Compensation includes, but is not limited to, payments that are subject to or specifically exempt or excepted from withholding under sections 3401 to 3406 of the internal revenue code. Compensation also includes, on a cash or accrual basis consistent with the taxpayer's method of accounting for federal income tax purposes, payments to a pension, retirement, or profit sharing plan other than those payments attributable to unfunded accrued actuarial liabilities, and payments for insurance for which employees are the beneficiaries, including payments under health and welfare and noninsured benefit plans and payment of fees for the administration of health and welfare and noninsured benefit plans. Except for the first return required by this act and except as otherwise provided under this subsection, a taxpayer's tax year is for the same period as is covered by its federal income tax return. A taxpayer that has a 52- or 53-week tax year beginning not more than 7 days before December 31 of any year is considered to have a tax year beginning after December of that tax year. If the term tax year in this act is used in reference to 1 or more previous or preceding tax years and those referenced tax years are before January 1, 2008, then those referenced tax years are deemed those same tax years during which former 1975 PA 228 was in effect. A taxpayer that has a fiscal tax year ending after December 31, 2011 is considered to have 2 separate tax years as follows: the first tax year is for the fractional part of the fiscal tax year before January 1, 2012, and the second tax year is for the fractional part of the fiscal tax year after December 31, 2011. (b) A person or unitary business group that has been approved to receive, has received, or has been assigned a certificated credit and that elected under section 680 of the income tax act of 1967, 1967 PA 281, MCL 206.680, to file a return and pay the tax imposed under this act, if any. Except as otherwise provided under section 500(7), if a person or unitary business group that elects under section 680 of the income tax act of 1967, 1967 PA 281, MCL 206.680, to file a return and pay the tax imposed under this act is part of a unitary business group as defined under this act, the unitary business group as defined under this act shall file the return and pay the tax, if any, under this act.

(6) "Unitary business group" means a group of United States persons, other than a foreign operating entity, 1 of which owns or controls, directly or indirectly, more than 50% of the ownership interest with voting rights or ownership interests that confer comparable rights to voting rights of the other United States persons, and that has business activities or operations which result in a flow of value between or among persons included in the unitary business group or has business activities or operations that are integrated with, are dependent upon, or contribute to each other. For purposes of this subsection, flow of value is determined by reviewing the totality of facts and circumstances of business activities and operations.

(7) "United States person" means that term as defined in section 7701(a)(30) of the internal revenue code.

(8) "Unrelated business activity" means, for a tax-exempt person, business activity directly connected with an unrelated trade or business as defined in section 513 of the internal revenue code.

Sec. 434. (1) The Michigan economic growth authority is authorized to enter into agreements to provide tax credits or voucher certificates available under this section to stimulate the domestic commercialization and affordability of high-power energy batteries, the lack of which today is limiting hybrid, plug-in hybrid battery-electric, and fuel cell vehicle applications, and to help insure that job growth from battery technology and commercial production develops alongside advanced vehicle technology development and renewable power generation initiatives both within and outside the transportation sector.

(2) Subject to the limitations provided under this section, for tax years that begin on or after January 1, 2010 and end before January 1, 2015, a taxpayer that has entered into an agreement with the Michigan economic growth authority that provides that the taxpayer will manufacture plug-in traction battery packs in this state may claim a credit against the tax imposed by this act for the manufacture of those plug-in traction battery packs as provided in this section. The Michigan economic growth authority may enter into more than 1 agreement under this section. However, the total number of plug-in traction battery packs eligible for all credits under all agreements allowed under this section shall not exceed the number of plug-in traction battery packs eligible for a credit as provided in this section and at least 1 agreement shall make capital investments of not less than \$200,000,000.00 not later than December 31, 2012. A taxpayer shall not claim a credit under this section for more than 3 years. The total of all credits allowed under this section shall be as follows:

(a) For tax years beginning after December 31, 2010 and ending before January 1, 2012, \$500.00 for an equivalent of 4 kilowatt hours of battery capacity plus \$125.00 for each kilowatt hour of battery capacity in excess of 4 kilowatt hours of battery capacity not to exceed \$2,000.00 for each plug-in traction battery pack. The total number of traction battery packs shall not exceed 20,000 plug-in traction battery pack units under this subdivision, and the total amount of credits allowed under this subdivision shall not exceed \$40,000,000.00.

