUMERIC OR**
20 **NONNUMERIC** site-specific criteria in a response activity under
21 section 20120a if such criteria, in comparison to generic criteria,
22 better reflect best available information concerning the toxicity
23 or exposure risk posed by the hazardous substance or other factors.

24 (2) Site-specific criteria approved under subsection (1) may,
25 as appropriate:

26 (a) Use the algorithms for calculating generic criteria
27 established by rule or propose and use different algorithms.

1 (b) Alter any value, parameter, or assumption used to
2 calculate generic criteria.

3 (c) Take into consideration the depth below the ground surface
4 of contamination, which may reduce the potential for exposure and
5 serve as an exposure barrier.

6 (d) Be based on information related to the specific facility
7 or information of general applicability, including peer-reviewed
8 scientific literature.

9 (e) Use probabilistic methods of calculation.

10 (f) Use nonlinear-threshold-based calculations where
11 scientifically justified.

12 ~~Sec. 20120c. (1) An owner or operator shall not remove soil,~~
13 ~~or allow soil to be removed, from a facility to an off site~~
14 ~~location unless that person determines that the soil can be~~
15 ~~lawfully relocated without posing a threat to the public health,~~
16 ~~safety, or welfare, or the environment. The determination shall~~
17 ~~consider whether the soil is subject to regulation pursuant to part~~
18 ~~111.~~

19 ~~—— (2) For the purposes of subsection (1), soil poses a threat to~~
20 ~~the public health, safety, or welfare, or the environment if~~
21 ~~concentrations of hazardous substances in the soil exceed the~~
22 ~~cleanup criterion determined pursuant to section 20120a(1) or (2)~~
23 ~~that apply to the location to which the soil will be moved or~~
24 ~~relocated, except that if the soil is to be removed from the~~
25 ~~facility for disposal or treatment, the soil shall satisfy the~~
26 ~~appropriate regulatory criteria for disposal or treatment. Any land~~
27 ~~use or resource use restrictions that would be required for the~~

1 ~~application of a criterion pursuant to section 20120a(1) or (2)~~
2 ~~shall be in place at the location to which the soil will be moved.~~
3 ~~Soil may be relocated only to another location that is similarly~~
4 ~~contaminated, considering the general nature, concentration, and~~
5 ~~mobility of hazardous substances present at the location to which~~
6 ~~contaminated soil will be moved. Contaminated soil shall not be~~
7 ~~moved to a location that is not a facility unless it is taken there~~
8 ~~for treatment or disposal in conformance with applicable laws and~~
9 ~~regulations.~~

10 ~~—— (3) An owner or operator shall not relocate soil, or allow~~
11 ~~soil to be relocated, within a facility where a remedial action~~
12 ~~plan has been approved unless that person assures that the same~~
13 ~~degree of control required for application of the criteria of~~
14 ~~section 20120a(1) or (2) is provided for the contaminated soil.~~

15 ~~—— (4) The prohibition in subsection (3) against relocation of~~
16 ~~contaminated soil within a facility does not apply to soils that~~
17 ~~are temporarily relocated for the purpose of implementing response~~
18 ~~activity or utility construction if the response activity or~~
19 ~~utility construction is completed in a timely fashion and the~~
20 ~~short term hazards are appropriately controlled.~~

21 ~~—— (5) If soil is being moved off site from, moved to, or~~
22 ~~relocated on site at a facility where a remedial action plan has~~
23 ~~been approved by the department based on a categorical cleanup~~
24 ~~eriterion in section 20120a(1)(c) or (d) or (2), the soil shall not~~
25 ~~be moved without prior department approval.~~

26 ~~—— (6) If soil is being relocated in a manner not addressed by~~
27 ~~subsection (5), the owner or operator of the facility from which~~

1 ~~soil is being moved must provide notice to the department within 14~~
2 ~~days after the soil is moved. The notice shall include all of the~~
3 ~~following:~~

4 ~~—— (a) The location from which soil will be removed.~~

5 ~~—— (b) The location to which the soil will be taken.~~

6 ~~—— (c) The volume of soil to be moved.~~

7 ~~—— (d) A summary of information or data on which the owner or~~
8 ~~operator is basing the determination required in subsection (2)~~
9 ~~that the soil does not present a threat to the public health,~~
10 ~~safety, or welfare, or the environment.~~

11 ~~—— (e) If land use or resource use restrictions in a postclosure~~
12 ~~plan or a postclosure agreement would apply to the soil when it is~~
13 ~~relocated, the notice shall include documentation that those~~
14 ~~restrictions are in place.~~

15 ~~—— (7) The determination required by subsections (1) and (3)~~
16 ~~shall be based on knowledge of the person undertaking or approving~~
17 ~~of the removal or relocation of soil, or on characterization of the~~
18 ~~soil for the purpose of compliance with this section.~~

19 ~~—— (8) This section does not apply to soil that is designated as~~
20 ~~an inert material pursuant to section 11507(3).~~

21 (1) AN OWNER OR OPERATOR MAY RELOCATE CONTAMINATED SOIL OFF-
22 SITE OR ALLOW CONTAMINATED SOIL TO BE RELOCATED OFF-SITE IF ALL OF
23 THE FOLLOWING REQUIREMENTS ARE MET:

24 (A) THE PERSON DETERMINES THAT THE SOIL CAN BE LAWFULLY
25 RELOCATED WITHOUT POSING A THREAT TO THE PUBLIC HEALTH, SAFETY, OR
26 WELFARE OR THE ENVIRONMENT. IN MAKING THE DETERMINATION, THE OWNER
27 OR OPERATOR SHALL CONSIDER WHETHER THE SOIL IS SUBJECT TO

1 REGULATION UNDER PART 111. FOR THE PURPOSES OF THIS SUBDIVISION,
2 SOIL POSES A THREAT TO THE PUBLIC HEALTH, SAFETY, OR WELFARE OR THE
3 ENVIRONMENT IF CONCENTRATIONS OF HAZARDOUS SUBSTANCES IN THE SOIL
4 EXCEED THE CLEANUP CRITERION DETERMINED PURSUANT TO SECTION
5 20120A(1) OR (2) THAT APPLY TO THE FACILITY TO WHICH THE SOIL WILL
6 BE RELOCATED. ANY LAND USE OR RESOURCE USE RESTRICTIONS THAT WOULD
7 BE REQUIRED FOR THE APPLICATION OF A CRITERION PURSUANT TO SECTION
8 20120A(1) OR (2) SHALL BE IN PLACE AT THE FACILITY BEFORE THE SOIL
9 IS RELOCATED. CONTAMINATED SOIL SHALL NOT BE RELOCATED TO A
10 LOCATION THAT IS NOT A FACILITY.

11 (B) PRIOR DEPARTMENT APPROVAL IS OBTAINED IF THE CONTAMINATED
12 SOIL IS BEING RELOCATED OFF-SITE FROM OR TO EITHER OF THE
13 FOLLOWING:

14 (i) A FACILITY WHERE A REMEDIAL ACTION PLAN THAT INCLUDES SOIL
15 AS AN AFFECTED MEDIA HAS BEEN APPROVED BY THE DEPARTMENT BASED ON A

17 OR SITE-SPECIFIC CRITERIA UNDER SECTION 20120A(2).

18 (ii) A FACILITY WHERE A NO FURTHER ACTION REPORT THAT INCLUDES
19 SOIL AS AN AFFECTED MEDIUM HAS BEEN APPROVED BY THE DEPARTMENT.

20 (C) IF CONTAMINATED SOIL IS BEING RELOCATED OFF-SITE IN A
21 MANNER NOT ADDRESSED BY SUBDIVISION (B), THE OWNER OR OPERATOR OF
22 THE FACILITY FROM WHICH SOIL IS BEING RELOCATED PROVIDES NOTICE TO
23 THE DEPARTMENT WITHIN 14 DAYS AFTER THE SOIL IS RELOCATED. THE
24 NOTICE SHALL INCLUDE ALL OF THE FOLLOWING:

25 (i) THE FACILITY FROM WHICH SOIL WAS RELOCATED.

26 (ii) THE FACILITY TO WHICH THE SOIL WAS RELOCATED.

27 (iii) THE VOLUME OF SOIL RELOCATED.

1 (iv) A SUMMARY OF INFORMATION OR DATA ON WHICH THE OWNER OR
2 OPERATOR BASED THE DETERMINATION REQUIRED IN SUBDIVISION (A) THAT
3 THE SOIL DID NOT PRESENT A THREAT TO THE PUBLIC HEALTH, SAFETY, OR
4 WELFARE OR THE ENVIRONMENT.

5 (v) IF LAND USE OR RESOURCE USE RESTRICTIONS IN A POSTCLOSURE
6 PLAN OR A POSTCLOSURE AGREEMENT WOULD APPLY TO THE SOIL WHEN IT IS
7 RELOCATED, DOCUMENTATION THAT THOSE RESTRICTIONS ARE IN PLACE.

