THE PEOPLE OF THE STATE OF MICHIGAN ENACT:

ARTICLE I

Sec. 6. (1) "Center program" means a program operated by a district or by an intermediate district for special education pupils from several districts in programs for pupils with autism spectrum disorder, pupils with severe cognitive impairment, pupils with moderate cognitive impairment, pupils with severe multiple impairments,

05530'18

1

OSB

1 pupils with hearing impairment, pupils with visual impairment, and pupils with 2 physical impairment or other health impairment. Programs for pupils with emotional 3 impairment housed in buildings that do not serve regular education pupils also 4 qualify. Unless otherwise approved by the department, a center program either shall 5 serve all constituent districts within an intermediate district or shall serve several 6 districts with less than 50% of the pupils residing in the operating district. In 7 addition, special education center program pupils placed part-time in noncenter 8 programs to comply with the least restrictive environment provisions of section 612 of 9 part B of the individuals with disabilities education act, 20 USC 1412, may be 10 considered center program pupils for pupil accounting purposes for the time scheduled 11 in either a center program or a noncenter program.

12 (2) "District and high school graduation rate" means the annual completion and 13 pupil dropout rate that is calculated by the center pursuant to nationally recognized 14 standards.

(3) "District and high school graduation report" means a report of the number of pupils, excluding adult education participants, in the district for the immediately preceding school year, adjusted for those pupils who have transferred into or out of the district or high school, who leave high school with a diploma or other credential of equal status.

20 (4) "Membership", except as otherwise provided in this article, means for a 21 district, a public school academy, or an intermediate district the sum of the product 22 of .90 times the number of full-time equated pupils in grades K to 12 actually 23 enrolled and in regular daily attendance on the pupil membership count day for the 24 current school year, plus the product of .10 times the final audited count from the 25 supplemental count day for the immediately preceding school year. A district's, public 26 school academy's, or intermediate district's membership shall be adjusted as provided 27 under section 25e for pupils who enroll after the pupil membership count day in a

05530'18

OSB

1 strict discipline academy operating under sections 1311b to 1311m of the revised 2 school code, MCL 380.1311b to 380.1311m. However, for a district that is a community 3 district, "membership" means the sum of the product of .90 times the number of full-4 time equated pupils in grades K to 12 actually enrolled and in regular daily 5 attendance in the community district on the pupil membership count day for the current 6 school year, plus the product of .10 times the sum of the final audited count from the 7 supplemental count day of pupils in grades K to 12 actually enrolled and in regular 8 daily attendance in the community district for the immediately preceding school year 9 plus the final audited count from the supplemental count day of pupils in grades K to 10 12 actually enrolled and in regular daily attendance in the education achievement 11 system for the immediately preceding school year. All pupil counts used in this 12 subsection are as determined by the department and calculated by adding the number of 13 pupils registered for attendance plus pupils received by transfer and minus pupils 14 lost as defined by rules promulgated by the superintendent, and as corrected by a 15 subsequent department audit. The amount of the foundation allowance for a pupil in 16 membership is determined under section 20. In making the calculation of membership, 17 all of the following, as applicable, apply to determining the membership of a 18 district, a public school academy, or an intermediate district:

(a) Except as otherwise provided in this subsection, and pursuant to subsection
(6), a pupil shall be counted in membership in the pupil's educating district or
districts. An individual pupil shall not be counted for more than a total of 1.0 fulltime equated membership.

(b) If a pupil is educated in a district other than the pupil's district of residence, if the pupil is not being educated as part of a cooperative education program, if the pupil's district of residence does not give the educating district its approval to count the pupil in membership in the educating district, and if the pupil is not covered by an exception specified in subsection (6) to the requirement that the

05530'18

OSB

1 educating district must have the approval of the pupil's district of residence to 2 count the pupil in membership, the pupil shall not be counted in membership in any 3 district.

4 (c) A special education pupil educated by the intermediate district shall be5 counted in membership in the intermediate district.

6 (d) A pupil placed by a court or state agency in an on-grounds program of a
7 juvenile detention facility, a child caring institution, or a mental health
8 institution, or a pupil funded under section 53a, shall be counted in membership in
9 the district or intermediate district approved by the department to operate the
10 program.

(e) A pupil enrolled in the Michigan Schools for the Deaf and Blind shall becounted in membership in the pupil's intermediate district of residence.

(f) A pupil enrolled in a career and technical education program supported by a millage levied over an area larger than a single district or in an area vocationaltechnical education program established pursuant to section 690 of the revised school code, MCL 380.690, shall be counted only in the pupil's district of residence.

17 (g) A pupil enrolled in a public school academy shall be counted in membership in18 the public school academy.

(h) For the purposes of this section and section 6a, for a cyber school, as defined in section 551 of the revised school code, MCL 380.551, that is in compliance with section 553a of the revised school code, MCL 380.553a, a pupil's participation in the cyber school's educational program is considered regular daily attendance, and for a district or public school academy, a pupil's participation in a virtual course as defined in section 21f is considered regular daily attendance.

(i) For a new district or public school academy beginning its operation after
 December 31, 1994, membership for the first 2 full or partial fiscal years of
 operation shall be determined as follows:

05530'18

OSB

1 (i) If operations begin before the pupil membership count day for the fiscal 2 year, membership is the average number of full-time equated pupils in grades K to 12 3 actually enrolled and in regular daily attendance on the pupil membership count day 4 for the current school year and on the supplemental count day for the current school 5 year, as determined by the department and calculated by adding the number of pupils 6 registered for attendance on the pupil membership count day plus pupils received by 7 transfer and minus pupils lost as defined by rules promulgated by the superintendent, 8 and as corrected by a subsequent department audit, plus the final audited count from 9 the supplemental count day for the current school year, and dividing that sum by 2.

10 (ii) If operations begin after the pupil membership count day for the fiscal year 11 and not later than the supplemental count day for the fiscal year, membership is the 12 final audited count of the number of full-time equated pupils in grades K to 12 13 actually enrolled and in regular daily attendance on the supplemental count day for 14 the current school year.

(j) If a district is the authorizing body for a public school academy, then, in the first school year in which pupils are counted in membership on the pupil membership count day in the public school academy, the determination of the district's membership shall exclude from the district's pupil count for the immediately preceding supplemental count day any pupils who are counted in the public school academy on that first pupil membership count day who were also counted in the district on the immediately preceding supplemental count day.

(k) For an extended school year program approved by the superintendent, a pupil
enrolled, but not scheduled to be in regular daily attendance, on a pupil membership
count day, shall be counted in membership.

(1) To be counted in membership, a pupil shall meet the minimum age requirement
to be eligible to attend school under section 1147 of the revised school code, MCL
380.1147, or shall be enrolled under subsection (3) of that section, and shall be less

OSB

1 than 20 years of age on September 1 of the school year except as follows:

(i) A special education pupil who is enrolled and receiving instruction in a
special education program or service approved by the department, who does not have a
high school diploma, and who is less than 26 years of age as of September 1 of the
current school year shall be counted in membership.

6 (ii) A pupil who is determined by the department to meet all of the following may7 be counted in membership:

8 (A) Is enrolled in a public school academy or an alternative education high
9 school diploma program, that is primarily focused on educating pupils with extreme
10 barriers to education, such as being homeless as defined under 42 USC 11302.

11 (B) Had dropped out of school.

(C) Is less than 22 years of age as of September 1 of the current school year. (*iii*) If a child does not meet the minimum age requirement to be eligible to attend school for that school year under section 1147 of the revised school code, MCL 380.1147, but will be 5 years of age not later than December 1 of that school year, the district may count the child in membership for that school year if the parent or legal guardian has notified the district in writing that he or she intends to enroll the child in kindergarten for that school year.

19 (m) An individual who has achieved a high school diploma shall not be counted in 20 membership. An individual who has achieved a high school equivalency certificate shall 21 not be counted in membership unless the individual is a student with a disability as 22 defined in R 340.1702 of the Michigan Administrative Code. An individual participating 23 in a job training program funded under former section 107a or a jobs program funded 24 under former section 107b, administered by the department of talent and economic 25 development, or participating in any successor of either of those 2 programs, shall 26 not be counted in membership.

27

(n) If a pupil counted in membership in a public school academy is also educated

1 by a district or intermediate district as part of a cooperative education program, the 2 pupil shall be counted in membership only in the public school academy unless a 3 written agreement signed by all parties designates the party or parties in which the 4 pupil shall be counted in membership, and the instructional time scheduled for the 5 pupil in the district or intermediate district shall be included in the full-time 6 equated membership determination under subdivision (q) and section 101. However, for 7 pupils receiving instruction in both a public school academy and in a district or 8 intermediate district but not as a part of a cooperative education program, the 9 following apply:

10 (i) If the public school academy provides instruction for at least 1/2 of the 11 class hours required under section 101, the public school academy shall receive as its 12 prorated share of the full-time equated membership for each of those pupils an amount 13 equal to 1 times the product of the hours of instruction the public school academy 14 provides divided by the number of hours required under section 101 for full-time 15 equivalency, and the remainder of the full-time membership for each of those pupils 16 shall be allocated to the district or intermediate district providing the remainder of 17 the hours of instruction.

18 (ii) If the public school academy provides instruction for less than 1/2 of the 19 class hours required under section 101, the district or intermediate district 20 providing the remainder of the hours of instruction shall receive as its prorated 21 share of the full-time equated membership for each of those pupils an amount equal to 22 1 times the product of the hours of instruction the district or intermediate district 23 provides divided by the number of hours required under section 101 for full-time 24 equivalency, and the remainder of the full-time membership for each of those pupils 25 shall be allocated to the public school academy.

26 (o) An individual less than 16 years of age as of September 1 of the current27 school year who is being educated in an alternative education program shall not be

8

counted in membership if there are also adult education participants being educated in
 the same program or classroom.

3 (p) The department shall give a uniform interpretation of full-time and part-time4 memberships.

5 (q) The number of class hours used to calculate full-time equated memberships
6 shall be consistent with section 101. In determining full-time equated memberships for
7 pupils who are enrolled in a postsecondary institution, a pupil shall not be
8 considered to be less than a full-time equated pupil solely because of the effect of
9 his or her postsecondary enrollment, including necessary travel time, on the number of
10 class hours provided by the district to the pupil.

11 (r) Full-time equated memberships for pupils in kindergarten shall be determined 12 by dividing the number of instructional hours scheduled and provided per year per 13 kindergarten pupil by the same number used for determining full-time equated 14 memberships for pupils in grades 1 to 12. However, to the extent allowable under 15 federal law, for a district or public school academy that provides evidence 16 satisfactory to the department that it used federal title I money in the 2 immediately 17 preceding school fiscal years to fund full-time kindergarten, full-time equated 18 memberships for pupils in kindergarten shall be determined by dividing the number of 19 class hours scheduled and provided per year per kindergarten pupil by a number equal 20 to 1/2 the number used for determining full-time equated memberships for pupils in 21 grades 1 to 12. The change in the counting of full-time equated memberships for pupils 22 in kindergarten that took effect for 2012-2013 is not a mandate.

