

FY 2017-18 and FY 2018-19 SUPPLEMENTAL APPROPRIATIONS
Summary of Enacted Appropriations
Public Act 618 of 2018 (Senate Bill 601)

HFA Director: Mary Ann Cleary
Supplemental Coordinator: Robin R. Risko

Overview

Public Act 618 of 2018, Senate Bill 601, contains supplemental appropriation adjustments to multiple budget areas for FY 2017-18 and FY 2018-19. In sum, FY 2017-18 adjustments increase Gross appropriations in the state budget by \$121.1 million and reduce GF/GP appropriations by \$181,000. FY 2018-19 adjustments authorize an additional 358.0 FTE positions, increase Gross appropriations by \$1,255.0 million and increase GF/GP appropriations by \$377.6 million.

Appropriation and boilerplate priorities initiated by the State Budget Office in requests 2018-9 and 2019-1, and priorities initiated by the legislature, are identified in this document.

<p>7. PACC – NextGen Case Management Computer System Includes \$378,800 in federal funding for support of the Prosecuting Attorneys Coordinating Council's NextGen Case Management System project, which will replace the current 30-year-old legacy system. Funding will be used to continue software development, installation, and maintenance. The NextGen system will comply with federal Criminal Justice Information Systems (CJIS) standards, enhance information security, and improve connectivity among prosecutors and criminal justice stakeholders. The request reflects \$250,000 in Byrne grant revenue and \$128,000 in National Criminal History Improvement Program (NCHIP) grant revenue.</p>	<p>Gross \$378,800 Federal 378,800 GF/GP \$0</p>
CAPITAL OUTLAY – PLANNING AUTHORIZATIONS	
<p>8. Ferris State University – Center for Virtual Learning The Center for Virtual Learning project at Ferris State University has a total cost of \$29.5 million; a total state share of \$22.1 million; and a total university share of \$7.4 million. The project will involve demolition of Bishop Hall and renovation and expansion of approximately 64,000 sq. ft. of Vandercook Hall. Renovation will increase the number of classrooms, laboratories, faculty offices and administrative spaces in a more centralized location and will be rebranded as the Center for Virtual Learning. Computer laboratories, online learning facilities and digital media production facilities will be expanded and provided more modern spaces. The project will include high-efficiency lighting, high efficiency HVAC systems, and interior-finish materials that feature high recycled content. Bishop Hall, which has safety and structural issues such as water leakage, outdated elevators and a HVAC system that causes mold, will be torn down.</p>	<p>Gross \$100 GF/GP \$100</p>
<p>9. Michigan Technological University – H-STEM Engineering and Health Technologies Complex, Phase I The H-STEM Engineering and Health Technologies Complex, Phase 1 project at Michigan Technological University has a total cost of \$44.7 million; a total state share of \$29.7 million; and a total university share of \$15.0 million. The project will involve the renovation of 47,000 sq. ft. of the Chemical Sciences and Engineering building for classrooms and learning labs and a 68,000 sq. ft. addition that will house high-technology and flexible laboratory spaces. Laboratory spaces will allow for classrooms and class laboratory spaces that meet current industry safety standards and provide additional space for health-related research. Renovation will address access and egress deficiencies, replace or upgrade an outdated chiller, and improve ventilation systems. The university has requested 66% state share, which is below the eligible state share of 75%.</p>	<p>Gross \$100 GF/GP \$100</p>
<p>10. Northern Michigan University – Career Tech and Engineering Technology Facility The Career Tech and Engineering Technology Facility project at Northern Michigan University has a total cost of \$28.6 million; a total state share of \$20.0 million; and a total university share of \$8.6 million. The project will involve the renovation of the 113,000 sq. ft. Career Tech and Engineering Technology Facility. The renovation will include improving existing classrooms and industrial and service career laboratories to become more flexible, movable, and more interactive. Portions of the building's HVAC, electrical, and building control systems will be exposed to provide for a living laboratory. HVAC, air handling and lighting systems will be upgraded. Informal learning areas will be added and the project will add a new educational manufacturing design center.</p>	<p>Gross \$100 GF/GP \$100</p>