8 (2) AN OWNER OR OPERATOR MAY RELOCATE CONTAMINATED SOIL, OR
9 ALLOW CONTAMINATED SOIL TO BE RELOCATED, ON-SITE IF ALL OF THE
10 FOLLOWING REQUIREMENTS ARE MET:

11 (A) IF EITHER A REMEDIAL ACTION PLAN THAT INCLUDES SOIL AS AN
12 AFFECTED MEDIUM OR A NO FURTHER ACTION REPORT THAT INCLUDES SOIL AS
13 AN AFFECTED MEDIUM HAS BEEN APPROVED FOR A FACILITY, THE PERSON
14 ASSURES THAT THE SAME DEGREE OF CONTROL REQUIRED FOR APPLICATION OF
15 THE CRITERIA OF SECTION 20120A(1) OR (2) UNDER THE REMEDIAL ACTION
16 PLAN OR NO FURTHER ACTION REPORT IS PROVIDED FOR THE CONTAMINATED
17 SOIL. THIS SUBDIVISION DOES NOT APPLY TO SOILS THAT ARE TEMPORARILY
18 RELOCATED FOR THE PURPOSE OF IMPLEMENTING RESPONSE ACTIVITY OR
19 UTILITY CONSTRUCTION IF THE RESPONSE ACTIVITY OR UTILITY
20 CONSTRUCTION IS COMPLETED IN A TIMELY FASHION AND THE SHORT-TERM
21 HAZARDS ARE APPROPRIATELY CONTROLLED.

22 (B) IF 500 CUBIC YARDS OR MORE OF CONTAMINATED SOIL ARE BEING
23 RELOCATED ON-SITE AT A FACILITY WHERE EITHER A REMEDIAL ACTION PLAN
24 THAT INCLUDES SOIL AS AN AFFECTED MEDIUM OR A NO FURTHER ACTION
25 REPORT THAT INCLUDES SOIL AS AN AFFECTED MEDIUM HAS BEEN APPROVED
26 BY THE DEPARTMENT, THE OWNER OR OPERATOR OF THE FACILITY AT WHICH
27 SOIL IS BEING RELOCATED PROVIDES NOTICE TO THE DEPARTMENT WITHIN 14

1 DAYS AFTER THE SOIL IS RELOCATED. THE NOTICE SHALL INCLUDE ALL OF
2 THE FOLLOWING:

3 (i) THE FACILITY FROM WHICH SOIL WAS RELOCATED.

4 (ii) THE FACILITY TO WHICH THE SOIL WAS TAKEN.

5 (iii) THE VOLUME OF SOIL RELOCATED.

6 (iv) A SUMMARY OF INFORMATION OR DATA ASSURING THAT THE SAME
7 DEGREE OF CONTROL REQUIRED FOR APPLICATION OF THE CRITERIA OF
8 SECTION 20120A(1) OR (2) IS PROVIDED FOR THE CONTAMINATED SOIL
9 UNDER SUBDIVISION (A).

10 (v) IF LAND USE OR RESOURCE USE RESTRICTIONS IN A POSTCLOSURE
11 PLAN OR A POSTCLOSURE AGREEMENT WOULD APPLY TO THE SOIL WHEN IT IS
12 RELOCATED, DOCUMENTATION THAT THOSE RESTRICTIONS ARE IN PLACE.

13 (C) IF SUBDIVISION (B) DOES NOT APPLY AND AN OWNER OR OPERATOR
14 RELOCATES CONTAMINATED SOIL ON-SITE WITHOUT DEPARTMENT APPROVAL OR
15 NOTICE TO THE DEPARTMENT, THE OWNER OF THE FACILITY WITHIN WHICH
16 CONTAMINATED SOIL IS RELOCATED INCLUDES THE FOLLOWING INFORMATION
17 REGARDING THE RELOCATION AS PART OF DISCLOSING THE GENERAL NATURE
18 AND EXTENT OF THE RELEASE UNDER SECTION 20116 TO A PURCHASER OR
19 OTHER PERSON TO WHICH THE FACILITY IS TRANSFERRED:

20 (i) THE FACILITY FROM WHICH SOIL WAS RELOCATED.

21 (ii) THE FACILITY TO WHICH THE SOIL WAS TAKEN.

22 (iii) THE VOLUME OF SOIL RELOCATED.

23 (iv) A SUMMARY OF THE BASIS FOR THE OWNER'S OR OPERATOR'S
24 DETERMINATION THAT THE RELOCATION DID NOT CAUSE ANY EXACERBATION
25 UNDER SECTION 20107A(1).

26 (D) SECTION 20107A(1) AND (3) APPLIES TO THE RELOCATION OF
27 SOIL UNDER THIS SUBSECTION EVEN IF AN OWNER OR OPERATOR IS NOT

1 OTHERWISE SUBJECT TO SECTION 20107A.

2 (3) THE DETERMINATION REQUIRED BY SUBSECTIONS (1) (A) AND
3 (2) (A) SHALL BE BASED ON KNOWLEDGE OF THE PERSON UNDERTAKING OR
4 APPROVING OF THE REMOVAL OR RELOCATION OF SOIL, OR ON
5 CHARACTERIZATION OF THE SOIL FOR THE PURPOSE OF COMPLIANCE WITH
6 THIS SECTION.

7 (4) THIS SECTION DOES NOT APPLY TO THE FOLLOWING:

8 (A) SOIL THAT IS DESIGNATED AS AN INERT MATERIAL PURSUANT TO
9 SECTION 11507(3).

10 (B) UNCONTAMINATED SOIL THAT IS MIXED WITH A BENEFICIAL USE
11 BY-PRODUCT UNDER PART 115.

12 (C) SOIL THAT IS RELOCATED FOR TREATMENT OR DISPOSAL IN
13 CONFORMANCE WITH APPLICABLE LAWS AND REGULATIONS.

14 (D) THE RELOCATION OF UNCONTAMINATED SOIL.

15 (5) AS USED IN THIS SECTION:

16 (A) "CONTAMINATED SOIL" MEANS SOIL THAT MEETS ALL OF THE
17 FOLLOWING CRITERIA:

18 (i) THE SOIL IS CONTAMINATED WITH 1 OR MORE HAZARDOUS
19 SUBSTANCES AT LEVELS THAT EXCEED THE BACKGROUND CONCENTRATION FOR
20 THAT HAZARDOUS SUBSTANCE OR THOSE HAZARDOUS SUBSTANCES.

21 (ii) THE SOIL IS CONTAMINATED WITH 1 OR MORE HAZARDOUS
22 SUBSTANCES AT LEVELS THAT EXCEED ANY APPLICABLE CLEANUP CRITERIA
23 UNDER SECTION 20120A(1) OR ANY APPLICABLE SITE-SPECIFIC CRITERIA
24 UNDER SECTION 20120B.

25 (B) "OFF-SITE" MEANS PROPERTY THAT IS NOT ON-SITE.

26 (C) "ON-SITE" MEANS WITHIN ANY CONTIGUOUS OR ADJACENT PARCELS
27 OWNED BY OR UNDER THE CONTROL OF AN OWNER OR OPERATOR.

1 (D) "UNCONTAMINATED SOIL" MEANS SOIL THAT IS EITHER OF THE
2 FOLLOWING:

3 (i) NOT CONTAMINATED WITH ANY HAZARDOUS SUBSTANCES DUE TO HUMAN
4 ACTIVITY.

5 (ii) CONTAMINATED WITH 1 OR MORE HAZARDOUS SUBSTANCES AS A
6 RESULT OF HUMAN ACTIVITY BUT THE LEVELS OF THOSE HAZARDOUS
7 SUBSTANCES AT THE FACILITY DO NOT EXCEED ANY CATEGORICAL CLEANUP
8 CRITERIA UNDER SECTION 20120A(1) OR SITE-SPECIFIC CRITERIA UNDER
9 SECTION 20120B.

10 Sec. 20126. (1) Notwithstanding any other provision or rule of
11 law and except as provided in subsections (2), (3), (4), and (5)
12 and section 20128, the following persons are liable under this
13 part:

14 (a) The owner or operator of a facility if the owner or
15 operator is responsible for an activity causing a release or threat
16 of release.

17 (b) The owner or operator of a facility at the time of
18 disposal of a hazardous substance if the owner or operator is
19 responsible for an activity causing a release or threat of release.

20 (c) An owner or operator of a facility who becomes an owner or
21 operator on or after June 5, 1995, unless the owner or operator
22 complies with both of the following:

23 (i) A baseline environmental assessment is conducted prior to
24 or within 45 days after the earlier of the date of purchase,
25 occupancy, or foreclosure. For purposes of this section, assessing
26 property to conduct a baseline environmental assessment does not
27 constitute occupancy.

1 (ii) The owner or operator provides a baseline environmental
2 assessment to the department and subsequent purchaser or transferee
3 within 6 months after the earlier of the date of purchase,
4 occupancy, or foreclosure.

5 (d) A person who by contract, agreement, or otherwise arranged
6 for disposal or treatment, or arranged with a transporter for
7 transport for disposal or treatment, of a hazardous substance owned
8 or possessed by the person, by any other person, at a facility
9 owned or operated by another person and containing the hazardous
10 substance. This subdivision does not include any of the following:

11 (i) A person who, on or after June 5, 1995, arranges for the
12 sale or transport of a secondary material for use in producing a
13 new product. As used in this subparagraph, secondary material means
14 scrap metal, paper, plastic, glass, textiles, or rubber, which has
15 demonstrated reuse or recycling potential and has been separated or
16 removed from the solid waste stream for reuse or recycling, whether
17 or not subsequent separation and processing is required, if
18 substantial amounts of the material are consistently used in the
19 manufacture of products which may otherwise be produced from a raw
20 or virgin material.

