¹ Statistics through 1968 are from annual school census. From 1969 on, the statistics reflect public school full-time equivalent (FTE) membership count.

² Teacher counts for 1999 and later reflect total FTE basic program teachers.

³ Prior to 2004, total salaries for instruction included only general fund.

⁴ 2006 PA 534 eliminated the requirement for minimum number of school days, utilizing total hours of instruction instead.
