15 (3) Through March 31, 2013, the rate of prepayment applied
16 pursuant to subsection (1) shall be determined every 3 months by
17 the department unless the department certifies that the change in
18 the statewide average retail price of a gallon of self-serve
19 unleaded regular gasoline has been less than 10% since the
20 establishment of the rate of prepayment then in effect.

21 (4) Beginning April 1, 2013, the rates of prepayment applied
22 pursuant to subsection (2) shall be determined every month by the
23 department. Notwithstanding subsection (3), the department shall
24 publish notice of the rates of prepayment applicable to gasoline
25 and diesel fuel pursuant to subsection (2) not later than the tenth
26 day of the month immediately preceding the month in which the rate

1 (5) A person subject to tax under this act that makes
2 prepayment to another person as required by this section for
3 gasoline may claim an estimated prepayment credit on its regular
4 monthly return filed pursuant to section 6. The credit shall be for
5 prepayments made during the month for which the return is required
6 and shall be based upon the difference between prepayments made in
7 the immediately preceding month and collections of prepaid tax
8 received from sales or transfers during the month for which the
9 return required under section 6 is made. A sale or transfer for
10 which collection of prepaid tax is due the taxpayer is subject to a
11 bad debt deduction under section 4i, whether or not the sale or
12 transfer is a sale at retail. The credit shall not be reduced
13 because of actual shrinkage. A taxpayer that does not, in the
14 ordinary course of business, sell gasoline in each month of the
15 year may, with the approval of the department, base the initial
16 prepayment deduction in each tax year on prepayments made in a
17 month other than the immediately preceding month. The difference in
18 actual prepayments shall be reconciled on the annual return in
19 accordance with procedures prescribed by the department.

20 (6) Notwithstanding the other provisions for the payment and
21 remitting of tax due under this act, a refiner, pipeline terminal

25 (a) On or before the twenty-fifth of each month, prepayments
26 received after the end of the preceding month and before the
27 sixteenth of the month in which the prepayments are made.

1 (b) On or before the tenth of each month, payments received
2 after the fifteenth and before the end of the preceding month.

3 (7) A refiner, pipeline terminal operator, or marine terminal
4 operator that fails to remit prepayments made by a purchaser or
5 receiver of fuel is subject to the penalties provided by 1941 PA
6 122, MCL 205.1 to 205.31.

7 (8) The refiner, pipeline terminal operator, or marine
8 terminal operator shall not receive a deduction under section 4 for
9 receiving and remitting prepayments from a purchaser or receiver
10 pursuant to this section.

11 (9) The purchaser or receiver of fuel that makes prepayments
12 is not subject to further liability for the amount of the
13 prepayment if the refiner, pipeline terminal operator, or marine
14 terminal operator fails to remit the prepayment.

15 (10) A person subject to tax under this act that makes
16 prepayment to another person as required by this section for diesel
17 fuel may claim an estimated prepayment credit on its regular
18 monthly return filed pursuant to section 6. The credit shall be for
19 prepayments made during the month for which the return is required
20 and shall be based upon the difference between the prepayments made
21 in the immediately preceding month and collections of prepaid tax
22 received from sales or transfers during the month for which the
23 return required under section 6 is made. A sale or transfer for
24 which collection of prepaid tax is due the taxpayer is subject to a
25 bad debt deduction under section 4i, whether or not the sale or
26 transfer is a sale at retail. The credit shall not be reduced
27 because of actual shrinkage. A taxpayer that does not, in the

1 ordinary course of business, sell diesel fuel in each month of the
2 year may, with the approval of the department, base the initial
3 prepayment deduction in each tax year on prepayments made in a
4 month other than the immediately preceding month. Estimated
5 prepayment credits claimed with the return due in April 2013 shall
6 be based on the taxpayer's retail sales of diesel fuel in March
7 2013. The difference in actual prepayments shall be reconciled on
8 the annual return in accordance with procedures prescribed by the
9 department. Repayment of the credit claimed on the return due in
10 April 2013 shall be made by the earlier of the date that the
11 taxpayer stops selling diesel fuel or October 15, 2013.

3 products, regardless of their name or characteristics, shall
4 conclusively be presumed to have been done to produce fuel, unless
5 the product obtained by the blending is entirely incapable of use
6 as fuel. An additive or blendstock is presumed to be sold for