21 (ii) A person who, prior to June 5, 1995, arranges for the sale
22 or transport of a secondary material for use in producing a new
23 product unless the state has incurred response activity costs
24 associated with these secondary materials prior to December 17,
25 1999. As used in this subparagraph, secondary material means scrap
26 metal, paper, plastic, glass, textiles, or rubber, which has
27 demonstrated reuse or recycling potential and has been separated or

1 removed from the solid waste stream for reuse or recycling, whether
2 or not subsequent separation and processing is required, if
3 substantial amounts of the material are consistently used in the
4 manufacture of products which may otherwise be produced from a raw
5 or virgin material.

6 (iii) A person who arranges the lawful transport or disposal of
7 any product or container commonly used in a residential household,
8 which is in a quantity commonly used in a residential household,
9 and which was used in the person's residential household.

10 (e) A person who accepts or accepted any hazardous substance
11 for transport to a facility selected by that person.

12 (f) The estate or trust of a person described in subdivisions
13 (a) to (e).

14 (2) Subject to section 20107a, an owner or operator who
15 complies with subsection (1)(c) is not liable for contamination
16 existing at the facility at the earlier of the date of purchase,
17 occupancy, or foreclosure, unless the person is responsible for an
18 activity causing the contamination existing at the facility.

19 Subsection (1)(c) does not alter a person's liability with regard
20 to a subsequent release or threat of release at a facility if the
21 person is responsible for an activity causing the subsequent
22 release or threat of release.

23 (3) Notwithstanding subsection (1), the following persons are
24 not liable under this part with respect to contamination at a
25 facility resulting from a release or threat of release unless the
26 person is responsible for an activity causing that release or
27 threat of release:

1 (a) The state or a local unit of government that acquired
2 ownership or control of a facility involuntarily through
3 bankruptcy, tax delinquency, abandonment, a transfer from a lender
4 pursuant to subsection ~~(7)~~, ~~(5)~~, or other circumstances in which
5 the government involuntarily acquires title or control by virtue of
6 its governmental function or as provided in this part, a local unit
7 of government to which ownership or control of a facility is
8 transferred by the state or by another local unit of government
9 that is not liable under subsection (1), or the state or a local
10 unit of government that acquired ownership or control of a facility
11 by seizure, receivership, or forfeiture pursuant to the operation
12 of law or by court order.

13 (b) A state or local unit of government that holds or acquires
14 an easement interest in a facility, holds or acquires an interest
15 in a facility by dedication in a plat, or by dedication pursuant to
16 1909 PA 283, MCL 220.1 to 239.6, or otherwise holds or acquires an
17 interest in a facility for a transportation or utility corridor,
18 including sewers, pipes, and pipelines, or public right of way.

19 (c) A person who holds an easement interest in a facility or
20 holds a utility franchise to provide service, for the purpose of
21 conveying or providing goods or services, including, but not
22 limited to, utilities, sewers, roads, railways, and pipelines; or a
23 person that acquires access through an easement.

24 (d) A person who owns severed subsurface mineral rights or
25 severed subsurface formations or who leases subsurface mineral
26 rights or formations.

27 (e) The state or a local unit of government that leases

1 property to a person if the state or the local unit of government
2 is not liable under this part for environmental contamination at
3 the property.

5 hazardous substance use at the property is consistent with
6 residential use.

7 (g) A person who acquires a facility as a result of the death
8 of the prior owner or operator of the facility, whether by
9 inheritance, devise, or transfer from an inter vivos or
10 testamentary trust.

11 (h) A person who did not know and had no reason to know that
12 the property was a facility. To establish that the person did not
13 know and did not have a reason to know that the property was a
14 facility, the person shall have undertaken at the time of
15 acquisition all appropriate inquiry into the previous ownership and
16 uses of the property consistent with good commercial or customary
17 practice. A determination of liability under this section shall
18 take into account any specialized knowledge or experience on the
19 part of the person, the relationship of the purchase price to the
20 value of the property if uncontaminated by a hazardous substance,
21 commonly known or reasonable ascertainable information about the
22 property, the obviousness of the presence or likely presence of a
23 release or threat of release at the property, and the ability to
24 detect a release or threat of release by appropriate inspection.

25 (i) A utility performing normal construction, maintenance, and
26 repair activities in the normal course of its utility service
27 business. This subsection does not apply to property owned by the

1 utility.

2 (j) A lessee who uses the leased property for a retail,
3 office, or commercial purpose regardless of the level of the
4 lessee's hazardous substance use.

5 (k) A person who holds a license, easement, or lease, or who
6 otherwise occupies or operates property, for the purpose of siting,
7 constructing, operating, or removing a wind energy conversion
8 system or any component of a wind energy conversion system. As used
9 in this subdivision, "wind energy conversion system" means that
10 term as defined in section 13 of the clean, renewable, and
11 efficient energy act, 2008 PA 295, MCL 460.1013.

12 **(l) A PERSON WHO OWNS OR OCCUPIES A RESIDENTIAL CONDOMINIUM**

15 **THE UNIT IS CONSISTENT WITH RESIDENTIAL USE.**

16 **(ii) CONTAMINATION OF ANY GENERAL COMMON ELEMENT, LIMITED**
17 **COMMON ELEMENT, OR COMMON AREA IN WHICH THE PERSON HAS AN OWNERSHIP**
18 **INTEREST OR RIGHT OF OCCUPATION BY REASON OF OWNING OR OCCUPYING**
19 **THE RESIDENTIAL CONDOMINIUM UNIT.**

20 (4) Notwithstanding subsection (1), the following persons are
21 not liable under this part:

22 (a) The owner or operator of a hazardous waste treatment,
23 storage, or disposal facility regulated pursuant to part 111 from
24 which there is a release or threat of release solely from the
25 treatment, storage, or disposal facility, or a waste management
26 unit at the facility and the release or threat of release is
27 subject to corrective action under part 111.

1 (b) A lender that engages in or conducts a lawful marshalling
2 or liquidation of personal property if the lender does not cause or
3 contribute to the environmental contamination. This includes
4 holding a sale of personal property on a portion of the facility.

5 (c) The owner or operator of property onto which contamination
6 has migrated unless that person is responsible for an activity
7 causing the release that is the source of the contamination.

9 release or threat of release was caused solely by 1 or more of the
10 following:

11 (i) An act of God.

12 (ii) An act of war.

13 (iii) An act or omission of a third party other than an employee
14 or agent of the person or a person in a contractual relationship

23 report if the person is otherwise liable under this part for that
24 release.

25 (ii) Environmental contamination that is not addressed in the
26 no further action report and for which the person is otherwise
27 liable under this part.

1 (iii) If the no further action report relies on land use or
2 resource use restrictions, an owner or operator who desires to
3 change those restrictions is responsible for any response
4 activities necessary to comply with this part for any land use or
5 resource use other than the land use or resource use that was the

9 action, an owner or operator who is otherwise liable for
10 environmental contamination addressed in a no further action report
11 is liable under this part for additional response activities
12 necessary to address any potential exposure to the environmental
13 contamination demonstrated by the monitoring in excess of the
14 levels relied on in the no further action report.

16 further action report fail to meet performance objectives that are
17 identified in the no further action report, an owner or operator
18 who is otherwise liable for environmental contamination addressed
19 in the no further action report is liable under this part for

21 **IN ITS SOLE DISCRETION,** to perform response activities pursuant to
22 part 201 in lieu of corrective actions pursuant to this part.

23 (B) **IF A RELEASE FROM AN UNDERGROUND STORAGE TANK SYSTEM**
24 **INVOLVES VENTING GROUNDWATER, THE OWNER OR OPERATOR THAT IS LIABLE**

5 person determines that the soil can be lawfully relocated without
6 posing a threat to the public health, safety, or welfare, or the
7 environment. The determination shall consider whether the soil is
8 subject to regulation under parts 111 and 115.

9 (2) For the purposes of subsection (1), soil poses a threat to
10 the public health, safety, or welfare, or the environment if
11 concentrations of regulated substances in the soil exceed the tier
12 I RBSLs established pursuant to section 21304a that apply to the
13 location to which the soil will be moved or relocated, except if
14 the soil is to be removed from the site for disposal or treatment,
15 the soil shall satisfy the appropriate regulatory criteria for
16 disposal or treatment. Any land use restriction that would be
17 required for the application of a criterion pursuant to section
18 21304a shall be in place at the location to which the soil will be
19 moved. Soil may be relocated only to another location that is
20 similarly contaminated, considering the general nature,
21 concentration, and mobility of regulated substances present at the
22 location to which the contaminated soil will be removed.
23 Contaminated soil shall not be moved to a location that is not a
24 site unless it is taken there for treatment or disposal in
25 conformance with applicable laws and regulations.

