Rep. Tommy Brann, from the 77th District, offered the following invocation:

*“Dear Lord, I am grateful to know one of my server’s nephews, Joey DeJong. Joey was born blind but continues to show strength by lifting weights and advocating for those with disabilities.*

*Lord, like Joey, give us the strength to overcome any obstacle.*

*Dear Lord, in the words of Mary Gauthier,*

*My Church and my Country could use a little mercy now*

*As they sink into a poisoned pit*

*That’s going to take forever to climb out*

*They carry the weight of the faithful*

*Who follow them down*

*I love my Church and Country and they could use some mercy now*

*Every single one of us could use some mercy now*

*AMEN.”*

Rep. Frederick moved that Rep. Marino be excused from today’s session.  
The motion prevailed.

### Motions and Resolutions

Reps. LaFave, Markkanen, Damoose and Cambesy offered the following resolution:

**House Resolution No. 38.**

A resolution to encourage the construction of a peaking power plant in the Upper Peninsula.

Whereas, Some residents of the Upper Peninsula pay energy costs significantly higher than the rest of the state; and

Whereas, The construction of a new power plant in the eastern Upper Peninsula would decrease the cost of electricity transmission, increase grid reliability, allow for greater economic development, create jobs, and add to the tax base; and

Whereas, With the assistance of the Midcontinent Independent System Operator (MISO), Michigan has identified a location in the Upper Peninsula where the construction and operation of an additional natural gas-fired peaking power plant would lead to lower overall electricity costs and enhance grid reliability, while requiring minimal further infrastructure investment; and

Whereas, Cloverland Electric Cooperative has indicated to MISO that it is exploring the construction of a peaking power plant in the Upper Peninsula now, therefore, be it

Resolved by the House of Representatives, That we encourage electric utilities to continue to expeditiously explore the construction of a peaking power plant in the Upper Peninsula; and be it further

Resolved, That we encourage the Michigan Agency for Energy and Michigan Public Service Commission to provide any technical assistance needed during the exploration and construction of a peaking power plant in the Upper Peninsula; and be it further

Resolved, That we encourage MISO to prioritize and expedite any request to approve the construction of a peaking power plant in the Upper Peninsula; and be it further

Resolved, That copies of this resolution be transmitted to the Executive Director of the Michigan Agency for Energy, the commissioners of the Michigan Public Service Commission, and the Chief Executive Officer of the Midcontinent Independent System Operator.

The resolution was referred to the Committee on Energy.

Reps. Morse, Peterson, Rogers, Stone, Rabhi, Coleman, Anthony, O'Neal, Young, Brabec, Ellison, Liberati, Sabo, Neeley, Puri, Cavanagh, Breen, Aiyash, Steckloff, Thanedar, Kuppa, Brixie, Pohutsky, Scott, Weiss, Brenda Carter, Lasinski, Tyrone Carter, Cherry, Clemente, Sowerby, Sneller, Hope, Camilleri, Shannon, Garza, Hood, Cambensy, Steenland, Koleszar, Manoogian, Cynthia Johnson, Yancey, Haadsma and Witwer offered the following resolution:

**House Resolution No. 39.**

A resolution to recognize the life-saving work and innovation of employees in Michigan and around the country working to manufacture and distribute the COVID-19 vaccine.

Whereas, There are Michigan workers who are instrumental in the manufacturing and distribution of the COVID-19 vaccine across the United States of America and world. This includes the Portage Pfizer manufacturing facility with 2,500 employees; and

Whereas, Over the past year, nearly 600,000 Michiganders were afflicted with COVID-19, with over 15,000 succumbing to the devastating virus. In the United States, there have been over 27 million confirmed cases, while nearly 500,000 of our fellow Americans have lost their lives due to a COVID-19 infection; and

Whereas, In April of 2020, as COVID-19 claimed thousands of lives across the country and around the globe, biopharmaceutical plants began the herculean task of creating a life-saving vaccine to address the worldwide crisis; and

Whereas, These plants have committed to expediting production of the COVID-19 vaccine. Specifically, Pfizer has purposed to produce 200 million doses intended for the United States by May of 2021, along with announcing the admirable goal of producing 2 billion doses by the close of 2021; and