(s) For a district or a public school academy that has pupils enrolled in a grade level that was not offered by the district or public school academy in the immediately preceding school year, the number of pupils enrolled in that grade level to be counted in membership is the average of the number of those pupils enrolled and in regular daily attendance on the pupil membership count day and the supplemental count day of

05530'18

OSB

the current school year, as determined by the department. Membership shall be
calculated by adding the number of pupils registered for attendance in that grade
level on the pupil membership count day plus pupils received by transfer and minus
pupils lost as defined by rules promulgated by the superintendent, and as corrected by
subsequent department audit, plus the final audited count from the supplemental count
day for the current school year, and dividing that sum by 2.

7 (t) A pupil enrolled in a cooperative education program may be counted in
8 membership in the pupil's district of residence with the written approval of all
9 parties to the cooperative agreement.

10 (u) If, as a result of a disciplinary action, a district determines through the 11 district's alternative or disciplinary education program that the best instructional 12 placement for a pupil is in the pupil's home or otherwise apart from the general 13 school population, if that placement is authorized in writing by the district 14 superintendent and district alternative or disciplinary education supervisor, and if 15 the district provides appropriate instruction as described in this subdivision to the 16 pupil at the pupil's home or otherwise apart from the general school population, the 17 district may count the pupil in membership on a pro rata basis, with the proration 18 based on the number of hours of instruction the district actually provides to the 19 pupil divided by the number of hours required under section 101 for full-time 20 equivalency. For the purposes of this subdivision, a district shall be considered to 21 be providing appropriate instruction if all of the following are met:

(i) The district provides at least 2 nonconsecutive hours of instruction per week
to the pupil at the pupil's home or otherwise apart from the general school population
under the supervision of a certificated teacher.

25 (ii) The district provides instructional materials, resources, and supplies that 26 are comparable to those otherwise provided in the district's alternative education 27 program.

10

(*iii*) Course content is comparable to that in the district's alternative
 education program.

-

3 (iv) Credit earned is awarded to the pupil and placed on the pupil's transcript.
4 (v) If a pupil was enrolled in a public school academy on the pupil membership
5 count day, if the public school academy's contract with its authorizing body is
6 revoked or the public school academy otherwise ceases to operate, and if the pupil
7 enrolls in a district within 45 days after the pupil membership count day, the
8 department shall adjust the district's pupil count for the pupil membership count day
9 to include the pupil in the count.

10 (w) For a public school academy that has been in operation for at least 2 years 11 and that suspended operations for at least 1 semester and is resuming operations, 12 membership is the sum of the product of .90 times the number of full-time equated 13 pupils in grades K to 12 actually enrolled and in regular daily attendance on the 14 first pupil membership count day or supplemental count day, whichever is first, 15 occurring after operations resume, plus the product of .10 times the final audited 16 count from the most recent pupil membership count day or supplemental count day that 17 occurred before suspending operations, as determined by the superintendent.

18 (x) If a district's membership for a particular fiscal year, as otherwise 19 calculated under this subsection, would be less than 1,550 pupils and the district has 20 4.5 or fewer pupils per square mile, as determined by the department, and if the 21 district does not receive funding under section 22d(2), the district's membership 22 shall be considered to be the membership figure calculated under this subdivision. If 23 a district educates and counts in its membership pupils in grades 9 to 12 who reside 24 in a contiguous district that does not operate grades 9 to 12 and if 1 or both of the 25 affected districts request the department to use the determination allowed under this 26 sentence, the department shall include the square mileage of both districts in 27 determining the number of pupils per square mile for each of the districts for the

05530'18

OSB

purposes of this subdivision. The membership figure calculated under this subdivision
is the greater of the following:

3 (i) The average of the district's membership for the 3-fiscal-year period ending
4 with that fiscal year, calculated by adding the district's actual membership for each
5 of those 3 fiscal years, as otherwise calculated under this subsection, and dividing
6 the sum of those 3 membership figures by 3.

7 (ii) The district's actual membership for that fiscal year as otherwise8 calculated under this subsection.

9 (y) Full-time equated memberships for special education pupils who are not 10 enrolled in kindergarten but are enrolled in a classroom program under R 340.1754 of 11 the Michigan Administrative Code shall be determined by dividing the number of class 12 hours scheduled and provided per year by 450. Full-time equated memberships for 13 special education pupils who are not enrolled in kindergarten but are receiving early 14 childhood special education services under R 340.1755 or R 340.1862 of the Michigan 15 Administrative Code shall be determined by dividing the number of hours of service 16 scheduled and provided per year per-pupil by 180.

17 (z) A pupil of a district that begins its school year after Labor Day who is
18 enrolled in an intermediate district program that begins before Labor Day shall not be
19 considered to be less than a full-time pupil solely due to instructional time
20 scheduled but not attended by the pupil before Labor Day.

(aa) For the first year in which a pupil is counted in membership on the pupil membership count day in a middle college program, the membership is the average of the full-time equated membership on the pupil membership count day and on the supplemental count day for the current school year, as determined by the department. If a pupil described in this subdivision was counted in membership by the operating district on the immediately preceding supplemental count day, the pupil shall be excluded from the district's immediately preceding supplemental count for the purposes of determining

OSB

1 the district's membership.

(bb) A district or public school academy that educates a pupil who attends a
United States Olympic Education Center may count the pupil in membership regardless of
whether or not the pupil is a resident of this state.

5 (cc) A pupil enrolled in a district other than the pupil's district of residence
6 pursuant to section 1148(2) of the revised school code, MCL 380.1148, shall be counted
7 in the educating district.

8 (dd) For a pupil enrolled in a dropout recovery program that meets the 9 requirements of section 23a, the pupil shall be counted as 1/12 of a full-time equated 10 membership for each month that the district operating the program reports that the 11 pupil was enrolled in the program and was in full attendance. However, if the special 12 membership counting provisions under this subdivision and the operation of the other 13 membership counting provisions under this subsection result in a pupil being counted 14 as more than 1.0 FTE in a fiscal year, the payment made for the pupil under sections 15 22a and 22b shall not be based on more than 1.0 FTE for that pupil, and any portion of 16 an FTE for that pupil that exceeds 1.0 shall instead be paid under section 25g. The 17 district operating the program shall report to the center the number of pupils who 18 were enrolled in the program and were in full attendance for a month not later than 30 19 days after the end of the month. A district shall not report a pupil as being in full 20 attendance for a month unless both of the following are met:

(i) A personalized learning plan is in place on or before the first school day ofthe month for the first month the pupil participates in the program.

(ii) The pupil meets the district's definition under section 23a of satisfactory monthly progress for that month or, if the pupil does not meet that definition of satisfactory monthly progress for that month, the pupil did meet that definition of satisfactory monthly progress in the immediately preceding month and appropriate interventions are implemented within 10 school days after it is determined that the

13

1 pupil does not meet that definition of satisfactory monthly progress.

2 (ee) A pupil participating in a virtual course under section 21f shall be counted3 in membership in the district enrolling the pupil.

4 (ff) If a public school academy that is not in its first or second year of 5 operation closes at the end of a school year and does not reopen for the next school 6 year, the department shall adjust the membership count of the district or other public 7 school academy in which a former pupil of the closed public school academy enrolls and 8 is in regular daily attendance for the next school year to ensure that the district or 9 other public school academy receives the same amount of membership aid for the pupil 10 as if the pupil were counted in the district or other public school academy on the 11 supplemental count day of the preceding school year.

1 department shall make the appropriate deduction or payment in the district's or 2 intermediate district's allocation in the next apportionment after the adjustment is 3 finalized. The deduction or payment shall be calculated according to the law in effect 4 in the fiscal year in which the incorrect amount was paid. If the district does not 5 receive an allocation for the fiscal year or if the allocation is not sufficient to 6 pay the amount of any deduction, the amount of any deduction otherwise applicable 7 shall be satisfied from the proceeds of a loan to the district under the emergency 8 municipal loan act, 1980 PA 243, MCL 141.931 to 141.942, or from the proceeds of 9 millage levied or pledged under section 1211 of the revised school code, MCL 380.1211, 10 as determined by the department.

Sec. 20. (1) For 2017-2018, **2018-2019**, both of the following apply:

4

(a) The basic foundation allowance is \$8,289.00. **\$8,409.00.**

5

(b) The minimum foundation allowance is \$7,631.00. **\$7,871.00.**

6 (2) The amount of each district's foundation allowance shall be calculated as
7 provided in this section, using a basic foundation allowance in the amount specified
8 in subsection (1).

9 (3) Except as otherwise provided in this section, the amount of a district's 10 foundation allowance shall be calculated as follows, using in all calculations the 11 total amount of the district's foundation allowance as calculated before any 12 proration:

13 (a) Except as otherwise provided in this subdivision, for a district that had a 14 foundation allowance for the immediately preceding state fiscal year that was at least 15 equal to the minimum foundation allowance for the immediately preceding state fiscal 16 year, but less than the basic foundation allowance for the immediately preceding state 17 fiscal year, the district shall receive a foundation allowance in an amount equal to 18 the sum of the district's foundation allowance for the immediately preceding state 19 fiscal year plus the difference between twice the dollar amount of the adjustment from 20 the immediately preceding state fiscal year to the current state fiscal year made in 21 the basic foundation allowance and [(the difference between the basic foundation 22 allowance for the current state fiscal year and basic foundation allowance for the 23 immediately preceding state fiscal year minus \$20.00 \$40.00) times (the difference 24 between the district's foundation allowance for the immediately preceding state fiscal 25 year and the minimum foundation allowance for the immediately preceding state fiscal 26 year) divided by the difference between the basic foundation allowance for the current 27 state fiscal year and the minimum foundation allowance for the immediately preceding

OSB

state fiscal year.] However, the foundation allowance for a district that had less
 than the basic foundation allowance for the immediately preceding state fiscal year
 shall not exceed the basic foundation allowance for the current state fiscal year.

4 (b) Except as otherwise provided in this subsection, for a district that in the
5 immediately preceding state fiscal year had a foundation allowance in an amount equal
6 to the amount of the basic foundation allowance for the immediately preceding state
7 fiscal year, the district shall receive a foundation allowance for 2017-2018-2018-2019
8 in an amount equal to the basic foundation allowance for 2017-2018. 2018-2019.

9 (c) For a district that had a foundation allowance for the immediately preceding 10 state fiscal year that was greater than the basic foundation allowance for the 11 immediately preceding state fiscal year, the district's foundation allowance is an 12 amount equal to the sum of the district's foundation allowance for the immediately 13 preceding state fiscal year plus the lesser of the increase in the basic foundation 14 allowance for the current state fiscal year, as compared to the immediately preceding 15 state fiscal year, or the product of the district's foundation allowance for the 16 immediately preceding state fiscal year times the percentage increase in the United 17 States consumer price index in the calendar year ending in the immediately preceding 18 fiscal year as reported by the May revenue estimating conference conducted under 19 section 367b of the management and budget act, 1984 PA 431, MCL 18.1367b.