26 (3) A person shall not relocate soil, or allow soil to be
27 relocated, within a site of environmental contamination where a

1 corrective action plan was approved unless that person provides
2 assurances that the same degree of control required for application
3 of the criteria of section 21304a is provided for the contaminated
4 soil.

5 (4) The prohibition in subsection (3) against relocation of
6 contaminated soil within a site of environmental contamination does
7 not apply to soils that are temporarily relocated for the purpose
8 of implementing corrective actions or utility construction if the
9 corrective actions or utility construction is completed in a timely
10 fashion and the short-term hazards are appropriately controlled.

11 (5) If soil is being relocated in a manner not addressed by
12 this section, the person that owns or operates the site from which
13 soil is being moved shall notify the department within 14 days
14 after the soil is moved. The notice shall include all of the
15 following:

16 (a) The location from which soil will be removed.

17 (b) The location to which the soil will be taken.

18 (c) The volume of soil to be removed.

20 ~~operator~~ **PERSON** is basing the determination required in subsection
21 (2) that the soil does not present a threat to the public health,
22 safety, or welfare, or the environment.

23 (e) If land use restrictions would apply pursuant to section
24 21310a, to the soil when it is relocated, the notice shall include
25 documentation that those restrictions are in place.

26 (6) The determination required by subsections (1) and (3)
27 shall be based on knowledge of the person undertaking or approving

1 the removal or relocation of soil, or on characterization of the
2 soil for the purpose of compliance with this section.

3 (7) This section does not apply to soil that is designated as
4 an inert material pursuant to section 11507.

5 Sec. 21304c. (1) A person that owns or operates property that
6 the person has knowledge is ~~or was a site~~ **CONTAMINATED** shall do all
7 of the following with respect to regulated substances at the
8 property:

9 (a) Undertake measures as are necessary to prevent
10 exacerbation.

11 (b) Exercise due care by undertaking corrective action
12 necessary to mitigate unacceptable exposure to regulated
13 substances, mitigate fire and explosion hazards due to regulated
14 substances, and allow for the intended use of the property in a
15 manner that protects the public health and safety.

16 (c) Take reasonable precautions against the reasonably
17 foreseeable acts or omissions of a third party and the consequences
18 that foreseeably could result from those acts or omissions.

19 (d) Provide reasonable cooperation, assistance, and access to
20 the persons that are authorized to conduct corrective action
21 activities at the property, including the cooperation and access
22 necessary for the installation, integrity, operation, and
23 maintenance of any complete or partial corrective action activity
24 at the property. Nothing in this subdivision shall be interpreted
25 to provide any right of access not expressly authorized by law,
26 including access authorized pursuant to a warrant or a court order,
27 or to preclude access allowed pursuant to a voluntary agreement.

1 (e) Comply with any land use or resources use restrictions
2 established or relied on in connection with the corrective action
3 activities at the property.

4 (f) Not impede the effectiveness or integrity of any land use
5 or resource use restriction employed at the property in connection
6 with corrective action activities.

7 (2) A person's obligations under this section shall be based
8 upon the applicable RBSL or SSTL.

9 (3) A person that violates subsection (1) that is not
10 otherwise liable under this part for the release at the property is
11 liable for corrective action activity costs and natural resource
12 damages attributable to any exacerbation and any fines or penalties
13 imposed under this part resulting from the violation of subsection
14 (1) but is not liable for performance of additional corrective
15 action activities unless the person is otherwise liable under this
16 part for performance of additional corrective action activities.
17 The burden of proof in a dispute as to what constitutes
18 exacerbation shall be borne by the party seeking relief.

19 (4) Compliance with this section does not satisfy a person's
20 obligation to perform corrective action activities as otherwise
21 required under this part.

22 (5) Subsection (1)(a) to (c) does not apply to the state or to
23 a local unit of government that is not liable under section
24 21323a(3)(a), (b), (c), or (e) or to the state or local unit of
25 government that acquired property by purchase, gift, transfer, or
26 condemnation or to a person that is exempt from liability under
27 section ~~21323a(4)(e)~~ **21323A(4)(B)**. However, if the state or local

1 unit of government, other than those exempt from liability under
2 section 21323a(4) (b), acting as the operator of a parcel of
3 property that the state or local unit of government has knowledge
4 ~~is or was a site,~~ **CONTAMINATED BY A RELEASE FROM AN UNDERGROUND**
5 **STORAGE TANK SYSTEM,** offers access to that parcel on a regular or
6 continuous basis pursuant to an express public purpose and invites
7 the general public to use that property for the express public
8 purpose, the state or local unit of government is subject to this
9 section but only with respect to that portion of the property that
10 is opened to and used by the general public for that express
11 purpose, and not the entire property. Express public purpose
12 includes, but is not limited to, activities such as a public park,
13 municipal office building, or municipal public works operation.
14 Express public purpose does not include activities surrounding the
15 acquisition or compilation of parcels for the purpose of future
16 development.

17 (6) Subsection (1)(a) to (c) does not apply to a person that
18 is exempt from liability under section 21323a(3)(c) or (d) except
19 with regard to that person's activities at the property.

20 Sec. 21304d. (1) If ~~the owner of~~ **A PERSON OWNS** a parcel of
21 real property **AND** has knowledge or information or is on notice
22 through a recorded instrument that the real property is a site, the
23 ~~owner~~ **PERSON** shall not transfer an interest in that real property
24 unless the ~~owner~~ **PERSON** provides written notice to the transferee
25 that the real property is a site and of the general nature and
26 extent of the release.

27 (2) ~~The owner of~~ **A PERSON THAT OWNS** real property for which a

1 notice required in subsection (1) has been recorded may, upon
2 completion of all corrective action activities for the site as
3 approved by the department, record with the register of deeds for
4 the appropriate county a certification that all corrective action
5 activity required in an approved final assessment report has been
6 completed.

7 (3) A person shall not transfer an interest in real property
8 unless the person fully discloses any land or resource use
9 restrictions that apply to that real property as a part of
10 corrective action that has been or is being implemented in
11 compliance with section 21304a.

12 Sec. 21307. (1) Upon confirmation of a release from an
13 underground storage tank system, the owner or operator **THAT IS**
14 **LIABLE UNDER SECTION 21323A** shall report the release to the
15 department within 24 hours after discovery. The department may
16 investigate the release. However, an investigation by the
17 department does not relieve the owner or operator **THAT IS LIABLE**
18 **UNDER SECTION 21323A** from any responsibilities related to the
19 release provided for in this part.

20 (2) After a release has been reported under subsection (1),
21 the owner or operator **THAT IS LIABLE UNDER SECTION 21323A** shall
22 immediately begin and expeditiously perform all of the following
23 initial actions:

24 (a) Identify and mitigate immediate fire, explosion hazards,
25 and acute vapor hazards.

26 (b) Take action to prevent further release of the regulated
27 substance into the environment including removing the regulated

1 substance from the underground storage tank system that is causing
2 the release.

3 (c) Using the process outlined by RBCA regarding NAPL, take
4 steps necessary and feasible under this part to address
5 unacceptable immediate risks.

6 (d) Excavate and contain, treat, or dispose of soils above the
7 water table that are visibly contaminated with a regulated
8 substance if the contamination is likely to cause a fire hazard.

9 (e) Take any other action necessary to abate an immediate
10 threat to public health, safety, or welfare, or the environment.

11 (3) Immediately following initiation of initial response
12 actions under this section, the owner or operator **THAT IS LIABLE**
13 **UNDER SECTION 21323A** shall do all of the following:

14 (a) Visually inspect the areas of any aboveground releases or
15 exposed areas of belowground releases and prevent further migration
16 of the released substance into surrounding soils, groundwater, and
17 surface water.

18 (b) Continue to monitor and mitigate any additional immediate
19 fire and safety hazards posed by vapors or NAPL that have migrated
20 from the underground storage tank system excavation zone and
21 entered into subsurface structures.

22 Sec. 21307a. (1) Following initiation of initial actions under
23 section 21307, the owner or operator **THAT IS LIABLE UNDER SECTION**
24 **21323A** shall complete the requirements of this part and submit
25 related reports or executive summaries detailed in this part to
26 address the contamination at the site. At any time that sufficient
27 corrective action has been undertaken to address contamination, the

1 owner or operator **THAT IS LIABLE UNDER SECTION 21323A** shall
2 complete and submit a site closure report pursuant to section
3 21312a and omit the remaining interim steps.

4 (2) In addition to the reporting requirements specified in
5 this part, the owner or operator **THAT IS LIABLE UNDER SECTION**
6 **21323A** shall provide 48-hour notification to the department prior
7 to initiating any of the following activities:

8 (a) Soil excavation.

9 (b) Well drilling, including monitoring well installation.

10 (c) Sampling of soil or groundwater.

11 (d) Construction of treatment systems.

12 Sec. 21308a. (1) Within 180 days after a release has been
13 discovered, the owner or operator **THAT IS LIABLE UNDER SECTION**
14 **21323A** shall complete an initial assessment report and submit the
15 report to the department on a form created pursuant to section
16 21316. The report shall include the following information:

17 (a) Results of initial actions taken under section 21307(2).

1 (G) The steps that have been or are being taken to obtain
2 necessary permits for any discharge.

3 (H) The quantity and disposition of the recovered NAPL.

