**MICHIGAN NATURAL RESOURCES TRUST FUND**

Sec. 301. (1) The department of natural resources shall enter into agreements with local units of government for the purpose of administering the grants identified in part 1. Among other provisions, the agreements shall require that grant recipients agree to dedicate to public outdoor recreation uses in perpetuity the land acquired or developed; to replace lands converted or lost to other than public outdoor recreation use; and, for parcels acquired that are over 5 acres in size, to provide the state with a nonparticipating 1/6 minimum royalty interest in any acquired minerals that are retained by the grant recipient.

(2) The agreements under subsection (1) shall also provide that the full payments of grants shall be made only after proof of acquisition, or proof of completion of the development project, is submitted by the grant recipient and all costs are verified by the department of natural resources.
