Rep. Gregory Markkanen, from the 110th District, offered the following invocation:

“Dear Heavenly Father:
 We ask Your blessing today as we gather to do the work of the citizens of both Peninsulas.
 In these times of turbulence and high emotions calm our hearts and minds
 So we can do Your will, caring for those in need, those who carry heavy burdens and the sick and elderly.
 Bless all who enter this chamber today and every day with peace and understanding
 We ask this in Your blessed name
 Amen.”

Rep. Rabhi moved that Reps. Puri, Rogers and Steckloff be excused from today’s session.
 The motion prevailed.

Motions and Resolutions

The Speaker laid before the House

House Resolution No. 278.

A resolution to declare May 2022 as Foster Care Awareness Month in the state of Michigan.
 (The resolution was introduced and postponed for the day on April 28, see House Journal No. 37, p. 545.)
 The question being on the adoption of the resolution,
 The resolution was adopted.

By unanimous consent the House considered **House Resolution No. 288** out of numerical order.

Reps. Filler, O’Malley, Breen, Tyrone Carter, Cavanagh, Garza, Haadsma, Kahle, Koleszar, Marino, Morse, Sneller, Steenland, Thanedar and Weiss offered the following resolution:

House Resolution No. 288.

A resolution to declare May 4, 2022, as Provider Appreciation Day in the state of Michigan.
 Whereas, National Provider Appreciation Day, was started in 1996 by a group of volunteers in New Jersey.
 This group saw the need to recognize the tireless efforts of providers who care for children of working parents; and

Whereas, Over half the children under the age of six nationwide are estimated to spend some time in a nonparental care arrangement on a weekly basis, which provides critical enrichment opportunities and nurtures development for children of all backgrounds and is a vital building block of our state economy; and

Whereas, The COVID-19 pandemic has created tremendous hardship for childcare providers and the families of Michigan who depend on them, who have continued to meet the needs of families while risking their health and financial stability to remain open; and

Whereas, Our future depends on the quality of the early childhood experiences provided to young children today; support for high-quality childcare represents a worthy commitment to our children’s future; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare May 4, 2022, as Provider Appreciation Day in the state of Michigan.

The question being on the adoption of the resolution,
 The resolution was adopted.

Reps. Markkanen, LaGrand, Rabhi, Rogers, Hood, Steckloff, Howell, Sowerby, Roth, Rendon, Beson, Garza and Marino offered the following resolution:

House Resolution No. 284.

A resolution to requesting information from the Michigan Attorney General regarding evidence or testimony submitted to the Michigan Public Service Commission in electric utility rates cases pertaining to residential customers in the distributed generation program.

Whereas, In 2016, the Michigan Legislature approved Public Act 341 on a broad bi-partisan basis to restructure numerous aspects of Michigan’s electric utility system, including policies related to customers operating solar energy systems at their homes; and

Whereas, The Legislature directed the Michigan Public Service Commission to establish a new tariff and rate structure, known as the distributed generation program, for residential customers to be compensated for any surplus electricity supplied to the grid, based on an equitable cost of service; and

Whereas, The Commission has complied with this requirement by establishing an “inflow-outflow” tariff within the distributed generation program that identifies an equitable cost of service and fair rate of compensation to residential customers; and

Whereas, The Michigan Senate respectfully requested through Senate Resolution 142 of 2020 that the Commission conduct a rate design study to determine if the distributed generation program was structured in a manner that would comply with the statutory equitable cost of service standard; and

Whereas, The study conducted by the Commission in response to Senate Resolution 142 concluded that the distributed generation “inflow-outflow” tariff determined in rate cases does serve to provide an equitable cost of service outcome for residential solar customers; and

Whereas, Since the establishment of the distributed generation program, a series of rate cases have been filed by various regulated utilities requesting additional charges, fees, or unique rates be applied to residential customers; and

Whereas, It has been reported that the proposed charges, fees, or rates would penalize residential solar customers with higher costs for their energy use even while providing surplus energy to the grid; and

Whereas, The Michigan Attorney General routinely serves as an intervening party in rate cases before the Commission; now, therefore, be it

Resolved by the House of Representatives, That we request the Michigan Attorney General to provide to the House Energy Committee a written summary of evidence or testimony submitted to the Michigan Public Service Commission by the Attorney General in response to rate cases filed by regulated utilities after June 1, 2018, pertaining to the distributed generation program; and be it further

Resolved, That copies of this resolution be transmitted to the Michigan Attorney General.