4 (xix) Identification of any other contamination on the site not
5 resulting from the release and the source, if known.

6 (xx) An estimate of the horizontal and vertical extent of on-
7 site and off-site soil contamination exceeding the applicable RBSL
8 for tier I sites or the applicable SSTL for tier II or tier III
9 sites.

11 (xxii) An identification of potential migration and exposure
12 pathways and receptors.

13 (xxiii) An estimate of the amount of soil in the vadose zone
14 that is contaminated.

15 (xxiv) If the on-site assessment indicates that off-site soil
16 or groundwater may be affected, report the steps that have been
17 taken or will be taken including an implementation schedule to
18 expeditiously secure access to off-site properties to complete the
19 delineation of the extent of the release if the contamination
20 exceeds the applicable RBSL or the applicable SSTL.

21 (xxv) Groundwater flow rate and direction.

22 (xxvi) Laboratory analytical data collected. The owner or
23 operator may elect to obtain groundwater samples utilizing a grab

10 (2) If migrating or mobile NAPL is discovered at a site after
11 the submittal of an initial assessment report pursuant to
12 subsection (1), the owner or operator **THAT IS LIABLE UNDER SECTION**
13 **21323A** shall do both of the following:

14 (a) Perform initial actions identified in section 21307(2)(c).

15 (b) Submit to the department an amendment to the initial
16 assessment report within 30 days of discovery of the migrating or
17 mobile NAPL that describes response actions taken as a result of
18 the migrating or mobile NAPL discovery.

19 (3) The department shall not require any additional
20 information beyond that required under this section to be included
21 in an initial assessment report. The owner or operator **THAT IS**
22 **LIABLE UNDER SECTION 21323A** shall provide supporting documentation
23 to the data and conclusions of the initial assessment report upon
24 request by the department.

25 Sec. 21309a. (1) If initial actions under section 21307 have
26 not resulted in completion of corrective action, an owner or
27 operator **THAT IS LIABLE UNDER SECTION 21323A** shall prepare a

1 corrective action plan to address contamination at the site.
2 Corrective action plans submitted as part of a final assessment
3 report shall use the process described in RBCA and shall be based
4 upon the site information and characterization results of the
5 initial assessment report.

6 (2) A corrective action plan shall include all of the
7 following:

8 (a) A description of the corrective action to be implemented,
9 including an explanation of how that action will meet the
10 requirements of the tier I, II, or III evaluation in the RBCA
11 process. The corrective action plan shall also include an analysis
12 of the selection of indicator parameters to be used in evaluating
13 the implementation of the corrective action plan, if indicator
14 parameters are to be used. The corrective action plan shall include
15 an analysis of the recoverability of the NAPL and whether the NAPL
16 is mobile or migrating, and a description of ambient air quality
17 monitoring activities to be undertaken during the corrective action
18 if such activities are appropriate.

19 (b) An operation and maintenance plan if any element of the
20 corrective action requires operation and maintenance. The operation
21 and maintenance plan shall include information that describes the
22 proposed operation and maintenance actions.

23 (c) A monitoring plan if monitoring of environmental media or
24 site activities or both is required to confirm the effectiveness
25 and integrity of the remedy. The monitoring plan shall include all
26 of the following:

27 (i) Location of monitoring points.

1 (ii) Environmental media to be monitored, including, but not
2 limited to, soil, air, water, or biota.

15 (viii) Data presentation and evaluation plan.

16 (ix) How the monitoring data will be used to demonstrate
17 effectiveness of corrective action activities.

18 (x) Other elements required by the department to determine the
19 adequacy of the monitoring plan. Department requests for
20 information pursuant to this subparagraph shall be limited to
21 factors not adequately addressed by information required under
22 subparagraphs (i) through (ix) and shall be accompanied by an
23 explanation of the need for the additional information.

24 (d) An explanation of any land use or resource use
25 restrictions, if the restrictions are required pursuant to section
26 21310a, including how those restrictions will be effective in
27 preventing or controlling unacceptable exposures.

1 (e) A schedule for implementation of the corrective action.

2 (f) If the corrective action plan includes the operation of a
3 mechanical soil or groundwater remediation system, or both, a
4 financial assurance mechanism to pay for monitoring, operation, and
5 maintenance necessary to assure the effectiveness and integrity of
6 the corrective action remediation system.

7 (g) If provisions for operation and maintenance, monitoring,
8 or financial assurance are included in the corrective action plan,
9 and those provisions are not complied with, the corrective action
10 plan is void from the time of lapse or violation until the lapse or
11 violation is corrected.

12 (3) If a corrective action plan prepared under this section
13 does not result in an unrestricted use of the property, the owner
14 or operator **THAT IS LIABLE UNDER SECTION 21323A** shall provide
15 notice to the public by means designed to reach those members of
16 the public directly impacted by the release above a residential
17 RBSL and the proposed corrective action. The notice shall include
18 the name, address, and telephone number of a contact person. A copy
19 of the notice and proof of providing the notice shall be submitted
20 to the department. The department shall ensure that site release
21 information and corrective action plans that do not result in an
22 unrestricted use of property are made available to the public for
23 inspection upon request.

24 Sec. 21310a. (1) If the corrective action activities at a site
25 result in a final remedy that relies on a nonresidential RBSL or an
26 SSTL, institutional controls shall be implemented as provided in
27 this subsection. A notice of corrective action shall be recorded

1 with the register of deeds for the county in which the site is
2 located prior to submittal of a closure report under section
3 21312a. A notice shall be filed under this subsection only by the
4 **PERSON THAT OWNS THE** property ~~owner~~ or with the express written
5 permission of the **PERSON THAT OWNS THE** property. ~~owner~~.—A notice of
6 corrective action recorded under this subsection shall state the
7 land use that was the basis of the corrective action. The notice
8 shall state that if there is a proposed change in the land use at
9 any time in the future, that change may necessitate further
10 evaluation of potential risks to the public health, safety, and
11 welfare and to the environment and that the department shall be
12 contacted regarding any proposed change in the land use. Additional
13 requirements for monitoring or operation and maintenance shall not
14 apply if contamination levels do not exceed the levels established
15 in the tier I evaluation.

16 (2) If corrective action activities at a site rely on
17 institutional controls other than as provided in subsection (1),
18 the institutional controls shall be implemented as provided in this
19 subsection. The restrictive covenant shall be recorded with the
20 register of deeds for the county in which the property is located
21 within 30 days from submittal of the final assessment report
22 pursuant to section 21311a, unless otherwise agreed to by the
23 department. The restrictive covenant shall be filed only by the
24 **PERSON THAT OWNS THE** property ~~owner~~ or with the express written
25 permission of the **PERSON THAT OWNS THE** property. ~~owner~~.—The
26 restrictions shall run with the land and be binding on the owner's
27 successors, assigns, and lessees. The restrictions shall apply

1 until regulated substances no longer present an unacceptable risk
2 to the public health, safety, or welfare or to the environment. The
3 restrictive covenant shall include a survey and property
4 description which define the areas addressed by the corrective
5 action plan and the scope of any land use or resource use
6 limitations. The form and content of the restrictive covenant shall
7 include provisions to accomplish all of the following:

8 (a) Restrict activities at the site that may interfere with
9 corrective action, operation and maintenance, monitoring, or other
10 measures necessary to assure the effectiveness and integrity of the
11 corrective action.

12 (b) Restrict activities that may result in exposure to
13 regulated substances above levels established in the corrective
14 action plan.

15 (c) Prevent a conveyance of title, an easement, or other
16 interest in the property from being consummated by the **PERSON THAT**
17 **OWNS THE** property ~~owner~~—without adequate and complete provision for
18 compliance with the corrective action plan and prevention of
19 exposure to regulated substances described in subdivision (b).

20 (d) Grant to the department and its designated representatives
21 the right to enter the property at reasonable times for the purpose
22 of determining and monitoring compliance with the corrective action
23 plan, including but not limited to the right to take samples,
24 inspect the operation of the corrective action measures, and
25 inspect records.

26 (e) Allow the state to enforce restrictions set forth in the
27 covenant by legal action in a court of appropriate jurisdiction.

1 (f) Describe generally the uses of the property that are
2 consistent with the corrective action plan.

3 (3) If the owner or operator **THAT IS LIABLE UNDER SECTION**
4 **21323A** determines that exposure to regulated substances may be
5 reliably restricted by a means other than a restrictive covenant
6 and that imposition of land use or resource use restrictions
7 through restrictive covenants is impractical, the owner or operator
8 **THAT IS LIABLE UNDER SECTION 21323A** may select a corrective action
9 plan that relies on alternative mechanisms. Mechanisms that may be
10 considered under this subsection include, but are not limited to,
11 an ordinance that prohibits the use of groundwater in a manner and
12 to a degree that protects against unacceptable exposure to a
13 regulated substance as defined by the RBSLs or SSTLs identified in
14 the corrective action plan. An ordinance that serves as an exposure
15 control under this subsection shall include both of the following:

16 (a) A requirement that the local unit of government notify the
17 department 30 days before adopting a modification to the ordinance
18 or the lapsing or revocation of the ordinance.

19 (b) A requirement that the ordinance be filed with the
20 register of deeds as an ordinance affecting multiple properties.

