THE PEOPLE OF THE STATE OF MICHIGAN ENACT:

1 Sec. 1. The act shall be known and may be cited as "the state ~~school-aid~~ EDUCATION
2 FUNDING act ~~of 1979~~".

3 Sec. 3. (1) "Average daily attendance", for the purposes of complying with federal
4 law, means 92% of the pupils counted in membership on the pupil membership count day, as
5 defined in section 6(7).

6 (2) "Board" means the governing body of a district or public school academy.

7 (3) "Center" means the center for educational performance and information created in
8 section 94a.

9 (4) "Cooperative education program" means a written voluntary agreement between and
10 among districts to provide certain educational programs for pupils in certain groups of
11 districts. The written agreement shall be approved by all affected districts at least
12 annually and shall specify the educational programs to be provided and the estimated number
13 of pupils from each district who will participate in the educational programs.

14 (5) "Department", except in section 107, means the department of education.

15 (6) "District" means a local school district established under the revised school
16 code or, except in sections 6(4), 6(6), 13, 20, 22a, 23, ~~29~~, 31a, ~~51a(15)~~, 105, 105c, and
17 166b, a public school academy. Except in sections 6(4), 6(6), 13, 20, 22a, ~~29~~, ~~51a(15)~~,
18 105, 105c, and 166b, district also includes a university school.

19 (7) "District of residence", except as otherwise provided in this subsection, means

1 the district in which a pupil's custodial parent or parents or legal guardian resides. For
2 a pupil described in section 24b, the pupil's district of residence is the district in
3 which the pupil enrolls under that section. For a pupil described in section 6(4)(d), the
4 pupil's district of residence shall be considered to be the district or intermediate
5 district in which the pupil is counted in membership under that section. For a pupil under
6 court jurisdiction who is placed outside the district in which the pupil's custodial parent
7 or parents or legal guardian resides, the pupil's district of residence shall be considered
8 to be the educating district or educating intermediate district.

9 (8) "District superintendent" means the superintendent of a district, the chief
10 administrator of a public school academy, or the chief administrator of a university
11 school.

12 Sec. 6. (1) "Center program" means a program operated by a district or by an

14 pupils with autism spectrum disorder, pupils with severe cognitive impairment, pupils with
15 moderate cognitive impairment, pupils with severe multiple impairments, pupils with hearing
16 impairment, pupils with visual impairment, and pupils with physical impairment or other
17 health impairment. Programs for pupils with emotional impairment housed in buildings that
18 do not serve regular education pupils also qualify. Unless otherwise approved by the
19 department, a center program either shall serve all constituent districts within an
20 intermediate district or shall serve several districts with less than 50% of the pupils
21 residing in the operating district. In addition, special education center program pupils
22 placed part-time in noncenter programs to comply with the least restrictive environment
23 provisions of section ~~612 of part B~~ 1412(A)(5) of the individuals with disabilities
24 education act, 20 USC 1412, may be considered center program pupils for pupil accounting
25 purposes for the time scheduled in either a center program or a noncenter program.

2 pupils, excluding adult participants, in the district for the immediately preceding school
3 year, adjusted for those pupils who have transferred into or out of the district or high
4 school, who leave high school with a diploma or other credential of equal status.

5 (4) "Membership", except as otherwise provided in this act, means for a district,
6 public school academy, university school, or intermediate district the sum of the product
7 of .75 times the number of full-time equated pupils in grades K to 12 actually enrolled and
8 in regular daily attendance on the pupil membership count day for the current school year,
9 plus the product of .25 times the final audited count from the supplemental count day for
10 the immediately preceding school year. All pupil counts used in this subsection are as
11 determined by the department and calculated by adding the number of pupils registered for
12 attendance plus pupils received by transfer and minus pupils lost as defined by rules
13 promulgated by the superintendent, and as corrected by a subsequent department audit. For
14 the purposes of this section and section 6a, for a school of excellence that is a cyber
15 school, as defined in section 551 of the revised school code, MCL 380.551, and is in
16 compliance with section 553a of the revised school code, MCL 380.553a, a pupil's
17 participation in the cyber school's educational program is considered regular daily
18 attendance. The amount of the foundation allowance for a pupil in membership is determined
19 under section 20. In making the calculation of membership, all of the following, as
20 applicable, apply to determining the membership of a district, public school academy,
21 university school, or intermediate district:

22 (a) Except as otherwise provided in this subsection, and pursuant to subsection (6),
23 a pupil shall be counted in membership in the pupil's educating district or districts. An
24 individual pupil shall not be counted for more than a total of 1.0 full-time equated
25 membership.

26 (b) If a pupil is educated in a district other than the pupil's district of
27 residence, if the pupil is not being educated as part of a cooperative education program,

1 if the pupil's district of residence does not give the educating district its approval to
2 count the pupil in membership in the educating district, and if the pupil is not covered by
3 an exception specified in subsection (6) to the requirement that the educating district
4 must have the approval of the pupil's district of residence to count the pupil in
5 membership, the pupil shall not be counted in membership in any district.

6 (c) A special education pupil educated by the intermediate district shall be counted
7 in membership in the intermediate district.

8 (d) A pupil placed by a court or state agency in an on-grounds program of a juvenile
9 detention facility, a child caring institution, or a mental health institution, or a pupil
10 funded under section 53a, shall be counted in membership in the district or intermediate
11 district approved by the department to operate the program.

12 (e) A pupil enrolled in the Michigan schools for the deaf and blind shall be counted
13 in membership in the pupil's intermediate district of residence.

14 (f) A pupil enrolled in a career and technical education program supported by a
15 millage levied over an area larger than a single district or in an area vocational-
16 technical education program established pursuant to section 690 of the revised school code,
17 MCL 380.690, shall be counted only in the pupil's district of residence.

18 (g) A pupil enrolled in a university school shall be counted in membership in the
19 university school.

20 (h) A pupil enrolled in a public school academy shall be counted in membership in the
21 public school academy.

22 (i) For a new district, university school, or public school academy beginning its
23 operation after December 31, 1994, membership for the first 2 full or partial fiscal years
24 of operation shall be determined as follows:

25 (i) If operations begin before the pupil membership count day for the fiscal year,
26 membership is the average number of full-time equated pupils in grades K to 12 actually
27 enrolled and in regular daily attendance on the pupil membership count day for the current

1 school year and on the supplemental count day for the current school year, as determined by
2 the department and calculated by adding the number of pupils registered for attendance on
3 the pupil membership count day plus pupils received by transfer and minus pupils lost as
4 defined by rules promulgated by the superintendent, and as corrected by a subsequent
5 department audit, plus the final audited count from the supplemental count day for the
6 current school year, and dividing that sum by 2.

7 (ii) If operations begin after the pupil membership count day for the fiscal year and
8 not later than the supplemental count day for the fiscal year, membership is the final
9 audited count of the number of full-time equated pupils in grades K to 12 actually enrolled
10 and in regular daily attendance on the supplemental count day for the current school year.

11 (j) If a district is the authorizing body for a public school academy, then, in the
12 first school year in which pupils are counted in membership on the pupil membership count
13 day in the public school academy, the determination of the district's membership shall
14 exclude from the district's pupil count for the immediately preceding supplemental count
15 day any pupils who are counted in the public school academy on that first pupil membership
16 count day who were also counted in the district on the immediately preceding supplemental
17 count day.

18 (k) In a district, public school academy, university school, or intermediate district
19 operating an extended school year program approved by the superintendent, a pupil enrolled,
20 but not scheduled to be in regular daily attendance on a pupil membership count day, shall
21 be counted.

22 (l) Pupils to be counted in membership shall be not less than 5 years of age on
23 December 1 and less than 20 years of age on September 1 of the school year except as
24 follows:

25 (i) A special education pupil who is enrolled and receiving instruction in a special
26 education program or service approved by the department, who does not have a high school
27 diploma, and who is less than 26 years of age as of September 1 of the current school year

1 shall be counted in membership.

2 (ii) A pupil who is determined by the department to meet all of the following may be
3 counted in membership:

4 (A) Is enrolled in a public school academy or an alternative education high school
5 diploma program, that is primarily focused on educating homeless pupils and that is located
6 in a city with a population of more than 750,000.

7 (B) Had dropped out of school for more than 1 year and has re-entered school.

8 (C) Is less than 22 years of age as of September 1 of the current school year.

9 (m) An individual who has obtained a high school diploma shall not be counted in
10 membership. An individual who has obtained a general educational development (G.E.D.)
11 certificate shall not be counted in membership UNLESS THE INDIVIDUAL IS A STUDENT WITH A
12 DISABILITY AS DEFINED IN R 340.1702 OF THE MICHIGAN ADMINISTRATIVE CODE. An individual
13 participating in a job training program funded under former section 107a or a jobs program
14 funded under former section 107b, administered by the Michigan strategic fund or the
15 department of energy, labor, and economic growth, or participating in any successor of
16 either of those 2 programs, shall not be counted in membership.

17 (n) If a pupil counted in membership in a public school academy is also educated by a
18 district or intermediate district as part of a cooperative education program, the pupil
19 shall be counted in membership only in the public school academy unless a written agreement
20 signed by all parties designates the party or parties in which the pupil shall be counted
21 in membership, and the instructional time scheduled for the pupil in the district or
22 intermediate district shall be included in the full-time equated membership determination
23 under subdivision (q). However, for pupils receiving instruction in both a public school
24 academy and in a district or intermediate district but not as a part of a cooperative
25 education program, the following apply:

26 (i) If the public school academy provides instruction for at least 1/2 of the class
27 hours specified in subdivision (q), the public school academy shall receive as its prorated

1 share of the full-time equated membership for each of those pupils an amount equal to 1
2 times the product of the hours of instruction the public school academy provides divided by
3 the number of hours specified in subdivision (q) for full-time equivalency, and the
4 remainder of the full-time membership for each of those pupils shall be allocated to the
5 district or intermediate district providing the remainder of the hours of instruction.

6 (ii) If the public school academy provides instruction for less than 1/2 of the class
7 hours specified in subdivision (q), the district or intermediate district providing the
8 remainder of the hours of instruction shall receive as its prorated share of the full-time
9 equated membership for each of those pupils an amount equal to 1 times the product of the
10 hours of instruction the district or intermediate district provides divided by the number
11 of hours specified in subdivision (q) for full-time equivalency, and the remainder of the
12 full-time membership for each of those pupils shall be allocated to the public school
13 academy.

14 (o) An individual less than 16 years of age as of September 1 of the current school
15 year who is being educated in an alternative education program shall not be counted in
16 membership if there are also adult education participants being educated in the same
17 program or classroom.

18 (p) The department shall give a uniform interpretation of full-time and part-time
19 memberships.

20 (q) The number of class hours used to calculate full-time equated memberships shall
21 be consistent with section 101(3). In determining full-time equated memberships for pupils
22 who are enrolled in a postsecondary institution, a pupil shall not be considered to be less
23 than a full-time equated pupil solely because of the effect of his or her postsecondary
24 enrollment, including necessary travel time, on the number of class hours provided by the
25 district to the pupil.

26 (r) Except as otherwise provided in this subdivision, full-time equated memberships
27 for pupils in kindergarten shall be determined by dividing the number of class hours

1 scheduled and provided per year per kindergarten pupil by a number equal to 1/2 the number
2 used for determining full-time equated memberships for pupils in grades 1 to 12.

3 (s) For a district, university school, or public school academy that has pupils
4 enrolled in a grade level that was not offered by the district, university school, or
5 public school academy in the immediately preceding school year, the number of pupils
6 enrolled in that grade level to be counted in membership is the average of the number of
7 those pupils enrolled and in regular daily attendance on the pupil membership count day and
8 the supplemental count day of the current school year, as determined by the department.
9 Membership shall be calculated by adding the number of pupils registered for attendance in
10 that grade level on the pupil membership count day plus pupils received by transfer and
11 minus pupils lost as defined by rules promulgated by the superintendent, and as corrected
12 by subsequent department audit, plus the final audited count from the supplemental count
13 day for the current school year, and dividing that sum by 2.

14 (t) A pupil enrolled in a cooperative education program may be counted in membership
15 in the pupil's district of residence with the written approval of all parties to the
16 cooperative agreement.

17 (u) If, as a result of a disciplinary action, a district determines through the
18 district's alternative or disciplinary education program that the best instructional
19 placement for a pupil is in the pupil's home or otherwise apart from the general school
20 population, if that placement is authorized in writing by the district superintendent and
21 district alternative or disciplinary education supervisor, and if the district provides
22 appropriate instruction as described in this subdivision to the pupil at the pupil's home
23 or otherwise apart from the general school population, the district may count the pupil in
24 membership on a pro rata basis, with the proration based on the number of hours of
25 instruction the district actually provides to the pupil divided by the number of hours
26 specified in subdivision (q) for full-time equivalency. For the purposes of this
27 subdivision, a district shall be considered to be providing appropriate instruction if all

1 of the following are met:

2 (i) The district provides at least 2 nonconsecutive hours of instruction per week to
3 the pupil at the pupil's home or otherwise apart from the general school population under
4 the supervision of a certificated teacher.

5 (ii) The district provides instructional materials, resources, and supplies, except
6 computers, that are comparable to those otherwise provided in the district's alternative
7 education program.

8 (iii) Course content is comparable to that in the district's alternative education
9 program.

10 (iv) Credit earned is awarded to the pupil and placed on the pupil's transcript.

11 (v) A pupil enrolled in an alternative or disciplinary education program described in
12 section 25 shall be counted in membership in the district or public school academy that is
13 educating the pupil.

14 (w) If a pupil was enrolled in a public school academy on the pupil membership count
15 day, if the public school academy's contract with its authorizing body is revoked or the
16 public school academy otherwise ceases to operate, and if the pupil enrolls in a district
17 within 45 days after the pupil membership count day, the department shall adjust the
18 district's pupil count for the pupil membership count day to include the pupil in the
19 count.

