## BILL ANALYSIS

Telephone: (517) 373-5383  
Fax: (517) 373-1986

Senate Bills 237, 238, and 239 (as introduced 2-28-13)

Sponsor: Senator Jim Marleau (S.B. 237)  
Senator Rebekah Warren (S.B. 238)  
Senator Judy K. Emmons (S.B. 239)

Committee: Health Policy

Date Completed: 3-20-13

**CONTENT**

**Senate Bills 237, 238, and 239 would amend the Public Health Code, the Revised School Code, and the State School Aid Act, respectively, to require all pupils to submit a certificate of immunization upon enrolling in grade 7, rather than grade 6, beginning in 2014; and revise reporting requirements applicable to school districts, intermediate school districts (ISDs), and administrators to reflect this change.**

The bills are tie-barred to each other and would take effect on July 1, 2013.

**Senate Bill 237**

The Public Health Code requires a parent, guardian, or person in loco parentis who is applying to have a child registered for the first time in a school in Michigan, or who has a child entering the sixth grade, to present to school officials a certificate of immunization, or a statement of exemption under Section 9215. A teacher or principal may not permit a child to enter or attend school without the certificate. Beginning on January 1, 2014, the bill would apply the immunization requirement to a child entering the seventh grade, rather than the sixth grade.

(Section 9215 provides an exemption from the immunization requirement based on medical contraindication or religious convictions or other objection to immunization.)

**Senate Bill 238**

Under the Revised School Code, a child enrolling in a public or nonpublic school for the first time, or enrolling in grade 6 for the first time, must submit one of the following:

- A statement signed by a physician that the child has been tested for and immunized or protected against diseases specified by the Director of the Department of Community Health.
- A statement signed by a parent or guardian to the effect that the child has not been immunized because of religious convictions or other objection to immunization.
- A statement signed by a physician that certifies that the child is in the process of complying with all immunization requirements.

The administrator of each school must provide the Department Director with the immunization status of each pupil in grades K through 12 who enrolled in the school for the first time or enrolled in grade 6 for the first time.

The bill would refer to a pupil who enrolled in grade 7 for the first time, rather than grade 6, beginning in 2014-2015.

### **Senate Bill 239**

The State School Aid Act requires each school district or ISD to report to the applicable local health department the immunization status of each pupil in grades K through 12 who enrolled in the district or ISD for the first time or who enrolled in grade 6 for the first time. The report must be made by November 1 of each fiscal year for pupils who enrolled between January 1 and September 30 of the preceding fiscal year, and again by February 1 of each fiscal year for pupils who enrolled between January 1 of the preceding fiscal year and December 1 of the current fiscal year.

The Act also requires the Department of Community Health, by December 31 and March 31, to notify the Department of Education by district or ISD of the percentage of entering pupils and of pupils who enrolled in grade 6 for the first time, who do not have a completed, waived, or provisional immunization record.

The bill would refer in these provisions to a pupil who enrolled in grade 7 for the first time, rather than grade 6, beginning in 2014-2015.

MCL 333.9208 (S.B. 237)  
380.1177 (S.B. 238)  
388.1767 (S.B. 239)

Legislative Analyst: Julie Cassidy

### **FISCAL IMPACT**

The bills would have no fiscal impact on State or local government.