<u>FY 2018-19 Supplemental Appropriation Items</u>	<u>Appropriation Change</u>
<p>11. Oakland University – South Foundation Hall Renovation and Expansion</p> <p>The South Foundation Hall Renovation and Expansion project at Oakland University has a total cost of \$40.0 million; a total state share of \$30.0 million; and a total university share of \$10.0 million. The project will involve renovation of 55,041 sq. ft. of South Foundation Hall, constructed in 1958, and an approximately 30,000 sq. ft. addition that will add new active-learning classroom space, student support services offices, and workspace for faculty members. The renovation portion of the project includes transforming classroom space with new furniture, finishes, and technology updates to provide more flexibility. HVAC, electrical systems, plumbing, and fire-suppression systems will also be upgraded.</p>	<p>Gross \$100 GF/GP \$100</p>
<p>12. University of Michigan – Ann Arbor – Computer Science and Engineering and School of Information Addition</p> <p>The Computer Science and Engineering and School of Information Addition project at University of Michigan – Ann Arbor has a total cost of \$145.0 million; a total state share of \$30.0 million; and a total university share of \$115.0 million. The project will involve the addition of 163,000 sq. ft. to the Bob and Betty Beyster Building. The addition will allow for expansion of the Computer Science and Engineering program and to accommodate growth of the School of Information in one facility. Modern and flexible classroom space, along with modern and flexible dry research laboratory space will be created. Student service offices around career services, advising, and international programs will be located in the new expansion, along with student lounge and gathering spaces.</p>	<p>Gross \$100 GF/GP \$100</p>
<p>13. Western Michigan University – IF-1 Dunbar Hall Renovation</p> <p>The IF-1 (Instructional Facility Complex-1) Dunbar Hall Renovation project at Western Michigan University has a total cost of \$40.0 million; a total state share of \$30.0 million; and a total university share of \$10.0 million. The project will involve renovation of 78,000 sq. ft. of Dunbar Hall, constructed in 1971. A new electrical system will be installed, including a new transformer and primary cables and infrastructure. New fire alarm devices and a new fire-suppression system will be added. The entire mechanical system and chiller will be replaced. Classroom spaces, computer labs, offices, conference rooms and the technology systems in those spaces will also be upgraded.</p>	<p>Gross \$100 GF/GP \$100</p>
<p>14. Delta College – Electronic Media Broadcasting – A Wing Renovations</p> <p>The Electronic Media Broadcasting – A Wing Renovation project at Delta College has a total cost of \$6.0 million; a total state share of \$1.4 million; and a total college share of \$4.6 million. The project will involve renovation of 11,300 sq. ft. of the Public Media Center, which is located in the college's main campus building and was constructed in 1961. Classrooms will be updated and will provide for increased media technology training and editing. Student access to the college's broadcast stations will be improved, along with facility and academic coordinator offices. HVAC, electrical, data and communications infrastructure will also be updated. Public restrooms will be upgraded to include ADA accessibility. Delta will provide \$3.2 million to cover broadcast station equipment upgrades for its two public broadcasting stations, WDCQ-TV and WUCX-FM, which will be done concurrently with the building renovation.</p>	<p>Gross \$100 GF/GP \$100</p>
<p>15. Glen Oaks Community College – Campus Renovation</p> <p>The Campus Renovation project at Glen Oaks Community College has a total cost of \$7.0 million; a total state share of \$3.5 million; and a total college share of \$3.5 million. The project will involve renovation of 121,300 sq. ft. of the Library, Art Studio, and the Auto, Manufacturing, Electrical and Welding Laboratories. The facility was constructed in 1969 and had 4 additions made to it. The library will be transformed into a learning commons. The laboratories will be upgraded with technological improvements that will better train students in skilled trades. A host of building improvements will be made including replacement of 50 year old windows, improved exterior wall insulation, improved ADA accessibility, and upgraded classrooms to provide modern instruction technology.</p>	<p>Gross \$100 GF/GP \$100</p>
<p>16. Henry Ford College – Entrepreneur and Innovation Institute/Technology Building Renovation and Addition</p> <p>The Entrepreneur and Innovation Institute/Technology Building Renovation and Addition project at Henry Ford College has a total cost of \$14.9 million; a total state share of \$6.7 million; and a total college share of \$8.2 million. The Technology Building renovation project will include improving and reconfiguring current laboratories, which will feature a more hands-on project environment. Electrical, lighting, plumbing and HVAC systems will be modernized. The addition will create 24,000 sq. ft. of new space, mainly focused on multidisciplinary labs in automotive skills, manufacturing and welding. New student breakout and collaborative work spaces for design projects will be added. Building access and circulation will be improved as well. A new center on small business and entrepreneurship will be located in the new addition. The college has requested 45% state share, which is below the eligible state share of 50%.</p>	<p>Gross \$100 GF/GP \$100</p>