21 (4) Notwithstanding subsections (1), (2), and (3), if a
22 mechanism other than a notice of corrective action, an ordinance,
23 or a restrictive covenant is requested by an owner or operator **THAT**
24 **IS LIABLE UNDER SECTION 21323A** and the department determines that
25 the alternative mechanism is appropriate, the department may
26 approve of the alternate mechanism.

27 (5) A person that implements corrective action activities that

1 relies on land use restrictions shall provide notice of the land
2 use restrictions that are part of the corrective action plan to the
3 local unit of government in which the site is located within 30
4 days of filing of the land use restrictions with the county
5 register of deeds.

6 Sec. 21311a. (1) Within 365 days after a release has been
7 discovered, an owner or operator **THAT IS LIABLE UNDER SECTION**
8 **21323A** shall complete a final assessment report that includes a
9 corrective action plan developed under section 21309a and submit
10 the report to the department on a form created pursuant to section
11 21316. The report shall include the following information:

12 (a) A site assessment under the RBCA process, as necessary for
13 determining site classification, and the extent of contamination
14 relative to the applicable RBSLs or applicable SSTLs set forth in
15 the corrective action plan.

16 (b) Tier II and tier III evaluation, as appropriate, under the
17 RBCA process.

18 (c) A feasibility analysis. The following shall be included,
19 as appropriate, given the site conditions and the applicable RBSL
20 or applicable SSTL:

21 (i) On-site and off-site corrective action alternatives to
22 remediate contaminated soil and groundwater for each cleanup type
23 above the applicable RBSL or applicable SSTL, including
24 alternatives that permanently and significantly reduce the volume,
25 toxicity, and mobility of the regulated substances if above the
26 applicable RBSL or applicable SSTL.

27 (ii) An analysis of the recoverability and whether the NAPL is

1 mobile or migrating.

2 (iii) The costs associated with each corrective action
3 alternative including alternatives that permanently and
4 significantly reduce the volume, toxicity, and mobility of the
5 regulated substances that are above the applicable RBSL or
6 applicable SSTL.

7 (iv) The effectiveness and feasibility of each corrective
8 action alternative in meeting cleanup criteria that are above the
9 applicable RBSL or applicable SSTL.

10 (v) The time necessary to implement and complete each
11 corrective action alternative.

12 (vi) The preferred corrective action alternative based upon
13 subparagraphs (i) through (v) and an implementation schedule for
14 completion of the corrective action.

15 (d) A corrective action plan.

16 (e) A schedule for corrective action plan implementation.

17 (2) The owner or operator **THAT IS LIABLE UNDER SECTION 21323A**
18 shall provide supporting documentation to the data and conclusions
19 of the final assessment report upon request by the department. The
20 department shall not require any additional information beyond that
21 required under this section to be included in its final assessment
22 report.

23 Sec. 21312a. (1) Upon completion of the corrective action, the
24 owner or operator **THAT IS LIABLE UNDER SECTION 21323A** shall
25 complete a closure report and submit the report to the department
26 on a form created pursuant to section 21316. The report shall
27 include the following information:

1 (a) A summary of corrective action activities and
2 documentation of the basis for concluding that corrective actions
3 have been completed.

4 (b) Closure verification sampling results. Groundwater samples
5 shall be collected utilizing a low-flow technique for closure
6 verification or other method approved by the department.

7 (c) The person submitting a closure report shall include a
8 signed affidavit attesting to the fact that the information upon
9 which the closure report is based is complete and true to the best
10 of that person's knowledge. The closure report shall also include a
11 signed affidavit from the consultant who prepared the closure
12 report attesting to the fact that the corrective actions detailed
13 in the closure report comply with all applicable requirements under
14 the applicable RBCA standard and that the information upon which
15 the closure report is based is true and accurate to the best of
16 that consultant's knowledge. In addition, the consultant shall
17 attach a certificate of insurance demonstrating that the consultant
18 has obtained at least all of the insurance required under section
19 21325.

20 (d) A person submitting a closure report shall maintain all
21 documents and data prepared, acquired, or relied upon in connection
22 with the closure report for not less than 6 years after the date on
23 which the closure report was submitted. All documents and data
24 required to be maintained under this section shall be made
25 available to the department upon request.

26 (2) Within 60 days after receipt of a closure report under
27 subsection (1), the department shall provide the owner or operator

1 **THAT IS LIABLE UNDER SECTION 21323A** who submitted the closure
2 report with a confirmation of the department's receipt of the
3 report.

4 (3) The department shall not require any additional
5 information beyond that required under this section to be included
6 in a closure report.

7 Sec. 21313a. (1) Beginning on ~~the effective date of the 2012~~
8 ~~amendatory act that amended this section, **MAY 1, 2012,**~~ except as
9 provided in subsection (6), and except for the confirmation
10 provided in section 21312a(2), if a required submittal under
11 section 21308a, 21311a, or 21312a(1) is not provided during the
12 time required, the department may impose a penalty according to the
13 following schedule:

14 (a) Not more than \$100.00 per day for the first 7 days that
15 the report is late.

16 (b) Not more than \$500.00 per day for days 8 through 14 that
17 the report is late.

18 (c) Not more than \$1,000.00 per day for each day beyond day 14
19 that the report is late.

20 (2) Subject to subsection (6), for purposes of this section,
21 in computing a period of time, the day of the act, event, or
22 default, after which the designated period of time begins to run is
23 not included. The last day of the period is included, unless it is
24 a Saturday, Sunday, legal holiday, or holiday, in which event the
25 period runs until the end of the next day that is not a Saturday,

7 (5) The department shall forward all money collected pursuant
8 to this section to the state treasurer for deposit in the emergency
9 response fund created in section 21507.

10 (6) A penalty shall not begin to accrue under this section

13 provided in this section.

14 Sec. 21315. (1) The department shall design and implement a
15 program to selectively audit final assessment reports and closure
16 reports submitted under this part. Upon receipt of a final

18 days to determine whether it will audit the report and inform the
19 owner or operator **THAT IS LIABLE UNDER SECTION 21323A** of its
20 intention to audit the submitted report within 7 days of the
21 determination. If the department does not inform the owner or
22 operator **THAT IS LIABLE UNDER SECTION 21323A** of its intention to
23 audit the report within the required time limits, the department
24 shall not audit the report. If the department determines that it
25 will conduct an audit, the audit shall be completed within 180 days
26 of the submission. The department shall inform the owner or
27 operator **THAT IS LIABLE UNDER SECTION 21323A** in writing of the

1 results of the audit within 14 days of the completion of the audit.
2 All audits shall be conducted based on the standards, criteria, and

12 (3) If the department conducts an audit, the results of the
13 audit shall approve, approve with conditions, or deny the final
14 assessment report or closure report or shall notify the owner or
15 operator **THAT IS LIABLE UNDER SECTION 21323A** that the report does
16 not contain sufficient information for the department to make a
17 decision. If the department's response is that the report does not
18 include sufficient information, the department shall identify the
19 information that is required for the department to make a decision.
20 If a report is approved with conditions, the department's approval
21 shall state with specificity the conditions of the approval.

22 (4) If the department does not perform an audit and provide a
23 written response in accordance with subsection (1) to a final
24 assessment report or closure report submitted after June 15, 2012,
25 the report is considered approved. An owner or operator **THAT IS**
26 **LIABLE UNDER SECTION 21323A** may request written confirmation from
27 the department that the report is considered approved under this

1 section, and the department shall provide written confirmation
2 within 14 days of the request.

3 (5) Any time frame required by this section may be extended by
4 mutual agreement of the department and an owner or operator **THAT IS**

7 writing.

8 (6) If an audit conducted under this section does not confirm
9 that corrective action has been conducted in compliance with this
10 part or does not confirm that applicable RBSLs or SSTLs have been
11 met, the department shall include both of the following in the
12 written response as required in subsection (1):

13 (a) The specific deficiencies and the section or sections of
14 this part or rules applicable to this part or applicable RBCA
15 standard that support the department's conclusion of noncompliance
16 or that applicable RBSLs or SSTLs have not been met.

17 (b) Recommendations about corrective actions or documentation
18 that may address the deficiencies identified under subsection

19 (6) (a).

20 (7) If the department denies a final assessment report or

15 Sec. 21316a. (1) A person shall not knowingly deliver a
16 regulated substance to an underground storage tank system that has
17 had a placard affixed to it under subsection (2). A person that
18 knowingly delivers a regulated substance to an underground storage
19 tank system that has had a placard affixed to it under subsection
20 (2) is guilty of a misdemeanor punishable by imprisonment for not
21 more than 90 days or a fine of not more than \$500.00, or both. A
22 person is considered to have knowledge if placards have been
23 affixed to the underground storage tank system at the property and
24 are visible at the time of the delivery.

25 (2) The department, upon discovery of the operation of an
26 underground storage tank system in violation of this part, rules
27 promulgated under this part, part 211, or rules promulgated under

1 part 211, shall provide notification prohibiting delivery of
2 regulated substances to the underground storage tank system by
3 affixing a placard providing notice of the violation in plain view
4 to the underground storage tank system. The department shall
5 provide a minimum of 15 days' notice to the ~~liable~~ owner or
6 operator **THAT IS LIABLE UNDER SECTION 21323A** prior to affixing a
7 placard for violations of this part or rules promulgated under this
8 part, unless the violation causes an imminent and substantial
9 endangerment to the public health, safety, or welfare or the
10 environment.