The resolution was referred to the Committee on Energy.

Reps. Markkanen, LaGrand, Rabhi, Rogers, Hood, Steckloff, Howell, Sowerby, Roth, Rendon, Beson, Calley and Marino offered the following resolution:

House Resolution No. 285.

A resolution to requesting the Michigan Public Service Commission to provide a report to the House Energy Committee summarizing the proposals of regulated utilities pertaining to the distributed generation program in rate cases filed after June 1, 2018.

Whereas, In 2016, the Michigan Legislature approved Public Act 341 on a broad bi-partisan basis to restructure numerous aspects of Michigan’s electric utility system, including policies related to customers operating solar energy systems at their homes; and

Whereas, The Legislature directed the Michigan Public Service Commission to establish a new tariff and rate structure, known as the distributed generation program, for residential customers to be compensated for any surplus electricity supplied to the grid, based on an equitable cost of service; and

Whereas, The Commission has complied with this requirement by establishing an “inflow-outflow” tariff within the distributed generation program that identifies an equitable cost of service and fair rate of compensation to residential customers; and

Whereas, The study conducted by the Commission in response to Senate Resolution 142 concluded that the distributed generation “inflow-outflow” tariff determined in rate cases provides an equitable cost of service outcome for residential solar customers; and

Whereas, Since the establishment of the distributed generation program, a series of rate cases have been filed by multiple regulated utilities requesting additional charges, fees, or rates be applied to distributed generation residential customers; and

Whereas, It has been reported that the proposed charges, fees, or rates would penalize residential solar customers with higher costs for their energy use even while providing surplus energy to the grid; now, therefore, be it

Resolved by the House of Representatives, That we request the Michigan Public Service Commission to provide a report to the House Energy Committee summarizing the proposals of regulated utilities pertaining to the distributed generation program in rate cases filed after June 1, 2018; and be it further

Resolved, That the report indicate whether the filed proposals contained charges, fees, or rates that are outside of the distributed generation program parameters and provide an estimate of the projected impact on customer costs of those charges, fees, or rates; and be it further

Resolved, That copies of this resolution be transmitted to the Michigan Public Service Commission and its staff. The resolution was referred to the Committee on Energy.

Reps. Brenda Carter, Breen, Calley, Tyrone Carter, Cavanagh, Garza, Haadsma, Hope, Koleszar, Morse, Sneller, Sowerby, Steenland, Thanedar, Weiss and Young offered the following resolution:

House Resolution No. 286.

A resolution to declare May 2022 as Mental Health Awareness Month in the state of Michigan.

Whereas, The month of May is observed as Mental Health Awareness Month across the United States to educate communities about mental illnesses and reduce the stigma that surrounds them; and

Whereas, Mental health is essential to everyone's overall health and well-being; and

Whereas, All Americans face challenges in life that can impact their mental health; and

Whereas, The National Alliance on Mental Illness reports that over 1.3 million adult Michiganders have a mental health condition; and

Whereas, Prevention is an effective way to reduce the burden of mental health conditions; and

Whereas, There are practical tools that all people can use to improve their mental health and increase resiliency; and

Whereas, With effective treatment, those individuals with mental health conditions can recover and lead full, productive lives; and

Whereas, By ignoring the illnesses of our fellow citizens, it will only further stigmatize those who suffer from a mental, behavioral, or emotional disorder; and

Whereas, Each business, school, government agency, health care provider, organization, and citizen share the burden of mental health problems and has a responsibility to promote mental wellness and support prevention and treatment efforts; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare May 2022 as Mental Health Awareness Month in the state of Michigan; and be it further

Resolved, That we call upon all citizens, government agencies, public and private institutions, businesses, and schools to commit to increasing the awareness and understanding of mental health, the steps we can take to protect mental health, and the need for appropriate and accessible services for all people with mental health conditions.