20 (x) For a public school academy that has been in operation for at least 2 years and
21 that suspended operations for at least 1 semester and is resuming operations, membership is
22 the sum of the product of .75 times the number of full-time equated pupils in grades K to
23 12 actually enrolled and in regular daily attendance on the first pupil membership count
24 day or supplemental count day, whichever is first, occurring after operations resume, plus
25 the product of .25 times the final audited count from the most recent pupil membership
26 count day or supplemental count day that occurred before suspending operations, as
27 determined by the superintendent.

1 ~~(y) If a district's membership for a particular fiscal year, as otherwise calculated~~
2 ~~under this subsection, would be less than 1,550 pupils and the district has 4.5 or fewer~~
3 ~~pupils per square mile, as determined by the department, and, beginning in 2007-2008, if~~
4 ~~the district does not receive funding under section 22d(2), the district's membership shall~~
5 ~~be considered to be the membership figure calculated under this subdivision. If a district~~
6 ~~educates and counts in its membership pupils in grades 9 to 12 who reside in a contiguous~~
7 ~~district that does not operate grades 9 to 12 and if 1 or both of the affected districts~~
8 ~~request the department to use the determination allowed under this sentence, the department~~
9 ~~shall include the square mileage of both districts in determining the number of pupils per~~
10 ~~square mile for each of the districts for the purposes of this subdivision. The membership~~
11 ~~figure calculated under this subdivision is the greater of the following.~~

12 ~~—— (i) The average of the district's membership for the 3 fiscal year period ending with~~
13 ~~that fiscal year, calculated by adding the district's actual membership for each of those 3~~
14 ~~fiscal years, as otherwise calculated under this subsection, and dividing the sum of those~~
15 ~~3 membership figures by 3.~~

16 ~~—— (ii) The district's actual membership for that fiscal year as otherwise calculated~~
17 ~~under this subsection.~~

18 (Y) ~~(z)~~ If a public school academy that is not in its first or second year of
19 operation closes at the end of a school year and does not reopen for the next school year,
20 the department shall adjust the membership count of the district in which a former pupil of
21 the public school academy enrolls and is in regular daily attendance for the next school
22 year to ensure that the district receives the same amount of membership aid for the pupil
23 as if the pupil were counted in the district on the supplemental count day of the preceding
24 school year.

25 (Z) ~~(aa)~~ Full-time equated memberships for preprimary-aged special education pupils
26 who are not enrolled in kindergarten but are enrolled in a classroom program under R
27 340.1754 of the Michigan administrative code shall be determined by dividing the number of

1 class hours scheduled and provided per year by 450. Full-time equated memberships for
2 preprimary-aged special education pupils who are not enrolled in kindergarten but are
3 receiving ~~nonclassroom~~ EARLY CHILDHOOD SPECIAL EDUCATION services under R 340.1755 of the
4 Michigan administrative code shall be determined by dividing the number of hours of service
5 scheduled and provided per year per pupil by 180.

6 (AA) ~~(bb)~~ A pupil of a district that begins its school year after Labor day who is
7 enrolled in an intermediate district program that begins before Labor day shall not be
8 considered to be less than a full-time pupil solely due to instructional time scheduled but
9 not attended by the pupil before Labor day.

10 ~~(cc) For the first year in which a pupil is counted in membership on the pupil~~
11 ~~membership count day in a middle college program described in section 64, the membership is~~
12 ~~the average of the full time equated membership on the pupil membership count day and on~~
13 ~~the supplemental count day for the current school year, as determined by the department. If~~
14 ~~a pupil was counted by the operating district on the immediately preceding supplemental~~
15 ~~count day, the pupil shall be excluded from the district's immediately preceding~~
16 ~~supplemental count for purposes of determining the district's membership.~~

17 (BB) ~~(dd)~~ A district that educates a pupil who attends a United States Olympic
18 education center may count the pupil in membership regardless of whether or not the pupil
19 is a resident of this state.

20 (CC) ~~(ee)~~ A pupil enrolled in a district other than the pupil's district of residence
21 pursuant to section 1148(2) of the revised school code, MCL 380.1148, shall be counted in
22 the educating district.

23 (5) "Public school academy" means that term as defined in the revised school code.

24 (6) "Pupil" means a person in membership in a public school. A district must have the
25 approval of the pupil's district of residence to count the pupil in membership, except
26 approval by the pupil's district of residence is not required for any of the following:

27 (a) A nonpublic part-time pupil enrolled in grades 1 to 12 in accordance with section

1 166b.

2 (b) A pupil receiving 1/2 or less of his or her instruction in a district other than
3 the pupil's district of residence.

4 (c) A pupil enrolled in a public school academy or university school.

5 (d) A pupil enrolled in a district other than the pupil's district of residence under
6 an intermediate district schools of choice pilot program as described in section 91a or
7 former section 91 if the intermediate district and its constituent districts have been
8 exempted from section 105.

9 (e) A pupil enrolled in a district other than the pupil's district of residence if
10 the pupil is enrolled in accordance with section 105 or 105c.

11 (f) A pupil who has made an official written complaint or whose parent or legal
12 guardian has made an official written complaint to law enforcement officials and to school
13 officials of the pupil's district of residence that the pupil has been the victim of a
14 criminal sexual assault or other serious assault, if the official complaint either
15 indicates that the assault occurred at school or that the assault was committed by 1 or
16 more other pupils enrolled in the school the pupil would otherwise attend in the district
17 of residence or by an employee of the district of residence. A person who intentionally
18 makes a false report of a crime to law enforcement officials for the purposes of this
19 subdivision is subject to section 411a of the Michigan penal code, 1931 PA 328, MCL
20 750.411a, which provides criminal penalties for that conduct. As used in this subdivision:

21 (i) "At school" means in a classroom, elsewhere on school premises, on a school bus
22 or other school-related vehicle, or at a school-sponsored activity or event whether or not
23 it is held on school premises.

24 (ii) "Serious assault" means an act that constitutes a felony violation of chapter XI
25 of the Michigan penal code, 1931 PA 328, MCL 750.81 to 750.90g, or that constitutes an
26 assault and infliction of serious or aggravated injury under section 81a of the Michigan
27 penal code, 1931 PA 328, MCL 750.81a.

1 (g) A pupil whose district of residence changed after the pupil membership count day
2 and before the supplemental count day and who continues to be enrolled on the supplemental
3 count day as a nonresident in the district in which he or she was enrolled as a resident on
4 the pupil membership count day of the same school year.

5 (h) A pupil enrolled in an alternative education program operated by a district other
6 than his or her district of residence who meets 1 or more of the following:

7 (i) The pupil has been suspended or expelled from his or her district of residence

19 section 11f. This section and any other provision of this act are not intended to admit
20 liability or waive any defense that is or would be available to this state or its agencies,

7 (4) The entire amount of each payment under this section each fiscal year shall be
8 paid on May 15 of the applicable fiscal year or on the next business day following that

23 state aid overpayments to a district, other than overpayments in payments for special
24 education or special education transportation, may be recovered from any payment made under
25 this act other than a special education or special education transportation payment. State

5 department, or as a result of information obtained by the department from the district, an

10 adjustment if the district would otherwise experience a significant hardship.

11 (3) If, because of the receipt of new or updated data, the department determines
12 during a fiscal year that the amount paid to a district or intermediate district under this
13 act for a prior fiscal year was incorrect under the law in effect for that year, the
14 department may make the appropriate deduction or payment in the district's or intermediate
15 district's allocation for the fiscal year in which the determination is made. The deduction
16 or payment shall be calculated according to the law in effect in the fiscal year in which
17 the improper amount was paid.

18 (4) Expenditures made by the department under this act that are caused by the write-
19 off of prior year accruals may be funded by revenue from the write-off of prior year

12 immediately preceding state fiscal year in the lowest foundation allowance among all
13 districts) divided by the difference between the basic foundation allowance for the current
14 state fiscal year and the sum of \$7,108.00 plus the total dollar amount of all adjustments
15 made from 2006-2007 to the immediately preceding state fiscal year in the lowest foundation
16 allowance among all districts]. For ~~2009-2010~~ 2011-2012 and for ~~2010-2011~~ 2012-2013, for a
17 district that had a foundation allowance for the immediately preceding state fiscal year
18 that was at least equal to the sum of \$7,108.00 plus the total dollar amount of all
19 adjustments made from 2006-2007 to the immediately preceding state fiscal year in the
20 lowest foundation allowance among all districts, but less than the basic foundation
21 allowance for the immediately preceding state fiscal year, the district shall receive a
22 foundation allowance in an amount equal to the district's foundation allowance for ~~the~~
23 ~~immediately preceding state~~ fiscal year 2010-2011 MINUS \$470.00. However, the foundation
24 allowance for a district that had less than the basic foundation allowance for the
25 immediately preceding state fiscal year shall not exceed the basic foundation allowance for
26 the current state fiscal year.

27 (b) Except as otherwise provided in this subsection, for a district that in the

1 immediately preceding state fiscal year had a foundation allowance in an amount at least
2 equal to the amount of the basic foundation allowance for the immediately preceding state
3 fiscal year, the district shall receive a foundation allowance in an amount equal to the
4 sum of the district's foundation allowance for ~~the immediately preceding state fiscal year~~
5 ~~plus the dollar amount of the adjustment from the immediately preceding state fiscal year~~
6 ~~to the current state fiscal year in the basic foundation allowance~~ FISCAL YEAR 2010-2011
7 MINUS \$470.00.

8 (c) Except as otherwise provided in subdivision (d), for a district that in the 1994-
9 95 state fiscal year had a foundation allowance greater than \$6,500.00, the district's
10 foundation allowance is an amount equal to the sum of the district's foundation allowance
11 for the immediately preceding state fiscal year plus the lesser of the increase in the
12 basic foundation allowance for the current state fiscal year, as compared to the
13 immediately preceding state fiscal year, or the product of the district's foundation
14 allowance for the immediately preceding state fiscal year times the percentage increase in
15 the United States consumer price index in the calendar year ending in the immediately
16 preceding fiscal year as reported by the May revenue estimating conference conducted under
17 section 367b of the management and budget act, 1984 PA 431, MCL 18.1367b. EXCEPT AS
18 OTHERWISE PROVIDED IN SUBDIVISION (D), FOR 2011-2012 AND FOR 2012-2013, FOR A DISTRICT THAT
19 IN THE 1994-1995 STATE FISCAL YEAR HAD A FOUNDATION ALLOWANCE GREATER THAN \$6,500.00, THE
20 DISTRICT'S FOUNDATION ALLOWANCE IS AN AMOUNT EQUAL TO THE SUM OF THE DISTRICT'S FOUNDATION
21 ALLOWANCE FOR THE 2010-2011 FISCAL YEAR MINUS \$470.00.

22 (d) ~~If House Bill No. 6212 of the 95th Legislature is enacted into law, then~~
23 ~~beginning~~ BEGINNING in 2011-2012, for a district that in the 1994-95 state fiscal year had
24 a foundation allowance greater than \$6,500.00 and that had a foundation allowance for the
25 2009-2010 state fiscal year, as otherwise calculated under this section, that was less than
26 the basic foundation allowance, the district's foundation allowance for 2011-2012 and each
27 succeeding fiscal year shall be considered to be an amount equal to the basic foundation

1 allowance.

2 (e) For a district that has a foundation allowance that is not a whole dollar amount,
3 the district's foundation allowance shall be rounded up to the nearest whole dollar.

4 (f) For a district that received a payment under section 22c as that section was in
5 effect for 2001-2002, the district's 2001-2002 foundation allowance shall be considered to
6 have been an amount equal to the sum of the district's actual 2001-2002 foundation
7 allowance as otherwise calculated under this section plus the per pupil amount of the
8 district's equity payment for 2001-2002 under section 22c as that section was in effect for
9 2001-2002.

10 (g) For a district that received a payment under section 22c as that section was in
11 effect for 2006-2007, the district's 2006-2007 foundation allowance shall be considered to
12 have been an amount equal to the sum of the district's actual 2006-2007 foundation
13 allowance as otherwise calculated under this section plus the per pupil amount of the
14 district's equity payment for 2006-2007 under section 22c as that section was in effect for
15 2006-2007.