11 (3) A person shall not remove, deface, alter, or otherwise
12 tamper with a placard affixed to an underground storage tank system
13 pursuant to subsection (2). A person that knowingly removes,
14 defaces, alters, or otherwise tampers with a placard affixed to an
15 underground storage tank system pursuant to subsection (2) such
16 that the notification is not discernible is guilty of a misdemeanor
17 punishable by imprisonment for not more than 90 days or a fine of
18 not more than \$500.00, or both.

19 (4) The attorney general or, upon request by the department,
20 county prosecuting attorney may commence criminal actions for
21 violation of subsections (1) and (3) in the circuit court of the
22 county where the violation occurred.

23 Sec. 21319a. (1) In accordance with this section, if the
24 department determines that there may be an imminent risk to the
25 public health, safety, or welfare, or the environment, because of a
26 release or threatened release, the department may require an owner
27 or operator **THAT IS LIABLE UNDER SECTION 21323A** to take action as

1 may be necessary to abate the danger or threat.

2 (2) The department may issue an administrative order to an
3 owner or operator **THAT IS LIABLE UNDER SECTION 21323A** requiring
4 that person to perform corrective actions relating to a site, or to
5 take any other action required by this part. An order issued under
6 this section shall state with reasonable specificity the basis for
7 issuance of the order and specify a reasonable time for compliance.

8 (3) Within 30 days after issuance of an administrative order
9 under this section, a person to whom the order was issued shall
10 indicate in writing whether the person intends to comply with the
11 order.

12 (4) A person who, without sufficient cause, violates or fails
13 to properly comply with an administrative order issued under this
14 section is liable for either or both of the following:

15 (a) A civil fine of not more than \$25,000.00 for each day
16 during which the violation occurs or the failure to comply
17 continues. A fine imposed under this subsection shall be based upon
18 the seriousness of the violation and any good faith efforts by the
19 violator to comply with the administrative order.

20 (b) For exemplary damages in an amount at least equal to the
21 amount of any costs of corrective action incurred by the state as a
22 result of a failure to comply with an administrative order but not
23 more than 3 times the amount of these costs.

24 (5) A person to whom an administrative order was issued under
25 this section may appeal the administrative order pursuant to
26 section 21333.

27 Sec. 21323a. (1) Notwithstanding any other provision of this

1 act, and except as otherwise provided in this section and section

7 both of the following:

8 (i) A baseline environmental assessment is conducted prior to
9 or within 45 days after the earlier of the date of purchase,
10 occupancy, or foreclosure. For purposes of this section, assessing
11 property to conduct a baseline environmental assessment does not
12 constitute occupancy.

13 (ii) The owner or operator provides a baseline environmental
14 assessment to the department and subsequent purchaser or transferee
15 within 6 months after the earlier of the date of purchase,
16 occupancy, or foreclosure.

17 (c) The estate or trust of a person described in subdivisions
18 (a) and (b).

19 (2) Subject to section 21304c, an owner or operator who
20 complies with subsection (1)(b) is not liable for contamination
21 existing at the property on which an underground storage tank
22 system is located at the earlier of the date of purchase,
23 occupancy, or foreclosure, unless the person is responsible for an
24 activity causing the contamination. Subsection (1)(b) does not
25 alter a person's liability with regard to a subsequent release or
26 threat of release from an underground storage tank system if the
27 person is responsible for an activity causing the subsequent

1 release or threat of release.

2 (3) Notwithstanding subsection (1), the following persons are
3 not liable under this part with respect to contamination at
4 property on which an underground storage tank system is located
5 resulting from a release or threat of release unless the person is
6 responsible for an activity causing that release or threat of
7 release:

8 (a) The state or a local unit of government that acquired
9 ownership or control of the property involuntarily through
10 bankruptcy, tax delinquency, abandonment, a transfer from a lender
11 or other circumstances in which the government involuntarily
12 acquires title or control by virtue of its governmental function or
13 as provided in this part, a local unit of government to which
14 ownership or control of property is transferred by the state or by
15 another local unit of government that is not liable under
16 subsection (1), or the state or a local unit of government that
17 acquired ownership or control of property by seizure, receivership,
18 or forfeiture pursuant to the operation of law or by court order.

19 (b) A state or local unit of government that holds or acquires
20 an easement interest in property, holds or acquires an interest in
21 property by dedication in a plat, or by dedication pursuant to the
22 public highways and private roads act, 1909 PA 283, MCL 220.1 to
23 239.6, or otherwise holds or acquires an interest in property for a
24 transportation or utility corridor, including sewers, pipes, and
25 pipelines, or public rights-of-way.

26 (c) A person that holds an easement interest in property or
27 holds a utility franchise to provide service, for the purpose of

1 conveying or providing goods or services, including, but not
2 limited to, utilities, sewers, roads, railways, and pipelines; or a
3 person that acquires access through an easement.

4 (d) A person that owns severed subsurface mineral rights or
5 severed subsurface formations or who leases subsurface mineral
6 rights or formations.

7 (e) The state or a local unit of government that leases
8 property to a person if the state or the local unit of government
9 is not liable under this part for environmental contamination at
10 the property.

11 (f) A person that acquires property as a result of the death
12 of the prior owner or operator of the property, whether by
13 inheritance, devise, or transfer from an inter vivos or
14 testamentary trust.

15 (g) A person that did not know and had no reason to know that
16 the property was contaminated. To establish that the person did not
17 know and did not have a reason to know that the property was
18 contaminated, the person shall have undertaken at the time of
19 acquisition all appropriate inquiry into the previous ownership and
20 uses of the property consistent with good commercial or customary
21 practice. A determination of liability under this section shall
22 take into account any specialized knowledge or experience on the
23 part of the person, the relationship of the purchase price to the
24 value of the property if uncontaminated by a regulated substance,
25 commonly known or reasonable ascertainable information about the
26 property, the obviousness of the presence or likely presence of a
27 release or threat of release at the property, and the ability to

1 detect a release or threat of release by appropriate inspection.

2 (h) A utility performing normal construction, maintenance, and
3 repair activities in the normal course of its utility service
4 business. This subdivision does not apply to property owned by the
5 utility.

6 (i) A lessee who uses the leased property for a retail,
7 office, or commercial purpose regardless of the level of the
8 lessee's regulated substance use unless the lessee is otherwise
9 liable under this section.

10 (4) Notwithstanding subsection (1), the following persons are
11 not liable under this part:

12 (a) A lender that engages in or conducts a lawful marshaling
13 or liquidation of personal property if the lender does not cause or
14 contribute to the environmental contamination. This includes
15 holding a sale of personal property on a portion of the property.

16 (b) ~~The owner or operator of~~ **A PERSON THAT OWNS OR OPERATES**
17 property onto which contamination has migrated unless that person
18 is responsible for an activity causing the release that is the
19 source of the contamination.

20 (c) A person that owns or operates property on which the
21 release or threat of release was caused solely by 1 or more of the
22 following:

23 (i) An act of God.

24 (ii) An act of war.

25 (iii) An act or omission of a third party other than an employee
26 or agent of the person or a person in a contractual relationship
27 existing either directly or indirectly with a person that is liable

1 under this section.

2 (d) Any person for environmental contamination addressed in a
3 closure report that is approved by the department or is considered
4 approved under section ~~21312a.~~ **21315(4)**. Notwithstanding this
5 subdivision, a person may be liable under this part for the
6 following:

7 (i) A subsequent release not addressed in the closure report if
8 the person is otherwise liable under this part for that release.

9 (ii) Environmental contamination that is not addressed in the
10 closure report and for which the person is otherwise liable under
11 this part.

12 (iii) If the closure report relies on land use or resource use
13 restrictions, ~~an owner or operator~~ **A PERSON** who desires to change
14 those restrictions is responsible for any corrective action
15 necessary to comply with this part for any land use or resource use
16 other than the land use or resource use that was the basis for the
17 closure report.

18 (iv) If the closure report relies on monitoring necessary to
19 assure the effectiveness and integrity of the corrective action, an
20 owner or operator ~~who is otherwise liable~~ **THAT IS LIABLE UNDER**
21 **SECTION 21323A** for environmental contamination addressed in a
22 closure report is liable under this part for additional corrective
23 action activities necessary to address any potential exposure to
24 the environmental contamination demonstrated by the monitoring in
25 excess of the levels relied on in the closure report.

26 (v) If the corrective actions that were the basis for the
27 closure report fail to meet performance objectives that are

1 identified in the closure report or section 21304a, an owner or
2 operator ~~who is otherwise liable~~ **THAT IS LIABLE UNDER SECTION**
3 **21323A** for environmental contamination addressed in the closure
4 report is liable under this part for corrective action necessary to
5 satisfy the performance objectives or otherwise comply with this
6 part.

