THE PEOPLE OF THE STATE OF MICHIGAN ENACT:

1 Sec. 3118. (1) Except as otherwise provided in this section,
2 until October 1, 2019, the department shall collect storm water
3 discharge fees from persons who apply for or have been issued storm
4 water discharge permits as follows:

5 (a) A 1-time fee of \$400.00 is required for a permit related
6 solely to a site of construction activity for each permitted site.
7 The fee shall be submitted by the permit applicant with his or her

1 application for an individual permit or for a certificate of
2 coverage under a general permit. For a permit by rule, the fee
3 shall be submitted by the construction site permittee along with
4 his or her notice of coverage. A person needing more than 1 permit
5 may submit a single payment for more than 1 permit and receive
6 appropriate credit. Payment of the fee under this subdivision or
7 verification of prepayment is a necessary part of a valid permit
8 application or notice of coverage under a permit by rule.

9 (b) An annual fee of \$260.00 is required for a permit related
10 solely to a storm water discharge associated with industrial
11 activity or from a commercial site for which the department
12 determines a permit is needed.

13 (c) An annual fee of \$500.00 is required for a permit for a
14 municipal separate storm sewer system, unless the permit is issued
15 to a city, a village, a township, or a county or is a single permit
16 authorization for municipal separate storm sewer systems in
17 multiple locations statewide.

18 (d) An annual fee for a permit for a municipal separate storm
19 sewer system issued to a city, village, or township shall be
20 determined by its population in an urbanized area as defined by the
21 United States Bureau of the Census. The fee shall be based on the
22 latest available decennial census as follows:

23 (i) For a population of 1,000 people or fewer, the annual fee
24 is \$500.00.

25 (ii) For a population of more than 1,000 people, but fewer
26 than 3,001 people, the annual fee is \$1,000.00.

9 than 100,001 people, the annual fee is \$6,000.00.

10 (viii) For a population of more than 100,000 people, the
11 annual fee is \$7,000.00.

12 (e) An annual fee of \$3,000.00 is required for a permit for a
13 municipal separate storm sewer system issued to a county.

14 (f) An annual fee for a single municipal separate storm sewer
15 systems permit authorizing a state or federal agency to operate
16 municipal separate storm sewer systems in multiple locations
17 statewide shall be determined in accordance with a memorandum of
18 understanding between that state or federal agency and the
19 department and shall be based on the projected needs by the
20 department to administer the permit.

21 (2) A storm water discharge permit is not required for a
22 municipality that does not own or operate a separate storm sewer
23 system. The department shall not collect storm water discharge fees
24 under this section from a municipality that does not own or operate
25 a separate storm sewer system.

26 (3) Permit fees required under this section are nonrefundable.

27 (4) A person possessing a permit not related solely to a site

1 of construction activity as of January 1 shall be assessed a fee.
2 The department shall notify those persons of their fee assessments
3 by February 1. Payment shall be postmarked no later than March 15.
4 Failure by the department to send a fee assessment notification by
5 the deadline, or failure of a person to receive a fee assessment
6 notification, does not relieve that person of his or her obligation
7 to pay the fee. If the department does not meet the February
8 deadline for sending the fee assessment, the fee assessment is due
9 not later than 45 days after the permittee receives a fee
10 notification.

11 (5) If a storm water permit is issued for a drainage district,
12 the drainage district is responsible for the applicable fee under
13 this section.

14 (6) The department shall assess interest on all fee payments
15 submitted under this section after the due date. The permittee
16 shall pay an additional amount equal to 0.75% of the payment due
17 for each month or portion of a month the payment remains past due.

18 (7) The department shall forward all fees and interest
19 payments collected under this section to the state treasurer for
20 deposit into the fund.

21 (8) The department shall make payment of the required fee
22 assessed under this section a condition of issuance or reissuance
23 of a permit not related solely to a site of construction activity.

24 (9) In addition to any other penalty provided in this part, if
25 a person fails to pay the fee required under this section by its
26 due date, the person is in violation of this part and the
27 department may undertake enforcement actions as authorized under

1 this part.

2 (10) The attorney general may bring an action to collect
3 overdue fees and interest payments imposed under this section.

4 (11) If the permit is for a municipal separate storm sewer
5 system and the population served by that system is different than
6 the latest decennial census, the permittee may appeal the annual
7 fee determination and submit written verification of actual
8 population served by the municipal separate storm sewer system.

9 (12) A person who wishes to appeal either a fee or a penalty
10 assessed under this section is limited to an administrative appeal,
11 in accordance with section 631 of the revised judicature act of
12 1961, 1961 PA 236, MCL 600.631. The appeal shall be filed within 30