20 (d) For a district that has a foundation allowance that is not a whole dollar 21 amount, the district's foundation allowance shall be rounded up to the nearest whole 22 dollar.

(e) For a district that received a foundation allowance supplemental payment
calculated under section 20m and paid under section 22b for 2016-2017, 2017-2018 the
district's 2016-2017-2017-2018 foundation allowance is considered to have been an
amount equal to the sum of the district's actual 2016-2017-2017-2018 foundation
allowance as otherwise calculated under this section plus the lesser of the per pupil

05530'18

OSB

amount of the district's supplemental payment for 2016-2017-2017-2018 as calculated under section 20m or the product of the district's foundation allowance for the immediately preceding state fiscal year times the percentage increase in the United States consumer price index in the calendar year ending in the immediately preceding fiscal year as reported by the May revenue estimating conference conducted under section 367b of the management and budget act, 1984 PA 431, MCL 18.1367b.

7 (4) Except as otherwise provided in this subsection, beginning in 2014-2015, the 8 state portion of a district's foundation allowance is an amount equal to the 9 district's foundation allowance or the basic foundation allowance for the current 10 state fiscal year, whichever is less, minus the local portion of the district's 11 foundation allowance. For a district described in subsection (3)(c), beginning in 12 2014-2015, the state portion of the district's foundation allowance is an amount equal 13 to \$6,962.00 plus the difference between the district's foundation allowance for the 14 current state fiscal year and the district's foundation allowance for 1998-99, minus 15 the local portion of the district's foundation allowance. For a district that has a 16 millage reduction required under section 31 of article IX of the state constitution of 17 1963, the state portion of the district's foundation allowance shall be calculated as 18 if that reduction did not occur. For a receiving district, if school operating taxes 19 continue to be levied on behalf of a dissolved district that has been attached in 20 whole or in part to the receiving district to satisfy debt obligations of the 21 dissolved district under section 12 of the revised school code, MCL 380.12, the 22 taxable value per membership pupil of property in the receiving district used for the 23 purposes of this subsection does not include the taxable value of property within the 24 geographic area of the dissolved district. For a community district, if school 25 operating taxes continue to be levied by a qualifying school district under section 26 12b of the revised school code, MCL 380.12b, with the same geographic area as the 27 community district, the taxable value per membership pupil of property in the

42

1 community district to be used for the purposes of this subsection does not include the
2 taxable value of property within the geographic area of the community district.

3 (5) The allocation calculated under this section for a pupil shall be based on 4 the foundation allowance of the pupil's district of residence. For a pupil enrolled 5 pursuant to section 105 or 105c in a district other than the pupil's district of 6 residence, the allocation calculated under this section shall be based on the lesser 7 of the foundation allowance of the pupil's district of residence or the foundation 8 allowance of the educating district. For a pupil in membership in a K-5, K-6, or K-8 9 district who is enrolled in another district in a grade not offered by the pupil's 10 district of residence, the allocation calculated under this section shall be based on 11 the foundation allowance of the educating district if the educating district's 12 foundation allowance is greater than the foundation allowance of the pupil's district 13 of residence. The calculation under this subsection shall take into account a 14 district's per-pupil allocation under section 20m.

15 (6) Except as otherwise provided in this subsection, for pupils in membership, 16 other than special education pupils, in a public school academy, the allocation 17 calculated under this section is an amount per membership pupil other than special 18 education pupils in the public school academy equal to the foundation allowance of the 19 district in which the public school academy is located or the state maximum public 20 school academy allocation, whichever is less. Except as otherwise provided in this 21 subsection, for pupils in membership, other than special education pupils, in a public 22 school academy that is a cyber school and is authorized by a school district, the 23 allocation calculated under this section is an amount per membership pupil other than 24 special education pupils in the public school academy equal to the foundation 25 allowance of the district that authorized the public school academy or the state 26 maximum public school academy allocation, whichever is less. However, a public school 27 academy that had an allocation under this subsection before 2009-2010 that was equal

43

1 to the sum of the local school operating revenue per membership pupil other than 2 special education pupils for the district in which the public school academy is 3 located and the state portion of that district's foundation allowance shall not have 4 that allocation reduced as a result of the 2010 amendment to this subsection. 5 Notwithstanding section 101, for a public school academy that begins operations after 6 the pupil membership count day, the amount per membership pupil calculated under this 7 subsection shall be adjusted by multiplying that amount per membership pupil by the 8 number of hours of pupil instruction provided by the public school academy after it 9 begins operations, as determined by the department, divided by the minimum number of 10 hours of pupil instruction required under section 101(3). The result of this 11 calculation shall not exceed the amount per membership pupil otherwise calculated 12 under this subsection. BEGINNING IN 2018-2019, FOR PUPILS IN MEMBERSHIP IN A PUBLIC 13 SCHOOL ACADEMY THAT WAS ISSUED A CONTRACT UNDER SECTION 552 OF THE REVISED SCHOOL 14 CODE, MCL 380.552, TO OPERATE AS A SCHOOL OF EXCELLENCE THAT IS A CYBER SCHOOL, THE 15 ALLOCATION CALCULATED UNDER THIS SECTION SHALL BE AN AMOUNT EQUAL TO 75% OF THE AMOUNT 16 AS WOULD OTHERWISE BE CALCULATED UNDER THIS SUBSECTION FOR A PUBLIC SCHOOL ACADEMY.

(7) Except as otherwise provided in this subsection, for pupils in membership, other than special education pupils, in a community district, the allocation calculated under this section is an amount per membership pupil other than special education pupils in the community district equal to the foundation allowance of the qualifying school district, as described in section 12b of the revised school code, MCL 380.12b, that is located within the same geographic area as the community district.

(8) Subject to subsection (4), for a district that is formed or reconfigured after June 1, 2002 by consolidation of 2 or more districts or by annexation, the resulting district's foundation allowance under this section beginning after the effective date of the consolidation or annexation shall be the lesser of the sum of

44

1 the average of the foundation allowances of each of the original or affected 2 districts, calculated as provided in this section, weighted as to the percentage of 3 pupils in total membership in the resulting district who reside in the geographic area 4 of each of the original or affected districts plus \$100.00 or the highest foundation 5 allowance among the original or affected districts. This subsection does not apply to 6 a receiving district unless there is a subsequent consolidation or annexation that 7 affects the district. The calculation under this subsection shall take into account a 8 district's per-pupil allocation under section 20m.

9 (9) Each fraction used in making calculations under this section shall be rounded
10 to the fourth decimal place and the dollar amount of an increase in the basic
11 foundation allowance shall be rounded to the nearest whole dollar.

12 (10) State payments related to payment of the foundation allowance for a special 13 education pupil are not calculated under this section but are instead calculated under 14 section 51a.

(11) To assist the legislature in determining the basic foundation allowance for the subsequent state fiscal year, each revenue estimating conference conducted under section 367b of the management and budget act, 1984 PA 431, MCL 18.1367b, shall calculate a pupil membership factor, a revenue adjustment factor, and an index as follows:

20 (a) The pupil membership factor shall be computed by dividing the estimated 21 membership in the school year ending in the current state fiscal year, excluding 22 intermediate district membership, by the estimated membership for the school year 23 ending in the subsequent state fiscal year, excluding intermediate district 24 membership. If a consensus membership factor is not determined at the revenue 25 estimating conference, the principals of the revenue estimating conference shall 26 report their estimates to the house and senate subcommittees responsible for school 27 aid appropriations not later than 7 days after the conclusion of the revenue

45

1 conference.

2 (b) The revenue adjustment factor shall be computed by dividing the sum of the 3 estimated total state school aid fund revenue for the subsequent state fiscal year 4 plus the estimated total state school aid fund revenue for the current state fiscal 5 year, adjusted for any change in the rate or base of a tax the proceeds of which are 6 deposited in that fund and excluding money transferred into that fund from the 7 countercyclical budget and economic stabilization fund under the management and budget 8 act, 1984 PA 431, MCL 18.1101 to 18.1594, by the sum of the estimated total school aid 9 fund revenue for the current state fiscal year plus the estimated total state school 10 aid fund revenue for the immediately preceding state fiscal year, adjusted for any 11 change in the rate or base of a tax the proceeds of which are deposited in that fund. 12 If a consensus revenue factor is not determined at the revenue estimating conference, 13 the principals of the revenue estimating conference shall report their estimates to 14 the house and senate subcommittees responsible for school aid appropriations not later 15 than 7 days after the conclusion of the revenue conference.

(c) The index shall be calculated by multiplying the pupil membership factor by the revenue adjustment factor. If a consensus index is not determined at the revenue estimating conference, the principals of the revenue estimating conference shall report their estimates to the house and senate subcommittees responsible for school aid appropriations not later than 7 days after the conclusion of the revenue conference.

(12) Payments to districts and public school academies shall not be made under
this section. Rather, the calculations under this section shall be used to determine
the amount of state payments under section 22b.

(13) If an amendment to section 2 of article VIII of the state constitution of
1963 allowing state aid to some or all nonpublic schools is approved by the voters of
this state, each foundation allowance or per-pupil payment calculation under this

OSB

1 section may be reduced.

Sec. 20f. (1) From the funds appropriated in section 11, there is allocated an
 amount not to exceed \$18,000,000.00 for 2017-2018-2018-2019 for payments to eligible
 districts under this section.

4 (2) The funding under this subsection is from the allocation under subsection
5 (1). A district is eligible for funding under this subsection if the district received
6 a payment under this section as it was in effect for 2013-2014. A district was
7 eligible for funding in 2013-2014 if the sum of the following was less than \$5.00:

8 (a) The increase in the district's foundation allowance or per-pupil payment as
9 calculated under section 20 from 2012-2013 to 2013-2014.

10 (b) The district's equity payment per membership pupil under former section 22c 11 for 2013-2014.

(c) The quotient of the district's allocation under section 147a for 2012-2013 divided by the district's membership pupils for 2012-2013 minus the quotient of the district's allocation under section 147a for 2013-2014 divided by the district's membership pupils for 2013-2014.

16 (3) The amount allocated to each eligible district under subsection (2) is an 17 amount per membership pupil equal to the amount per membership pupil the district 18 received under this section in 2013-2014.

(4) The funding under this subsection is from the allocation under subsection
(1). A district is eligible for funding under this subsection if the sum of the
following is less than \$25.00:

(a) The increase in the district's foundation allowance or per-pupil payment ascalculated under section 20 from 2014-2015 to 2015-2016.

(b) The decrease in the district's best practices per-pupil funding under former
section 22f from 2014-2015 to 2015-2016.

(c) The decrease in the district's pupil performance per-pupil funding under
former section 22j from 2014-2015 to 2015-2016.

