

Rep. Hughes offered the following concurrent resolution:

**House Concurrent Resolution No. 22.**

A concurrent resolution to oppose the Michigan State Waterways Commission recommendation that legislation be introduced to require the registration with a fee of all rigid-hulled kayaks, canoes, and paddleboards eight feet or longer.

Whereas, Paddle sports are one of the fastest-growing outdoor activities in the nation. Many Michigan residents and visitors from other states enjoy a leisurely paddle on the waters of this state and in doing so, contribute more than \$140 million to Michigan's economy; and

Whereas, The Michigan State Waterways Commission recently passed Resolution 02-2018-01 recommending that registration fees be implemented for all rigid-hulled kayaks and canoes as well as paddleboards eight feet or longer. Under current law, these vessels are exempt from fees and registration in Michigan; and

Whereas, Most paddlers will receive minimal benefit from the registration fees, especially the many boaters who exclusively paddle inland waterways and rivers. Although some rustic and unimproved access sites exist along Michigan's waterways and rivers, most funding for access sites go to state boat launches designed for powerboats and trailers. These sites are not necessarily safe or easy for paddlers to use. Paddlers who do choose to launch from state sites must purchase a recreation passport which supports the maintenance and operation of these sites. Registration fees also fund sheriff patrols on Michigan's inland lakes. Although safer inland lakes are beneficial to paddlers, increased safety patrols will provide little benefit for paddlers traversing rivers and scenic waterways; and

Whereas, As more Michigan residents discover the excitement and adventure of paddling on Michigan waterways, a registration fee on these vessels would only curtail the growth of a sport that provides great benefits to our state. A family sport, paddling allows residents who are unable to participate in powerboating to access our boundless water resources. A registration fee would only place a burden on our residents while adversely impacting the economic benefits that paddle sports bring to Michigan; now, therefore, be it

Resolved by the House of Representatives (the Senate concurring), That we oppose the Michigan State Waterways Commission recommendation that legislation be introduced to require the registration with a fee of all rigid-hulled kayaks, canoes, and paddleboards eight feet or longer; and be it further

Resolved, That copies of this resolution be transmitted to the members of the Michigan State Waterways Commission.
