## **ENROLLED HOUSE BILL No. 5338**

AN ACT to amend 1978 PA 368, entitled "An act to protect and promote the public health; to codify, revise, consolidate, classify, and add to the laws relating to public health; to provide for the prevention and control of diseases and disabilities; to provide for the classification, administration, regulation, financing, and maintenance of personal, environmental, and other health services and activities; to create or continue, and prescribe the powers and duties of, departments, boards, commissions, councils, committees, task forces, and other agencies; to prescribe the powers and duties of governmental entities and officials; to regulate occupations, facilities, and agencies affecting the public health; to regulate health maintenance organizations and certain third party administrators and insurers; to provide for the imposition of a regulatory fee; to provide for the levy of taxes against certain health facilities or agencies; to promote the efficient and economical delivery of health care services, to provide for the appropriate utilization of health care facilities and services, and to provide for the closure of hospitals or consolidation of hospitals or services; to provide for the collection and use of data and information; to provide for the transfer of property; to provide certain immunity from liability; to regulate and prohibit the sale and offering for sale of drug paraphernalia under certain circumstances; to provide for the implementation of federal law; to provide for penalties and remedies; to provide for sanctions for violations of this act and local ordinances; to provide for an appropriation and supplements; to repeal certain acts and parts of acts; to repeal certain parts of this act; and to repeal certain parts of this act on specific dates," by amending sections 2251 and 7341 (MCL 333.2251 and 333.7341), section 7341 as added by 1984 PA 347.

*The People of the State of Michigan enact:*

Sec. 2251. (1) Upon a determination that an imminent danger to the health or lives of individuals exists in this state, the director immediately shall inform the individuals affected by the imminent danger and issue an order that shall be delivered to a person authorized to avoid, correct, or remove the imminent danger or be posted at or near the imminent danger. The order shall incorporate the director's findings and require immediate action necessary to avoid, correct, or remove the imminent danger. The order may specify action to be taken or prohibit the presence of individuals in locations or under conditions where the imminent danger exists, except individuals whose presence is necessary to avoid, correct, or remove the imminent danger.

(2) Upon failure of a person to comply promptly with a department order issued under this section, the department may petition the circuit court having jurisdiction to restrain a condition or practice which the director determines causes the imminent danger or to require action to avoid, correct, or remove the imminent danger.

(3) If the director determines that conditions anywhere in this state constitute a menace to the public health, the director may take full charge of the administration of applicable state and local health laws, rules, regulations, and ordinances in addressing that menace.

(4) If the director determines that an imminent danger to the health or lives of individuals in this state can be prevented or controlled by the promulgation of an emergency rule under section 48(2) of the administrative procedures act of 1969, 1969 PA 306, MCL 24.248, to schedule or reschedule a substance as a controlled substance as provided in part 72, the director shall notify the director of the department of licensing and regulatory affairs and the administrator of his or her determination in writing. The notification shall include a description of the substance to be scheduled or rescheduled and the grounds for his or her determination. The director may provide copies of police, hospital, and laboratory reports and other information to the director of the department of licensing and regulatory affairs and the administrator as considered appropriate by the director.

(5) As used in this section:

(a) "Administrator" means that term as defined in section 7103.

(b) "Imminent danger" means a condition or practice exists that could reasonably be expected to cause death, disease, or serious physical harm immediately or before the imminence of the danger can be eliminated through enforcement procedures otherwise provided.

(c) "Person" means a person as defined in section 1106 or a governmental entity.

Sec. 7341. (1) As used in this section:

(a) "Distribute" means the actual, constructive, or attempted transfer, sale, delivery, or dispensing from one person to another of an imitation controlled substance.

(b) "Imitation controlled substance" means a substance that is not a controlled substance or is not a drug for which a prescription is required under federal or state law, which by dosage unit appearance including color, shape, size, or markings, and/or by representations made, would lead a reasonable person to believe that the substance is a controlled substance. However, this subsection does not apply to a drug that is not a controlled substance if it was marketed before the controlled substance that it physically resembles. An imitation controlled substance does not include a placebo or registered investigational drug that was manufactured, distributed, possessed, or delivered in the ordinary course of professional practice or research. All of the following factors shall be considered in determining whether a substance is an imitation controlled substance:

(i) Whether the substance was approved by the federal food and drug administration for over-the-counter sales and was sold in the federal food and drug administration approved packaging along with the federal food and drug administration approved labeling information.

