20 is adequate.

8 moves to the next grade.

9 (b) The department of **TECHNOLOGY**, management, and budget and
10 the superintendent of public instruction shall ensure that any
11 contractor used for scoring, developing, or processing the Michigan

22 merit examination includes specific deadlines for all steps of the
23 assessment process, including, but not limited to, deadlines for
24 the correct testing materials to be supplied to schools and for the
25 correct results to be returned to schools, and includes penalties
26 for noncompliance with these deadlines.

19 entrance examination component paid for either by this state or
20 through a scholarship or fee waiver by the provider.

21 (8) The superintendent of public instruction shall ensure that
22 the length of the Michigan merit examination and the combined total
23 time necessary to administer all of the components of the Michigan
24 merit examination are the shortest possible that will still
25 maintain the degree of reliability and validity of the Michigan
26 merit examination results determined necessary by the
27 superintendent of public instruction. The superintendent of public

1 instruction shall ensure that the maximum total combined length of

22 achievement and establishing a statewide standard of competency.
23 The assessment under this section provides a common measure of data
24 that will contribute to the improvement of Michigan schools'
25 curriculum and instruction by encouraging alignment with Michigan's
26 curriculum framework standards and promotes pupil participation in
27 higher level mathematics, science, social studies, and English