The question being on the adoption of the resolution,

The resolution was adopted.

Reps. Glenn, Breen, Tyrone Carter, Cavanagh, Garza, Haadsma, Marino, Morse, Sneller, Steenland, Thanedar and Weiss offered the following resolution:

House Resolution No. 287.

A resolution to declare May 2022 as Huntington's Disease Awareness Month in the state of Michigan.

Whereas Huntington's disease is a progressive degenerative neurological disease affecting 41,000 Americans while another 200,000 are genetically "at risk" of inheriting the expanded gene responsible for causing the disease; and

Whereas, Each child of a parent with Huntington's disease has a 50 percent chance of inheriting the Huntington's disease gene; and

Whereas, Huntington's disease typically occurs in mid-life, between the ages of 30 and 50, though onset has been known to occur in children as young as 2 years of age; and

Whereas, The average lifespan after onset of Huntington's disease is 10-20 years, and the younger the age of onset, the more rapid the progression of the disease, resulting in children who develop the juvenile form of the disease rarely living to adulthood; and

Whereas, Since the discovery of the gene that causes Huntington's disease in 1993, the pace of HD research has accelerated. Scientists across the nation are conducting important research into Huntington's Disease, which at present has no effective treatment or cure; and

Whereas, It is critical to the success of research and support services to raise awareness in the general public and the medical community about Huntington's disease; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare May 2022 as Huntington's Disease Awareness Month in the state of Michigan. We encourage all citizens to join in the observance.

The question being on the adoption of the resolution,

The resolution was adopted.

Reps. Meerman, Garza and Marino offered the following resolution:

House Resolution No. 289.

A resolution to urge Congress to pass legislation that would allow farmers to petition the U.S. International Trade Commission to temporarily waive tariffs on imports of fertilizer and fertilizer ingredients imported from Morocco.

Whereas, Michigan's agricultural industry is vitally important to the state economy. As our nation's second most diverse agricultural system, it contributes more than \$104.7 billion in economic activity annually to the state. More than 800,000 people work in Michigan's agricultural industry, and care for nearly 10 million acres of land; and

Whereas, Fertilizer is a critical agricultural input that is utilized by farmers to provide nutrients to their land and maximize the productivity of their farms. Michigan farmers require access to fertilizers in order to nourish their land and maintain production levels; and

Whereas, The International Trade Commission (ITC) determined that the import of foreign fertilizers injured U.S. manufacturers. As a result, the ITC decided to impose a nineteen percent tariff on imports of fertilizer and fertilizer ingredients from Morocco. The tariffs, which were implemented in early 2021, significantly increased fertilizer prices; and

Whereas, Fertilizer prices in the United States are now at an all-time high. Fertilizer prices had already been increasing due to factors such as rising costs of raw materials and increased demand for inputs. With these tariffs in effect, farmers who were already struggling to compete with rising costs are now faced with an increased financial burden and uncertain future; and

Whereas, Meanwhile, the U.S. continues to rely on imported fertilizer and fertilizer ingredients. For example, more than 95 percent of potash, one of the key components found in fertilizer, is currently imported from outside the U.S.; and

Whereas, Michigan contains the only commercial deposit of natural potash in the U.S. and the highest quality natural potash deposit in the world. The Michigan Legislature recently provided an investment of \$50 million to establish potash extraction infrastructure in Michigan. Once completed, this project will help increase domestic supply of this critical mineral, thereby strengthening and securing the supply of high-quality potash for Michigan farmers, in addition to providing hundreds of full-time jobs and boosting Michigan's economy. This will be crucial for the Michigan agricultural industry, as significant supply shortages and skyrocketing costs continue to burden Michigan farmers; and