(b) For tax years beginning after December 31, 2011 and ending before January 1, 2013, \$375.00 for an equivalent of 4 kilowatt hours of battery capacity plus \$93.75 for each kilowatt hour of battery capacity in excess of 4 kilowatt hours of battery capacity not to exceed \$1,500.00 for each plug-in traction battery pack. The total number of traction battery packs shall not exceed 40,000 plug-in traction battery pack units under this subdivision, and the total amount of credits allowed under this subdivision shall not exceed \$43,000,000.00. A single taxpayer shall not claim a credit for more than 25,000 plug-in traction battery pack units under this subdivision. The number of battery pack units not used for credits under subdivision (a) may be added to the total number of battery pack units for which a credit is available under this subdivision, and the credits for those units shall be calculated as described in subdivision (a) and shall be in addition to the maximums allowed for any 1 taxpayer under this subdivision or the total limits allowed under this subdivision.

(c) For tax years beginning after December 31, 2012 and ending before January 1, 2014, \$375.00 for an equivalent of 4 kilowatt hours of battery capacity plus \$93.75 for each kilowatt hour of battery capacity in excess of 4 kilowatt hours not to exceed \$1,500.00 for each plug-in traction battery pack. The total number of traction battery packs shall not exceed 40,000 plug-in traction battery pack units under this subdivision, and the total amount of credits allowed under this subdivision shall not exceed \$43,000,000.00. A single taxpayer shall not claim a credit for more than 25,000 plug-in traction battery pack units under this subdivision.

(d) For tax years beginning after December 31, 2013 and ending before January 1, 2015, \$375.00 for an equivalent of 4 kilowatt hours of battery capacity plus \$93.75 for each kilowatt hour of battery capacity in excess of 4 kilowatt hours not to exceed \$1,500.00 for each plug-in traction battery pack. The total number of traction battery packs shall not exceed 25,000 plug-in traction battery pack units under this subdivision, and the total amount of credits allowed under this subdivision shall not exceed \$9,000,000.00.

(3) For tax years that begin on or after January 1, 2012 and subject to the limitations of this subsection, a taxpayer may claim a credit of up to 75% of the qualified expenses for vehicle engineering in this state to support battery integration, prototyping, and launch expenses incurred for tax years that begin on or after January 1, 2009 and end before January 1, 2014. This credit shall not exceed \$15,000,000.00 per year as agreed to and certified by the Michigan economic growth authority. Any expenses for which a credit is claimed under this subsection shall not be included in costs and expenses used for credits available under sections 403 and 405. The Michigan economic growth authority may not authorize more than \$135,000,000.00 in total credits to all taxpayers under this subsection. To claim the credit under this subsection, a taxpayer must manufacture a cumulative total of at least 1,000 motor vehicles that would qualify for the credit under section 30D of the internal revenue code and the credit shall be available to the taxpayer only for the following percentages of the total authorized annual expenses:

(a) In a tax year in which the taxpayer has manufactured a cumulative total of at least 1,000 motor vehicles and fewer than 2,000 motor vehicles that qualify for the credit under section 30D of the internal revenue code, 20%.

(b) In a tax year in which the taxpayer has manufactured a cumulative total of at least 2,000 motor vehicles but fewer than 3,000 motor vehicles that qualify for the credit under section 30D of the internal revenue code, 40%.

(c) In a tax year in which the taxpayer has manufactured a cumulative total of at least 3,000 motor vehicles but fewer than 4,000 motor vehicles that qualify for the credit under section 30D of the internal revenue code, 60%.

(d) In a tax year in which the taxpayer has manufactured a cumulative total of at least 4,000 motor vehicles but fewer than 5,000 motor vehicles that qualify for the credit under section 30D of the internal revenue code, 80%.

(e) In a tax year in which the taxpayer has manufactured a cumulative total of at least 5,000 motor vehicles that qualify for the credit under section 30D of the internal revenue code, 100%.

(4) For tax years that begin on or after January 1, 2012 and end before January 1, 2015, a taxpayer that has entered into an agreement with the Michigan economic growth authority that provides that the taxpayer will increase its engineering activities in this state for advanced automotive battery technologies may claim a credit under this subsection. A taxpayer's qualified advanced battery engineering expenses for advanced automotive battery technologies shall exceed those expenses for the taxpayer's 2008 fiscal year to qualify for the credit under this subsection. The Michigan economic growth authority may enter into not more than 1 agreement for advanced battery engineering credits, and the total value of credits available under this subsection is limited to \$30,000,000.00. The credits under this subsection shall be allowed as follows:

(a) Up to 75% of the total dollar amount of the qualified advanced battery engineering expenses of an authorized business incurred during tax years beginning on or after January 1, 2009 and ending before January 1, 2014. The taxpayer must submit to the Michigan economic growth authority an affidavit certifying the amount of qualified advanced battery engineering expenses for each year.