17. Macomb Community College – Skilled Trades and Advanced Technology Center Renovation

Gross \$100
GF/GP \$100

The Skilled Trades and Advanced Technology Center Renovation project at Macomb Community College has a total cost of \$40.1 million; a total state share of \$14.8 million; and a total college share of \$25.3 million. The project will involve renovation and addition of approximately 122,000 sq. ft. of the existing Skilled Trades and Advanced Technology Center. The addition will expand classrooms and technical lab spaces for various manufacturing fields. 110,000 sq. ft. of roofing will be replaced. The building will be upgraded to meet ADA accessibility standards. Windows and the ceiling system will be replaced with more energy efficient options. The HVAC system will be replaced, along with bathroom and water fountain fixtures. Various electrical system components will be upgraded. The Center will also feature upgraded Giga Speed cable, additional WiFi capacity, improved classroom mediation and security camera coverage.

CAPITAL OUTLAY – CONSTRUCTION AUTHORIZATIONS

18. Schoolcraft College – Applied Science Renovation and Expansion Project

Gross \$100
GF/GP \$100

The Applied Science Renovation and Expansion project at Schoolcraft College has a total cost of \$21.5 million; a total state share of \$10.0 million; and a total college share of \$11.5 million. The project cost is \$1.5 million more than the estimated cost included in the planning authorization which will be covered by the college. The increased cost is the result of a change in design for the addition (two story to single story) and the addition of instructional equipment and increased skilled labor charges. The project includes the renovation of 39,400 sq. ft. of the existing 74,109 sq. ft. existing facility and the addition of a 36,700 sq. ft. single story building. The project will repurpose, update, and expand the current space to support allied health field programs. The project will provide four active learning classrooms, two flexible computer/testing labs, administration and faculty offices, and a variety of lab spaces. Student study space and lounge areas will be included in adjacent lobbies and corridors to facilitate student collaborations.

19. Western Michigan University – College of Aviation Renovation and Addition

Gross \$14,999,800
GF/GP \$14,999,800

Includes \$15.0 million GF/GP to cover the state's share of the Western Michigan University – College of Aviation renovation and addition project authorized for construction in 2017 PA 158. Due to unforeseen problems with deed restrictions on the property, it was determined that the State Building Authority could not finance the state's share of the project through a bond sale.

DEPARTMENT OF CORRECTIONS

20. Vocational Village

Gross \$2,000,000
GF/GP \$2,000,000

Includes \$2.0 million GF/GP to support expansion of Vocational Village programming. The Vocational Village is a skilled trades training program that aims to provide a positive learning community for prisoners who are serious about completing career and technical education. Prisoners participating in Vocational Village are housed together in the same housing unit, have full days of training and classroom instruction intended to mimic a typical workday outside prison walls, and receive state and nationally-recognized certifications in their trade.

EDUCATION

21. Adolescent and School Health

Gross \$319,900
GF/GP \$319,900

Includes \$319,900 GF/GP to provide a full-time consultant, clerical support, and programming to support school districts in Michigan in human immunodeficiency virus/sexually transmitted infection (HIV/STI) prevention and sex education. The appropriation replaces a reduction in federal funds for a Division of Adolescent and School Health (DASH) grant for which states are no longer able to apply.

22. E-rate Matching Enhancement

Gross \$5,000,000
GF/GP \$5,000,000

Includes \$5.0 million GF/GP for MDE to provide districts, intermediate school districts (ISDs), public school academies (PSAs), and libraries with additional state match funding for the Federal Communications Commission's E-rate program in order to draw down additional federal funding for the program. The E-rate program provides increased Internet access and increased Internet speeds.

