(2) In addition to the other lighting requirements of this chapter and subject to subsection (3), the operator of a barge shall ensure that the barge is properly lit with 4 or more white lights during the period from sunset to sunrise and as practicable during all periods of limited visibility if any of the following apply:

- (a) The barge projects into a restricted channel or into a channel established by buoys.
- (b) The barge is moored so that it reduces the available navigable width of a channel.

(5) A group of barges shall not be moored together if the total width of those barges would exceed 82 feet.

(6) The department or a local authority may order a vessel moored in violation of this section that poses a hazard to navigation to be immediately moved and, if the vessel is not moved as ordered, may move or cause the vessel to be moved, with the owner subject to the payment of costs under subsection (8).

(7) A person who violates this section is guilty of a misdemeanor punishable by imprisonment for not more than 90 days or a fine of not more than \$10,000.00, or both. For purposes of this subsection, each 24-hour period that a violation exists constitutes a separate violation.