Whereas, Legislation has been introduced in Congress that would allow a process for farmers to petition the ITC to temporarily waive tariffs on imports of fertilizer and fertilizer ingredients. With the price of fertilizer on the rise, this would help alleviate costs for farmers, as Morocco is one of the top five exporters of fertilizer to the United States; now, therefore, be it

Resolved by the House of Representatives, That we urge Congress to pass legislation that would allow farmers to petition the ITC to temporarily waive tariffs on imports of fertilizer and fertilizer ingredients imported from Morocco; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

The resolution was referred to the Committee on Agriculture.

Notices

I hereby give notice that on the next legislative session day I will move to discharge the Committee on Health Policy from further consideration of **House Bill No. 5542**.

Rep. Pohutsky

Second Reading of Bills

House Bill No. 5786, entitled

A bill to make appropriations for the department of insurance and financial services for the fiscal year ending September 30, 2023; and to provide for the expenditure of the appropriations.

Was read a second time, and the question being on the adoption of the proposed substitute (H-1) previously recommended by the Committee on Appropriations,

The substitute (H-1) was adopted, a majority of the members serving voting therefor.

Rep. Sabo moved to amend the bill as follows:

1. Amend page 4, following line 26, by inserting:

“Sec. 105. ONE-TIME APPROPRIATIONS		
Post-acute auto injury provider relief fund	\$	200,000,000
GROSS APPROPRIATION	\$	200,000,000
Appropriated from:		
State general fund/general purpose	\$	200,000,000”

and adjusting the subtotals, totals, and section 201 accordingly.

2. Amend page 15, following line 22, by inserting:

“ONE-TIME APPROPRIATIONS

Sec. 401. (1) The post-acute auto injury provider relief fund is created within the department of treasury.

(2) The funds appropriated in part 1 for the post-acute auto injury provider relief fund must be deposited into the fund.

(3) All funds deposited into the fund are appropriated and are available for expenditure. Expenditures are limited to support purposes as specified in this section. Not more than \$500,000.00 may be expended from the fund by the department for administrative expenses incurred under this section.

(4) Interest and earnings from the investment of money deposited into the fund must be deposited into the general fund.

(5) A provider may receive a distribution from the fund only if the charge pertains to a service for which there is no Medicare code and the provider can demonstrate to the department that fees under section 3157 of the insurance code of 1956, 1956 PA 218, MCL 500.3157, have caused the provider to receive reimbursement at a rate below the cost of providing the service. To meet this standard, a provider must submit all of the following to the department with the provider’s application for payments received after July 1, 2021:

(a) Evidence to demonstrate that the provider attempted to bill for a service that does not have a Medicare code and has not been paid at the charged rate or otherwise reimbursed.

(b) The provider’s 2019 chargemaster.

(c) The provider’s invoice for the charge for which the provider is seeking supplemental payment from the fund.

(d) Evidence of payment received for the charge for which the provider is seeking supplemental payment from the fund.

(e) Medical prescription corresponding to the services associated with the charge for which the provider is seeking supplemental payment from the fund, demonstrating reasonable necessity of the services.

(f) Evidence of 5 separate payments received in full prior to July 1, 2021, for the charge for which the provider is seeking supplemental payment from the fund.

(6) A provider that enters this state as a new licensee or that reorganizes, reincorporates, or otherwise reestablishes itself in the same or similar business under a new name after January 1, 2019, is not eligible to receive money from the fund. The department shall include the prohibition under this subsection in application guidance provided by the department.

(7) The department shall administer the fund, including reviewing and approving applications for funding and distributing funding to post-acute auto injury providers. Specifically, the department shall comply with all of the following requirements:

(a) The department shall develop application and review processes. These processes must include criteria established under this section.

(b) The department shall develop a process to retrieve any distributed money that is later determined to have been distributed as a result of fraudulent conditions or as a result of fraudulent information. Any

fraudulent activity related to the fund constitutes fraud for purposes of the insurance code of 1956, 1956 PA 218, MCL 500.100 to 500.8302. Any funds retrieved under this subdivision may be dispersed according to this section, even if the fund was previously exhausted.