(b) Notwithstanding any other provision of this section, a taxpayer may claim no more than \$10,000,000.00 in credits under this subsection in any tax year.

(c) The credits available under this subsection shall not be allowed if the taxpayer claims credits under subsection (2) for battery pack assembly for the tax year. Notwithstanding this limitation, the credits available under this subsection are in addition to any other incentives which may be authorized under the Michigan economic growth authority act, 1995 PA 24, MCL 207.801 to 207.810, for other related or unrelated projects including the vehicle research and development expenses authorized under subsection (3). Any expenses for which a credit is claimed under this subsection shall not be included in costs and expenses used for credits available under sections 403 and 405.

(5) Except as otherwise provided under section 500(7), a taxpayer that has entered into an agreement with the Michigan economic growth authority may claim a credit equal to 50% of the capital investment expenses for any tax year for the construction of an integrative cell manufacturing facility that includes anode and cathode manufacturing and cell assembly if the taxpayer will create not less than 300 new jobs in this state. Not more than 5 agreements may be entered into under this section, and the maximum allowable credit under each agreement shall not exceed \$25,000,000.00 per year for no more than 4 years. No credit shall be claimed in a tax year beginning before 2012. However, tax credits may be based on expenses incurred in this state in prior years. The Michigan economic growth authority shall not adopt a resolution authorizing an agreement to provide credits under this subsection after March 31, 2010.

(6) Subject to the limitations under this subsection, a taxpayer that has entered into an agreement with the Michigan economic growth authority may claim a credit equal to 25% of the capital investment expenses for any tax year for the construction of a facility that will produce at least 1 or more of the following: batteries, battery components, storage systems, battery thermal and management components or systems, AC or DC power supplies, power electronics,

battery formation and test equipment, or energy conversion devices including components related to such products of various sizes and capacities if the taxpayer agrees to create not fewer than 750 new jobs in this state. Not more than 1 agreement may be entered into under this subsection for a total credit of not more than \$50,000,000.00 over 4 years, and the maximum allowable credit under the agreement shall not exceed \$25,000,000.00 per year. No credit shall be claimed in a tax year beginning before 2012. The Michigan economic growth authority shall not adopt a resolution authorizing an agreement to provide a credit under this subsection after June 30, 2012.

(7) Subject to the limitations under subsection (8), for tax years that begin on or after January 1, 2012 and end before January 1, 2017, a taxpayer that has entered into an agreement with the Michigan economic growth authority that provides that the taxpayer will manufacture advanced lithium ion battery packs in this state may claim a credit against the tax imposed by this act for the manufacture of those advanced lithium ion battery packs as follows:

(a) For a taxpayer that agrees to make capital investments in this state of not less than \$250,000,000.00, to create at least 1,000 new jobs that shall include jobs that are transferred to this state from a foreign country, and to manufacture not less than 225,000 advanced lithium ion battery packs in this state, a total credit of not more than \$26,000,000.00 per tax year for no more than 3 tax years. The Michigan economic growth authority shall not adopt a resolution authorizing an agreement under this subdivision after March 1, 2010.

(b) For a taxpayer that agrees to make capital investments in this state of not less than \$200,000,000.00 and to create at least 300 new jobs, a total credit of not more than \$42,000,000.00 over 4 consecutive tax years unless otherwise provided under subsection (10). Unless the Michigan economic growth authority determines that there are previously issued credits authorized under subsection (6) available or that there are credits available under subsection (7)(a) for additional credits under this subdivision, the Michigan economic growth authority shall not adopt a resolution authorizing an agreement under this subdivision after March 1, 2010.