16 (4) Except as otherwise provided in this subsection, the state portion of a
17 district's foundation allowance is an amount equal to the district's foundation allowance
18 or the basic foundation allowance for the current state fiscal year, whichever is less,
19 minus the difference between the sum of the product of the taxable value per membership
20 pupil of all property in the district that is nonexempt property times the district's
21 certified mills and, for a district with certified mills exceeding 12, the product of the
22 taxable value per membership pupil of property in the district that is commercial personal
23 property times the certified mills minus 12 mills and the quotient of the ad valorem
24 property tax revenue of the district captured under tax increment financing acts divided by
25 the district's membership excluding special education pupils. For a district described in
26 subsection (3)(c), the state portion of the district's foundation allowance is an amount
27 equal to \$6,962.00 plus the difference between the district's foundation allowance for the

1 current state fiscal year and the district's foundation allowance for 1998-99, minus the
2 difference between the sum of the product of the taxable value per membership pupil of all
3 property in the district that is nonexempt property times the district's certified mills
4 and, for a district with certified mills exceeding 12, the product of the taxable value per
5 membership pupil of property in the district that is commercial personal property times the
6 certified mills minus 12 mills and the quotient of the ad valorem property tax revenue of
7 the district captured under tax increment financing acts divided by the district's
8 membership excluding special education pupils. For a district that has a millage reduction
9 required under section 31 of article IX of the state constitution of 1963, the state
10 portion of the district's foundation allowance shall be calculated as if that reduction did
11 not occur. ~~For the purposes of state law, federal funding awarded to this state under title~~
12 ~~XIV of the American recovery and reinvestment act of 2009, Public Law 111 5, that is~~
13 ~~appropriated under section 11 and allocated under section 22b, is considered to be part of~~
14 ~~the state portion of a district's foundation allowance and is considered to be part of the~~
15 ~~total state school aid paid to a public school academy.~~

16 (5) The allocation calculated under this section for a pupil shall be based on the
17 foundation allowance of the pupil's district of residence. ~~However, for a pupil enrolled in~~
18 ~~a district other than the pupil's district of residence, if the foundation allowance of the~~
19 ~~pupil's district of residence has been adjusted pursuant to subsection (19), the allocation~~
20 ~~calculated under this section shall not include the adjustment described in subsection~~
21 ~~(19).~~ For a pupil enrolled pursuant to section 105 or 105c in a district other than the
22 pupil's district of residence, the allocation calculated under this section shall be based
23 on the lesser of the foundation allowance of the pupil's district of residence or the
24 foundation allowance of the educating district. For a pupil in membership in a K-5, K-6, or
25 K-8 district who is enrolled in another district in a grade not offered by the pupil's
26 district of residence, the allocation calculated under this section shall be based on the
27 foundation allowance of the educating district if the educating district's foundation

1 allowance is greater than the foundation allowance of the pupil's district of residence.
2 ~~The calculation under this subsection shall take into account a district's per pupil~~
3 ~~allocation under section 20j(2).~~

4 (6) Subject to subsection (7) and except as otherwise provided in this subsection,
5 for pupils in membership, other than special education pupils, in a public school academy
6 or a university school, the allocation calculated under this section is an amount per
7 membership pupil other than special education pupils in the public school academy or
8 university school equal to the foundation allowance of the district in which the public
9 school academy or university school is located or the state maximum public school academy
10 allocation, whichever is less. However, a public school academy or university school that
11 had an allocation under this subsection before 2009-2010 that was equal to the sum of the
12 local school operating revenue per membership pupil other than special education pupils for
13 the district in which the public school academy or university school is located and the
14 state portion of that district's foundation allowance shall not have that allocation
15 reduced as a result of the 2010 amendment to this subsection. Notwithstanding section 101,
16 for a public school academy that begins operations after the pupil membership count day,
17 the amount per membership pupil calculated under this subsection shall be adjusted by
18 multiplying that amount per membership pupil by the number of hours of pupil instruction
19 provided by the public school academy after it begins operations, as determined by the
20 department, divided by the minimum number of hours of pupil instruction required under
21 section 101(3). The result of this calculation shall not exceed the amount per membership
22 pupil otherwise calculated under this subsection.

23 (7) If more than 25% of the pupils residing within a district are in membership in 1
24 or more public school academies located in the district, then the amount per membership
25 pupil calculated under this section for a public school academy located in the district
26 shall be reduced by an amount equal to the difference between the sum of the product of the
27 taxable value per membership pupil of all property in the district that is nonexempt

1 property times the district's certified mills and, for a district with certified mills
2 exceeding 12, the product of the taxable value per membership pupil of property in the
3 district that is commercial personal property times the certified mills minus 12 mills and
4 the quotient of the ad valorem property tax revenue of the district captured under tax
5 increment financing acts divided by the district's membership excluding special education
6 pupils, in the school fiscal year ending in the current state fiscal year, calculated as if
7 the resident pupils in membership in 1 or more public school academies located in the
8 district were in membership in the district. In order to receive state school aid under
9 this act, a district described in this subsection shall pay to the authorizing body that is
10 the fiscal agent for a public school academy located in the district for forwarding to the
11 public school academy an amount equal to that local school operating revenue per membership
12 pupil for each resident pupil in membership other than special education pupils in the
13 public school academy, as determined by the department.

14 ~~(8) If a district does not receive an amount calculated under subsection (9), if the~~
15 ~~number of mills the district may levy on a principal residence, qualified agricultural~~
16 ~~property, qualified forest property, supportive housing property, industrial personal~~
17 ~~property, and commercial personal property under section 1211 of the revised school code,~~
18 ~~MCL 380.1211, is 0.5 mills or less; and if the district elects not to levy those mills, the~~
19 ~~district instead shall receive a separate supplemental amount calculated under this~~
20 ~~subsection in an amount equal to the amount the district would have received had it levied~~
21 ~~those mills, as determined by the department of treasury. A district shall not receive a~~
22 ~~separate supplemental amount calculated under this subsection for a fiscal year unless in~~
23 ~~the calendar year ending in the fiscal year the district levies the district's certified~~
24 ~~mills on property that is nonexempt property.~~

25 ~~(9) For a district that had combined state and local revenue per membership pupil in~~
26 ~~the 1993-94 state fiscal year of more than \$6,500.00 and that had fewer than 350 pupils in~~
27 ~~membership, if the district elects not to reduce the number of mills from which a principal~~

~~residence, qualified agricultural property, qualified forest property, supportive housing property, industrial personal property, and commercial personal property are exempt and not to levy school operating taxes on a principal residence, qualified agricultural property, qualified forest property, supportive housing property, industrial personal property, and commercial personal property as provided in section 1211 of the revised school code, MCL 380.1211, and not to levy school operating taxes on all property as provided in section 1211(2) of the revised school code, MCL 380.1211, there is calculated under this subsection for 1994-95 and each succeeding fiscal year a separate supplemental amount in an amount equal to the amount the district would have received per membership pupil had it levied school operating taxes on a principal residence, qualified agricultural property, qualified forest property, supportive housing property, industrial personal property, and commercial personal property at the rate authorized for the district under section 1211 of the revised school code, MCL 380.1211, and levied school operating taxes on all property at the rate authorized for the district under section 1211(2) of the revised school code, MCL 380.1211, as determined by the department of treasury. If in the calendar year ending in the fiscal year a district does not levy the district's certified mills on property that is nonexempt property, the amount calculated under this subsection will be reduced by the same percentage as the millage actually levied compares to the district's certified mills.~~

(8) ~~(10)~~ Subject to subsection (4), for a district that is formed or reconfigured after June 1, 2002 by consolidation of 2 or more districts or by annexation, the resulting district's foundation allowance under this section beginning after the effective date of the consolidation or annexation shall be the average of the foundation allowances of each of the original or affected districts, calculated as provided in this section, weighted as to the percentage of pupils in total membership in the resulting district who reside in the geographic area of each of the original or affected districts. ~~The calculation under this subsection shall take into account a district's per pupil allocation under section 20j(2).~~

(9) ~~(11)~~ Each fraction used in making calculations under this section shall be

1 rounded to the fourth decimal place and the dollar amount of an increase in the basic
2 foundation allowance shall be rounded to the nearest whole dollar.

3 (10) ~~(12)~~ State payments related to payment of the foundation allowance for a special
4 education pupil are not calculated under this section but are instead calculated under
5 section 51a.

6 (11) ~~(13)~~ To assist the legislature in determining the basic foundation allowance for
7 the subsequent state fiscal year, each revenue estimating conference conducted under
8 section 367b of the management and budget act, 1984 PA 431, MCL 18.1367b, shall calculate a
9 pupil membership factor, a revenue adjustment factor, and an index as follows:

10 (a) The pupil membership factor shall be computed by dividing the estimated
11 membership in the school year ending in the current state fiscal year, excluding
12 intermediate district membership, by the estimated membership for the school year ending in
13 the subsequent state fiscal year, excluding intermediate district membership. If a
14 consensus membership factor is not determined at the revenue estimating conference, the
15 principals of the revenue estimating conference shall report their estimates to the house
16 and senate subcommittees responsible for school aid appropriations not later than 7 days
17 after the conclusion of the revenue conference.

18 (b) The revenue adjustment factor shall be computed by dividing the sum of the
19 estimated total state school aid fund revenue for the subsequent state fiscal year plus the
20 estimated total state school aid fund revenue for the current state fiscal year, adjusted
21 for any change in the rate or base of a tax the proceeds of which are deposited in that
22 fund and excluding money transferred into that fund from the countercyclical budget and
23 economic stabilization fund under the management and budget act, 1984 PA 431, MCL 18.1101
24 to 18.1594, by the sum of the estimated total school aid fund revenue for the current state
25 fiscal year plus the estimated total state school aid fund revenue for the immediately
26 preceding state fiscal year, adjusted for any change in the rate or base of a tax the
27 proceeds of which are deposited in that fund. If a consensus revenue factor is not

1 determined at the revenue estimating conference, the principals of the revenue estimating
2 conference shall report their estimates to the house and senate subcommittees responsible
3 for school aid appropriations not later than 7 days after the conclusion of the revenue
4 conference.

5 (c) The index shall be calculated by multiplying the pupil membership factor by the
6 revenue adjustment factor. However, for ~~2009-2010 and for 2010-2011~~ 2011-2012, THE INDEX
7 SHALL BE .93575 AND FOR 2012-2013, the index shall be 1.00. If a consensus index is not
8 determined at the revenue estimating conference, the principals of the revenue estimating
9 conference shall report their estimates to the house and senate subcommittees responsible
10 for school aid appropriations not later than 7 days after the conclusion of the revenue
11 conference.

12 (12) ~~(14)~~ If the principals at the revenue estimating conference reach a consensus on
13 the index described in subsection ~~(13)~~(11)(c), the lowest foundation allowance among all
14 districts for the subsequent state fiscal year shall be at least the amount of that
15 consensus index multiplied by the lowest foundation allowance among all districts for the
16 immediately preceding state fiscal year.

17 ~~(15) If at the January revenue estimating conference it is estimated that pupil~~
18 ~~membership, excluding intermediate district membership, for the subsequent state fiscal~~
19 ~~year will be greater than 101% of the pupil membership, excluding intermediate district~~
20 ~~membership, for the current state fiscal year, then it is the intent of the legislature~~
21 ~~that the executive budget proposal for the school aid budget for the subsequent state~~
22 ~~fiscal year include a general fund/general purpose allocation sufficient to support the~~
23 ~~membership in excess of 101% of the current year pupil membership.~~

24 ~~(16) For a district that had combined state and local revenue per membership pupil in~~
25 ~~the 1993-94 state fiscal year of more than \$6,500.00, that had fewer than 7 pupils in~~
26 ~~membership in the 1993-94 state fiscal year, that has at least 1 child educated in the~~
27 ~~district in the current state fiscal year, and that levies the number of mills of school~~

1 ~~operating taxes authorized for the district under section 1211 of the revised school code,~~
2 ~~MCL 380.1211, a minimum amount of combined state and local revenue shall be calculated for~~
3 ~~the district as provided under this subsection. The minimum amount of combined state and~~
4 ~~local revenue for 1999-2000 shall be \$67,000.00 plus the district's additional expenses to~~
5 ~~educate pupils in grades 9 to 12 educated in other districts as determined and allowed by~~
6 ~~the department. The minimum amount of combined state and local revenue under this~~
7 ~~subsection, before adding the additional expenses, shall increase each fiscal year by the~~
8 ~~same percentage increase as the percentage increase in the basic foundation allowance from~~
9 ~~the immediately preceding fiscal year to the current fiscal year. The state portion of the~~
10 ~~minimum amount of combined state and local revenue under this subsection shall be~~
11 ~~calculated by subtracting from the minimum amount of combined state and local revenue under~~
12 ~~this subsection the sum of the district's local school operating revenue and an amount~~
13 ~~equal to the product of the sum of the state portion of the district's foundation allowance~~
14 ~~plus the amount calculated under section 20j times the district's membership. As used in~~
15 ~~this subsection, "additional expenses" means the district's expenses for tuition or fees,~~
16 ~~not to exceed the basic foundation allowance for the current state fiscal year, plus a room~~
17 ~~and board stipend not to exceed \$10.00 per school day for each pupil in grades 9 to 12~~
18 ~~educated in another district, as approved by the department.~~

19 ~~———— (17) For a district in which 7.75 mills levied in 1992 for school operating purposes~~
20 ~~in the 1992-93 school year were not renewed in 1993 for school operating purposes in the~~
21 ~~1993-94 school year, the district's combined state and local revenue per membership pupil~~
22 ~~shall be recalculated as if that millage reduction did not occur and the district's~~
23 ~~foundation allowance shall be calculated as if its 1994-95 foundation allowance had been~~
24 ~~calculated using that recalculated 1993-94 combined state and local revenue per membership~~
25 ~~pupil as a base. A district is not entitled to any retroactive payments for fiscal years~~
26 ~~before 2000-2001 due to this subsection.~~

27 ~~———— (18) For a district in which an industrial facilities exemption certificate that~~

1 ~~abated taxes on property with a state equalized valuation greater than the total state~~
2 ~~equalized valuation of the district at the time the certificate was issued or~~
3 ~~\$700,000,000.00, whichever is greater, was issued under 1974 PA 198, MCL 207.551 to~~
4 ~~207.572, before the calculation of the district's 1994-95 foundation allowance, the~~
5 ~~district's foundation allowance for 2002-2003 is an amount equal to the sum of the~~
6 ~~district's foundation allowance for 2002-2003, as otherwise calculated under this section,~~
7 ~~plus \$250.00.~~

8 ~~———— (19) For a district that received a grant under former section 32e for 2001-2002, the~~
9 ~~district's foundation allowance for 2002-2003 and each succeeding fiscal year shall be~~
10 ~~adjusted to be an amount equal to the sum of the district's foundation allowance, as~~
11 ~~otherwise calculated under this section, plus the quotient of 100% of the amount of the~~
12 ~~grant award to the district for 2001-2002 under former section 32e divided by the number of~~
13 ~~pupils in the district's membership for 2001-2002 who were residents of and enrolled in the~~
14 ~~district. Except as otherwise provided in this subsection, a district qualifying for a~~
15 ~~foundation allowance adjustment under this subsection shall use the funds resulting from~~
16 ~~this adjustment for at least 1 of grades K to 3 for purposes allowable under former section~~
17 ~~32e as in effect for 2001-2002, and may also use these funds for an early intervening~~
18 ~~program described in subsection (20). For an individual school or schools operated by a~~
19 ~~district qualifying for a foundation allowance under this subsection that have been~~
20 ~~determined by the department to meet the adequate yearly progress standards of the federal~~
21 ~~no child left behind act of 2001, Public Law 107-110, in both mathematics and English~~
22 ~~language arts at all applicable grade levels for all applicable subgroups, the district may~~
23 ~~submit to the department an application for flexibility in using the funds resulting from~~
24 ~~this adjustment that are attributable to the pupils in the school or schools. The~~
25 ~~application shall identify the affected school or schools and the affected funds and shall~~
26 ~~contain a plan for using the funds for specific purposes identified by the district that~~
27 ~~are designed to reduce class size, but that may be different from the purposes otherwise~~