(c) The department shall begin accepting applications for distributions from the fund not later than 30 days after the effective date of the appropriation in part 1 described in subsection (2).

(d) The department shall review all applications and issue a determination not later than 10 days after the receipt of a completed application. A provider that submits an incomplete application is subject to a new 10-day application period after the completed application is received. If the department determines a distribution from the fund is appropriate, that distribution shall be made to the provider within 5 days of the determination.

(e) The department shall report to the legislature 15 days before the application process opens. This report must include a sample application and any corresponding guidance or rules promulgated by the department.

(f) Notwithstanding any provision of law to the contrary, the department shall document and make available on a publicly accessible website all information related to approval or denial of distributions of money to providers from the fund.

(g) The department shall award money from the fund to providers on a first-come, first-served basis. Except as otherwise provided in subdivision (b), no money may be paid from the fund after the fund is exhausted.

(8) The department shall provide a quarterly report to the legislature, and shall make the report available on a publicly accessible website, that includes all of the following:

(a) The number of providers that have applied for funding from the fund.

(b) A list of the providers that have been approved for funding and the amounts awarded.

(c) A list of providers that have been denied funding and the reason for each denial.

(d) For each provider approved for a funding distribution, metrics on all charges and payments received in response to those charges under section 3157 of the insurance code of 1956, 1956 PA 218, MCL 500.3157.

(e) The total amount expended and remaining in the fund.

(9) One year after the department begins accepting applications for distributions from the fund or after money in the fund is exhausted, whichever occurs first, the department shall report to the legislature, and make the report available on a publicly accessible website, all of the following:

(a) Aggregated data reported in the quarterly reports under subsection (8).

(b) Analysis of the impact of section 3157 of the insurance code of 1956, 1956 PA 218, MCL 500.3157, and of the distributions from the fund and any recommendations the director may wish to offer to the legislature.

(10) A provider that avails itself of the fund and to which funds are distributed does so as their exclusive remedy and forgoes all other forms of recovery for the charges for which reimbursement is sought under this section. Any payment under this section is inadmissible for any purposes outside of claims made with the department.

(11) Funds appropriated in part 1 for the fund must be used to support distributions to providers facing systematic losses with respect to services offered to persons injured in motor vehicle accidents. The unexpended funds appropriated in part 1 for the fund are designated as work project appropriations and, subject to subdivision (d), any unencumbered or unallotted funds shall not lapse at the end of the fiscal year and are available for expenditures for projects under this subsection until the projects have been completed. The following is in compliance with section 451a of the management and budget act, 1984 PA 431, MCL 18.1451a:

(a) The purpose of the project is to support distributions to providers experiencing systematic losses with respect to services offered to persons injured in motor vehicle accidents.

(b) The project will be accomplished by using state employees or contracts with service providers, or both.

(c) The total estimated cost of the project is \$200,000,000.00.

(d) The tentative completion date is September 30, 2027. Any unexpended funds will lapse to the general fund.

(12) As used in this section:

(a) "Fund" means the post-acute auto injury provider relief fund created in this section.

(b) "Patient" means an injured person who is entitled to benefits under section 3107 of the insurance code of 1956, 1956 PA 218, MCL 500.3107.

(c) "Provider" means a post-acute brain or spinal injury clinic or other person that renders treatment or training, or a post-acute brain or spinal injury attendant care provider."

----------------------------------	--------------

4. Amend page 7, line 25, by striking out all of line 25.

5. Amend page 8, line 3, after “bonuses” by striking out “10,000,000” and inserting “67,500,000”.

6. Amend page 8, following line 6, by inserting:

“Use of force and officer misconduct registry	1,000,000”
---	------------

and adjusting the subtotals, totals, and section 201 accordingly.