OSB

1 (d) The quotient of the district's allocation under section 31a for 2015-2016 2 divided by the district's membership pupils for 2015-2016 minus the quotient of the 3 district's allocation under section 31a for 2014-2015 divided by the district's 4 membership pupils for 2014-2015.

5

6

(5) The amount allocated to each eligible district under subsection (4) is an amount per membership pupil equal to \$25.00 minus the sum of the following:

7 (a) The increase in the district's foundation allowance or per-pupil payment as 8 calculated under section 20 from 2014-2015 to 2015-2016.

9 (b) The decrease in the district's best practices per-pupil funding under former 10 section 22f from 2014-2015 to 2015-2016.

17 (6) If the allocation under subsection (1) is insufficient to fully fund payments 18 under subsections (3) and (5) as otherwise calculated under this section, the 19 department shall prorate payments under this section on an equal per-pupil basis.

20 Sec. 20m. (1) Foundation allowance supplemental payments for 2017-2018-2018-2019 21 to districts that in the 2015-2016 fiscal year had a foundation allowance greater than 22 \$8,169.00 shall be calculated under this section.

23 (2) The per-pupil allocation to each district under this section shall be the 24 difference between the dollar amount of the adjustment from the 2015-2016 state fiscal 25 year to the current state fiscal year in the basic foundation allowance minus the 26 dollar amount of the adjustment from the 2015-2016 fiscal year to the current state 27 fiscal year in a qualifying district's foundation allowance.

1 (3) If a district's local revenue per pupil does not exceed the sum of its 2 foundation allowance under section 20 plus the per-pupil allocation under subsection 3 (2), the total payment to the district calculated under this section shall be the 4 product of the per-pupil allocation under subsection (2) multiplied by the district's 5 membership excluding special education pupils. If a district's local revenue per pupil 6 exceeds the foundation allowance under section 20 but does not exceed the sum of the 7 foundation allowance under section 20 plus the per-pupil allocation under subsection 8 (2), the total payment to the district calculated under this section shall be the 9 product of the difference between the sum of the foundation allowance under section 20 10 plus the per-pupil allocation under subsection (2) minus the local revenue per pupil 11 multiplied by the district's membership excluding special education pupils. If a 12 district's local revenue per pupil exceeds the sum of the foundation allowance under 13 section 20 plus the per-pupil allocation under subsection (2), there is no payment 14 calculated under this section for the district.

(4) Payments to districts shall not be made under this section. Rather, the
calculations under this section shall be made and used to determine the amount of
state payments under section 22b.

18 Sec. 21f. (1) A primary district shall enroll an eligible pupil in virtual 19 courses in accordance with the provisions of this section. A primary district shall 20 not offer a virtual course to an eligible pupil unless the virtual course is published 21 in the primary district's catalog of board-approved courses or in the statewide 22 catalog of virtual courses maintained by the Michigan Virtual University pursuant to 23 section 98. The primary district shall also provide on its publicly accessible website 24 a link to the statewide catalog of virtual courses maintained by the Michigan Virtual 25 University. Unless the pupil is at least age 18 or is an emancipated minor, a pupil 26 shall not be enrolled in a virtual course without the consent of the pupil's parent or 27 legal guardian. PARENTAL CONSENT SHALL BE OBTAINED IN A FORM AND MANNER SPECIFIED BY

1 THE DEPARTMENT AND KEPT ON FILE BY THE PRIMARY DISTRICT.

2 (2) Subject to subsection (3), a primary district shall enroll an eligible pupil
3 in up to 2 virtual courses as requested by the pupil during an academic term,
4 semester, or trimester.

5 (3) A pupil may be enrolled in more than 2 virtual courses in a specific academic
6 term, semester, or trimester if all of the following conditions are met:

7 (a) The primary district has determined that it is in the best interest of the8 pupil.

9

(b) The pupil agrees with the recommendation of the primary district.

10 (c) The primary district, in collaboration with the pupil, has developed an 11 education development plan, in a form and manner specified by the department, that is 12 kept on file by the district. Beginning October 1, 2016, this subdivision does not 13 apply to a pupil enrolled as a part-time pupil under section 166b.

14 (4) If the number of applicants eligible for acceptance in a virtual course does 15 not exceed the capacity of the provider to provide the virtual course, the provider 16 shall accept for enrollment all of the applicants eligible for acceptance. If the 17 number of applicants exceeds the provider's capacity to provide the virtual course, 18 the provider shall use a random draw system, subject to the need to abide by state and 19 federal antidiscrimination laws and court orders. A primary district that is also a 20 provider shall determine whether or not it has the capacity to accept applications for 21 enrollment from nonresident applicants in virtual courses and may use that limit as 22 the reason for refusal to enroll a nonresident applicant.

(5) A primary district may not establish additional requirements beyond those
specified in this subsection that would prohibit a pupil from taking a virtual course.
A pupil's primary district may deny the pupil enrollment in an online course if any of
the following apply, as determined by the district:

27

(a) The pupil is enrolled in any of grades K to 5.

(b) The pupil has previously gained the credits that would be provided from thecompletion of the virtual course.

3 (c) The virtual course is not capable of generating academic credit.

4 (d) The virtual course is inconsistent with the remaining graduation requirements
5 or career interests of the pupil.

6 (e) The pupil has not completed the prerequisite coursework for the requested
7 virtual course or has not demonstrated proficiency in the prerequisite course content.

8 (f) The pupil has failed a previous virtual course in the same subject during the9 2 most recent academic years.

10 (g) The virtual course is of insufficient quality or rigor. A primary district 11 that denies a pupil enrollment request for this reason shall enroll the pupil in a 12 virtual course in the same or a similar subject that the primary district determines 13 is of acceptable rigor and quality.

14 (h) The cost of the virtual course exceeds the amount identified in subsection 15 (9), (10), unless the pupil or the pupil's parent or legal guardian agrees to pay the 16 cost that exceeds this amount.

17 (i) The request for a virtual course enrollment did not occur within the same 18 timelines established by the primary district for enrollment and schedule changes for 19 regular courses.

(j) The request for a virtual course enrollment was not made in the academic term, semester, trimester, or summer preceding the enrollment. This subdivision does not apply to a request made by a pupil who is newly enrolled in the primary district. (6) If a pupil is denied enrollment in a virtual course by the pupil's primary district, the primary district shall provide written notification to the pupil of the denial, the reason or reasons for the denial pursuant to subsection (5), and a description of the appeal process. The pupil may appeal the denial by submitting a

27 letter to the superintendent of the intermediate district in which the pupil's primary

05530'18

district is located. The letter of appeal shall include the reason provided by the primary district for not enrolling the pupil and the reason why the pupil is claiming that the enrollment should be approved. The intermediate district superintendent or designee shall respond to the appeal within 5 days after it is received. If the intermediate district superintendent or designee determines that the denial of enrollment does not meet 1 or more of the reasons specified in subsection (5), the primary district shall enroll the pupil in the virtual course.

8 (7) To provide a virtual course to an eligible pupil under this section, a9 provider shall do all of the following:

10 (a) Ensure that the virtual course has been published in the pupil's primary 11 district's catalog of board-approved courses or published in the statewide catalog of 12 virtual courses maintained by the Michigan Virtual University.

(b) Assign to each pupil a teacher of record and provide the primary district with the personnel identification code assigned by the center for the teacher of record. If the provider is a community college, the virtual course must be taught by an instructor employed by or contracted through the providing community college.

17 (c) Offer the virtual course on an open entry and exit method, or aligned to a18 semester, trimester, or accelerated academic term format.

19 (d) If the virtual course is offered to eligible pupils in more than 1 district,20 the following additional requirements must also be met:

(i) Provide the Michigan Virtual University with a course syllabus that meets the
 definition under subsection (14)(g) in a form and manner prescribed by the Michigan
 Virtual University for inclusion in a statewide catalog of virtual courses.

(*ii*) Not later than October 1 of each fiscal year, provide the Michigan Virtual
University with an aggregated count of enrollments for each virtual course the
provider delivered to pupils pursuant to this section during the immediately preceding
school year, and the number of enrollments in which the pupil earned 60% or more of

56

1 the total course points for each virtual course.

2 (8) To provide an online course under this section, a community college shall
3 ensure that each online course it provides under this section generates postsecondary
4 credit.

5 (9) For any virtual course a pupil enrolls in under this section, the pupil's
6 primary district must assign to the pupil a mentor and shall supply the provider with
7 the mentor's contact information.

8 (10) For a pupil enrolled in 1 or more virtual courses, the primary district
9 shall use foundation allowance or per-pupil funds calculated under section 20 to pay
10 for the expenses associated with the virtual course or courses. A primary district is
11 not required to pay toward the cost of a virtual course an amount that exceeds 6.67%
12 of the minimum foundation allowance for the current fiscal year as calculated under
13 section 20.

14 (11) A virtual learning pupil shall have the same rights and access to technology 15 in his or her primary district's school facilities as all other pupils enrolled in the 16 pupil's primary district. The department shall establish standards for hardware, 17 software, and Internet access for pupils who are enrolled in more than 2 virtual 18 courses in an academic term, semester, or trimester taken at a location other than a 19 school facility.

(12) If a pupil successfully completes a virtual course, as determined by the pupil's primary district, the pupil's primary district shall grant appropriate academic credit for completion of the course and shall count that credit toward completion of graduation and subject area requirements. A pupil's school record and transcript shall identify the virtual course title as it appears in the virtual course syllabus.

26 (13) The enrollment of a pupil in 1 or more virtual courses shall not result in a27 pupil being counted as more than 1.0 full-time equivalent pupils under this article.

57

The minimum requirements to count the pupil in membership are those established by the pupil accounting manual as it was in effect for the 2015-2016 school year or as subsequently amended by the department if the department notifies the legislature about the proposed amendment at least 60 days before the amendment becomes effective.

5 (14) As used in this section:

6 (a) "Instructor" means an individual who is employed by or contracted through a
7 community college.

8 (b) "Mentor" means a professional employee of the primary district who monitors
9 the pupil's progress, ensures the pupil has access to needed technology, is available

11 as the teacher of record if the primary district is the provider for the virtual
12 course and the mentor meets the requirements under subdivision (e).

13 (c) "Primary district" means the district that enrolls the pupil and reports the14 pupil for pupil membership purposes.

(d) "Provider" means the district, intermediate district, or community college that the primary district pays to provide the virtual course or the Michigan Virtual University if it is providing the virtual course.

 for each pupil, diagnosing learning needs, assessing pupil learning, prescribing
 intervention strategies and modifying lessons, reporting outcomes, and evaluating the
 effects of instruction and support strategies.

27

(iv) Has a personnel identification code provided by the center.