1 ~~allowable under this subsection. The department shall approve the application if the~~
2 ~~department determines that the purposes identified in the plan are reasonably designed to~~
3 ~~reduce class size. If the department does not act to approve or disapprove an application~~
4 ~~within 30 days after it is submitted to the department, the application is considered to be~~
5 ~~approved. If an application for flexibility in using the funds is approved, the district~~
6 ~~may use the funds identified in the application for any purpose identified in the plan.~~

7 ~~—— (20) An early intervening program that uses funds resulting from the adjustment under~~
8 ~~subsection (19) shall meet either or both of the following:~~

9 ~~—— (a) Shall monitor individual pupil learning for pupils in grades K to 3 and provide~~
10 ~~specific support or learning strategies to pupils in grades K to 3 as early as possible in~~
11 ~~order to reduce the need for special education placement. The program shall include~~
12 ~~literacy and numeracy supports, sensory motor skill development, behavior supports,~~
13 ~~instructional consultation for teachers, and the development of a parent/school learning~~
14 ~~plan. Specific support or learning strategies may include support in or out of the general~~
15 ~~classroom in areas including reading, writing, math, visual memory, motor skill~~
16 ~~development, behavior, or language development. These would be provided based on an~~
17 ~~understanding of the individual child's learning needs.~~

18 ~~—— (b) Shall provide early intervening strategies for pupils in grades K to 3 using~~
19 ~~schoolwide systems of academic and behavioral supports and shall be scientifically~~
20 ~~research based. The strategies to be provided shall include at least pupil performance~~
21 ~~indicators based upon response to intervention, instructional consultation for teachers,~~
22 ~~and ongoing progress monitoring. A schoolwide system of academic and behavioral support~~
23 ~~should be based on a support team available to the classroom teachers. The members of this~~
24 ~~team could include the principal, special education staff, reading teachers, and other~~
25 ~~appropriate personnel who would be available to systematically study the needs of the~~
26 ~~individual child and work with the teacher to match instruction to the needs of the~~
27 ~~individual child.~~

1 ~~———— (21) For a district that levied 1.9 mills in 1993 to finance an operating deficit,~~
2 ~~the district's foundation allowance shall be calculated as if those mills were included as~~
3 ~~operating mills in the calculation of the district's 1994-1995 foundation allowance. A~~
4 ~~district is not entitled to any retroactive payments for fiscal years before 2006-2007 due~~
5 ~~to this subsection. A district receiving an adjustment under this subsection shall not~~
6 ~~receive more than \$800,000.00 for a fiscal year as a result of this adjustment.~~

7 ~~———— (22) For a district that levied 2.23 mills in 1993 to finance an operating deficit,~~
8 ~~the district's foundation allowance shall be calculated as if those mills were included as~~
9 ~~operating mills in the calculation of the district's 1994-1995 foundation allowance. A~~
10 ~~district is not entitled to any retroactive payments for fiscal years before 2006-2007 due~~
11 ~~to this subsection. A district receiving an adjustment under this subsection shall not~~
12 ~~receive more than \$500,000.00 for a fiscal year as a result of this adjustment.~~

13 (13) ~~(23)~~ Payments to districts, university schools, or public school academies shall
14 not be made under this section. Rather, the calculations under this section shall be used
15 to determine the amount of state payments under section 22b.

16 (14) ~~(24)~~ If an amendment to section 2 of article VIII of the state constitution of
17 1963 allowing state aid to some or all nonpublic schools is approved by the voters of this
18 state, each foundation allowance or per pupil payment calculation under this section may be
19 reduced.

20 (15) ~~(26)~~ As used in this section:

21 (a) "Certified mills" means the lesser of 18 mills or the number of mills of school
22 operating taxes levied by the district in 1993-94.

23 (b) "Combined state and local revenue" means the aggregate of the district's state
24 school aid received by or paid on behalf of the district under this section and the
25 district's local school operating revenue.

26 (c) "Combined state and local revenue per membership pupil" means the district's
27 combined state and local revenue divided by the district's membership excluding special

1 education pupils.

2 (d) "Current state fiscal year" means the state fiscal year for which a particular
3 calculation is made.

4 (e) "Immediately preceding state fiscal year" means the state fiscal year immediately
5 preceding the current state fiscal year.

6 (f) "Local school operating revenue" means school operating taxes levied under
7 section 1211 of the revised school code, MCL 380.1211.

8 (g) "Local school operating revenue per membership pupil" means a district's local
9 school operating revenue divided by the district's membership excluding special education
10 pupils.

11 (h) "Maximum public school academy allocation", except as otherwise provided in this
12 subdivision, means the maximum per-pupil allocation as calculated by adding the highest
13 per-pupil allocation among all public school academies for the immediately preceding state
14 fiscal year plus the difference between twice the dollar amount of the adjustment from the
15 immediately preceding state fiscal year to the current state fiscal year made in the basic
16 foundation allowance and [(the dollar amount of the adjustment from the immediately

24 adjustments made from 2006-2007 to the immediately preceding state fiscal year in the
25 lowest per-pupil allocation among all public school academies]. For ~~2009-2010~~ 2011-2012 and

24 district's combined state and local revenue per membership pupil in 1993-94 and in making
25 calculations under section 20 for ~~2010-2011~~ 2011-2012, the department and the department of
26 treasury shall comply with all of the following:

27 (a) For a district that had combined state and local revenue per membership pupil in

23 Sec. 22a. (1) From the appropriation in section ~~11~~ 192(2) FOR BASIC OPERATIONS, there
24 is allocated an amount ~~not to exceed \$5,796,241,000.00 for 2009-2010 and an amount not to~~
25 ~~exceed \$5,764,000,000.00 for 2010-2011~~ for payments to districts, qualifying university
26 schools, and qualifying public school academies to guarantee each district, qualifying
27 university school, and qualifying public school academy an amount equal to its 1994-95

1 total state and local per pupil revenue for school operating purposes under section 11 of
2 article IX of the state constitution of 1963. Pursuant to section 11 of article IX of the
3 state constitution of 1963, this guarantee does not apply to a district in a year in which
4 the district levies a millage rate for school district operating purposes less than it
5 levied in 1994. However, subsection (2) applies to calculating the payments under this
6 section. Funds allocated under this section that are not expended in the state fiscal year
7 for which they were allocated, as determined by the department, may be used to supplement
8 the allocations under sections 22b and 51c in order to fully fund those calculated
9 allocations for the same fiscal year.

10 (2) To ensure that a district receives an amount equal to the district's 1994-95
11 total state and local per pupil revenue for school operating purposes, there is allocated
12 to each district a state portion of the district's 1994-95 foundation allowance in an
13 amount calculated as follows:

14 (a) Except as otherwise provided in this subsection, the state portion of a
15 district's 1994-95 foundation allowance is an amount equal to the district's 1994-95
16 foundation allowance or \$6,500.00, whichever is less, minus the difference between the sum
17 of the product of the taxable value per membership pupil of all property in the district
18 that is nonexempt property times the district's certified mills and, for a district with
19 certified mills exceeding 12, the product of the taxable value per membership pupil of
20 property in the district that is commercial personal property times the certified mills
21 minus 12 mills and the quotient of the ad valorem property tax revenue of the district
22 captured under tax increment financing acts divided by the district's membership. For a
23 district that has a millage reduction required under section 31 of article IX of the state
24 constitution of 1963, the state portion of the district's foundation allowance shall be
25 calculated as if that reduction did not occur.

26 (b) For a district that had a 1994-95 foundation allowance greater than \$6,500.00,
27 the state payment under this subsection shall be the sum of the amount calculated under

1 subdivision (a) plus the amount calculated under this subdivision. The amount calculated
2 under this subdivision shall be equal to the difference between the district's 1994-95
3 foundation allowance minus \$6,500.00 and the current year hold harmless school operating
4 taxes per pupil. If the result of the calculation under subdivision (a) is negative, the
5 negative amount shall be an offset against any state payment calculated under this
6 subdivision. If the result of a calculation under this subdivision is negative, there shall
7 not be a state payment or a deduction under this subdivision. The taxable values per
8 membership pupil used in the calculations under this subdivision are as adjusted by ad
9 valorem property tax revenue captured under tax increment financing acts divided by the
10 district's membership.

11 (3) Beginning in 2003-2004, for pupils in membership in a qualifying public school
12 academy or qualifying university school, there is allocated under this section to the
13 authorizing body that is the fiscal agent for the qualifying public school academy for
14 forwarding to the qualifying public school academy, or to the board of the public
15 university operating the qualifying university school, an amount equal to the 1994-95 per
16 pupil payment to the qualifying public school academy or qualifying university school under
17 section 20.

18 (4) A district, qualifying university school, or qualifying public school academy may
19 use funds allocated under this section in conjunction with any federal funds for which the
20 district, qualifying university school, or qualifying public school academy otherwise would
21 be eligible.

22 (5) For a district that is formed or reconfigured after June 1, 2000 by consolidation
23 of 2 or more districts or by annexation, the resulting district's 1994-95 foundation
24 allowance under this section beginning after the effective date of the consolidation or
25 annexation shall be the average of the 1994-95 foundation allowances of each of the
26 original or affected districts, calculated as provided in this section, weighted as to the
27 percentage of pupils in total membership in the resulting district in the state fiscal year

1 in which the consolidation takes place who reside in the geographic area of each of the
2 original districts. If an affected district's 1994-95 foundation allowance is less than the
3 1994-95 basic foundation allowance, the amount of that district's 1994-95 foundation
4 allowance shall be considered for the purpose of calculations under this subsection to be

 17 ~~These funds shall be distributed in a form and manner determined by the department based on~~
 18 ~~an equal dollar amount per the number of membership pupils used to calculate the final~~

21 (2) ~~(3)~~ Subject to subsection ~~(4)~~ (3) and section ~~11~~ 192, the allocation to a
 22 district under this section shall be an amount equal to the sum of the amounts calculated

6 subsection (1). If funds are placed in escrow under this subsection, those funds are a work
7 project appropriation and the funds are carried forward into the following fiscal year. The
8 purpose of the work project is to provide for any payments that may be awarded to districts
9 as a result of the litigation. The work project shall be completed upon resolution of the

20 AT LEAST THE SAME PERCENTAGE OF THE COSTS OF THOSE SERVICES AS STATE EMPLOYEES SHALL BE
21 ELIGIBLE FOR A PAYMENT FROM THIS SUBSECTION.

22 Sec. 24. (1) From the appropriation in section ~~11~~ 192(4) FOR STUDENT SUPPLEMENTAL

9 juvenile detention facility or child caring institution licensed by the department of human

13 from total costs, as approved by the department, in whole or in part, for educating those
14 pupils in the on-grounds education program or in a program approved by the department that
15 is located on property adjacent to a juvenile detention facility or child caring
16 institution. Costs reimbursed by federal funds are not included.

17 (b) "Department's approved per pupil allocation" for a district or intermediate
18 district shall be determined by dividing the total amount allocated under this section for
19 a fiscal year by the full-time equated membership total for all pupils approved by the
20 department to be funded under this section for that fiscal year for the district or
21 intermediate district.

22 (3) A district or intermediate district educating pupils described in this section at
23 a residential child caring institution may operate, and receive funding under this section
24 for, a department-approved on-grounds educational program for those pupils that is longer

26 as a child caring institution and offered in 1991-92 an on-grounds educational program that
27 was longer than 181 days but not longer than 233 days and that was operated by a district

1 or intermediate district.

2 (4) Special education pupils funded under section 53a shall not be funded under this
3 section.

4 Sec. 24a. From the appropriation in section ~~11~~ 192(4) FOR STUDENT SUPPLEMENTAL

7 intermediate districts for pupils who are placed in juvenile justice service facilities
8 operated by the department of human services. Each intermediate district shall receive an
9 amount equal to the state share of those costs that are clearly and directly attributable
10 to the educational programs for pupils placed in facilities described in this section that
11 are located within the intermediate district's boundaries. The intermediate districts
12 receiving payments under this section shall cooperate with the department of human services
13 to ensure that all funding allocated under this section is utilized by the intermediate
14 district and department of human services for educational programs for pupils described in
15 this section. Pupils described in this section are not eligible to be funded under section
16 24. However, a program responsibility or other fiscal responsibility associated with these
17 pupils shall not be transferred from the department of human services to a district or
18 intermediate district unless the district or intermediate district consents to the
19 transfer.

20 Sec. 24c. From the appropriation in section ~~11~~ 192(4) FOR STUDENT SUPPLEMENTAL
21 SERVICES, there is allocated an amount ~~not to exceed \$742,300.00 for 2010-2011~~ for payments
22 to districts for pupils who are enrolled in a nationally administered community-based
23 education and youth mentoring program, known as the youth challenge program, that is
24 located within the district and is administered by the department of military and veterans
25 affairs. Both of the following apply to a district receiving payments under this section:

26 (a) The district shall contract with the department of military and veterans affairs
27 to ensure that all funding allocated under this section is utilized by the district and the

1 department of military and veterans affairs for the youth challenge program.

2 (b) The district may retain for its administrative expenses an amount not to exceed
3 3% of the amount of the payment the district receives under this section.

10 to avoid or minimize any proration that would otherwise be required under subsection (14)
11 for that fiscal year.

6 forfeited to the school aid fund.

