23 public instruction as a specialty school under subsection (5) is

26 high school continues to meet all of the following requirements:

27 (a) The high school clearly states to prospective pupils and  
28 their parents that it does not meet the requirements of the  
29 Michigan merit standard under this section and section 1278b but is

1 a designated specialty school that is exempt from some of those  
2 requirements and that a pupil who enrolls in the high school and  
3 subsequently transfers to a high school that is not a specialty  
4 school meeting the requirements of this subsection will be required  
5 to comply with the requirements of the Michigan merit standard  
6 under this section and section 1278b.

11 of the ACT examination for the pupils of the school district in  
12 which the greatest number of the pupils of the high school reside.

20 mathematics credit requirements of subsection (1)(a)(i), with no  
21 modification of these requirements under section 1278b(5), and each  
22 pupil is offered the curriculum necessary to meet this requirement.

23 (f) All pupils of the high school are required to meet the  
24 science credit requirements of section 1278b(1)(b) and are also