32. <i>Additional Child Protective Services (CPS) Staff – Ongoing</i>	FTEs	175.0
Includes authorization for 175.0 FTE positions and \$15.0 million GF/GP to start implementation of reforms to help resolve CPS issues identified in the 2018 OAG CPS performance audit. This increase will fund an additional 175.0 DHHS staff, as well as related supplies and IT costs for those staff. DHHS based this request on findings of a department-funded study on the staffing level necessary to effectively provide CPS services, as well as on recommendations of an ongoing CPS workgroup. The \$15.0 million increase is the estimated cost for only three-fourths of the FY 2018-19 appropriation year. The full-year cost will be approximately \$20.0 million GF/GP.	Gross	\$15,000,000
	GF/GP	\$15,000,000

<u>FY 2018-19 Supplemental Appropriation Items</u>		Appropriation Change
33. CPS – IT Enhancements and Process Reforms – One-Time	Gross	\$5,000,000
Includes \$5.0 million GF/GP to be used to develop and support IT enhancements and other process reforms to improve the CPS program and provide efficiencies and support for CPS field caseworkers and their investigations. The Governor’s office created an ongoing workgroup, the CPS Operation Excellence Team, to provide an analysis of helpful reforms. This funding is requested to fund the workgroup’s recommendations when completed.	GF/GP	\$5,000,000
34. Foster Care – D.O. v Glisson Federal Ruling	Gross	\$9,928,000
Includes \$9.9 million GF/GP to pay the county share of foster care maintenance payments to unlicensed relative caregivers of foster care children who are court wards. The federal <i>D.O. v Glisson</i> case ruling requires that unlicensed relative caregivers who provide foster care services to family members be compensated just as licensed foster parents. In the enacted FY 2018-19 DHHS budget, \$16.0 million is appropriated to cover the state portion of these maintenance payments, additional administrative rate payments to private agencies, and costs for 3.0 additional DHHS staff, but not the county share of these maintenance payments.	GF/GP	\$9,928,000
35. Children’s Trust Fund (CTF)	Gross	\$300,000
Includes \$300,000 GF/GP funding for CTF programs. In the enacted FY 2018-19 DHHS budget, an additional \$500,000 is appropriated for increased substance use disorder (SUD) programs - \$300,000 of this amount to be funded from the CTF cash reserve balance. According to the Executive, funding in the CTF reserve is obligated for other programming. This request will provide \$300,000 GF/GP to restore the funding level for originally planned CTF programs and replace the CTF cash reserve funding that is now allocated to SUD-related programs.	GF/GP	\$300,000
36. Strong Families/Safe Children	Gross	\$2,800,000
Includes \$2.8 million GF/GP in the Strong Families/Safe Children line item to replace federal grant funding that was appropriated in FY 2018-19 but is not available for the Families Together Building Solutions Program or any other family preservation programs.	GF/GP	\$2,800,000
37. Family Independence Program (FIP) – State-Funded Cases	Gross	\$0
Reallocates \$4.5 million federal TANF and \$4.5 million GF/GP between the FIP line item and various other line items. FIP does not have sufficient GF/GP to cover costs of state-funded FIP cases, pursuant to current policy. Transfers between TANF and GF/GP revenue will occur in the Departmental Administration and Management (\$1.0 million), Child Welfare Field Staff – Caseload Compliance (\$2.0 million), Peer Coaches (\$900,000), and Adoption Support Services (\$623,200) line items. Net funding change in the bill is \$0.	TANF GF/GP	0 \$0
38. Michigan CARES Behavioral Health Hotline	Gross	\$3,000,000
Includes \$3.0 million GF/GP to develop, operate, and maintain a hotline pilot program to connect individuals experiencing a behavioral health crisis with local behavioral health providers.	GF/GP	\$3,000,000
39. Emergent Peer Recovery Coach Services Pilot Project – One-Time	Gross	\$500,000
Provides \$500,000 GF/GP to Growth Works for an emergent peer recovery coach services pilot project in conjunction with a hospital with at least 5 beds dedicated to stabilizing patients suffering from addiction. Pilot will provide a specialized trauma therapist and peer support specialist to assist with treatment and counseling.	GF/GP	\$500,000
40. Autism Alliance of Michigan – One-Time	Gross	\$466,000
Provides \$466,000 GF/GP to the Autism Alliance of Michigan to pilot a fidelity review and secondary approval for children receiving Medicaid who are evaluated for autism services.	GF/GP	\$466,000
41. Direct Care Wage Increase	Gross	\$16,000,000
Includes \$16.0 million Gross (\$5.1 million GF/GP) to increase direct care behavioral health worker wages by \$0.25 per hour. Funding supports the wage increase beginning April 1, 2019.	Federal GF/GP	10,899,500 \$5,100,500
42. Lakeshore Regional Entity – One-Time	Gross	\$3,500,000