7 (9) In order to receive funds under this section, a district or public school academy
8 shall allow access for the department or the department's designee to audit all records

13 in grades K-6, or any combination of those grades, in school buildings in which the
14 percentage of pupils described in subsection (1) exceeds the district's aggregate
15 percentage of those pupils. Subject to subsections (5), (6), (7), (12), and (13), if a
16 district obtains a waiver from the department, the district may use up to 100% of the funds
17 it receives under this section to reduce the ratio of pupils to teachers in grades K-6, or
18 any combination of those grades, in school buildings in which the percentage of pupils
19 described in subsection (1) is at least 60% of the district's aggregate percentage of those
20 pupils and at least 30% of the total number of pupils enrolled in the school building. To
21 obtain a waiver, a district must apply to the department and demonstrate to the
22 satisfaction of the department that the class size reductions would be in the best
23 interests of the district's at-risk pupils.

7 that are attributable to the pupils in the school or schools. The application shall
8 identify the affected school or schools and the affected funds and shall contain a plan for
9 using the funds for specific purposes identified by the district that are designed to
10 benefit at-risk pupils in the school, but that may be different from the purposes otherwise
11 allowable under this section. The department shall approve the application if the
12 department determines that the purposes identified in the plan are reasonably designed to
13 benefit at-risk pupils in the school. If the department does not act to approve or
14 disapprove an application within 30 days after it is submitted to the department, the
15 application is considered to be approved. If an application for flexibility in using the
16 funds is approved, the district may use the funds identified in the application for any
17 purpose identified in the plan.

18 (13) A district or public school academy that receives funds under this section may
19 use funds it receives under this section to implement and operate an early intervening
20 program for pupils in grades K to 3 that meets either or both of the following:

21 (a) Monitors individual pupil learning and provides specific support or learning
22 strategies to pupils as early as possible in order to reduce the need for special education

7 the classroom teachers. The members of this team could include the principal, special
8 education staff, reading teachers, and other appropriate personnel who would be available
9 to systematically study the needs of the individual child and work with the teacher to
10 match instruction to the needs of the individual child.

12 department shall prorate payments under this section by reducing the amount of the per
13 pupil payment under this section by a dollar amount calculated by determining the amount by
14 which the amount necessary to fully fund the requirements of this section exceeds the
15 maximum amount allocated under this section and then dividing that amount by the total

23 district that was eligible before the consolidation for an additional allowance under this
24 section.

14 ~~subdivision in any subsequent fiscal year.~~

15 (2) To be eligible to receive payments under this section, a district shall comply
16 with this section and section 39. To receive competitive grant payments under this section,
17 an eligible grant recipient shall comply with this section and section 321.

21 have participated in great start readiness programs.

22 (4) To be eligible for funding under this section, a program shall prepare children
23 for success in school through comprehensive part-day or ~~full~~ SCHOOL-day programs that
24 contain all of the following program components, as determined by the department:

25 (a) Participation in a collaborative recruitment and enrollment process. At a
26 minimum, the process shall include all other funded preschool programs that may serve
27 children in the same geographic area, to assure that each child is enrolled in the program

1 most appropriate to his or her needs and to maximize the use of federal, state, and local
2 funds.

3 (b) An age-appropriate educational curriculum that is in compliance with the early
4 childhood standards of quality for prekindergarten children adopted by the state board.

25 (b) Ensure that more than 75% of the children participating in an eligible great
26 start readiness program are children who live with families with a household income that is
27 equal to or less than 300% of the federal poverty level.

1 (c) Ensure that the applicant only employs qualified personnel for this program, as
2 follows:

3 (i) Teachers possessing proper training. For programs ~~the district manages itself~~
4 MANAGED DIRECTLY BY A SCHOOL DISTRICT, a valid teaching certificate and an early childhood
5 (ZA OR ZS) endorsement are required. This provision does not apply to a district OR
6 COMPETITIVE GRANTEE that subcontracts with an eligible child development program. In that
7 situation, a teacher must have a valid Michigan teaching certificate with an early
8 childhood (ZA OR ZS) endorsement, a valid Michigan ELEMENTARY teaching certificate with a
9 child development associate credential, or a bachelor's degree in child development with
10 specialization in preschool teaching. However, ~~both of the following apply to this~~
11 ~~subparagraph.~~

12 ~~—— (A) If~~ IF a district demonstrates to the department that it is unable to fully comply
13 with this subparagraph after making reasonable efforts to comply, teachers who have
14 significant but incomplete training in early childhood education or child development may
15 be employed by the district if the district provides to the department, and the department
16 approves, a plan for each teacher to come into compliance with the standards in this
17 subparagraph. A teacher's compliance plan must be completed within 4 2 years of the date of
18 employment. Progress toward completion of the compliance plan shall consist of at least 2
19 courses per calendar year.

20 ~~(B) For a subcontracted program, the department shall consider a teacher with 90~~
21 ~~credit hours and at least 4 years' teaching experience in a qualified preschool program to~~
22 ~~meet the requirements under this subparagraph.~~

24 including an associate's degree in early childhood education or child development or the
25 equivalent, or a child development associate (CDA) credential, ~~or the equivalent as~~
26 ~~approved by the state board.~~ However, if a district demonstrates to the department that it
27 is unable to fully comply with this subparagraph after making reasonable efforts to comply,

1 the district may employ paraprofessionals who have completed at least 1 CREDIT-BEARING
2 course in early childhood education or child development if the district provides to the
3 department, and the department approves, a plan for each paraprofessional to come into
4 compliance with the standards in this subparagraph. A paraprofessional's compliance plan
5 must be completed within 2 years of the date of employment. Progress toward completion of
6 the compliance plan shall consist of at least 2 courses or 60 clock hours of training per
7 calendar year.

8 (d) Include a program budget that contains only those costs that are not reimbursed
9 or reimbursable by federal funding, that are clearly and directly attributable to the great
10 start readiness program, and that would not be incurred if the program were not being
11 offered. The program budget shall indicate the extent to which these funds will supplement
12 other federal, state, local, or private funds. Funds received under this section shall not
13 be used to supplant any federal funds by the applicant to serve children eligible for a
14 federally funded existing preschool program that has the capacity to serve those children.

15 (6) For a grant recipient that enrolls pupils in a ~~full~~ SCHOOL-day program funded
16 under this section, each child enrolled in the ~~full~~ SCHOOL-day program shall be counted as
17 2 children served by the program for purposes of determining the number of children to be
18 served and for determining the amount of the grant award. A grant award shall not be
19 increased solely on the basis of providing a ~~full~~ SCHOOL-day program. As used in this
20 subsection, "~~full~~ SCHOOL-day program" means a program that operates for at least the same
21 length of day as a district's first grade program for a minimum of 4 days per week, 30
22 weeks per year. A classroom that offers a ~~full~~ SCHOOL-day program must enroll all children
23 for the ~~full~~ SCHOOL day to be considered a ~~full~~ SCHOOL-day program.

24 (7) A district or consortium of districts OR COMPETITIVE GRANTEE receiving a grant
25 under this section may contract with for-profit or nonprofit preschool center providers
26 that meet all requirements of subsection (4) and retain for administrative services an
27 amount equal to not more than 5% of the grant amount. A district or consortium of districts

1 OR COMPETITIVE GRANTEE may expend not more than 10% of the total grant amount for
2 administration of the program.

3 (8) Any public or private for-profit or nonprofit legal entity or agency may apply
4 for a competitive grant under this section. However, a district or intermediate district
5 may not apply for a competitive grant under this section unless the district, intermediate
6 district, or consortium of districts or intermediate districts is acting as a local grantee
7 for the federal head start program operating under the head start act, 42 USC 9831 to 9852.

8 (9) A recipient of funds under this section shall report to the department ~~on the~~
9 ~~midyear report~~ IN A FORM AND MANNER DETERMINED BY THE DEPARTMENT the number of children
10 participating in the program who meet the income or other eligibility criteria prescribed
11 by the department and the total number of children participating in the program. For
12 children participating in the program who meet the income or other eligibility criteria
13 specified under subsection (5)(b), a recipient shall also report whether or not a parent is
14 available to provide care based on employment status. For the purposes of this subsection,
15 "employment status" shall be defined by the department of human services in a manner
16 consistent with maximizing the amount of spending that may be claimed for temporary
17 assistance for needy families maintenance of effort purposes.

18 (10) As used in this section, "part-day program" means a program that operates at
19 least 4 days per week, 30 weeks per year, for at least 3 hours of teacher-child contact
20 time per day but for fewer hours of teacher-child contact time per day than a ~~full~~ SCHOOL-
21 day program as defined in subsection (6). A FULL-DAY PROGRAM PROVIDES SUPPLEMENTARY CHILD
22 CARE THAT TOTALS AT LEAST 10 HOURS OF PROGRAMMING PER DAY.

23 (11) A ~~district or intermediate district~~ GRANTEE receiving funds under this section
24 is encouraged to establish a sliding scale of tuition rates based upon a child's family
25 income for the purpose of expanding eligible programs under this section. A ~~district or~~
26 ~~intermediate district~~ GRANTEE may charge tuition for programs provided under this section
27 according to that sliding scale of tuition rates on a uniform basis for any child who does

1 not meet the program eligibility requirements under this section.

2 Sec. 32j. (1) From the ~~appropriations~~ APPROPRIATION in section ~~11~~ 192(7) FOR EARLY
3 CHILDHOOD EDUCATION, there is allocated an amount ~~not to exceed \$5,000,000.00 for 2010-2011~~
4 for great parents, great start grants to intermediate districts to provide programs for
5 parents with young children. The purpose of these programs is to encourage early
6 mathematics and reading literacy, improve school readiness, reduce the need for special
7 education services, and foster the maintenance of stable families by encouraging positive
8 parenting skills.

9 (2) To qualify for funding under this section, a program shall provide services to
10 all families with children age 5 or younger residing within the intermediate district who
11 choose to participate, including at least all of the following services:

12 (a) Providing parents with information on child development from birth to age 5.

13 (b) Providing parents with methods to enhance parent-child interaction that promote
14 social and emotional development and age-appropriate language, mathematics, and early
15 reading skills for young children; including, but not limited to, encouraging parents to
16 read to their preschool children at least 1/2 hour per day.

17 (c) Providing parents with examples of learning opportunities to promote
18 intellectual, physical, and social growth of young children, including the acquisition of
19 age-appropriate language, mathematics, and early reading skills.

20 (d) Promoting access to needed community services through a community-school-home
21 partnership.

22 (3) To receive a grant under this section, an intermediate district shall submit a
23 plan to the department not later than October 15, ~~2010~~ 2011 in the form and manner
24 prescribed by the department. The plan shall do all of the following in a manner prescribed
25 by the department:

26 (a) Provide a plan for the delivery of the program components described in subsection

27 (2) that targets resources based on family need and provides for educators trained in child

1 development to help parents understand their role in their child's developmental process,
2 thereby promoting school readiness and mitigating the need for special education services.

3 (b) Demonstrate an adequate collaboration of local entities involved in providing
4 programs and services for preschool children and their parents and, where there is a great
5 start collaborative, demonstrate that the planned services are part of the community's
6 great start strategic plan.

7 (c) Provide a projected budget for the program to be funded. The intermediate
8 district shall provide at least a 20% local match from local public or private resources
9 for the funds received under this section. Not more than 1/2 of this matching requirement,
10 up to a total of 10% of the total project budget, may be satisfied through in-kind services
11 provided by participating providers of programs or services. In addition, not more than 10%
12 of the grant may be used for program administration.

13 (4) Each intermediate district receiving a grant under this section shall agree to
14 include a data collection system approved by the department. The data collection system
15 shall provide a report by October 15 of each year on the number of children in families
16 with income below 200% of the federal poverty level that received services under this
17 program and the total number of children who received services under this program.

18 (5) The department or superintendent, as applicable, shall do all of the following:

19 (a) The superintendent shall approve or disapprove the plans and notify the
20 intermediate district of that decision not later than November 15, ~~2010~~ 2011. The amount
21 allocated to each intermediate district shall be at least an amount equal to 100% of the
22 intermediate district's ~~2009-2010~~ 2010-2011 payment under this section.

23 (b) The department shall ensure that all programs funded under this section utilize
24 the most current validated research-based methods and curriculum for providing the program
25 components described in subsection (2).

26 ~~(c) The department shall submit a report to the state budget director and the senate~~
27 ~~and house fiscal agencies summarizing the data collection reports described in subsection~~

1 ~~(4) by December 1 of each year.~~

2 (6) An intermediate district receiving funds under this section shall use the funds
3 only for the program funded under this section. An intermediate district receiving funds
4 under this section may carry over any unexpended funds received under this section into the
5 next fiscal year and may expend those unused funds in the next fiscal year. A recipient of
6 a grant shall return any unexpended grant funds to the department in the manner prescribed
7 by the department not later than September 30 of the next fiscal year after the fiscal year
8 in which the funds are received.

9 Sec. 39. (1) A district receiving funds under section 32d shall submit a
10 preapplication, in a form and manner prescribed by the department, by a date specified by
11 the department in the immediately preceding state fiscal year. The preapplication shall
12 include a comprehensive needs assessment and community collaboration plan, which is
13 endorsed by the local great start collaborative and is part of the community's great start
14 strategic plan that includes, but is not limited to, great start readiness program and head
15 start providers, and shall identify all of the following:

16 (a) The estimated total number of children in the community who meet the criteria of
17 section 32d and how that calculation was made.

18 (b) The estimated number of children in the community who meet the criteria of
19 section 32d and are being served by other early childhood development programs operating in
20 the community, and how that calculation was made.

21 (c) The number of children the district will be able to serve who meet the criteria
22 of section 32d including a verification of physical facility and staff resources capacity.

23 (d) The estimated number of children who meet the criteria of section 32d who will
24 remain unserved after the district and community early childhood programs have met their
25 funded enrollments. The school district shall maintain a waiting list of identified
26 unserved eligible children who would be served when openings are available.

27 (2) A district receiving funds under section 32d shall also submit a final

1 application for approval, in a form and manner prescribed by the department, by a date
2 specified by the department, that details how the district complies with the program
3 components established by the department pursuant to section 32d.

