Rep. John N. Damoose, from the 107th District, offered the following invocation:

“Heavenly Father,

We approach You today in a spirit of humility, each of us aware of our own sins and failings and in need of Your forgiveness – each of us with a distinct story and a unique set of experiences and talents that You have given us.

We look to You for guidance and wisdom, and share but one certainty – that You love each of us so much that You gave Your very Son – without any reservation – that we may have life.

Your love is perfect – ours is not. Help us to love one another as sisters and brothers. Help us to love the people we serve with our best ideas and tireless labor. And most of all, help each of us to love You more deliberately with our whole heart, our whole mind, and all of our strength. We pray in the name of Jesus. Amen.”

The Speaker assumed the Chair.

The Speaker, on behalf of the entire membership of the House of Representatives, offered the following resolution:

**House Resolution No. 52.**

A resolution of tribute offered as a memorial for Sal Rocca, former member of the House of Representatives.

Whereas, It was with great sorrow that the members of the this legislative body learned about the passing of Sal Rocca. He will be remembered as a dedicated public servant who was deeply committed to his constituents in Macomb County and the people of the state of Michigan during more than two decades of service in the House of Representatives; and

Whereas, Born in Italy, Sal Rocca’s family immigrated to Windsor, Ontario, and then settled in Detroit, Michigan, when he was 13. He attended the industrial technology program at Cass Technical High School and Macomb Community College and completed the real estate institute program offered by the University of Michigan and the Michigan Association of Realtors. He worked as a journeyman skilled tradesman at General Motors, and he was a licensed real estate broker for many years. He married Suzanne J. Marshall and raised two children, Michael Christopher and Tory Matthew; and

Whereas, Sal Rocca devoted most of his adult life to public service. First elected to the House of Representatives in 1974, Representative Rocca served 11 terms in the House from 1975 to 1980, 1983 to 1994, and 2001 to 2004. During his service, he sponsored numerous pieces of legislation that were enacted into law, including the Michigan Great Lakes Bottomlands Preserves Act, the Michigan Charter Boat Act, and the Prisoner Reimbursement Act. Additionally, he led the passage of legislation to improve tanker truck safety and to construct the Vietnam Veterans’ Memorial Monument at the Michigan Capitol; and

Whereas, As a trusted leader in the Legislature, he served as Dean of the House and held leadership roles on many committees, including as the chair of the Regulatory Reform Committee, Liquor Control Committee, and the Joint Committee on Administrative Rules and as vice chair of the committees on Public Health, Gaming and Casino Oversight, and State Affairs; and

Whereas, Sal Rocca was committed to improving the lives of his constituents and his community. He made constituent services and problem solving for his constituents a principal focus of his work. In addition to legislative service, he was a member of numerous community organizations and served on the Macomb County Board of Commissioners from 1995 to 2000; and

Whereas, Upon his passing, we offer condolences to his family and friends. We hope that they may find comfort in the knowledge that the community shares in their bereavement and that the legacy of Sal Rocca’s contributions will long continue to enrich our state; now, therefore, be it

Resolved by the House of Representatives, That we offer this expression of our highest tribute to honor the memory of Sal Rocca, a member of the House of Representatives from 1975 to 1980, 1983 to 1994, and 2001 to 2004; and be it further

**Messages from the Senate**

**Senate Bill No. 178, entitled**

A bill to amend 1976 IL 1, entitled "A petition to initiate legislation to provide for the use of returnable containers for soft drinks, soda water, carbonated natural or mineral water, other nonalcoholic carbonated

drink, and for beer, ale, or other malt drink of whatever alcoholic content, and for certain other beverage containers; to provide for the use of unredeemed bottle deposits; to prescribe the powers and duties of certain state agencies and officials; and to prescribe penalties and provide remedies,” by amending sections 3a, 3b, and 3c (MCL 445.573a, 445.573b, and 445.573c), section 3a as added by 1989 PA 148, section 3b as amended by 1998 PA 473, and section 3c as amended by 1996 PA 384.

The Senate has passed the bill.

The bill was read a first time by its title and referred to the Committee on Regulatory Reform.

#### **Senate Concurrent Resolution No. 6.**

A concurrent resolution to urge the Natural Resources Commission and the Department of Natural Resources to end the research study begun in 2019 concerning the effectiveness of antler point restrictions as a management tool in the chronic wasting disease core area.

Whereas, Chronic wasting disease (CWD) is a contagious fatal neurodegenerative disease affecting several species of cervids (deer, elk, and moose), including white-tailed deer. CWD is considered the most important disease currently threatening North American cervids. It belongs to a group of diseases known as transmissible spongiform encephalopathies that are caused by infectious misfolded proteins called prions that attack the brain of infected animals, resulting in death; and

Whereas, While CWD has been identified in deer in several counties in both the Upper and Lower Peninsulas, five counties in the Lower Peninsula have been identified as the Core CWD Area. These counties, Ionia, Kent, Mecosta, Montcalm, and Newaygo, are the focus of the antler point study; and

Whereas, The Department of Natural Resources is studying the influence of antler point restrictions on hunter harvest decisions. While harvest decisions may affect population, herd composition, and demographics, these decisions will not provide any data regarding changes to CWD prevalence, disease transmission, disease related mortality, or other data directly related to CWD within the Core CWD Area; and

Whereas, The antler point restrictions under the study will be in effect through 2021; and