1 (v) If the provider is a community college, is an instructor employed by or 2 contracted through the providing community college. 3 (f) "Virtual course" means a course of study that is capable of generating a 4 credit or a grade and that is provided in an interactive learning environment where 5 the majority of the curriculum is delivered using the Internet and in which pupils may 6 be separated from their instructor or teacher of record by time or location, or both. 7 (g) "Virtual course syllabus" means a document that includes all of the 8 following: 9 (i) An alignment document detailing how the course meets applicable state 10 standards or, if the state does not have state standards, nationally recognized 11 standards. 12 (ii) The virtual course content outline. 13 (iii) The virtual course required assessments. 14 (iv) The virtual course prerequisites. 15 (v) Expectations for actual instructor or teacher of record contact time with the 16 virtual learning pupil and other communications between a pupil and the instructor or 17 teacher of record. 18 (vi) Academic support available to the virtual learning pupil. 19 (vii) The virtual course learning outcomes and objectives. 20 (viii) The name of the institution or organization providing the virtual content. 21 (ix) The name of the institution or organization providing the instructor or 22 teacher of record. 23 (x) The course titles assigned by the provider and the course titles and course 24 codes from the National Center for Education Statistics (NCES) school codes for the 25 exchange of data (SCED). 26 (xi) The number of eligible pupils that will be accepted by the provider in the

7 to improve student achievement.

8 (ii) Specific measurable benchmarks that will be met within 18 months to improve

2 Sec. 22a. (1) From the appropriation in section 11, there is allocated an amount 3 not to exceed \$5,207,000,000.00 for 2016-2017 and there is allocated an amount not to 4 exceed \$5,181,800,000.00 \$5,048,000,000.00 for 2017-2018-2018-2019 for payments to 5 districts and qualifying public school academies to guarantee each district and 6 qualifying public school academy an amount equal to its 1994-95 total state and local 7 per pupil revenue for school operating purposes under section 11 of article IX of the 8 state constitution of 1963. Pursuant to section 11 of article IX of the state 9 constitution of 1963, this guarantee does not apply to a district in a year in which 10 the district levies a millage rate for school district operating purposes less than it 11 levied in 1994. However, subsection (2) applies to calculating the payments under this 12 section. Funds allocated under this section that are not expended in the state fiscal 13 year for which they were allocated, as determined by the department, may be used to 14 supplement the allocations under sections 22b, 23F, and 51c in order to fully fund 15 those calculated allocations for the same fiscal year.

16 (2) To ensure that a district receives an amount equal to the district's 1994-95
17 total state and local per pupil revenue for school operating purposes, there is
18 allocated to each district a state portion of the district's 1994-95 foundation
19 allowance in an amount calculated as follows:

20 (a) Except as otherwise provided in this subsection, the state portion of a 21 district's 1994-95 foundation allowance is an amount equal to the district's 1994-95 22 foundation allowance or \$6,500.00, whichever is less, minus the difference between the 23 sum of the product of the taxable value per membership pupil of all property in the 24 district that is nonexempt property times the district's certified mills and, for a 25 district with certified mills exceeding 12, the product of the taxable value per 26 membership pupil of property in the district that is commercial personal property 27 times the certified mills minus 12 mills and the quotient of the ad valorem property

1 tax revenue of the district captured under tax increment financing acts divided by the 2 district's membership. For a district that has a millage reduction required under 3 section 31 of article IX of the state constitution of 1963, the state portion of the 4 district's foundation allowance shall be calculated as if that reduction did not 5 occur. For a receiving district, if school operating taxes are to be levied on behalf 6 of a dissolved district that has been attached in whole or in part to the receiving 7 district to satisfy debt obligations of the dissolved district under section 12 of the 8 revised school code, MCL 380.12, taxable value per membership pupil of all property in 9 the receiving district that is nonexempt property and taxable value per membership 10 pupil of property in the receiving district that is commercial personal property do 11 not include property within the geographic area of the dissolved district; ad valorem 12 property tax revenue of the receiving district captured under tax increment financing 13 acts does not include ad valorem property tax revenue captured within the geographic 14 boundaries of the dissolved district under tax increment financing acts; and certified 15 mills do not include the certified mills of the dissolved district. For a community 16 district, the allocation as otherwise calculated under this section shall be reduced 17 by an amount equal to the amount of local school operating tax revenue that would 18 otherwise be due to the community district if not for the operation of section 386 of 19 the revised school code, MCL 380.386, and the amount of this reduction shall be offset 20 by the increase in funding under section 22b(2).

(b) For a district that had a 1994-95 foundation allowance greater than \$6,500.00, the state payment under this subsection shall be the sum of the amount calculated under subdivision (a) plus the amount calculated under this subdivision. The amount calculated under this subdivision shall be equal to the difference between the district's 1994-95 foundation allowance minus \$6,500.00 and the current year hold harmless school operating taxes per pupil. If the result of the calculation under subdivision (a) is negative, the negative amount shall be an offset against any state

63

1 payment calculated under this subdivision. If the result of a calculation under this 2 subdivision is negative, there shall not be a state payment or a deduction under this 3 subdivision. The taxable values per membership pupil used in the calculations under 4 this subdivision are as adjusted by ad valorem property tax revenue captured under tax 5 increment financing acts divided by the district's membership. For a receiving 6 district, if school operating taxes are to be levied on behalf of a dissolved district 7 that has been attached in whole or in part to the receiving district to satisfy debt 8 obligations of the dissolved district under section 12 of the revised school code, MCL 9 380.12, ad valorem property tax revenue captured under tax increment financing acts do 10 not include ad valorem property tax revenue captured within the geographic boundaries 11 of the dissolved district under tax increment financing acts.

17 (4) A district or qualifying public school academy may use funds allocated under
18 this section in conjunction with any federal funds for which the district or
19 qualifying public school academy otherwise would be eligible.

20 (5) Except as otherwise provided in this subsection, for a district that is 21 formed or reconfigured after June 1, 2000 by consolidation of 2 or more districts or 22 by annexation, the resulting district's 1994-95 foundation allowance under this 23 section beginning after the effective date of the consolidation or annexation shall be 24 the average of the 1994-95 foundation allowances of each of the original or affected 25 districts, calculated as provided in this section, weighted as to the percentage of 26 pupils in total membership in the resulting district in the state fiscal year in which 27 the consolidation takes place who reside in the geographic area of each of the

64

original districts. If an affected district's 1994-95 foundation allowance is less than the 1994-95 basic foundation allowance, the amount of that district's 1994-95 foundation allowance shall be considered for the purpose of calculations under this subsection to be equal to the amount of the 1994-95 basic foundation allowance. This subsection does not apply to a receiving district unless there is a subsequent consolidation or annexation that affects the district.

18 (2) The total amount allocated under this section shall be allocated by paying to 19 the educating district or intermediate district an amount equal to the lesser of the 20 district's or intermediate district's added cost or the department's approved per-21 pupil allocation for the district or intermediate district. For the purposes of this 22 subsection:

(a) "Added cost" means 100% of the added cost each fiscal year for educating all pupils assigned by a court or the department of health and human services to reside in or to attend a juvenile detention facility or child caring institution licensed by the department of health and human services or the department of licensing and regulatory affairs and approved by the department to provide an on-grounds education program.

OSB

Added cost shall be computed by deducting all other revenue received under this article for pupils described in this section from total costs, as approved by the department, in whole or in part, for educating those pupils in the on-grounds education program or in a program approved by the department that is located on property adjacent to a juvenile detention facility or child caring institution. Costs reimbursed by federal funds are not included.

7 (b) "Department's approved per-pupil allocation" for a district or intermediate 8 district shall be determined by dividing the total amount allocated under this section 9 for a fiscal year by the full-time equated membership total for all pupils approved by 10 the department to be funded under this section for that fiscal year for the district 11 or intermediate district.

(3) A district or intermediate district educating pupils described in this section at a residential child caring institution may operate, and receive funding under this section for, a department-approved on-grounds educational program for those pupils that is longer than 181 days, but not longer than 233 days, if the child caring institution was licensed as a child caring institution and offered in 1991-92 an ongrounds educational program that was longer than 181 days but not longer than 233 days and that was operated by a district or intermediate district.

19 (4) Special education pupils funded under section 53a shall not be funded under20 this section.

Pupils described in this section are not eligible to be 6 funded under section 24. However, a program responsibility or other fiscal 7 responsibility associated with these pupils shall not be transferred from the 8 department of health and human services to a district or intermediate district unless 9 the district or intermediate district consents to the transfer.

Sec. 24c. From the appropriation in section 11, there is allocated an amount not to exceed \$1,528,400.00 \$1,545,400.00 for 2017-2018 2018-2019 for payments to districts for pupils who are enrolled in a nationally administered community-based education and youth mentoring program, known as the youth challenge program, that is administered by the department of military and veterans affairs. Both of the following apply to a district receiving payments under this section:

district after the pupil membership count day and before the supplemental count day

1 and, due to the pupil's enrollment and attendance status as of the pupil membership 2 count day, the pupil was not counted in membership in the educating district or 3 intermediate district, the educating district or intermediate district may report the 4 enrollment and attendance information to the center through the pupil transfer process 5 within 30 days after the transfer or within 30 days after the pupil membership count 6 certification date, whichever is later. Pupil transfers may be submitted no earlier 7 than the first day after the certification deadline for the pupil membership count day 8 and before the supplemental count day. Upon receipt of the transfer information under 9 this subsection indicating that a pupil has enrolled and is in attendance in an 10 educating district or intermediate district as described in this subsection, the pupil 11 transfer process shall do the following:

12

(a) Notify the district in which the pupil was previously enrolled.

The pupil auditing staff shall investigate a representative sample based on required audit sample sizes in the pupil auditing manual and may deny the pupil membership transfer.

18 (c) Aggregate the districtwide changes and notify the department for use in19 adjusting the state aid payment system.

20

(3) The department shall do all of the following:

(a) Adjust the membership calculation for each district or intermediate district in which the pupil was previously counted in membership or that previously received an adjustment in its membership calculation under this section due to a change in the pupil's enrollment and attendance so that the district's or intermediate district's membership is prorated to allow the district or intermediate district to receive for each school day, as determined by the financial calendar furnished by the center, in which the pupil was enrolled and in attendance in the district or intermediate 1 district an amount equal to 1/105 of a full-time equated membership claimed in the 2 fall pupil membership count. The district or intermediate district shall receive a 3 prorated foundation allowance in an amount equal to the product of the adjustment 4 under this subdivision for the district or intermediate district multiplied by the 5 foundation allowance or per-pupil payment as calculated under section 20 for the 6 district or intermediate district. The foundation allowance or per-pupil payment shall 7 be adjusted by the pupil's full-time equated status as affected by the membership 8 definition under section 6(4).

9 (b) Adjust the membership calculation for the educating district or intermediate 10 district in which the pupil is enrolled and is in attendance so that the district's or 11 intermediate district's membership is increased to allow the district or intermediate 12 district to receive an amount equal to the difference between the full-time equated 13 membership claimed in the fall pupil membership count and the sum of the adjustments 14 calculated under subdivision (a) for each district or intermediate district in which 15 the pupil was previously enrolled and in attendance. The educating district or 16 intermediate district shall receive a prorated foundation allowance in an amount equal 17 to the product of the adjustment under this subdivision for the educating district or 18 intermediate district multiplied by the per-pupil payment as calculated under section 19 20 for the educating district or intermediate district. The foundation allowance or 20 per-pupil payment shall be adjusted by the pupil's full-time equated status as 21 affected by the membership definition under section 6(4).