4 (3) The number of prekindergarten children construed to be in need of special
5 readiness assistance under section 32d shall be calculated for each district in the
6 following manner: 1/2 of the percentage of the district's pupils in grades 1 to 5 who are
7 eligible for free lunch, as determined using the district's pupil membership count as of
8 the pupil membership count day in the school year prior to the fiscal year for which the
9 calculation is made, under the Richard B. Russell national school lunch act, 42 USC 1751 to
10 1769i, shall be multiplied by the average kindergarten enrollment of the district on the
11 pupil membership count day of the 2 immediately preceding fiscal years.

12 (4) Beginning in 2008-2009, the initial allocation for each fiscal year to each
13 eligible district under section 32d shall be determined by multiplying the number of
14 children determined by the formula under subsection (3) or the number of children the
15 district indicates it will be able to serve under subsection (1)(c), whichever is less, by
16 \$3,400.00 and shall be distributed among districts in decreasing order of concentration of
17 eligible children as determined by the formula under subsection (3). If the number of
18 children a district indicates it will be able to serve under subsection (1)(c) includes
19 children able to be served in a ~~full~~ SCHOOL-day program, then the number able to be served
20 in a ~~full~~ SCHOOL-day program shall be doubled for the purposes of making this calculation
21 of the lesser of the number of children determined by the formula under subsection (3) and
22 the number of children the district indicates it will be able to serve under subsection
23 (1)(c) and determining the amount of the initial allocation to the district under section
24 32d. A district may contract with a head start agency to serve children enrolled in head
25 start with a ~~full~~ SCHOOL-day program by blending head start funds with a part-day great
26 start readiness program allocation. All head start and great start readiness program
27 policies and regulations apply to the blended program.

1 (5) If funds ~~appropriated~~ ALLOCATED for eligible districts in section 32d remain
2 after the initial allocation under subsection (4), the allocation under this subsection
3 shall be distributed to each eligible district under section 32d in decreasing order of
4 concentration of eligible children as determined by the formula under subsection (3). The
5 allocation shall be determined by multiplying the number of children each eligible district
6 served in the immediately preceding fiscal year, ~~including the number of children the~~
7 ~~district would have served if it had not satisfied all or part of the reduction under~~
8 ~~section 11d from funding under this section,~~ or the number of children the district
9 indicates it will be able to serve under subsection (1)(c), whichever is less, minus the
10 number of children for which the district received funding in subsection (4) by \$3,400.00.

11 (6) If funds ~~appropriated~~ ALLOCATED for eligible districts in section 32d remain
12 after the allocations under subsections (4) and (5), remaining funds shall be distributed
13 to each eligible district under section 32d in decreasing order of concentration of
14 eligible children as determined by the formula under subsection (3). If the number of
15 children the district indicates it will be able to serve under subsection (1)(c) exceeds
16 the number of children for which funds have been received under subsections (4) and (5),
17 the allocation under this subsection shall be determined by multiplying the number of
18 children the district indicates it will be able to serve under subsection (1)(c) less the
19 number of children for which funds have been received under subsections (4) and (5) by
20 \$3,400.00 until the funds allocated for eligible districts in section 32d are distributed.

21 (7) If a district is participating in a program under section 32d for the first year,
22 the maximum allocation under this section is 32 multiplied by \$3,400.00.

23 (8) A district that offers supplementary ~~day~~ CHILD care funded by funds other than
24 those received under this section and therefore offers full-day programs as part of its
25 early childhood development program shall receive priority in the allocation of funds under
26 section 32d over other eligible districts.

27 (9) For any district with 315 or more eligible pupils, the number of eligible pupils

1 shall be 65% of the number calculated using the formula under subsection (3). However, none
2 of these districts may have less than 315 pupils for purposes of calculating the tentative
3 allocation for eligible districts under section 32d.

4 (10) If, taking into account the total amount to be allocated to the district as
5 calculated under this section, a district determines that it is able to include additional
6 eligible children in the great start readiness program without additional funds under
7 section 32d, the district may include additional eligible children but shall not receive
8 additional funding under section 32d for those children.

9 (11) A consortium of 2 or more districts shall be eligible for an allocation under
10 section 32d if the districts designate a district or intermediate district to serve as the
11 fiscal agent for the consortium's allocation. A consortium shall submit a single
12 application for the total number of children to be served. The consortium may decide, with
13 approval of all consortium members, to serve numbers of children based on the allocation to
14 each district or based on the allocation to the entire consortium, allowing children
15 residing in any district in the consortium to be served by the consortium at any location.

27 Sec. 51a. (1) From the appropriation in section ~~41~~ 192(3) FOR SPECIAL EDUCATION,

1 there is allocated ~~for 2009-2010~~ an amount ~~not to exceed \$1,016,342,000.00~~ and there is
2 ~~allocated for 2010-2011~~ an amount ~~not to exceed \$1,057,883,000.00~~ from state sources and
3 all available federal funding under ~~sections 611 to 619 of part B of~~ the individuals with
4 disabilities education act, 20 USC 1411 to 1419, ~~estimated at \$350,700,000.00 for 2009-2010~~
5 ~~and estimated at \$385,700,000.00 for 2010-2011~~, plus any carryover federal funds from
6 previous year appropriations. The allocations under this subsection are for the purpose of
7 reimbursing districts and intermediate districts for special education programs, services,
8 and special education personnel as prescribed in article 3 of the revised school code, MCL
9 380.1701 to 380.1766; net tuition payments made by intermediate districts to the Michigan
10 schools for the deaf and blind; and special education programs and services for pupils who
11 are eligible for special education programs and services according to statute or rule. For
12 meeting the costs of special education programs and services not reimbursed under this
13 article, a district or intermediate district may use money in general funds or special
14 education funds, not otherwise restricted, or contributions from districts to intermediate
15 districts, tuition payments, gifts and contributions from individuals, or federal funds
16 that may be available for this purpose, as determined by the intermediate district plan
17 prepared pursuant to article 3 of the revised school code, MCL 380.1701 to 380.1766. All
18 federal funds allocated under this section in excess of those allocated under this section
19 for 2002-2003 may be distributed in accordance with the flexible funding provisions of the
20 individuals with disabilities education act, Public Law 108-446, including, but not limited
21 to, 34 CFR 300.206 and 300.208. Notwithstanding section 17b, payments of federal funds to
22 districts, intermediate districts, and other eligible entities under this section shall be
23 paid on a schedule determined by the department.

24 (2) From the funds allocated under subsection (1), there is allocated ~~each fiscal~~
25 ~~year~~ the amount necessary, ~~estimated at \$234,780,000.00 for 2009-2010~~ and ~~estimated at~~
26 ~~\$248,200,000.00 for 2010-2011~~, for payments toward reimbursing districts and intermediate
27 districts for 28.6138% of total approved costs of special education, excluding costs

1 reimbursed under section 53a, and 70.4165% of total approved costs of special education
2 transportation. Allocations under this subsection shall be made as follows:

3 (a) The initial amount allocated to a district under this subsection toward
4 fulfilling the specified percentages shall be calculated by multiplying the district's
5 special education pupil membership, excluding pupils described in subsection ~~(12)~~ (9),
6 times ~~the sum of~~ the foundation allowance under section 20 of the pupil's district of
7 residence ~~plus the amount of the district's per pupil allocation under section 20j(2)~~, not
8 to exceed the basic foundation allowance under section 20 for the current fiscal year, or,
9 for a special education pupil in membership in a district that is a public school academy
10 or university school, times an amount equal to the amount per membership pupil calculated
11 under section 20(6). For an intermediate district, the amount allocated under this
12 subdivision toward fulfilling the specified percentages shall be an amount per special
13 education membership pupil, excluding pupils described in subsection ~~(12)~~ (9), and shall be
14 calculated in the same manner as for a district, using the foundation allowance under
15 section 20 of the pupil's district of residence, not to exceed the basic foundation
16 allowance under section 20 for the current fiscal year, ~~and that district's per pupil~~
17 ~~allocation under section 20j(2).~~

18 (b) After the allocations under subdivision (a), districts and intermediate districts
19 for which the payments calculated under subdivision (a) do not fulfill the specified
20 percentages shall be paid the amount necessary to achieve the specified percentages for the
21 district or intermediate district.

22 ~~(3) From the funds allocated under subsection (1), there is allocated each fiscal~~
23 ~~year for 2009-2010 and for 2010-2011 the amount necessary, estimated at \$1,329,000.00 for~~
24 ~~2009-2010 and estimated at \$1,400,000.00 for 2010-2011, to make payments to districts and~~
25 ~~intermediate districts under this subsection. If the amount allocated to a district or~~
26 ~~intermediate district for a fiscal year under subsection (2)(b) is less than the sum of the~~
27 ~~amounts allocated to the district or intermediate district for 1996-97 under sections 52~~

1 ~~and 58, there is allocated to the district or intermediate district for the fiscal year an~~
2 ~~amount equal to that difference, adjusted by applying the same proration factor that was~~
3 ~~used in the distribution of funds under section 52 in 1996-97 as adjusted to the district's~~
4 ~~or intermediate district's necessary costs of special education used in calculations for~~
5 ~~the fiscal year. This adjustment is to reflect reductions in special education program~~
6 ~~operations or services between 1996-97 and subsequent fiscal years. Adjustments for~~
7 ~~reductions in special education program operations or services shall be made in a manner~~
8 ~~determined by the department and shall include adjustments for program or service shifts.~~

9 ~~(4) If the department determines that the sum of the amounts allocated for a fiscal~~
10 ~~year to a district or intermediate district under subsection (2)(a) and (b) is not~~
11 ~~sufficient to fulfill the specified percentages in subsection (2), then the shortfall shall~~
12 ~~be paid to the district or intermediate district during the fiscal year beginning on the~~
13 ~~October 1 following the determination and payments under subsection (3) shall be adjusted~~
14 ~~as necessary. If the department determines that the sum of the amounts allocated for a~~
15 ~~fiscal year to a district or intermediate district under subsection (2)(a) and (b) exceeds~~
16 ~~the sum of the amount necessary to fulfill the specified percentages in subsection (2),~~
17 ~~then the department shall deduct the amount of the excess from the district's or~~
18 ~~intermediate district's payments under this act for the fiscal year beginning on the~~
19 ~~October 1 following the determination and payments under subsection (3) shall be adjusted~~
20 ~~as necessary. However, if the amount allocated under subsection (2)(a) in itself exceeds~~
21 ~~the amount necessary to fulfill the specified percentages in subsection (2), there shall be~~
22 ~~no deduction under this subsection.~~

23 ~~(3) (5)~~ State funds shall be allocated on a total approved cost basis. Federal funds
24 shall be allocated under applicable federal requirements, except that an amount not to
25 exceed \$3,500,000.00 may be allocated by the department each fiscal year ~~for 2009-2010 and~~
26 ~~for 2010-2011~~ to districts, intermediate districts, or other eligible entities on a
27 competitive grant basis for programs, equipment, and services that the department

1 determines to be designed to benefit or improve special education on a statewide scale.

2 (4) ~~(6)~~ From the amount allocated in subsection (1), there is allocated an amount ~~not~~
3 ~~to exceed \$1,750,000.00 for 2009-2010 and an amount not to exceed \$2,200,000.00 for 2010-~~
4 ~~2011~~ to reimburse 100% of the net increase in necessary costs incurred by a district or
5 intermediate district in implementing the revisions in the administrative rules for special
6 education that became effective on July 1, 1987. As used in this subsection, "net increase
7 in necessary costs" means the necessary additional costs incurred solely because of new or
8 revised requirements in the administrative rules minus cost savings permitted in
9 implementing the revised rules. Net increase in necessary costs shall be determined in a
10 manner specified by the department.

11 (5) ~~(7)~~ For purposes of this article, all of the following apply:

12 (a) "Total approved costs of special education" shall be determined in a manner
13 specified by the department and may include indirect costs, but shall not exceed 115% of
14 approved direct costs for section 52 and section 53a programs. The total approved costs
15 include salary and other compensation for all approved special education personnel for the
16 program, including payments for social security and medicare and public school employee
17 retirement system contributions. The total approved costs do not include salaries or other
18 compensation paid to administrative personnel who are not special education personnel as
19 defined in section 6 of the revised school code, MCL 380.6. Costs reimbursed by federal
20 funds, other than those federal funds included in the allocation made under this article,
21 are not included. Special education approved personnel not utilized full time in the
22 evaluation of students or in the delivery of special education programs, ancillary, and
23 other related services shall be reimbursed under this section only for that portion of time
24 actually spent providing these programs and services, with the exception of special
25 education programs and services provided to youth placed in child caring institutions or
26 juvenile detention programs approved by the department to provide an on-grounds education
27 program.

1 (b) Beginning with the 2004-2005 fiscal year, a district or intermediate district
2 that employed special education support services staff to provide special education support
3 services in 2003-2004 or in a subsequent fiscal year and that in a fiscal year after 2003-
4 2004 receives the same type of support services from another district or intermediate
5 district shall report the cost of those support services for special education
6 reimbursement purposes under this act. This subdivision does not prohibit the transfer of
7 special education classroom teachers and special education classroom aides if the pupils
8 counted in membership associated with those special education classroom teachers and
9 special education classroom aides are transferred and counted in membership in the other
10 district or intermediate district in conjunction with the transfer of those teachers and
11 aides.

12 (c) If the department determines before bookclosing for a fiscal year that the
13 amounts allocated for that fiscal year under subsections (2), ~~(3), (6), (8)~~ (4), and ~~(12)~~
14 (9) and sections 53a, 54, and 56 will exceed expenditures for that fiscal year under
15 subsections (2), ~~(3), (6), (8)~~ (4), and ~~(12)~~ (9) and sections 53a, 54, and 56, then for a
16 district or intermediate district whose reimbursement for that fiscal year would otherwise
17 be affected by subdivision (b), subdivision (b) does not apply to the calculation of the
18 reimbursement for that district or intermediate district and reimbursement for that
19 district or intermediate district shall be calculated in the same manner as it was for
20 2003-2004. If the amount of the excess allocations under subsections (2), ~~(3), (6), (8)~~
21 (4), and ~~(12)~~ (9) and sections 53a, 54, and 56 is not sufficient to fully fund the
22 calculation of reimbursement to those districts and intermediate districts under this
23 subdivision, then the calculations and resulting reimbursement under this subdivision shall
24 be prorated on an equal percentage basis.

