

HOUSE BILL No. 5235

December 15, 2011, Introduced by Reps. Stallworth, Liss and O'Brien and referred to the Committee on Insurance.

A bill to amend 1984 PA 233, entitled
"Prudent purchaser act,"
by amending section 3 (MCL 550.53), as amended by 2009 PA 224.

THE PEOPLE OF THE STATE OF MICHIGAN ENACT:

1 Sec. 3. (1) An organization may enter into a prudent purchaser
2 agreement with 1 or more health care providers of a specific
3 service to control health care costs, assure appropriate
4 utilization of health care services, and maintain quality of health
5 care. The organization may limit the number of prudent purchaser
6 agreements entered into pursuant to this section if the number of
7 agreements is sufficient to assure reasonable levels of access to

1 health care services for recipients of those services. The number
2 of prudent purchaser agreements authorized by this section that are
3 necessary to assure reasonable levels of access to health care
4 services for recipients shall be determined by the organization.
5 However, the organization shall offer a prudent purchaser
6 agreement, comparable to those agreements with other members of the
7 provider panel, to at least 1 health care provider that provides
8 the applicable health care services and is located within a
9 reasonable distance from the recipients of those health care
10 services, if a health care provider that provides the applicable
11 health care services is located within that reasonable distance.

12 (2) An organization shall give all health care providers that
13 provide the applicable health care services and are located in the
14 geographic area served by the organization an opportunity to apply
15 to the organization for membership on the provider panel.

16 (3) A prudent purchaser agreement shall be based upon the
17 following written standards, which shall be filed by the
18 organization with the commissioner on a form and in a manner that
19 is uniformly developed and applied by the commissioner before the
20 initial provider panel is formed:

21 (a) Standards for maintaining quality health care.

22 (b) Standards for controlling health care costs.

23 (c) Standards for assuring appropriate utilization of health
24 care services.

25 (d) Standards for assuring reasonable levels of access to
26 health care services.

27 (e) Other standards considered appropriate by the

1 organization.

2 (4) An organization shall develop and institute procedures
3 that are designed to notify health care providers located in the
4 geographic area served by the organization of the acceptance of
5 applications for a provider panel. The procedures shall include the
6 giving of notice to providers of the service upon request and shall
7 include publication in a newspaper with general circulation in the
8 geographic area served by the organization at least 30 days before
9 the initial provider application period. An organization shall
10 provide for an initial 60-day provider application period during
11 which providers of the service may apply to the organization for
12 membership on the provider panel. An organization that has entered
13 into a prudent purchaser agreement concerning a particular health
14 care service shall provide, at least once every 4 years, for a 60-
15 day provider application period during which providers of that
16 service may apply to the organization for membership on the
17 provider panel. Notice of this provider application period shall be
18 given to providers of the service upon request and shall be
19 published in a newspaper with general circulation in the geographic
20 area served by the organization at least 30 days before the
21 commencement of the provider application period. The initial 60-day
22 provider application period and procedures and the 4-year 60-day
23 provider application periods and procedures required under this
24 subsection do not apply to organizations whose provider panels are
25 open to application for membership at any time. Upon receipt of a
26 request by a health care provider, the organization shall provide
27 the written standards described in subsection (3) to the health

1 care provider. Within 90 days after the close of a provider
2 application period, or within 30 days following the completion of
3 the applicable physician credentialing process, whichever is later,
4 an organization shall notify an applicant in writing as to whether
5 the applicant has been accepted or rejected for membership on the
6 provider panel. If an applicant has been rejected, the organization
7 shall state in writing the reasons for rejection, citing 1 or more
8 of the standards.

9 (5) A health care provider whose membership on an
10 organization's provider panel is terminated shall be provided upon
11 request with a written explanation by the organization of the
12 reasons for the termination.

13 (6) An organization that enters into a prudent purchaser
14 agreement shall institute a program for the professional review of
15 the quality of health care, performance of health care personnel,
16 and utilization of services and facilities under the prudent
17 purchaser agreement. At least every 2 years, the organization shall
18 provide for an evaluation of its professional review program by a
19 professionally recognized independent third party.

20 (7) If 2 or more classes of health care providers may legally
21 provide the same health care service, the organization shall offer
22 each class of health care providers the opportunity to apply to the
23 organization for membership on the provider panel.

24 (8) Each prudent purchaser agreement shall state that the
25 health care provider may be removed from the provider panel before
26 the expiration of the agreement if the provider does not comply
27 with the requirements of the contract.

1 (9) This act does not preclude a health care provider or
2 health care facility from being a member of more than 1 provider
3 panel.

4 (10) A provider panel may include health care providers and
5 facilities outside ~~Michigan~~ **THIS STATE** if necessary to assure

10 person the following information:

11 (a) The identity of the organization contracting with the
12 provider panel.

13 (b) The identity of the party sponsoring the coverage
14 including, but not limited to, the employer.

15 (c) The identity of the collective bargaining agent if the
16 coverage is offered pursuant to a collective bargaining agreement.

17 (12) If a person who has coverage authorized by this act is
18 entitled to receive a health care service when rendered by a health
19 care provider who is a member of the provider panel, the person is
20 entitled to receive the health care service from a health care
21 provider who is not a member of the provider panel for an emergency
22 episode of illness or injury that requires immediate treatment
23 before it can be obtained from a health care provider who is on the
24 provider panel.

25 (13) Subsections (2) to (12) do not limit the authority of
26 organizations to limit the number of prudent purchaser agreements.

27 (14) If coverage under a prudent purchaser agreement provides

1 for benefits for services that are within the scope of practice of
2 optometry, this act does not require that coverage or reimbursement
3 be provided for a practice of ~~optometric~~**OPTOMETRY** service unless