(8) Any capital investments made, jobs created, or expenses incurred pursuant to an agreement entered for a credit under subsection (7) or (9) shall be in addition to any other capital investments, jobs, or expenses used for any other credit available under this section and shall not be included or used for a credit available under any subsection other than subsection (7) or (9), respectively. A taxpayer that claims a credit under subsection (7)(a) shall not claim an additional credit under subsection (7)(b). For purposes of subsection (7), "new job" means a full-time job created by a taxpayer related to its advanced lithium ion battery activities, including its battery pack assembly facility, a cell manufacturing facility, and a motor vehicle assembly facility at which the battery pack is installed in a motor vehicle, or related battery engineering, that is in excess of the number of active full-time jobs the taxpayer maintained in this state prior to the effective date of the amendatory act that added this subsection as determined by the Michigan economic growth authority.

(9) Subject to the limitations of this subsection, if the Michigan economic growth authority determines that there are previously issued credits authorized under subsection (6) available, then for tax years that begin on or after January 1, 2015 and end before January 1, 2017 a taxpayer may claim a credit of up to 75% of the costs incurred during each tax year that begins on or after January 1, 2013 and ends before January 1, 2016 to implement a sourcing program to utilize battery cells from a business that has entered into an agreement under subsection (5) for the construction of an integrative cell manufacturing facility. Costs eligible for the credit under this subsection shall include payments for battery pack and vehicle engineering and associated design or integration including prototyping, facility, equipment or component retooling, and vehicle regulatory certification and shall include costs such as direct labor, purchases of capital equipment at cost, expensed supplies, intellectual property licensing, services, and financing, as determined and certified by the Michigan economic growth authority. Any costs for which a credit is claimed under this subsection shall not be included in costs and expenses used for credits available under sections 403 and 405. The Michigan economic growth authority may enter into more than 1 agreement under this subsection. The Michigan economic growth authority shall not authorize more than an amount equal to 25% of the previously issued credits available under subsection (6) as determined under subsection (10) in total credits to all taxpayers under this subsection. A single taxpayer shall not claim a credit of more than \$12,500,000.00 per year for no more than 2 years. To claim the credit under this subsection, a taxpayer must manufacture at least 10,000 motor vehicles in each year a credit is claimed at a facility in this state at which some of the costs eligible for a credit under this subsection are or were incurred. An agreement entered into under this subsection shall contain a repayment provision that if the taxpayer relocates its battery pack assembly facility for which credits are taken under subsection (7) outside of this state during the term of the agreement or subsequently substantially fails to meet the requirements of the agreement, as determined by the Michigan economic growth authority, the taxpayer shall have its credit reduced or terminated or have a percentage of the amount previously claimed under this subsection added back to the tax liability of the taxpayer in the year that the taxpayer fails to comply with the agreement.

(10) If the Michigan economic growth authority determines that there are previously issued credits authorized under subsection (6) available, an amount equal to 25% of those previously issued credits may be used by the authority to enter into agreements for which a credit may be claimed under subsection (9) and an amount equal to 25% of those previously issued credits may be used by the authority to enter into additional agreements for which a credit may be claimed under subsection (7)(b). If the Michigan economic growth authority approves a total of less than \$78,000,000.00 in credits under subsection (7)(a), the Michigan economic growth authority may use the difference between \$78,000,000.00

and the total amount of credits approved under subsection (7)(a) to approve additional credits under subsection (7)(b). As used in this subsection and subsections (7) and (9), “previously issued credits” means the total amount of credits authorized by the authority for a taxpayer under subsection (6) that meets all of the following:

(a) The taxpayer did not use any or a portion of the credits authorized under the written agreement under subsection (6).

(b) The authority determined at a meeting upon a vote of the majority of the members present that the credits previously authorized satisfy subdivision (a).

(11) The Michigan economic growth authority shall appoint a review board to advise it about decisions concerning credits under subsection (5). The review board shall be composed of not fewer than 2 independent scientists. Additional experts may be sought on an ad hoc basis to review business plans and addressable markets. In making its recommendations, the review board shall give preference to technologies presenting novel materials, manufacturing, and performance qualities. The review board shall also consider all of the following:

(a) Business activities related to advanced battery technology occurring exclusively in Michigan.

(b) Activities directly related to whole cell production, from materials to large format cells, in Michigan.

(c) Scalability of manufacturing processes that are established, are robust, and address strategic global automotive market requirements.

(12) Credits under this section shall be taken after nonrefundable credits available under this act. If a credit or the sum of credits allowed under this section exceeds the tax liability of the taxpayer for the tax year, the taxpayer may elect to have that portion that exceeds the tax liability of the taxpayer refunded or to have the excess carried forward to offset tax liability in subsequent tax years for 10 years or until used up, whichever occurs first. Amounts carried forward shall not affect the maximum amount of credits that may be claimed in subsequent years.