(4) The changes in calculation of state school aid required under subsection (3)
shall take effect as of the date that the pupil becomes enrolled and in attendance in
the educating district or intermediate district, and the department shall base all
subsequent payments under this article for the fiscal year to the affected districts
or intermediate districts on this recalculation of state school aid.

27

(5) If a pupil enrolls in an educating district or intermediate district as

05530'18

described in subsection (2), the district or intermediate district in which the pupil is counted in membership or another educating district or intermediate district that received an adjustment in its membership calculation under subsection (3), if any, and the educating district or intermediate district shall provide to the center and the department all information they require to comply with this section.

6 (6) The portion of the full-time equated pupil membership for which a pupil is
7 enrolled in 1 or more online courses under section 21f that is representative of the
8 amount that the primary district paid in course costs to the course provider shall not
9 be counted or transferred under the pupil transfer process under this section.

10 (7) It is the intent of the legislature that the center determine the number of 11 pupils who did not reside in this state as of the 2018-2019 pupil membership count day 12 but who newly enrolled in a district or intermediate district after that pupil 13 membership count day and before the 2018-2019 supplemental count day. It is the intent 14 of the legislature that the center further determine the number of pupils who were 15 counted in membership for the 2018-2019 pupil membership count day but who left this 16 state before the 2018-2019 supplemental count day. In 2019-2020, the center shall 17 provide a report to the senate and house appropriations subcommittees on state school 18 aid, and to the senate and house fiscal agencies, detailing the number of pupils 19 transferring in from another state or transferring out from this state OUTSIDE THE 20 MICHIGAN PUBLIC EDUCATION SYSTEM AND THE NUMBER OF PUPILS TRANSFERRING OUT OF THE 21 MICHIGAN PUBLIC EDUCATION SYSTEM between the pupil membership count day and 22 supplemental count day as described in this subsection. 1 (5) (b) according to how far the child's household income is below 250% of the federal 2 poverty level by ranking each applicant child's household income from lowest to 3 highest and dividing the applicant children into quintiles based on how far the 4 child's household income is below 250% of the federal poverty level, and then 5 enrolling children in the quintile with the lowest household income before enrolling 6 children in the quintile with the next lowest household income until slots are 7 completely filled. If the grant recipient determines that all eligible children are 8 being served and that there are no children on the waiting list who live with families 9 with a household income that is equal to or less than 250% of the federal poverty 10 level, the grant recipient may then enroll children who live with families with a 11 household income that is equal to or less than 300% of the federal poverty level. The 12 enrollment process shall consider income and risk factors, such that children 13 determined with higher need are enrolled before children with lesser need. For 14 purposes of this subdivision, all age-eligible children served in foster care or who 15 are experiencing homelessness or who have individualized education plans recommending 16 placement in an inclusive preschool setting shall be considered to live with families 17 with household income equal to or less than 250% of the federal poverty level 18 regardless of actual family income and shall be prioritized for enrollment within the 19 lowest quintile.

20 (12) An intermediate district or consortium of intermediate districts receiving a 21 grant under this section shall allow parents of eligible children who are residents of 22 the intermediate district or within the consortium to choose a program operated by or 23 contracted with another intermediate district or consortium of intermediate districts 24 and shall enter into a written agreement regarding payment, in a manner prescribed by 25 the department.

26 (13) An intermediate district or consortium of intermediate districts receiving a
27 grant under this section shall conduct a local process to contract with interested and

105

1 eligible public and private for-profit and nonprofit community-based providers that 2 meet all requirements of subsection (4) for at least 30% of its total allocation. For 3 the purposes of this 30% allocation, an intermediate district or consortium of 4 intermediate districts may count children served by a Head Start grantee or delegate 5 in a blended Head Start and great start readiness school-day program. Children served 6 in a program funded only through Head Start shall not be counted toward this 30% 7 allocation. The intermediate district or consortium shall report to the department, in 8 a manner prescribed by the department, a detailed list of community-based providers by 9 provider type, including private for-profit, private nonprofit, community college or 10 university, Head Start grantee or delegate, and district or intermediate district, and 11 the number and proportion of its total allocation allocated to each provider as 12 subrecipient. If the intermediate district or consortium is not able to contract for 13 at least 30% of its total allocation, the grant recipient shall notify the department 14 and, if the department verifies that the intermediate district or consortium attempted 15 to contract for at least 30% of its total allocation and was not able to do so, then 16 the intermediate district or consortium may retain and use all of its allocation as 17 provided under this section. the department shall ensure that it provides updated American community survey
 population data at least once every 3 years.

3 (b) The estimated number of children in the community who meet the criteria of
4 section 32d and are being served exclusively by Head Start programs operating in the
5 community.

6 (c) The number of children whom the applicant has the capacity to serve who meet
7 the criteria of section 32d including a verification of physical facility and staff
8 resources capacity.

9 (2) After notification of funding allocations, an applicant receiving funds under
10 section 32d shall also submit an implementation plan for approval, in a form and

shall distribute the remaining funds to each intermediate district or consortium of

26 intermediate districts that serves less than the state percentage benchmark determined 27 under subsection (5). These remaining funds shall be distributed to each eligible

05530'18

OSB

applicant based upon each applicant's proportionate share of the remaining unserved children necessary to meet the statewide percentage benchmark in intermediate districts or consortia of intermediate districts serving less than the statewide percentage benchmark. When all applicants have been given the opportunity to reach the statewide percentage benchmark, the statewide percentage benchmark may be reset, as determined by the department, until greater equity of opportunity to serve eligible children across all intermediate school districts has been achieved.

8 (5) For the purposes of subsection (4), for the 2017-2018-2018-2019 program year, 9 the department shall calculate a percentage of children served by each intermediate 10 district or consortium of intermediate districts by dividing the number of children 11 served in the immediately preceding year by that intermediate district or consortium 12 by the total number of children within the intermediate district or consortium of 13 intermediate districts who meet the criteria of section 32d as determined by the 14 department utilizing the most recent population data available from the American 15 community survey conducted by the United States Census Bureau. For 2017-2018, 2018-2019, the statewide 19 percentage benchmark is 60%.

(6) If, taking into account the total amount to be allocated to the applicant as calculated under this section, an applicant determines that it is able to include additional eligible children in the great start readiness program without additional funds under section 32d, the applicant may include additional eligible children but shall not receive additional funding under section 32d for those children.

(7) The department shall review the program components under section 32d and
under this section at least biennially. The department also shall convene a committee
of internal and external stakeholders at least once every 5 years to ensure that the

4 (4) Each district or public school academy receiving funds under this section 5 shall submit to the department by July 15 of each fiscal year a report, not to exceed 6 10 pages, on the usage by the district or public school academy of funds under this 7 section, in a form and manner determined by the department, which shall include a 8 brief description of each program conducted or services performed by the district or 9 public school academy using funds under this section and the amount of funds under 10 this section allocated to each of those programs or services. If a district or public 11 school academy does not comply with this section, the department shall withhold an 12 amount equal to the August payment due under this section until the district or public 13 school academy complies with this subsection. 125

1 all available federal funding under sections 611 to 619 of part B of the individuals 2 with disabilities education act, 20 USC 1411 to 1419, estimated at \$370,000,000.00 3 each FOR fiscal year for 2016-2017 and for 2017-2018-2018-2019, plus any carryover 4 federal funds from previous year appropriations. In addition, from the general fund 5 appropriation in section 11, there is allocated to the department an amount not to 6 exceed \$500,000.00 for 2017-2018-2018-2019 for the purpose of subsection (16). The 7 allocations under this subsection are for the purpose of reimbursing districts and 8 intermediate districts for special education programs, services, and special education 9 personnel as prescribed in article 3 of the revised school code, MCL 380.1701 to 10 380.1766; net tuition payments made by intermediate districts to the Michigan Schools 11 for the Deaf and Blind; and special education programs and services for pupils who are 12 eligible for special education programs and services according to statute or rule. For 13 meeting the costs of special education programs and services not reimbursed under this 14 article, a district or intermediate district may use money in general funds or special 15 education funds, not otherwise restricted, or contributions from districts to 16 intermediate districts, tuition payments, gifts and contributions from individuals or 17 other entities, or federal funds that may be available for this purpose, as determined 18 by the intermediate district plan prepared pursuant to article 3 of the revised school 19 code, MCL 380.1701 to 380.1766. Notwithstanding section 17b, payments of federal funds 20 to districts, intermediate districts, and other eligible entities under this section 21 shall be paid on a schedule determined by the department.

(2) From the funds allocated under subsection (1), there is allocated the amount
necessary, and estimated at \$260,700,000.00 for 2016-2017 and estimated at
\$264,200,000.00 \$272,100,000.00 for 2017-2018, 2018-2019, for payments toward
reimbursing districts and intermediate districts for 28.6138% of total approved costs
of special education, excluding costs reimbursed under section 53a, and 70.4165% of
total approved costs of special education transportation. Allocations under this

1 subsection shall be made as follows:

2 (a) The initial amount allocated to a district under this subsection toward 3 fulfilling the specified percentages shall be calculated by multiplying the district's 4 special education pupil membership, excluding pupils described in subsection (11), 5 times the foundation allowance under section 20 of the pupil's district of residence 6 plus the amount of the district's per-pupil allocation under section 20m, not to 7 exceed the basic foundation allowance under section 20 for the current fiscal year, 8 or, for a special education pupil in membership in a district that is a public school 9 academy, times an amount equal to the amount per membership pupil calculated under 10 section 20(6). For an intermediate district, the amount allocated under this 11 subdivision toward fulfilling the specified percentages shall be an amount per special 12 education membership pupil, excluding pupils described in subsection (11), and shall 13 be calculated in the same manner as for a district, using the foundation allowance 14 under section 20 of the pupil's district of residence, not to exceed the basic 15 foundation allowance under section 20 for the current fiscal year, and that district's 16 per-pupil allocation under section 20m.

17 (b) After the allocations under subdivision (a), districts and intermediate 18 districts for which the payments calculated under subdivision (a) do not fulfill the 19 specified percentages shall be paid the amount necessary to achieve the specified 20 percentages for the district or intermediate district.

(3) From the funds allocated under subsection (1), there is allocated each fiscal
year for 2016-2017 and for 2017-2018 FOR FISCAL YEAR 2018-2019 an amount not to exceed
\$1,000,000.00 \$1,100,000.00 to make payments to districts and intermediate districts
under this subsection. If the amount allocated to a district or intermediate district
for a fiscal year under subsection (2) (b) is less than the sum of the amounts
allocated to the district or intermediate district for 1996-97 under sections 52 and
58, there is allocated to the district or intermediate district for the fiscal year an

127

1 amount equal to that difference, adjusted by applying the same proration factor that 2 was used in the distribution of funds under section 52 in 1996-97 as adjusted to the 3 district's or intermediate district's necessary costs of special education used in 4 calculations for the fiscal year. This adjustment is to reflect reductions in special 5 education program operations or services between 1996-97 and subsequent fiscal years. 6 Adjustments for reductions in special education program operations or services shall 7 be made in a manner determined by the department and shall include adjustments for 8 program or service shifts.

