SUMMARY:

House Bill 4185 would amend the Michigan Vehicle Code to require the driver of a vehicle overtaking and passing a bicycle going in the same direction to pass at a safe distance of at least five feet to the left of the bicycle. The bill would also allow the driver to overtake and pass the bicycle in a no-passing zone if it is safe to do so.

A person who violated the proposed requirements would be responsible for a civil infraction.

MCL 257.636