25 (d) Reimbursement for ancillary and other related services, as defined by R 340.1701c
26 of the Michigan administrative code, shall not be provided when those services are covered
27 by and available through private group health insurance carriers or federal reimbursed

1 program sources unless the department and district or intermediate district agree otherwise
2 and that agreement is approved by the state budget director. Expenses, other than the
3 incidental expense of filing, shall not be borne by the parent. In addition, the filing of
4 claims shall not delay the education of a pupil. A district or intermediate district shall
5 be responsible for payment of a deductible amount and for an advance payment required until
6 the time a claim is paid.

7 (e) Beginning with calculations for 2004-2005, if an intermediate district purchases
8 a special education pupil transportation service from a constituent district that was
9 previously purchased from a private entity; if the purchase from the constituent district
10 is at a lower cost, adjusted for changes in fuel costs; and if the cost shift from the
11 intermediate district to the constituent does not result in any net change in the revenue
12 the constituent district receives from payments under sections 22b and 51c, then upon
13 application by the intermediate district, the department shall direct the intermediate
14 district to continue to report the cost associated with the specific identified special
15 education pupil transportation service and shall adjust the costs reported by the
16 constituent district to remove the cost associated with that specific service.

17 ~~(8) From the allocation in subsection (1), there is allocated each fiscal year for~~
18 ~~2009-2010 and for 2010-2011 an amount not to exceed \$15,313,900.00 to intermediate~~
19 ~~districts. The payment under this subsection to each intermediate district shall be equal~~
20 ~~to the amount of the 1996-97 allocation to the intermediate district under subsection (6)~~
21 ~~of this section as in effect for 1996-97.~~

22 (6) ~~(9)~~ A pupil who is enrolled in a full-time special education program conducted or
23 administered by an intermediate district or a pupil who is enrolled in the Michigan schools
24 for the deaf and blind shall not be included in the membership count of a district, but
25 shall be counted in membership in the intermediate district of residence.

26 (7) ~~(10)~~ Special education personnel transferred from 1 district to another to
27 implement the revised school code shall be entitled to the rights, benefits, and tenure to

1 which the person would otherwise be entitled had that person been employed by the receiving
2 district originally.

3 (8) ~~(11)~~ If a district or intermediate district uses money received under this
4 section for a purpose other than the purpose or purposes for which the money is allocated,
5 the department may require the district or intermediate district to refund the amount of
6 money received. Money that is refunded shall be deposited in the state treasury to the
7 credit of the state school aid fund.

8 (9) ~~(12)~~ From the funds allocated in subsection (1), there is allocated each fiscal
9 year the amount necessary, ~~estimated at \$6,200,000.00 for 2009-2010 and estimated at~~
10 ~~\$6,600,000.00 for 2010-2011,~~ to pay the foundation allowances for pupils described in this
11 subsection. The allocation to a district under this subsection shall be calculated by
12 multiplying the number of pupils described in this subsection who are counted in membership
13 in the district times ~~the sum of~~ the foundation allowance under section 20 of the pupil's
14 district of residence ~~plus the amount of the district's per pupil allocation under section~~
15 ~~20j(2),~~ not to exceed the basic foundation allowance under section 20 for the current
16 fiscal year, or, for a pupil described in this subsection who is counted in membership in a
17 district that is a public school academy or university school, times an amount equal to the
18 amount per membership pupil under section 20(6). The allocation to an intermediate district
19 under this subsection shall be calculated in the same manner as for a district, using the
20 foundation allowance under section 20 of the pupil's district of residence, not to exceed
21 the basic foundation allowance under section 20 for the current fiscal year, ~~and that~~
22 ~~district's per pupil allocation under section 20j(2).~~ This subsection applies to all of the
23 following pupils:

24 (a) Pupils described in section 53a.

25 (b) Pupils counted in membership in an intermediate district who are not special
26 education pupils and are served by the intermediate district in a juvenile detention or
27 child caring facility.

1 (c) ~~Emotionally impaired pupils~~ PUPILS WITH AN EMOTIONAL IMPAIRMENT counted in
 2 membership by an intermediate district and provided educational services by the department
 3 of community health.

4 (10) ~~(13)~~ If it is determined that funds allocated under subsection (2) or ~~(12)~~ (9)
 5 or under section 51c will not be expended, funds up to the amount necessary and available
 6 may be used to supplement the allocations under subsection (2) or ~~(12)~~ (9) or under section
 7 51c in order to fully fund those allocations. After payments under subsections (2) and ~~(12)~~
 8 (9) and section 51c, the remaining expenditures from the allocation in subsection (1) shall
 9 be made in the following order:

10 (a) 100% of the reimbursement required under section 53a.

11 (b) 100% of the reimbursement required under subsection ~~(6)~~ (4).

12 (c) 100% of the payment required under section 54.

13 ~~(d) 100% of the payment required under subsection (3).~~

14 ~~(e) 100% of the payment required under subsection (8).~~

15 (d) ~~(f)~~ 100% of the payments under section 56.

16 (11) ~~(14)~~ The allocations under subsections (2), ~~(3)~~, and ~~(12)~~ (9) shall be
 17 allocations to intermediate districts only and shall not be allocations to districts, but
 18 instead shall be calculations used only to determine the state payments under section 22b.

19 ~~(15) If a public school academy enrolls pursuant to this section a pupil who resides~~
 20 ~~outside of the intermediate district in which the public school academy is located and who~~
 21 ~~is eligible for special education programs and services according to statute or rule, or~~
 22 ~~who is a child with disabilities, as defined under the individuals with disabilities~~
 23 ~~education act, Public Law 108-446, the provision of special education programs and services~~
 24 ~~and the payment of the added costs of special education programs and services for the pupil~~
 25 ~~are the responsibility of the district and intermediate district in which the pupil resides~~
 26 ~~unless the enrolling district or intermediate district has a written agreement with the~~
 27 ~~district or intermediate district in which the pupil resides or the public school academy~~

1 ~~for the purpose of providing the pupil with a free appropriate public education and the~~
2 ~~written agreement includes at least an agreement on the responsibility for the payment of~~
3 ~~the added costs of special education programs and services for the pupil.~~

4 Sec. 51c. As required by the court in the consolidated cases known as Durant v State
5 of Michigan, Michigan supreme court docket no. 104458-104492, from the allocation under
6 section 51a(1), there is allocated each fiscal year ~~for 2009-2010 and for 2010-2011~~ the
7 amount necessary, ~~estimated at \$702,500,000.00 for 2009-2010 and estimated at~~
8 ~~\$732,100,000.00 for 2010-2011~~, for payments to reimburse districts for 28.6138% of total
9 approved costs of special education excluding costs reimbursed under section 53a, and
10 70.4165% of total approved costs of special education transportation. Funds allocated under
11 this section that are not expended in the state fiscal year for which they were allocated,
12 as determined by the department, may be used to supplement the allocations under sections
13 22a and 22b in order to fully fund those calculated allocations for the same fiscal year.

14 Sec. 51d. (1) From the federal funds appropriated in section ~~11~~ 192(3) FOR SPECIAL
15 EDUCATION, there is allocated ~~for 2010-2011~~ all available federal funding, ~~estimated at~~
16 ~~\$74,000,000.00~~, for special education programs that are funded by federal grants. All
17 federal funds allocated under this section shall be distributed in accordance with federal
18 law. Notwithstanding section 17b, payments of federal funds to districts, intermediate
19 districts, and other eligible entities under this section shall be paid on a schedule
20 determined by the department.

21 (2) From the federal funds allocated under subsection (1), the following amounts are
22 allocated ~~for 2010-2011~~:

23 (a) An amount ~~estimated at \$15,000,000.00~~ for handicapped infants and toddlers,
24 funded from DED-OSERS, handicapped infants and toddlers funds.

25 (b) An amount ~~estimated at \$14,000,000.00~~ for ~~preschool grants (Public Law 94-142)~~
26 SPECIAL EDUCATION-PRESCHOOL GRANTS (PUBLIC LAW 108-446), funded from DED-OSERS, ~~handicapped~~
27 ~~preschool incentive funds~~ INDIVIDUALS WITH DISABILITIES EDUCATION ACT FUNDS.

1 (c) An amount ~~estimated at \$45,000,000.00~~ for special education programs funded by
2 DED-OSERS, ~~handicapped program~~ SPECIAL EDUCATION-GRANTS TO STATES, individuals with
3 disabilities act funds.

4 (3) As used in this section, "DED-OSERS" means the United States department of
5 education office of special education and rehabilitative services.

6 Sec. 53a. (1) For districts, reimbursement for pupils described in subsection (2)
7 shall be 100% of the total approved costs of operating special education programs and
8 services approved by the department and included in the intermediate district plan adopted
9 pursuant to article 3 of the revised school code, MCL 380.1701 to 380.1766, minus the
10 district's foundation allowance calculated under section 20, ~~and minus the amount~~
11 ~~calculated for the district under section 20j~~. For intermediate districts, reimbursement
12 for pupils described in subsection (2) shall be calculated in the same manner as for a
13 district, using the foundation allowance under section 20 of the pupil's district of
14 residence, not to exceed the basic foundation allowance under section 20 for the current
15 fiscal year, ~~and under section 20j~~.

16 (2) Reimbursement under subsection (1) is for the following special education pupils:

17 (a) Pupils assigned to a district or intermediate district through the community
18 placement program of the courts or a state agency, if the pupil was a resident of another
19 intermediate district at the time the pupil came under the jurisdiction of the court or a
20 state agency.

21 (b) Pupils who are residents of institutions operated by the department of community
22 health.

23 (c) Pupils who are former residents of department of community health institutions
24 for the developmentally disabled who are placed in community settings other than the

2 180 days but not longer than 233 days.

3 (e) Pupils placed in a district by a parent for the purpose of seeking a suitable
4 home, if the parent does not reside in the same intermediate district as the district in
5 which the pupil is placed.

6 (3) Only those costs that are clearly and directly attributable to educational
7 programs for pupils described in subsection (2), and that would not have been incurred if
8 the pupils were not being educated in a district or intermediate district, are reimbursable
9 under this section.

10 (4) The costs of transportation shall be funded under this section and shall not be
11 reimbursed under section 58.

12 (5) ~~Not more than \$13,500,000.00 of~~ FROM the allocation ~~for 2010-2011~~ in section
13 51a(1), THERE IS ~~shall be~~ allocated AN AMOUNT under this section.

14 Sec. 54. Each intermediate district shall receive an amount per pupil for each pupil
15 in attendance at the Michigan schools for the deaf and blind. The amount shall be
16 proportionate to the total instructional cost at each school. Not more than \$1,688,000.00
17 of the allocation ~~for 2010-2011~~ in section 51a(1) shall be allocated under this section.

18 Sec. 56. (1) For the purposes of this section:

26 intermediate district, except that if a district has elected not to come under part 30 of
27 the revised school code, MCL 380.1711 to 380.1743, membership and taxable value of the

1 district shall not be included in the membership and taxable value of the intermediate
2 district.

3 (2) From the allocation under section 51a(1), there is allocated an amount ~~not to~~
4 ~~exceed \$39,281,100.00 for 2009-2010 and an amount~~ not to exceed \$36,881,100.00 ~~for 2010-~~
5 ~~2011~~ to reimburse intermediate districts levying millages for special education pursuant to
6 part 30 of the revised school code, MCL 380.1711 to 380.1743. The purpose, use, and
7 expenditure of the reimbursement shall be limited as if the funds were generated by these
8 millages and governed by the intermediate district plan adopted pursuant to article 3 of
9 the revised school code, MCL 380.1701 to 380.1766. As a condition of receiving funds under
10 this section, an intermediate district distributing any portion of special education
11 millage funds to its constituent districts shall submit for departmental approval and
12 implement a distribution plan.

13 (3) Reimbursement for those millages levied in ~~2008-2009~~ 2010-2011 shall be made in
14 ~~2009-2010~~ 2011-2012 at an amount per ~~2008-2009~~ 2010-2011 membership pupil computed by
15 subtracting from ~~\$180,600.00~~ \$174,700.00 the ~~2008-2009~~ 2010-2011 taxable value behind each
16 membership pupil and multiplying the resulting difference by the ~~2008-2009~~ 2010-2011
17 millage levied. Reimbursement for those millages levied in ~~2009-2010~~ 2011-2012 shall be
18 made in ~~2010-2011~~ 2012-2013 at an amount per ~~2009-2010~~ 2011-2012 membership pupil computed
19 by subtracting from ~~\$181,700.00~~ \$173,000.00 the ~~2009-2010~~ 2011-2012 taxable value behind

25 agent for a vocational education consortium in the 1993-94 school year, and secondary area
26 vocational-technical education centers for secondary-level career and technical education
27 programs according to rules approved by the superintendent. Applications for participation

1 in the programs shall be submitted in the form prescribed by the department. The department
2 shall determine the added cost for each career and technical education program area. The
3 allocation of added cost funds shall be based on the type of career and technical education
4 programs provided, the number of pupils enrolled, and the length of the training period
5 provided, and shall not exceed 75% of the added cost of any program. With the approval of
6 the department, the board of a district maintaining a secondary career and technical
7 education program may offer the program for the period from the close of the school year
8 until September 1. The program shall use existing facilities and shall be operated as
9 prescribed by rules promulgated by the superintendent.