9 (4) If the department determines that the sum of the amounts allocated for a 10 fiscal year to a district or intermediate district under subsection (2)(a) and (b) is 11 not sufficient to fulfill the specified percentages in subsection (2), then the 12 shortfall shall be paid to the district or intermediate district during the fiscal 13 year beginning on the October 1 following the determination and payments under 14 subsection (3) shall be adjusted as necessary. If the department determines that the 15 sum of the amounts allocated for a fiscal year to a district or intermediate district 16 under subsection (2)(a) and (b) exceeds the sum of the amount necessary to fulfill the 17 specified percentages in subsection (2), then the department shall deduct the amount 18 of the excess from the district's or intermediate district's payments under this 19 article for the fiscal year beginning on the October 1 following the determination and 20 payments under subsection (3) shall be adjusted as necessary. However, if the amount 21 allocated under subsection (2)(a) in itself exceeds the amount necessary to fulfill 22 the specified percentages in subsection (2), there shall be no deduction under this 23 subsection.

(5) State funds shall be allocated on a total approved cost basis. Federal funds
shall be allocated under applicable federal requirements, except that an amount not to
exceed \$3,500,000.00 may be allocated by the department each FOR fiscal year for 20162017 and for 2017-2018 2018-2019 to districts, intermediate districts, or other

128

eligible entities on a competitive grant basis for programs, equipment, and services
 that the department determines to be designed to benefit or improve special education
 on a statewide scale.

4 (6) From the amount allocated in subsection (1), there is allocated an amount not 5 to exceed \$2,200,000.00 each FOR fiscal year for 2016-2017 and for 2017-2018-2018-2019 6 to reimburse 100% of the net increase in necessary costs incurred by a district or 7 intermediate district in implementing the revisions in the administrative rules for 8 special education that became effective on July 1, 1987. As used in this subsection, 9 "net increase in necessary costs" means the necessary additional costs incurred solely 10 because of new or revised requirements in the administrative rules minus cost savings 11 permitted in implementing the revised rules. Net increase in necessary costs shall be 12 determined in a manner specified by the department.

13

(7) For purposes of sections 51a to 58, all of the following apply:

14 (a) "Total approved costs of special education" shall be determined in a manner 15 specified by the department and may include indirect costs, but shall not exceed 115% 16 of approved direct costs for section 52 and section 53a programs. The total approved 17 costs include salary and other compensation for all approved special education 18 personnel for the program, including payments for social security and Medicare and 19 public school employee retirement system contributions. The total approved costs do 20 not include salaries or other compensation paid to administrative personnel who are 21 not special education personnel as defined in section 6 of the revised school code, 22 MCL 380.6. Costs reimbursed by federal funds, other than those federal funds included 23 in the allocation made under this article, are not included. Special education 24 approved personnel not utilized full time in the evaluation of students or in the 25 delivery of special education programs, ancillary, and other related services shall be 26 reimbursed under this section only for that portion of time actually spent providing 27 these programs and services, with the exception of special education programs and

services provided to youth placed in child caring institutions or juvenile detention
 programs approved by the department to provide an on-grounds education program.

3 (b) Beginning with the 2004-2005 fiscal year, a district or intermediate district 4 that employed special education support services staff to provide special education 5 support services in 2003-2004 or in a subsequent fiscal year and that in a fiscal year 6 after 2003-2004 receives the same type of support services from another district or 7 intermediate district shall report the cost of those support services for special 8 education reimbursement purposes under this article. This subdivision does not 9 prohibit the transfer of special education classroom teachers and special education 10 classroom aides if the pupils counted in membership associated with those special 11 education classroom teachers and special education classroom aides are transferred and 12 counted in membership in the other district or intermediate district in conjunction 13 with the transfer of those teachers and aides.

14 (c) If the department determines before bookclosing for a fiscal year that the 15 amounts allocated for that fiscal year under subsections (2), (3), (6), and (11) and 16 sections 53a, 54, and 56 will exceed expenditures for that fiscal year under 17 subsections (2), (3), (6), and (11) and sections 53a, 54, and 56, then for a district 18 or intermediate district whose reimbursement for that fiscal year would otherwise be 19 affected by subdivision (b), subdivision (b) does not apply to the calculation of the 20 reimbursement for that district or intermediate district and reimbursement for that 21 district or intermediate district shall be calculated in the same manner as it was for 22 2003-2004. If the amount of the excess allocations under subsections (2), (3), (6), 23 and (11) and sections 53a, 54, and 56 is not sufficient to fully fund the calculation 24 of reimbursement to those districts and intermediate districts under this subdivision, 25 then the calculations and resulting reimbursement under this subdivision shall be 26 prorated on an equal percentage basis. Beginning in 2015-2016, the amount of 27 reimbursement under this subdivision for a fiscal year shall not exceed \$2,000,000.00

05530'18

OSB

1 for any district or intermediate district.

2 (d) Reimbursement for ancillary and other related services, as defined by R 3 340.1701c of the Michigan Administrative Code, shall not be provided when those 4 services are covered by and available through private group health insurance carriers 5 or federal reimbursed program sources unless the department and district or 6 intermediate district agree otherwise and that agreement is approved by the state 7 budget director. Expenses, other than the incidental expense of filing, shall not be 8 borne by the parent. In addition, the filing of claims shall not delay the education 9 of a pupil. A district or intermediate district shall be responsible for payment of a 10 deductible amount and for an advance payment required until the time a claim is paid. 11 (e) Beginning with calculations for 2004-2005, if an intermediate district

12 purchases a special education pupil transportation service from a constituent district 13 that was previously purchased from a private entity; if the purchase from the 14 constituent district is at a lower cost, adjusted for changes in fuel costs; and if 15 the cost shift from the intermediate district to the constituent does not result in 16 any net change in the revenue the constituent district receives from payments under 17 sections 22b and 51c, then upon application by the intermediate district, the 18 department shall direct the intermediate district to continue to report the cost 19 associated with the specific identified special education pupil transportation service 20 and shall adjust the costs reported by the constituent district to remove the cost 21 associated with that specific service.

(8) A pupil who is enrolled in a full-time special education program conducted or
administered by an intermediate district or a pupil who is enrolled in the Michigan
schools for the deaf and blind shall not be included in the membership count of a
district, but shall be counted in membership in the intermediate district of
residence.

27

(9) Special education personnel transferred from 1 district to another to

implement the revised school code shall be entitled to the rights, benefits, and
 tenure to which the person would otherwise be entitled had that person been employed
 by the receiving district originally.

4 (10) If a district or intermediate district uses money received under this
5 section for a purpose other than the purpose or purposes for which the money is
6 allocated, the department may require the district or intermediate district to refund
7 the amount of money received. Money that is refunded shall be deposited in the state
8 treasury to the credit of the state school aid fund.

9 (11) From the funds allocated in subsection (1), there is allocated the amount 10 necessary, estimated at \$3,500,000.00 for 2016-2017, and estimated at \$3,600,000.00 11 \$3,400,000.00 for 2017-2018, 2018-2019, to pay the foundation allowances for pupils 12 described in this subsection. The allocation to a district under this subsection shall 13 be calculated by multiplying the number of pupils described in this subsection who are 14 counted in membership in the district times the sum of the foundation allowance under 15 section 20 of the pupil's district of residence plus the amount of the district's per-16 pupil allocation under section 20m, not to exceed the basic foundation allowance under 17 section 20 for the current fiscal year, or, for a pupil described in this subsection 18 who is counted in membership in a district that is a public school academy, times an 19 amount equal to the amount per membership pupil under section 20(6) or, for a pupil 20 described in this subsection who is counted in membership in the education achievement 21 system, times an amount equal to the amount per membership pupil under section 20(7). 22 The allocation to an intermediate district under this subsection shall be calculated 23 in the same manner as for a district, using the foundation allowance under section 20 24 of the pupil's district of residence, not to exceed the basic foundation allowance 25 under section 20 for the current fiscal year, and that district's per-pupil allocation 26 under section 20m. This subsection applies to all of the following pupils:

27

(a) Pupils described in section 53a.

132

(b) Pupils counted in membership in an intermediate district who are not special
 education pupils and are served by the intermediate district in a juvenile detention
 or child caring facility.

4 (c) Pupils with an emotional impairment counted in membership by an intermediate
5 district and provided educational services by the department of health and human
6 services.

7 (12) If it is determined that funds allocated under subsection (2) or (11) or
8 under section 51c will not be expended, funds up to the amount necessary and available
9 may be used to supplement the allocations under subsection (2) or (11) or under
10 section 51c in order to fully fund those allocations. After payments under subsections
11 (2) and (11) and section 51c, the remaining expenditures from the allocation in
12 subsection (1) shall be made in the following order:

13 (a) 100% of the reimbursement required under section 53a.

14 (b) 100% of the reimbursement required under subsection (6).

15 (c) 100% of the payment required under section 54.

(d) 100% of the payment required under subsection (3).

17 (e) 100% of the payments under section 56.

18 (13) The allocations under subsections (2), (3), and (11) shall be allocations to
19 intermediate districts only and shall not be allocations to districts, but instead
20 shall be calculations used only to determine the state payments under section 22b.

(14) If a public school academy that is not a cyber school, as defined in section 551 of the revised school code, MCL 380.551, enrolls under this section a pupil who resides outside of the intermediate district in which the public school academy is located and who is eligible for special education programs and services according to statute or rule, or who is a child with disabilities, as defined under the individuals with disabilities education act, Public Law 108-446, the intermediate district in which the public school academy is located and the public school academy shall enter

133

1 into a written agreement with the intermediate district in which the pupil resides for 2 the purpose of providing the pupil with a free appropriate public education, and the 3 written agreement shall include at least an agreement on the responsibility for the 4 payment of the added costs of special education programs and services for the pupil. 5 If the public school academy that enrolls the pupil does not enter into an agreement 6 under this subsection, the public school academy shall not charge the pupil's resident 7 intermediate district or the intermediate district in which the public school academy 8 is located the added costs of special education programs and services for the pupil, 9 and the public school academy is not eligible for any payouts based on the funding 10 formula outlined in the resident or nonresident intermediate district's plan. If a 11 pupil is not enrolled in a public school academy under this subsection, the provision 12 of special education programs and services and the payment of the added costs of 13 special education programs and services for a pupil described in this subsection are 14 the responsibility of the district and intermediate district in which the pupil 15 resides.