Whereas, Our nation has experienced a crisis unlike anything we have ever witnessed. The determination and dedication of the men and women working around the clock to produce the COVID-19 vaccine fills Michiganders and Americans with immense hope and pride. The world looks to these innovators as an example of a COVID-19 response that America has done right. While the battle against COVID-19 is far from over, these teams and their historic response to the global pandemic has provided a monumental step toward a well-functioning economy, health, safety and normalcy; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body recognize the life-saving work and innovation of employees in Michigan and around the country working to manufacture and distribute the COVID-19 vaccine. We honor the thousands of biopharmaceutical employees in our state and their unparalleled contribution to the fight against COVID-19.

The question being on the adoption of the resolution,

The resolution was adopted.

Reps. Posthumus, Outman, Hoytenga, Beson, Fink, Roth and Damoose offered the following resolution:

**House Resolution No. 40.**

A resolution to urge the Michigan Department of Health and Human Services to allow school districts the flexibility to exclude immediate family members of participants in school athletic events from venue capacity limits.

Whereas, The Michigan Department of Health and Human Services (MDHHS) has limited the number of spectators that may attend school athletic events to prevent the spread of COVID-19. The limits depend on the size of the venue and the type of seating available, with density limits and hard caps on the number of spectators; and

Whereas, The current restrictions have created an undue hardship on many families. The strict capacity restrictions have created situations where there are limits on how many family members of an athlete can attend an event. In families with younger siblings needing supervision, if the entire family is not allowed to attend, only one parent may be able to attend sporting events if child care arrangements cannot be made or are not financially feasible. In families with only one parent, an athlete may have no family members to support them; and

Whereas, School districts cannot create fair attendance policies for athletic events with the current strict limitations. The capacity limits do not allow many districts to accommodate every family's situation and ensure that every athlete can have a family member in attendance to support them; and

Whereas, The support of family members at athletic events and the ability of parents to attend their children's athletic events are important. While well-intended, the MDHHS's current order fails to account for every family situation and does not provide an opportunity for school districts to fully meet the needs of athletes and their families. The safety of spectators and athletes should still be achievable while allowing for a more flexible policy; now, therefore, be it

Resolved by the House of Representatives, That we urge the Michigan Department of Health and Human Services to allow school districts the flexibility to exclude immediate family members of participants in school athletic events from venue capacity limits; and be it further

Resolved, That copies of this resolution be transmitted to the Governor of Michigan and the Director of the Michigan Department of Health and Human Services.

The resolution was referred to the Committee on Government Operations.

Reps. Frederick, Fink and Haadsma offered the following resolution:

**House Resolution No. 41.**

A resolution to condemn the government of the People's Republic of China for their treatment and arbitrary detention of the Uyghur people.

Whereas, Since 2017, the government of the People's Republic of China has taken significant steps to target and repress the Uyghur people of the Xinjiang province. The Uyghurs, a Muslim minority, are subject to constant surveillance and more than one million have been detained in "re-education" camps; and

Whereas, The Chinese government has used the Uyghur people as a source of indentured labor. More than 80,000 people have been transported across the country to work in factories far from home. Half-a-million Uyghurs have been subject to forced labor in Xinjiang's cotton fields; and

Whereas, While detained in "re-education" camps, Uyghurs are subject to brutal treatment and forced to renounce their religion and pledge loyalty to the Chinese Communist Party. Those who have escaped the camps have reported being subject to physical, mental, and sexual torture; and

Whereas, The Chinese government has imposed incredibly cruel and draconian policies to limit the Uyghur population. Women have been forced to undergo involuntary abortions and sterilization. Between 2016 and 2018, sterilization rates in the Xinjiang province grew by 600 percent. Former U.S. Secretary of State Mike Pompeo and current Secretary Anthony Blinken have agreed that these practices constitute a genocide; now, therefore, be it

Resolved by the House of Representatives, That we condemn the government of the People's Republic of China for their treatment and arbitrary detention of the Uyghur people; and be it further

Resolved, That copies of this resolution be transmitted to the President of the People's Republic of China and the Chinese Communist Party Committee Secretary of Xinjiang Uyghur Autonomous Region.