TRANSPORTATION

110. Income Tax Redirection to Road Agencies

Includes \$114.0 million in Michigan Transportation Fund (MTF) and State Trunkline Fund (STF) revenues for distribution to road agencies in accordance with provisions of Public Act 51 of 1951: 21.8% (\$24.9 million) to cities and villages, 39.1% (\$44.6 million) to county road commissions, and 39.1% (\$44.6 million) to the State Trunkline Road and Bridge Construction program. Additional revenues are expected to be available as a result of redirection of Income Tax revenue that would otherwise go to the state General Fund. Additional state GF/GP revenue is available in FY 2018-19 as a result of a June 21, 2018 U.S. Supreme Court decision that enabled collection of state sales taxes on Internet sales. Constitutional restrictions prevent the use of sales tax revenue for road programs. As a result, the Governor has requested the redirection of Income Tax revenue to road programs. A bill to amend the Income Tax Act will have to be enacted to allow for this redirection. The enacted FY 2018-19 Transportation budget includes \$150.0 million in Income Tax revenue that was redirected to the MTF as part of the November 2015 Road Funding Package.

FY 2018-19 Supplemental Boilerplate Items

GENERAL SECTIONS

Sec. 203. Countercyclical Budget and Economic Stabilization Fund Deposit

Appropriates \$100.0 million for deposit into the Countercyclical Budget and Economic Stabilization Fund. If approved, the estimated balance at the end of FY 2019 will be \$1,152.0 million.

FY 2018-19 Supplemental Boilerplate Items

AGRICULTURE AND RURAL DEVELOPMENT

Sec. 301. County Fairs, Shows, and Expositions

Requires MDARD to establish and administer a county fairs, shows, and expositions grant program; requires MDARD to award grants on a competitive basis; requires grantees to provide 50% cash match and identify measurable project outcomes; prohibits a county fair organization that received a capital improvement grant in the prior year from receiving a grant from this appropriation; authorizes up to \$25,000 to be expended for the purpose of financial support, promotion, prizes, and premiums of equine, livestock, and other agricultural commodity expositions; requires fairs to report on the financial impact resulting from capital improvement projects; requires \$25,000 to be used for renovations to the Tuscola County Fair grandstand; requires \$250,000 to be used for the construction and furnishing of a community center at the Tuscola County Fair; requires \$150,000 to be used for improvements at the Antrim County Fair; designates funding as a work project appropriation; requires report from MDARD on county fairs.

Sec. 302. Agriculture Development

Requires \$150,000 appropriation to be used for activities under the Industrial Hemp Research Act, 2014 PA 547.

Sec. 303. Agriculture Industry Research and Development

Requires \$550,000 appropriation to be used for upgrades to mobile fruit and vegetable processing teaching laboratories.

Sec. 304. Dairy Industry Assistance Program

Requires \$1.0 million appropriation to be used to establish a dairy industry assistance grant program to provide assistance to dairy producers during the current period of economic distress; requires grants to be awarded to producers licensed under either the Grade A Milk Law of 2001 or the Manufacturing Milk Law of 2001 to reimburse eligible dairy producers up to 9 cents per hundredweight of milk produced.