16 (15) For the purpose of receiving its federal allocation under part B of the 17 individuals with disabilities education act, Public Law 108-446, a public school 18 academy that is a cyber school, as defined in section 551 of the revised school code, 19 MCL 380.551, and is in compliance with section 553a of the revised school code, MCL 20 380.553a, shall directly receive the federal allocation under part B of the 21 individuals with disabilities education act, Public Law 108-446, from the intermediate 22 district in which the cyber school is located, as the subrecipient. If the 23 intermediate district does not distribute the funds described in this subsection to 24 the cyber school by the part B application due date of July 1, the department may 25 distribute the funds described in this subsection directly to the cyber school 26 according to the formula prescribed in 34 CFR 300.705 and 34 CFR 300.816.

27

(16) For a public school academy that is a cyber school, as defined in section

1 551 of the revised school code, MCL 380.551, and is in compliance with section 553a of 2 the revised school code, MCL 380.553a, that enrolls a pupil under this section, the 3 intermediate district in which the cyber school is located shall ensure that the cyber 4 school complies with sections 1701a, 1703, 1704, 1751, 1752, 1756, and 1757 of the 5 revised school code, MCL 380.1701a, 380.1703, 380.1704, 380.1751, 380.1752, 380.1756, 6 and 380.1757; applicable rules; and the individuals with disabilities education act, 7 Public Law 108-446. From the general fund appropriation under subsection (1), the 8 department shall provide appropriate administrative funding to the intermediate 9 district in which that cyber school is located for the purpose of ensuring that 10 compliance.

11 (17) For the purposes of this section, the department or the center shall only 12 require a district or intermediate district to report information that is not already 13 available from the financial information database maintained by the center.

14 Sec. 51c. As required by the court in the consolidated cases known as Durant v15 State of Michigan, 456 Mich 175 (1997), from the allocation under section 51a(1), 16 there is allocated each fiscal year for FISCAL YEAR 2016-2017 and for 2017-2018-2018-17 2019 the amount necessary, estimated at \$624,600,000.00 for 2016-2017 and 18 \$635,300,000.00 \$650,600,000.00 for 2017-2018, 2018-2019, for payments to reimburse 19 districts for 28.6138% of total approved costs of special education excluding costs 20 reimbursed under section 53a, and 70.4165% of total approved costs of special 21 education transportation. Funds allocated under this section that are not expended in 22 the state fiscal year for which they were allocated, as determined by the department, 23 may be used to supplement the allocations under sections 22a and 22b, AND 23F in order 24 to fully fund those calculated allocations for the same fiscal year.

Sec. 51d. (1) From the federal funds appropriated in section 11, there is
allocated each fiscal year for FISCAL YEAR 2016-2017 and for 2017-2018, 2018-2019, all
available federal funding, estimated at \$61,000,000.00 each fiscal year, for special

135

education programs and services that are funded by federal grants. All federal funds
 allocated under this section shall be distributed in accordance with federal law.
 Notwithstanding section 17b, payments of federal funds to districts, intermediate
 districts, and other eligible entities under this section shall be paid on a schedule
 determined by the department.

6 (2) From the federal funds allocated under subsection (1), the following amounts
7 are allocated each fiscal year for 2016-2017 and for FISCAL YEAR 2017-2018-2018-2019:

University, in consultation with agricultural commodity groups and other interested
parties, shall develop Project GREEEN and its program priorities.

Sec. 264. Included in the appropriation in section 236 for fiscal year 2017-2018
2018-2019 for Michigan State University is \$80,000.00 for the Michigan Future Farmers
of America Association. This \$80,000.00 allocation shall not supplant any existing

A university increasing a fee that applies to a specific subset of 4 students or courses shall provide sufficient information to prove that the increase 5 applied to that subset will not cause the increase in the average amount of board-6 authorized total tuition and fees paid by resident undergraduate students in the 2017-7 2018-2018-2019 academic year to exceed the limit established in this subsection.

8 (b) "Tuition and fee rate" means the average of full-time rates paid by a

12 highest levels of full-time equated resident undergraduate enrollment during the
13 academic year, as described in the higher education institutional data inventory
14 (HEIDI) user manual.

15 (c) For purposes of subdivision (a), for a public university that compels 16 resident undergraduate students to be covered by health insurance as a condition to 17 enroll at the university, "fee" includes the annual amount a student is charged for 18 coverage by the university-affiliated group health insurance policy if he or she does 19 not provide proof that he or she is otherwise covered by health insurance. This 20 subdivision does not apply to limited subsets of resident undergraduate students to be 21 covered by health insurance for specific reasons other than general enrollment at the 22 university.

(2) The state budget director shall implement uniform reporting requirements to
ensure that a public university receiving a payment under section 265a for performance
funding has satisfied the tuition restraint requirements of this section. The state
budget director shall have the sole authority to determine if a public university has

6 capital outlay project in fiscal year 2018-2019 or fiscal year 2019-2020.

7 (4) Notwithstanding any other provision of this act, the legislature may at any
8 time adjust appropriations for a university that adopts an increase in tuition and fee

17 (a) The university participates in reverse transfer agreements described in18 section 286 with at least 3 Michigan community colleges.

 Michigan Transfer Network created as part of the Michigan Association of Collegiate
 Registrars and Admissions Officers transfer agreement.

26 (2) Any performance funding amounts under section 236 that are not paid to a27 public university because it did not comply with 1 or more requirements under

05530'18

subsection (1) are unappropriated and reappropriated for performance funding to those
 public universities that meet the requirements under subsection (1), distributed in
 proportion to their performance funding appropriation amounts under section 236.

4 (3) The state budget director shall report to the house and senate appropriations
5 subcommittees on higher education and the house and senate fiscal agencies by
6 September 30, 2017 2018, regarding any performance funding amounts that are not paid

(d) Based on 6-year graduation rate, total degree completions, and institutional
support as a percentage of core expenditures, and the percentage of students receiving
Pell grants, scored against national Carnegie classification peers and weighted by
total undergraduate fiscal year equated students, 33.3%.

24 (5) For purposes of determining the score of a university under subsection

252

(c) A university classified as improving, a score of 2. It is the intent of the 2 legislature that, beginning in the 2018-2019 state fiscal year, a university 3 classified as improving is assigned a score of 1.

1	ARTICLE IV
2	GENERAL PROVISIONS
3	Sec. 296. (1) If the maximum amount appropriated under this act from the state
4	school aid fund for a fiscal year exceeds the amount necessary to fully fund
5	allocations under this act from the state school aid fund, that excess amount shall
6	not be expended in that state fiscal year and shall not lapse to the general fund, but
7	instead shall be deposited into the school aid stabilization fund created in section
8	11a.
9	(2) If the total maximum amount appropriated under all articles of this act from
10	the state school aid fund and the school aid stabilization fund exceeds the amount
11	available for expenditure from the state school aid fund for that fiscal year,
12	payments under sections 11f, 11g, 11j, 22a, 26a, 26b, 31d, 31f, 51a(2), 51a(12), 51c,
13	53a, 56, 147C, and 152a shall be made in full. In addition, for districts beginning
14	operations after 1994-95 that qualify for payments under section 22b, payments under
15	section 22b shall be made so that the qualifying districts receive the lesser of an
16	amount equal to the 1994-95 foundation allowance of the district in which the district

17 beginning operations after 1994-95 is located or \$5,500.00. The amount of the payment 18 to be made under section 22b for these qualifying districts shall be as calculated 19 under section 22a, with the balance of the payment under section 22b being subject to 20 the proration otherwise provided under this subsection and subsection (3). If 21 proration is necessary, state payments under each of the other sections of article I 22 from all state funding sources, and state appropriations to community colleges and 23 public universities under articles II and III from the state school aid fund, shall be 24 prorated in the manner prescribed in subsection (3) as necessary to reflect the amount 25 available for expenditure from the state school aid fund for the affected fiscal year. 26 However, if the department of treasury determines that proration will be required 27 under this subsection, or if the department of treasury determines that further

1 proration is required under this subsection after an initial proration has already 2 been made for a fiscal year, the department of treasury shall notify the state budget 3 director, and the state budget director shall notify the legislature at least 30 4 calendar days or 6 legislative session days, whichever is more, before the department 5 reduces any payments under this act because of the proration. During the 30-calendar-6 day or 6-legislative-session-day period after that notification by the state budget 7 director, the department shall not reduce any payments under this act because of 8 proration under this subsection. The legislature may prevent proration from occurring 9 by, within the 30-calendar-day or 6-legislative-session-day period after that 10 notification by the state budget director, enacting legislation appropriating 11 additional funds from the general fund, countercyclical budget and economic 12 stabilization fund, state school aid fund balance, or another source to fund the 13 amount of the projected shortfall.

14 (3) If proration is necessary under subsection (2), the department shall
15 calculate the proration in district and intermediate district payments under article I
16 that is required under subsection (2), and the department of treasury shall calculate
17 the proration in community college and public university payments under articles II
18 and III that is required under subsection (2), as follows:

(a) The department and the department of treasury shall calculate the percentage
of total state school aid fund money that is appropriated and allocated under this act
for the affected fiscal year for each of the following:

22 (i) Districts.

23 (*ii*) Intermediate districts.

24 (*iii*) Entities receiving funding from the state school aid fund under article I
25 other than districts or intermediate districts.

26 (iv) Community colleges and public universities that receive funding from the
27 state school aid fund.

05530'18

262

(b) The department shall recover a percentage of the proration amount required
under subsection (2) that is equal to the percentage calculated under subdivision
(a) (i) for districts by reducing payments to districts. This reduction shall be made
by calculating an equal dollar amount per pupil as necessary to recover this
percentage of the proration amount and reducing each district's total state school aid
from state sources, other than payments under sections 11f, 11g, 11j, 22a, 26a, 26b,
31d, 31f, 51a(2), 51a(12), 51c, 53a, 147C, and 152a, by that amount.

8 (c) The department shall recover a percentage of the proration amount required
9 under subsection (2) that is equal to the percentage calculated under subdivision
10 (a) (*ii*) for intermediate districts by reducing payments to intermediate districts.
11 This reduction shall be made by reducing the payments to each intermediate district,
12 other than payments under sections 11f, 11g, 26a, 26b, 51a(2), 51a(12), 53a, 56, 147C,
13 and 152a, on an equal percentage basis.

(d) The department shall recover a percentage of the proration amount required under subsection (2) that is equal to the percentage calculated under subdivision (a) (*iii*) for entities receiving funding from the state school aid fund under article I other than districts and intermediate districts by reducing payments to these entities. This reduction shall be made by reducing the payments to each of these entities, other than payments under sections 11j, 26a, and 26b, on an equal percentage basis.

(e) The department of treasury shall recover a percentage of the proration amount
required under subsection (2) that is equal to the percentage calculated under
subdivision (a) (*iv*) for community colleges and public universities that receive
funding from the state school aid fund by reducing that portion of the payments under
articles II and III, OTHER THAN THOSE PAYMENTS UNDER SECTION 201(5) AND 236(4) OF
THESE ARTICLES, to these community colleges and public universities that is from the
state school aid fund on an equal percentage basis.
