5 unless the pupil meets all of the following:

6           (a) Has successfully completed all of the following credit  
7 requirements of the Michigan merit standard before graduating from  
8 high school:

9           (i) At least 4 credits in mathematics that are aligned with

24 with subject area content expectations developed by the department  
25 and approved by the state board under section 1278b, including  
26 completion of at least 1 credit in United States history and

2 pupil shall meet either of the following, as determined by the  
3 school district or public school academy:

5 experience that is presented online, as defined by the department.

15 has successfully completed during grades K to 12 at least 2 credits  
16 that are grade-appropriate in a language other than English or  
17 course work or other learning experiences that are substantially  
18 equivalent to 2 credits in a language other than English, based on

25 under subsection (1) (a) (iv). The board of a school district or  
26 board of directors of a public school academy is strongly  
27 encouraged to ensure that all pupils complete at least 1 credit in

1 a language other than English in grades K to 6. For the purposes of  
2 this subsection, all of the following apply:

3 (a) American sign language is considered to be a language  
4 other than English.

5 (b) The pupil may meet all or part of this requirement with  
6 online course work.

7 (3) The requirements under this section and section 1278b for  
8 a high school diploma are in addition to any local requirements  
9 imposed by the board of a school district or board of directors of  
10 a public school academy. The board of a school district or board of  
11 directors of a public school academy, as a local requirement for a  
12 high school diploma, may require a pupil to complete the Michigan  
13 merit examination under section 1279g or may require a pupil to  
14 participate in the MIAccess assessments if appropriate for the  
15 pupil.

16 (4) For the purposes of this section and section 1278b, all of  
17 the following apply:

18 (a) A pupil is considered to have completed a credit if the  
19 pupil successfully completes the subject area content expectations  
20 or guidelines developed by the department that apply to the credit.  
21 For a career and technical education credit, a school district or

23 guidelines with additional guidelines developed by the school  
24 district or public school academy.

25 (b) A school district or public school academy shall base its  
26 determination of whether a pupil has successfully completed the  
27 subject area content expectations or guidelines developed by the

1 department that apply to a credit at least in part on the pupil's  
2 performance on the assessments developed or selected by the  
3 department under section 1278b or on 1 or more assessments  
4 developed or selected by the school district or public school  
5 academy that measure a pupil's understanding of the subject area  
6 content expectations or guidelines that apply to the credit.

7 (c) A school district or public school academy shall also  
8 grant a pupil a credit if the pupil earns a qualifying score, as  
9 determined by the department, on the assessments developed or  
10 selected for the subject area by the department under section 1278b  
11 or the pupil earns a qualifying score, as determined by the school  
12 district or public school academy, on 1 or more assessments  
13 developed or selected by the school district or public school  
14 academy that measure a pupil's understanding of the subject area  
15 content expectations or guidelines that apply to the credit.

16 (5) If a high school is designated by the superintendent of  
17 public instruction as a specialty school and the high school meets  
18 the requirements of subsection (6), then the pupils of the high  
19 school are not required to successfully complete the 4 credits in  
20 English language arts required under section 1278b(1)(a) or the 3  
21 credits in social science required under subsection (1)(a)(ii) and  
22 the school district or public school academy is not required to  
23 ensure that each pupil is offered the curriculum necessary for  
24 meeting those English language arts or social science credit  
25 requirements. The superintendent of public instruction may  
26 designate up to 15 high schools that meet the requirements of this  
27 subsection as specialty schools. Subject to this maximum number,

1 the superintendent of public instruction shall designate a high  
2 school as a specialty school if the superintendent of public  
3 instruction finds that the high school meets all of the following  
4 criteria:

5 (a) The high school incorporates a significant reading and  
6 writing component throughout its curriculum.

7 (b) The high school uses a specialized, innovative, and  
8 rigorous curriculum in such areas as performing arts, foreign  
9 language, extensive use of internships, or other learning  
10 innovations that conform to pioneering innovations among other  
11 leading national or international high schools.

12 (6) A high school that is designated by the superintendent of  
13 public instruction as a specialty school under subsection (5) is  
14 only exempt from requirements as described under subsection (5) as  
15 long as the superintendent of public instruction finds that the  
16 high school continues to meet all of the following requirements:

17 (a) The high school clearly states to prospective pupils and  
18 their parents that it does not meet the requirements of the  
19 Michigan merit standard under this section and section 1278b but is  
20 a designated specialty school that is exempt from some of those  
21 requirements and that a pupil who enrolls in the high school and  
22 subsequently transfers to a high school that is not a specialty  
23 school meeting the requirements of this subsection will be required  
24 to comply with the requirements of the Michigan merit standard  
25 under this section and section 1278b.

26 (b) For the most recent year for which the data are available,  
27 the mean scores on both the mathematics and science portions of the

1 ACT examination for the pupils of the high school exceed by at  
2 least 10% the mean scores on the mathematics and science portions  
3 of the ACT examination for the pupils of the school district in  
4 which the greatest number of the pupils of the high school reside.

5 (c) For the most recent year for which the data are available,  
6 the high school had a graduation rate of at least 85%, as  
7 determined by the department.

8 (d) For the most recent year for which the data are available,  
9 at least 75% of the pupils who graduated from the high school the  
10 preceding year are enrolled in a postsecondary institution.

11 (e) All pupils of the high school are required to meet the  
12 mathematics credit requirements of subsection (1) (a) (i), with no  
13 modification of these requirements under section 1278b(5), and each  
14 pupil is offered the curriculum necessary to meet this requirement.

15 (f) All pupils of the high school are required to meet the  
16 science credit requirements of section 1278b(1) (b) and are also  
17 required to successfully complete at least 1 additional science  
18 credit, for a total of at least 4 science credits, with no  
19 modification of these requirements under section 1278b(5), and each  
20 pupil is offered the curriculum necessary to meet this requirement.

22 after the date it is enacted into law.