CAPITAL OUTLAY

Sec. 351. Public Purpose, Lease and Conveyance, and Annual Appropriation for Capital Outlay

States that the legislature determines that leases for SBA-financed facilities are for a public purpose, as authorized by the State Building Authority Act of 1964; legislature approves and authorizes leases and conveyances of property to the SBA and from the SBA to state and educational institutions, as applicable, executed by the Governor and Secretary of State on behalf of the state; expresses intent of the legislature to annually appropriate sufficient amounts to pay rent obligations pursuant to the lease.

Sec. 352. Wayne State University – STEM Innovation Learning Center Cost Increase

Authorizes a cost increase of \$9.5 million for the Wayne State University – STEM Innovation Learning Center which was approved for construction authorization in 2018 PA 207 at a total project cost of \$40.0 million; a state share of \$14.8 million; and a university share of \$25.3 million. The university will be responsible for funding the entire cost increase resulting in a university share of \$34.8 million (70.2% of project cost) and a total project cost of \$49.5 million. The cost increase is a result of deterioration of existing building systems that require repair or upgrades, increasing labor costs in the metro Detroit area, and increases in the cost of metals in all aspects of construction.

Sec. 353. North Central Michigan College – AD/CL Classroom Renovation and Expanded Learning Space Project Cost Increase and Scope Revision

Provides for a \$600,000 net cost increase and a revised scope for the North Central Michigan College – AD/CL Classroom Renovation and Expanded Learning Space project that was approved for construction authorization in 2018 PA 207 at a total project cost of \$6.8 million; a state share of \$3.4 million; and a college share of \$3.4 million. The college will be responsible for funding the entire cost increase resulting in a college share of \$4.0 million and a total project cost of \$7.4 million. The cost increase is due to increased skilled labor and materials costs. To minimize the impact of the overall cost increase, the college has decided to revise the scope and remove renovations to the administrative office area and reallocate that part of the project's budget to academic program components and critical building system upgrades.

Sec. 354. Grand Rapids and Detroit Veterans Home Project Cost Increase

Authorizes a cost increase of \$29.3 million for the Grand Rapids and Detroit Veterans Home project that was approved for construction authorization in 2016 PA 340 at a total cost of \$108.0 million; a state share of \$42.1 million (38.9%); and a federal share of \$66.0 million (61.1%). 2017 PA 201 provided for expansion of possible locations for the Detroit home to include the counties of Wayne, Oakland, and Macomb. Ultimately, the State purchased the 103-acre Seville Manor property in Macomb County (former Selfridge barracks). The Grand Rapids facility will be located on land currently owned by the state and adjacent to the current Grand Rapids veteran's home. Site specific architectural and design work for both facilities resulted in a \$29.3 million increase in the overall total cost estimate for a total cost of \$137.4 million. Increased skilled labor costs and increased metals costs comprise most of the cost increase. The federal government has approved an increase in the federal share of \$22.0 million (\$88.0 million total) which will result in a state share increase of \$7.3 million.

Sec. 355. Western Michigan Capital Outlay Project

Provides that the \$15.0 million appropriated in part 1 for Western Michigan University – College of Aviation Renovation and Addition project is in lieu of state financing through the state building authority financing that was authorized for the project in 2017 PA 158; rescinds state building authority financing authorized in 2017 PA 158. Due to unforeseen problems with deed restrictions on the property, it was determined that the State Building Authority could not finance the state's share of the project through a bond sale.

FY 2018-19 Supplemental Boilerplate Items

Sec. 356. Michigan State Capitol Commission – State Capitol Restoration/Infrastructure Upgrade Project Cost Increase and Scope Change

Provides for a \$40.0 million cost increase and a revised scope for the Michigan State Capitol Commission – State Capitol Restoration/Infrastructure Upgrade Project that was approved for construction authorization in 2017 PA 107 at a total authorized cost of \$70.0 million entirely funded by the state. Revised scope will add approximately 54,000 sq. ft. of new space, to be called Heritage Hall, placed below ground. New addition will add a large auditorium and conference space; visitor, gathering, and dining areas; and support space, including bathrooms, archives, offices, security, service kitchen, and storage. The \$40.0 million cost increase will result in a total project cost of \$110.0 million entirely funded by the state.

EDUCATION