(13) An agreement entered into for tax credits under this section shall specify all of the following:

(a) For credits provided under subsection (2), the number of plug-in traction battery packs eligible for a credit for each tax year covered by the period of the agreement and the maximum amount of the credit that may be claimed by the taxpayer in each tax year.

(b) If the taxpayer claims a credit under subsection (3), the qualified expenses for vehicle engineering, prototype, and launch costs and the annual and total dollar amount of the credits that may be claimed under subsection (3).

(c) If the taxpayer claims a credit under subsection (4), the total dollar amount of the credits that may be claimed under subsection (4).

(d) If a taxpayer claims a credit under subsection (5), all of the following:

(i) The location of the facility.

(ii) The estimated total cost of the facility.

(iii) The capital investment expenses that qualify for the credit under subsection (5).

(iv) The annual and total dollar amount of the credits that may be claimed under subsection (5).

(v) A repayment provision that if the taxpayer subsequently substantially fails to meet certain requirements of the agreement, as determined by the Michigan economic growth authority, the taxpayer may have its credit reduced or terminated or have a percentage of the amount previously claimed under subsection (5) added back to the tax liability of the taxpayer in the year that the taxpayer fails to comply with the agreement.

(e) If a taxpayer claims a credit under subsection (6), all of the following:

(i) The location of the facility.

(ii) The estimated total cost of the facility.

(iii) The capital investment expenses that qualify for the credit under subsection (6).

(iv) The annual and total dollar amount of the credits that may be claimed under subsection (6).

(v) The minimum number of new jobs to be created in this state each year to qualify for the credit under subsection (6).

(vi) A repayment provision that if the taxpayer subsequently substantially fails to meet certain requirements of the agreement, as determined by the Michigan economic growth authority, the taxpayer may have its credit reduced or terminated or have a percentage of the amount previously claimed under subsection (6) added back to the tax liability of the taxpayer in the year that the taxpayer fails to comply with the agreement.

(vii) A provision that, if the taxpayer fails to create 750 new jobs, the taxpayer shall have its credit reduced by \$65,000.00 for each job less than 750 that was not created and, if the taxpayer fails to create at least 500 new jobs, a provision regarding an additional clawback of any credit or benefit received pursuant to the agreement.

(f) If a taxpayer claims a credit under subsection (7), all of the following:

Except as otherwise provided under subsection (7), if a person awarded a certificated credit is a member of a unitary business group, the unitary business group, and not the member, shall file a return and pay the tax, if any, under this act and claim the certificated credit. Except as otherwise provided under subsection (7), if the taxpayer that elects to file a return and pay the tax imposed by this act in order to claim a certificated credit or any unused carryforward of that credit for that tax year is a unitary business group, the return filed by the unitary business group shall include all persons included in the unitary business group regardless of whether that person is incorporated.

(2) A taxpayer with a certificated credit under section 435 or 437, which certificated credit or any unused carryforward may be claimed in a tax year ending after December 31, 2011 may elect to pay the tax imposed by this act in the tax year in which that certificated credit may be claimed in lieu of the tax imposed under part 2 of the income tax act of 1967, 1967 PA 281, MCL 206.601 to 206.713. Notwithstanding the foregoing, a taxpayer may elect under subsection (1) to claim the balance of a refundable credit awarded under section 435(20), but the amount of that refund shall be equal to 86% of the amount of the credit and the taxpayer shall forgo the remaining 14% of the credit.

(3) Notwithstanding the provisions of section 437(18) and section 435(9), for tax years ending after December 31, 2011, a taxpayer may not claim a refundable credit under section 437(18) or section 435(9) and may only claim a refundable credit under sections 437 and 435 as provided in subsection (1) or (2).

Each United States person included in a unitary business group or included in a combined return shall be treated as a single person and all transactions between those persons included in the unitary business group shall be eliminated from the business income tax base, modified gross receipts tax base, and the apportionment formula under this act. If a United States person included in a unitary business group or included in a combined return is subject to the tax under chapter 2A or 2B, any business income attributable to that person shall be eliminated from the business income tax base, any modified gross receipts attributable to that person shall be eliminated from the modified gross receipts tax base, and any sales attributable to that person shall be eliminated from the apportionment formula under this act.