10 (2) Except for a district that served as the fiscal agent for a vocational education
11 consortium in the 1993-94 school year, districts and intermediate districts shall be
12 reimbursed for local career and technical education administration, shared time career and
13 technical education administration, and career education planning district career and
14 technical education administration. The definition of what constitutes administration and

17 under section 1561 of the revised school code, MCL 380.1561, shall submit to the center and
18 the intermediate superintendent, in the form and manner prescribed by the center, the

21 SIXTH Wednesday after the pupil membership count day and not later than the seventh
22 Wednesday after the supplemental count day, the district shall certify the data in a form
23 and manner prescribed by the center and file the certified data with the intermediate
24 superintendent. If a district fails to submit and certify the attendance data, as required
25 under this subsection, the center shall notify the department and state aid due to be
26 distributed under this act shall be withheld from the defaulting district immediately,
27 beginning with the next payment after the failure and continuing with each payment until

1 the district complies with this subsection. If a district does not comply with this
2 subsection by the end of the fiscal year, the district forfeits the amount withheld. A
3 person who willfully falsifies a figure or statement in the certified and sworn copy of
4 enrollment shall be punished in the manner prescribed by section 161.

5 (2) To be eligible to receive state aid under this act, not later than the twenty-
6 fourth Wednesday after the pupil membership count day and not later than the twenty-fourth
7 Wednesday after the supplemental count day, an intermediate district shall submit to the
8 center, in a form and manner prescribed by the center, the audited enrollment and

12 defaulting intermediate district immediately, beginning with the next payment after the
13 failure and continuing with each payment until the intermediate district complies with this
14 subsection. If an intermediate district does not comply with this subsection by the end of
15 the fiscal year, the intermediate district forfeits the amount withheld.

16 (3) Except as otherwise provided in subsection (11), all of the following apply to
17 the provision of pupil instruction:

18 (a) Except as otherwise provided in this section, each district shall provide at
19 least 1,098 hours and, beginning in 2010-2011, the required minimum number of days of pupil
20 instruction. For 2010-2011 and for 2011-2012, the required minimum number of days of pupil
21 instruction is 165. Beginning in 2012-2013, the required minimum number of days of pupil
22 instruction is 170. However, beginning in 2010-2011, a district shall not provide fewer
23 days of pupil instruction than the district provided for 2009-2010. A district may apply
24 for a waiver under subsection (9) from the requirements of this subdivision.

25 (b) Except as otherwise provided in this act, a district failing to comply with the
26 required minimum hours and days of pupil instruction under this subsection shall forfeit
27 from its total state aid allocation an amount determined by applying a ratio of the number

1 of hours or days the district was in noncompliance in relation to the required minimum
2 number of hours and days under this subsection. Not later than August 1, the board of each
3 district shall certify to the department the number of hours and, beginning in 2010-2011,
4 days of pupil instruction in the previous school year. If the district did not provide at
5 least the required minimum number of hours and days of pupil instruction under this
6 subsection, the deduction of state aid shall be made in the following fiscal year from the
7 first payment of state school aid. A district is not subject to forfeiture of funds under
8 this subsection for a fiscal year in which a forfeiture was already imposed under
9 subsection (6).

10 (c) Hours or days lost because of strikes or teachers' conferences shall not be
11 counted as hours or days of pupil instruction.

12 (d) If a collective bargaining agreement that provides a complete school calendar is
13 in effect for employees of a district as of October 19, 2009, and if that school calendar
14 is not in compliance with this subsection, then this subsection does not apply to that
15 district until after the expiration of that collective bargaining agreement.

16 (e) Except as otherwise provided in subdivision (f), a district not having at least
17 75% of the district's membership in attendance on any day of pupil instruction shall
18 receive state aid in that proportion of 1/180 that the actual percent of attendance bears
19 to the specified percentage.

20 (f) At the request of a district that operates a department-approved alternative
21 education program and that does not provide instruction for pupils in all of grades K to
22 12, the superintendent may grant a waiver from the requirements of subdivision (e) in order
23 to conduct a pilot study. The waiver shall indicate that an eligible district is subject to
24 the proration provisions of subdivision (e) only if the district does not have at least 50%
25 of the district's membership in attendance on any day of pupil instruction. In order to be
26 eligible for this waiver, a district must maintain records to substantiate its compliance
27 with the following requirements during the pilot study:

1 (i) The district offers the minimum hours of pupil instruction as required under this
2 section.

3 (ii) For each enrolled pupil, the district uses appropriate academic assessments to
4 develop an individual education plan that leads to a high school diploma.

5 (iii) The district tests each pupil to determine academic progress at regular
6 intervals and records the results of those tests in that pupil's individual education plan.

7 (g) The superintendent shall promulgate rules for the implementation of this
8 subsection.

9 (4) Except as otherwise provided in this subsection, the first 6 days or the
10 equivalent number of hours for which pupil instruction is not provided because of
11 conditions not within the control of school authorities, such as severe storms, fires,
12 epidemics, utility power unavailability, water or sewer failure, or health conditions as
13 defined by the city, county, or state health authorities, shall be counted as hours and
14 days of pupil instruction. With the approval of the superintendent of public instruction,
15 the department shall count as hours and days of pupil instruction for a fiscal year not
16 more than 6 additional days or the equivalent number of additional hours for which pupil
17 instruction is not provided in a district after April 1 of the applicable school year due
18 to unusual and extenuating occurrences resulting from conditions not within the control of
19 school authorities such as those conditions described in this subsection. Subsequent such
20 hours or days shall not be counted as hours or days of pupil instruction.

21 (5) A district shall not forfeit part of its state aid appropriation because it
22 adopts or has in existence an alternative scheduling program for pupils in kindergarten if
23 the program provides at least the number of hours required under subsection (3) for a full-
24 time equated membership for a pupil in kindergarten as provided under section 6(4).

25 (6) Not later than April 15 of each fiscal year, the board of each district shall
26 certify to the department the planned number of hours and days of pupil instruction in the
27 district for the school year ending in the fiscal year. In addition to any other penalty or

1 forfeiture under this section, if at any time the department determines that 1 or more of
2 the following has occurred in a district, the district shall forfeit in the current fiscal
3 year beginning in the next payment to be calculated by the department a proportion of the
4 funds due to the district under this act that is equal to the proportion below the required
5 minimum number of hours and days of pupil instruction under subsection (3), as specified in
6 the following:

7 (a) The district fails to operate its schools for at least the required minimum
8 number of hours and days of pupil instruction under subsection (3) in a school year,
9 including hours and days counted under subsection (4).

10 (b) The board of the district takes formal action not to operate its schools for at
11 least the required minimum number of hours and days of pupil instruction under subsection
12 (3) in a school year, including hours and days counted under subsection (4).

13 (7) In providing the minimum number of hours and days of pupil instruction required
14 under subsection (3), a district shall use the following guidelines, and a district shall
15 maintain records to substantiate its compliance with the following guidelines:

16 (a) Except as otherwise provided in this subsection, a pupil must be scheduled for at
17 least the required minimum number of hours of instruction, excluding study halls, or at
18 least the sum of 90 hours plus the required minimum number of hours of instruction,
19 including up to 2 study halls.

20 (b) The time a pupil is assigned to any tutorial activity in a block schedule may be
21 considered instructional time, unless that time is determined in an audit to be a study
22 hall period.

23 (c) Except as otherwise provided in this subdivision, a pupil in grades 9 to 12 for
24 whom a reduced schedule is determined to be in the individual pupil's best educational
25 interest must be scheduled for a number of hours equal to at least 80% of the required
26 minimum number of hours of pupil instruction to be considered a full-time equivalent pupil.
27 A pupil in grades 9 to 12 who is scheduled in a 4-block schedule may receive a reduced

1 schedule under this subsection if the pupil is scheduled for a number of hours equal to at
2 least 75% of the required minimum number of hours of pupil instruction to be considered a
3 full-time equivalent pupil.

4 (d) If a pupil in grades 9 to 12 who is enrolled in a cooperative education program
5 or a special education pupil cannot receive the required minimum number of hours of pupil
6 instruction solely because of travel time between instructional sites during the school
7 day, that travel time, up to a maximum of 3 hours per school week, shall be considered to
8 be pupil instruction time for the purpose of determining whether the pupil is receiving the
9 required minimum number of hours of pupil instruction. However, if a district demonstrates
10 to the satisfaction of the department that the travel time limitation under this
11 subdivision would create undue costs or hardship to the district, the department may
12 consider more travel time to be pupil instruction time for this purpose.

13 (e) In grades 7 through 12, instructional time that is part of a junior reserve
14 officer training corps (JROTC) program shall be considered to be pupil instruction time
15 regardless of whether the instructor is a certificated teacher if all of the following are
16 met:

17 (i) The instructor has met all of the requirements established by the United States
18 department of defense and the applicable branch of the armed services for serving as an
19 instructor in the junior reserve officer training corps program.

20 (ii) The board of the district or intermediate district employing or assigning the
21 instructor complies with the requirements of sections 1230 and 1230a of the revised school
22 code, MCL 380.1230 and 380.1230a, with respect to the instructor to the same extent as if
23 employing the instructor as a regular classroom teacher.

24 (8) Except as otherwise provided in subsection (11), the department shall apply the
25 guidelines under subsection (7) in calculating the full-time equivalency of pupils.

26 (9) Upon application by the district for a particular fiscal year, the superintendent
27 may waive for a district the minimum number of hours and days of pupil instruction

1 requirement of subsection (3) for a department-approved alternative education program or
2 another innovative program approved by the department, including a 4-day school week. If a
3 district applies for and receives a waiver under this subsection and complies with the
4 terms of the waiver, for the fiscal year covered by the waiver the district is not subject
5 to forfeiture under this section for the specific program covered by the waiver. If the
6 district does not comply with the terms of the waiver, the amount of the forfeiture shall
7 be calculated based upon a comparison of the number of hours and days of pupil instruction
8 actually provided to the minimum number of hours and days of pupil instruction required
9 under subsection (3). Pupils enrolled in a department-approved alternative education
10 program under this subsection shall be reported to the center in a form and manner
11 determined by the center.

12 (10) A district may count up to 38 hours of qualifying professional development for
13 teachers as hours of pupil instruction. Professional development provided online is
14 allowable and encouraged, as long as the instruction has been approved by the district. The
15 department shall issue a list of approved online professional development providers, which
16 shall include the Michigan virtual university. However, if a collective bargaining
17 agreement that provides more than 38 but not more than 51 hours of professional development
18 for teachers is in effect for employees of a district as of October 1, 2006, then until the
19 fiscal year that begins after the expiration of that collective bargaining agreement a
20 district may count up to 51 hours of qualifying professional development for teachers as
21 hours of pupil instruction. A district that elects to use this exception shall notify the
22 department of its election. As used in this subsection, "qualifying professional
23 development" means professional development that is focused on 1 or more of the following:

24 (a) Achieving or improving adequate yearly progress as defined under the no child
25 left behind act of 2001, Public Law 107-110.

27 section 1280 of the revised school code, MCL 380.1280.

1 (c) Achieving highly qualified teacher status as defined under the no child left
2 behind act of 2001, Public Law 107-110.

3 (d) Integrating technology into classroom instruction.

4 (e) Maintaining teacher certification.

5 (11) Subsections (3) and (8) do not apply to a school of excellence that is a cyber
6 school, as defined in section 551 of the revised school code, MCL 380.551, and is in
7 compliance with section 553a of the revised school code, MCL 380.553a.

8 (12) The department shall study the actual costs of providing distance learning or
9 other alternative instructional delivery that is being used in this state and shall report
10 on its findings to the house and senate fiscal agencies and the office of the state budget
11 not later than September 10, 2012. Upon request by the department, a school of excellence
12 described in subsection (11), the Michigan virtual university, or a school that receives a
13 seat time waiver from the department under this section shall submit to the department any
14 data requested by the department for the purposes of this study.

15 Sec. 104. (1) In order to receive state aid under this act, a district shall comply
16 with sections 1249, 1278a, 1278b, 1279, 1279g, and 1280b of the revised school code, MCL
17 380.1249, 380.1278a, 380.1278b, 380.1279, 380.1279g, and 380.1280b, and 1970 PA 38, MCL

21 behalf of districts for costs associated with complying with those provisions of law. In
22 addition, from the federal funds appropriated in section ~~11~~ 192(8) FOR STUDENT ASSESSMENT
23 AND ACCOUNTABILITY, there is allocated ~~for 2010-2011~~ an amount ~~estimated at \$3,250,000.00,~~
24 funded from DED-OESE, TITLE VI, STATE ASSESSMENTS FUNDS AND DED-OSERS, section 504 of part
25 B of the individuals with disabilities education act, Public Law 94-142, plus any carryover
26 federal funds from previous year appropriations, for the purposes of complying with the
27 federal no child left behind act of 2001, Public Law 107-110.

1 (2) The results of each test administered as part of the Michigan educational
2 assessment program, including tests administered to high school students, shall include an
3 item analysis that lists all items that are counted for individual pupil scores and the
4 percentage of pupils choosing each possible response.

5 (3) All federal funds allocated under this section shall be distributed in accordance
6 with federal law and with flexibility provisions outlined in Public Law 107-116, and in the
7 education flexibility partnership act of 1999, Public Law 106-25.

8 (4) Notwithstanding section 17b, payments on behalf of districts, intermediate
9 districts, and other eligible entities under this section shall be paid on a schedule
10 determined by the department.

11 (5) As used in this section:

12 (a) "DED" means the United States department of education.

13 (b) "DED-OSERS" means the DED office of special education and rehabilitative
14 services.

15 (c) "DED-OESE" MEANS THE DED OFFICE OF ELEMENTARY AND SECONDARY EDUCATION.

16 Sec. 107. (1) From the appropriation in section ~~11~~ 192(4) FOR STUDENT SUPPLEMENTAL
17 SERVICES, there is allocated an amount ~~not to exceed \$22,000,000.00 for 2010-2011~~ for adult
18 education programs authorized under this section. Funds ~~appropriated~~ ALLOCATED under this
19 section are restricted for adult education programs as authorized under this section only.
20 A recipient of funds under this section shall not use those funds for any other purpose.

21 (2) To be eligible for funding under this section, a program shall employ
22 certificated teachers and qualified administrative staff and shall offer continuing
23 education opportunities for teachers to allow them to maintain certification.