Whereas, The Department of Natural Resources’ CWD Response Plan clearly acknowledges that increasing harvest of yearling bucks will minimize disease spread via dispersal. Conversely, antler point restrictions protect most yearling bucks from harvest, facilitating increased dispersal, enlarging the geographic scope of CWD, and increasing the number of mature bucks in the herd. Demographic sampling suggests that mature bucks have up to double the prevalence rate of other deer in the herd; and

Whereas, Adequate safeguards to prevent an adverse impact to the resource caused by antler point restrictions are lacking from this experiment. Eliminating antler point restrictions will increase the harvest of yearling males thus reducing the geographic spread of CWD and also reducing overall herd prevalence; and

Whereas, Discontinuing the study before it is completed is the decision of the Natural Resources Commission in consultation with the director of the DNR. Preliminary data resulting from this study fails to support the premise that antler point restrictions result in changes which could be beneficial to mitigating CWD. This evidence suggests that antler point restrictions resulted in a significant decrease in the deer harvest, which is detrimental to CWD mitigation efforts. Continuing this study will result in irreversible biological harm to the resource due to the lack of adequate safeguards mitigating the adverse impact that antler point restrictions have in areas where CWD is a factor; now, therefore, be it

Resolved by the Senate (the House of Representatives concurring), That we urge the Department of Natural Resources to end research concerning the effectiveness of antler point restrictions as a management tool to reduce chronic wasting disease; and be it further

Resolved, That copies of this resolution be transmitted to the Director of the Department of Natural Resources and the members of the Natural Resources Commission.

The Senate has adopted the concurrent resolution.

The concurrent resolution was referred to the Committee on Natural Resources and Outdoor Recreation.

#### **Senate Concurrent Resolution No. 7.**

A concurrent resolution to urge the Natural Resources Commission to authorize, and the Department of Natural Resources to organize, wolf hunting and trapping as part of the state’s wolf management efforts beginning in 2021.

Whereas, Gray wolves in Michigan have been protected under the federal Endangered Species Act since 1974. At that time, gray wolves were in danger of going extinct and needed the special protection provided by the act to aid their recovery; and

Whereas, The federal government removed the gray wolf from the federal Endangered Species list effective January 4, 2021. Gray wolves have made a remarkable recovery from near extinction. Michigan's current gray wolf population of almost 700 wolves exceeds by over three times the number of wolves biologists consider necessary to maintain a healthy population in the state. Michigan's wolf population has met all federal recovery goals for delisting both in terms of number of wolves and the stability of those numbers for many years; and

Whereas, The state of Michigan is now responsible for managing its gray wolf population, and Department of Natural Resources officials stated as recently as the summer of 2020 that their survey results show that Michigan's wolf population has recovered. Wolves in Michigan achieved the minimum sustainable population goal of 200 wolves for five consecutive years in 2004 and have since surpassed state and federal population recovery goals for nearly 20 years; and

Whereas, A managed wolf hunt in the state is a viable means of ensuring stable wolf population numbers. Wolf hunting allows the wolf population to be kept at levels that ensure the overall survival of the animal but limit potential wolf and human conflicts; and

Whereas, Michigan has an active and legitimate wolf management plan in place that was updated in 2015. While we commend the department for beginning the process of updating this plan again and commend the Natural Resources Commission for setting a plan update deadline of the end of 2021, there is no statutory requirement or precedent to delay a 2021 wolf hunt while the plan is reviewed and updated. Neither is there a requirement for a statewide public attitude survey or study to occur prior to a hunting season; and

Whereas, The law is clear that the commission should, to the greatest extent practicable, utilize principles of sound scientific management in making decisions regarding the taking of game; now, therefore, be it

Resolved by the Senate (the House of Representatives concurring), That we urge the Natural Resources Commission to authorize, and the Department of Natural Resources to organize, wolf hunting and trapping as part of the state's wolf management efforts beginning in 2021; and be it further

Resolved, That copies of this resolution be transmitted to the members of the Natural Resources Commission and the Director of the Department of Natural Resources.

The Senate has adopted the concurrent resolution.

Rep. Cavanaugh was named co-sponsor of the concurrent resolution.

The concurrent resolution was referred to the Committee on Natural Resources and Outdoor Recreation.

From the funds allocated in this subsection, the department shall pay each district in proportion to the amount of funds the district received under part A of title I of the elementary and secondary education act of 1965, Public Law 103-382, in the most recent fiscal year. The funding under this subsection is a portion of the funding that is designated as subgrants to local educational agencies as provided under section 313(c) of the coronavirus response and relief supplemental appropriations act, 2021, division M of Public Law 116-260.

The department shall send a report concerning the spending plans received under this subsection to the legislature.~~

(5) ~~(7)~~ From the federal funds allocated under subsection (1), there is allocated \$2,733,000.00 to the department for administrative costs in implementing this section.

~~(6) (8) As used in this section, "ESSER formula payment per pupil" means an amount equal to the sum of the amount of funds the district receives under subsection (2) and, if House Bill No. 4049 is enacted into law and effective within 14 days after House Bill No. 4049 is presented to the governor, the amount of funds the district receives under subsection (3) or, if House Bill No. 4049 is not enacted into law and effective within 14 days after House Bill No. 4049 is presented to the governor, the amount of funds the district would have received under subsection (3) if House Bill No. 4049 was enacted into law and effective within 14 days after House Bill No. 4049 was presented to the governor, as applicable, divided by the district's pupils in membership for the 2020-2021 school year as calculated under section 6."~~