7 (5) Notwithstanding any other provision of this part, the
8 state or a local unit of government or a lender who has not
9 participated in the management of the property is not liable under
10 this part for costs or damages as a result of corrective action
11 taken in response to a release or threat of release. For a lender,
12 this subsection applies only to corrective action undertaken prior
13 to foreclosure. This subsection does not preclude liability for
14 costs or damages as a result of gross negligence, including
15 reckless, willful, or wanton misconduct, or intentional misconduct
16 by the state or local unit of government.

17 (6) In establishing liability under this section, the
18 department bears the burden of proof.

19 (7) An owner or operator who was in compliance with subsection
20 (1)(b) prior to ~~the effective date of the amendatory act that added~~
21 ~~this subsection~~ **MAY 1, 2012** is considered to be in compliance with
22 subsection (1)(b).

23 Sec. 21323j. (1) Except as otherwise provided in this part, a
24 person, including a local unit of government on behalf of its
25 citizens, whose health or enjoyment of the environment is or may be
26 adversely affected by a release from an underground storage tank
27 system or threat of release from an underground storage tank

1 system, by a violation of this part or a rule promulgated or order
2 issued under this part, or by the failure of the directors to
3 perform a nondiscretionary act or duty under this part, may
4 commence a civil action against any of the following:

5 (a) An owner or operator who is liable under section 21323a
6 for injunctive relief necessary to prevent irreparable harm to the
7 public health, safety, or welfare or the environment from a release
8 or threatened release in relation to that underground storage tank
9 system on the property on which the underground storage tank system
10 is located.

11 (b) A person that is liable under section 21323a for a
12 violation of this part or a rule promulgated under this part or an
13 order issued under this part in relation to that underground
14 storage tank system on the property on which the underground
15 storage tank system is located.

16 (c) One or more of the directors if it is alleged that 1 or
17 more of the directors failed to perform a nondiscretionary act or
18 duty under this part.

19 (2) The circuit court has jurisdiction in actions brought
20 under subsection (1)(a) to grant injunctive relief necessary to
21 protect the public health, safety, or welfare or the environment
22 from a release or threatened release. The circuit court has
23 jurisdiction in actions brought under subsection (1)(b) to enforce
24 this part or a rule promulgated or order issued under this part by
25 ordering such action as may be necessary to correct the violation
26 and to impose any civil fine provided for in this part for the
27 violation. A civil fine recovered under this section shall be

1 deposited in the general fund. The circuit court has jurisdiction
2 in actions brought under subsection (1)(c) to order 1 or more of
3 the directors to perform the nondiscretionary act or duty
4 concerned.

5 (3) An action shall not be filed under subsection (1)(a) or
6 (b) unless all of the following conditions exist:

7 (a) The plaintiff has given at least 60 days' notice in
8 writing of the plaintiff's intent to sue, the basis for the suit,
9 and the relief to be requested to each of the following:

10 (i) The department.

11 (ii) The attorney general.

12 (iii) The proposed defendants.

13 (b) The state has not commenced and is not diligently
14 prosecuting an action under this part or under other appropriate
15 legal authority to obtain injunctive relief concerning the
16 underground storage tank system or the property on which the
17 underground storage tank system is located or to require compliance
18 with this part or a rule or an order under this part.

19 (4) An action shall not be filed under subsection (1)(c) until
20 the plaintiff has given in writing at least 60 days' notice to the
21 directors of the plaintiff's intent to sue, the basis for the suit,
22 and the relief to be requested.

23 (5) In issuing a final order in an action brought pursuant to
24 this section, the court may award costs of litigation, including
25 reasonable attorney and expert witness fees, to the prevailing or
26 substantially prevailing party.

27 (6) This section does not affect or otherwise impair the

1 rights of any person under federal, state, or common law.

2 (7) An action under subsection (1)(a) or (b) shall be brought
3 in the circuit court for the circuit in which the alleged release,
4 threatened release, or other violation occurred. An action under
5 subsection (1)(c) shall be brought in the circuit court for Ingham
6 county.

7 (8) All unpaid costs and damages for which a person is liable
8 under this ~~section~~**PART** constitute a lien in favor of the state
9 upon a property that has been the subject of corrective action by
10 the state and is owned by that person. A lien under this subsection
11 has priority over all other liens and encumbrances except liens and
12 encumbrances recorded before the date the lien under this
13 subsection is recorded. A lien under this subsection arises when
14 the state first incurs costs for corrective action at the property
15 for which the person is responsible.

16 (9) If the attorney general determines that the lien provided
17 in subsection (8) is insufficient to protect the interest of the
18 state in recovering corrective action costs at a property, the
19 attorney general may file a petition in the circuit court of the
20 county in which the facility is located seeking either or both of
21 the following:

22 (a) A lien upon the property owned by the person described in
23 subsection (8), subject to corrective action that takes priority
24 over all other liens and encumbrances that are or have been
25 recorded on the property.

26 (b) A lien upon real or personal property or rights to real or
27 personal property, other than the property which was the subject of

1 corrective action, owned by the person described in subsection (8),
2 having priority over all other liens and encumbrances except liens
3 and encumbrances recorded prior to the date the lien under this
4 subsection is recorded. However, the following are not subject to
5 the lien provided for in this subsection:

6 (i) Assets of a qualified pension plan or individual retirement
7 account under the internal revenue code.

8 (ii) Assets held expressly for the purpose of financing a
9 dependent's college education.

10 (iii) Up to \$500,000.00 in nonbusiness real or personal property
11 or rights to nonbusiness real or personal property, except that not
12 more than \$25,000.00 of this amount may be cash or securities.

13 (10) A petition submitted pursuant to subsection (9) shall set
14 forth with as much specificity as possible the type of lien sought,
15 the property that would be affected, and the reasons the attorney
16 general believes the lien is necessary. Upon receipt of a petition
17 under subsection (3), the court shall promptly schedule a hearing
18 to determine whether the petition should be granted. Notice of the
19 hearing shall be provided to the attorney general, the property
20 owner, and any persons holding liens or perfected security interest
21 in the real property subject to corrective action. A lien shall not
22 be granted under subsection ~~(3)~~ (9) against the owner of the
23 property if the owner is not liable under section 21323a.

24 (11) In addition to the lien provided in subsections (8) and
25 (9), if the state incurs costs for corrective action that increases
26 the market value of real property that is the location of a release
27 or threatened release, the increase in the value caused by the

1 state-funded corrective action, to the extent the state incurred
2 unpaid costs and damages, constitutes a lien in favor of the state
3 upon the real property. This lien has priority over all other liens
4 or encumbrances that are or have been recorded upon the property.

5 (12) A lien provided in subsection (8), (9), or (11) is
6 perfected against real property when a notice of lien is filed by
7 the department with the register of deeds in the county in which
8 the real property is located. A lien upon personal property
9 provided in subsection (9) is perfected when a notice of lien is
10 filed by the department in accordance with applicable law and
11 regulation for the perfection of a lien on that type of personal
12 property. In addition, the department shall, at the time of the
13 filing of the notice of lien, provide a copy of the notice of lien
14 to the owner of that property by certified mail.

15 (13) A lien under this section continues until the liability
16 for the costs and damages is satisfied or resolved or becomes
17 unenforceable through the operation of the statute of limitations
18 provided in this part.

19 (14) Upon satisfaction of the liability secured by the lien,
20 the department shall file a notice of release of lien in the same
21 manner as provided in subsection (12).

22 (15) If the department, at the time or prior to the time of
23 filing the notice of release of lien pursuant to subsection (14),
24 has made a determination that the person liable under section
25 21323a has completed all of the corrective action, the department
26 shall execute and file with the notice of release of lien a
27 document stating that all corrective action has been completed.

1 Sec. 21323m. (1) Except as provided in section 21323b(5), a
2 person that has complied with the requirements of this part or is
3 exempt from liability under this part is not subject to a claim in
4 law or equity for performance of corrective action under part 17,
5 part 31, or common law.

6 **(2) A PERSON WHO IS EXEMPT FROM LIABILITY UNDER SECTION 21323A**
7 **IS NOT LIABLE FOR A CLAIM FOR CORRECTIVE ACTION COSTS, FINES OR**
8 **PENALTIES, NATURAL RESOURCES DAMAGES, OR EQUITABLE RELIEF UNDER**
9 **PART 17, PART 31, OR COMMON LAW RESULTING FROM THE CONTAMINATION**
10 **EXISTING ON THE SITE OR MIGRATING FROM THE SITE ON THE EARLIER OF**
11 **THE DATE OF PURCHASE, OCCUPANCY, FORECLOSURE OR TRANSFER OF**
12 **OWNERSHIP, OR CONTROL OF THE SITE TO THE PERSON. THE LIABILITY**
13 **PROTECTION AFFORDED IN THIS SUBSECTION DOES NOT EXTEND TO A**
14 **VIOLATION OF ANY PERMIT ISSUED UNDER STATE LAW. THIS SUBSECTION**
15 **DOES NOT ALTER A PERSON'S LIABILITY FOR VIOLATION OF SECTION**
16 **21304C.**

17 (3) ~~(2)~~—This section does not bar any of the following:
18 (a) Tort claims unrelated to performance of corrective action.
19 (b) Tort claims for damages which result from corrective
20 action.
21 (c) Tort claims related to the exercise or failure to exercise
