- 18 project activities authorized under a minor project category or a
- 19 general permit if the conditions are designed to remove an
- 20 impairment to the inland lake or stream, to mitigate the effects of
- 21 the project, or to otherwise improve water quality. The department
- 22 may also establish a reasonable time when the proposed project is
- 23 to be completed or terminated.
- 24 (10) If the department determines that activity in a proposed
- 25 project, although within a minor project category or a general

- with section 30106.
- 3 (11) The department shall develop by December 31, 2013 and

- 3 demonstrating that those activities met the general permit
- 4 requirements.
- 5 (e) A drain commissioner or drainage board is not eligible to