(ii) Any statements made by an owner or another person in control of the substance concerning the nature, use, or effect of the substance.

(iii) Whether the substance is packaged in a manner normally used for illicit controlled substances.

(iv) Whether the owner or another person in control of the substance has any prior convictions under state or federal law related to controlled substances or fraud.

(v) The proximity of the substance to controlled substances.

(vi) Whether the consideration tendered in exchange for the substance substantially exceeds the reasonable value of the substance considering the actual chemical composition of the substance and, if applicable, the price at which the over-the-counter substances of like chemical composition sell.

(c) "Manufacture" means the production, preparation, compounding, conversion, encapsulating, packaging, repackaging, labeling, relabeling, or processing of an imitation controlled substance, directly or indirectly.

(2) In addition to all logically relevant factors, the following factors as related to "representations made" shall be considered in determining whether a substance is an imitation controlled substance:

(a) Any express or implied representation made that the nature of the substance or its use or effect is similar to that of a controlled substance.

(b) Any express or implied representation made that the substance may be resold for an amount considerably in excess of the reasonable value of the composite ingredients and the cost of processing.

(c) Any express or implied representation made that the substance is a controlled substance.

(d) Any express or implied representation that the substance is of a nature or appearance that the recipient of the substance will be able to distribute the substance as a controlled substance.

(e) That the substance's package, label, or name is substantially similar to that of a controlled substance.

(f) The proximity of the substance to a controlled substance.

(g) That the physical appearance of the substance is substantially identical to a specific controlled substance, including any numbers or codes thereon, and the shape, size, markings, or color.

(3) Except as provided in subsection (7), a person shall not manufacture, distribute, or possess with intent to distribute, an imitation controlled substance.

(4) A person shall not use, or possess with intent to use, an imitation controlled substance, except under the direction of a person authorized pursuant to subsection (7). A person who violates this subsection is subject to a civil fine of not more than \$100.00 and costs. Upon a second or subsequent violation of this subsection, a person is guilty of a misdemeanor punishable by imprisonment for not more than 90 days, or a fine of not more than \$100.00, or both.

(5) A default in the payment of a civil fine or costs ordered under subsection (4) or an installment thereof may be collected by any means authorized for the enforcement of a judgment under chapter 40 or chapter 60 of the revised judicature act of 1961, 1961 PA 236, MCL 600.4001 to 600.4065 and 600.6001 to 600.6098.

(6) A person shall not place an advertisement or solicitation in this state to be distributed by any electronic media in this state, or place an advertisement or solicitation in this state in any newspaper, magazine, handbill, or other publication; or post or distribute an advertisement or solicitation in any public place in this state, knowing or having reason to know that the purpose of the advertisement or solicitation is to promote the distribution of an imitation controlled substance. A person who violates this subsection is guilty of a misdemeanor, punishable by imprisonment for not more than 1 year, or a fine of not more than \$5,000.00, or both.

(7) This section does not apply to any person who is authorized by the administrator or the federal food and drug administration to manufacture, distribute, prescribe, or possess an imitation controlled substance for use as a placebo for legitimate medical, therapeutic, or research purposes.

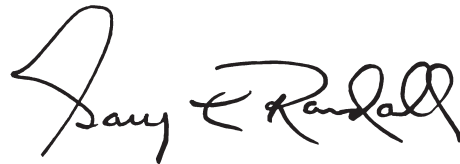

(8) Except as provided in subsections (4) and (6), a person who violates this section is guilty of a felony, punishable by imprisonment for not more than 2 years, or by a fine of not more than \$10,000.00, or both.

Enacting section 1. This amendatory act does not take effect unless all of the following bills of the 96th Legislature are enacted into law:

(a) Senate Bill No. 789.

(b) House Bill No. 5714.

This act is ordered to take immediate effect.

Clerk of the House of Representatives

Secretary of the Senate