The resolution was referred to the Committee on Government Operations.

Reps. Rogers, Coleman, Steenland, Rabhi, Morse, Young, Brabec, Hope, Brixie, Liberati, Hertel, Sneller, Cherry, Puri, Manoogian, Steckloff, Weiss, Breen, Scott, Tate, Brenda Carter, Cynthia Johnson, Kuppa, LaGrand, Aiyash, Ellison, Neeley, Hood, Bolden, Anthony, Garza, Jones, Stone, O'Neal, Clemente, Sabo, Tyrone Carter, Shannon, Koleszar, Lasinski, Camilleri, Peterson, Yancey, Cavanagh, Sowerby, Thanedar and Haadsma offered the following concurrent resolution:

**House Concurrent Resolution No. 4.**

A concurrent resolution to memorialize the federal government to provide direct aid to state and local governments.

Whereas, The COVID-19 Pandemic has significantly impacted Michigan and the United States. Since the first reported cases in Michigan on March 10, 2020, more than a half million Michiganders have been infected and more than 15,000 have lost their lives to the virus; and

Whereas, Unprecedented measures have been required to mitigate the virus' spread and protect public health. Governor Gretchen Whitmer, the Michigan Department of Health and Human Services, and public health officials across the country have issued orders prohibiting large gatherings, closing schools, and requiring the temporary closure of nonessential businesses; and

Whereas, Mitigating the spread of COVID-19 and protecting Michigan's citizens have affected state revenue. At the January 2021 Consensus Revenue Estimating Conference, it was estimated that net General Fund revenue declined by more than \$345 million during the 2019-20 Fiscal Year and would decline further during the 2020-21 Fiscal Year. Nationwide, states are facing significant declines in tax revenue; and

Whereas, Local governments across Michigan are also facing a dire fiscal situation. Falling revenues from local taxes combined with possible cuts to state revenue sharing have dramatically altered budgetary estimates for local governments. The 24 Michigan communities that collect city income taxes are facing combined potential revenue losses of at least \$250 million; and

Whereas, Failing to mitigate these state and local revenue shortfalls may result in damaging cuts to core government functions. Michigan is required to have a balanced budget every year. The cuts necessary to meet this requirement could necessitate reductions in funding for critical public services, including education, public safety, and others. States and localities have already eliminated more than 1 million jobs since the Pandemic began, exceeding the total jobs lost following the Great Recession; and

Whereas, The cuts necessary to balance state budgets may hamper states' ability to recover from the COVID-19 Pandemic and deal with other important issues. With cuts necessary across state budgets, health care, economic development programs — including neighborhood development and relief for small businesses — investments in critical infrastructure such as dams, and PFAS and other cleanup efforts may also be eliminated or face funding reductions. Cutting these programs during the public health emergency and economic devastation brought by COVID-19 will make it much more difficult for states to recover from the crisis; and

Whereas, While some federal aid has already been provided to states and local governments, it is insufficient to weather the effects of the Pandemic. Michigan received aid from the federal Coronavirus Aid, Relief, and Economic Security (CARES) Act, but these funds may only be used for expenses that relate to the Pandemic. The act only provided direct aid to local governments with populations over 500,000, meaning that the vast majority of Michigan's nearly 2,000 local units of government were excluded. Further, direct aid to state and local governments was not included in the subsequent federal stimulus package enacted in December 2020; and

Whereas, President Joe Biden has proposed and the U.S. Congress has begun working to enact a relief package that includes \$350 billion in emergency aid for state and local governments, including direct, flexible aid to local governments. Experts have projected that this total would be sufficient to avoid deep budget cuts, protecting public services and avoiding adverse effects on the economy's recovery; now, therefore, be it

Resolved by the House of Representatives (the Senate concurring), That we memorialize the federal government to provide direct aid to state and local governments; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States, the Speaker of the United States House of Representatives, the President of the United States Senate, and the members of the Michigan congressional delegation.

The concurrent resolution was referred to the Committee on Government Operations.