7. Amend page 29, following line 21, by inserting:

“Sec. 503. From the funds appropriated in part 1 for annual psychological assessments – MCOLES, MCOLES must implement a standard requiring an annual psychological assessment of all individuals that it licenses.”.

8. Amend page 47, following line 26, by inserting:

“Sec. 813 (1) Funds appropriated in part 1 for bias and de-escalation training must be used by MCOLES to conduct or contract for research and analysis to identify training gaps and to begin to adapt, adopt, or develop curriculum standards for training in the following areas or other areas MCOLES determines to be substantially similar:

(a) De-escalation techniques.

(b) Implicit bias training.

(c) Procedural justice training.

(d) Mental health resources and support available for law enforcement officers.

(2) The curriculum standards for training on de-escalation techniques may include any of the following:

(a) Employment of verbal and physical tactics to defuse volatile or potentially violent situations, including when they are safe and feasible, with an emphasis on using communication, negotiation, and de-escalation techniques.

(b) Level of force that is an objectively reasonable response to an identified and articulable threat or resistance that is based on information available at the time of the incident and that requires constant reevaluation as circumstances dictate and allow.

(c) Training that provides law enforcement officers with awareness and recognition of indicators of physical or mental disabilities, mental health issues, developmental disabilities, and substance abuse issues, with an emphasis on effective communication and de-escalation techniques.

(d) As appropriate with the nature and immediacy of the threat to public safety, the use of distance, cover, and time when approaching and managing critical incidents, in order to help create a safety zone between the law enforcement officer and the subject, to afford the officer more time to react to the circumstances.

(e) A law enforcement officer’s responsibility to intervene in a situation if another law enforcement officer’s actions indicate that the officer has lost self-control or use of force is not objectively reasonable to the level of resistance encountered.

(f) Other evidence-based approaches, found to be appropriate by MCOLES, that enhance de-escalation techniques and skills.

(3) An individual seeking to become a law enforcement officer or a person who is already a licensed law enforcement officer may meet the standards for implicit bias training by completing an MCOLES-approved implicit bias training course.

(4) Funds appropriated in part 1 for bias and de-escalation training must be distributed by MCOLES to law enforcement agencies, through a grant program, for bias and de-escalation training for law enforcement officers. As a condition of receiving funding under this subsection, law enforcement agencies must adopt a written policy stating that each of the law enforcement officers in its employ will utilize de-escalation techniques in his or her interactions with citizens to the extent that it is reasonable and as safe as possible.

(5) MCOLES shall make a written model policy meeting the requirements of subsection (4) available on its website. A law enforcement agency may fulfill its duty under subsection (4) by adopting the written model policy made available under this subsection.

(6) As used in this section:

(a) “Curriculum” means a structure of educational standards that identifies behavioral objectives and outcomes.

(b) “De-escalation technique” means a method of methods intended to defuse potentially volatile or violent situations with the goal of reducing the level of subject control required to resolve the situation in an objectively reasonable and safe manner.

(c) “Implicit bias training” means evidence-based training that provides instruction regarding the bias implicit in all humans and how to help ensure unconscious bias does not inhibit fair and impartial law enforcement.

(d) “Procedural justice training” means training based on the principles of treating individuals with dignity and respect, giving citizens a voice during encounters, being neutral in decision-making, and conveying trustworthy motives while emphasizing law enforcement’s role in the context of the larger criminal justice system.

(e) “Training gap” means identified behavioral or performance deficiencies caused by a lack of skill or knowledge.

(7) The unexpended funds appropriated in part 1 for bias and de-escalation training are designated as a work project appropriation. Unencumbered or unallotted funds shall not lapse at the end of the fiscal year and shall be available for expenditures under this section until the project has been completed. The following is in compliance with section 451a of the management and budget act, 1984 PA 431, MCL 18.1451a:

(a) The purpose of the project is for bias and de-escalation training for law enforcement officers.

(b) The project will be accomplished by utilizing state employees, contracts with vendors, or local partners.

(c) The estimated cost of the project is \$35,000,000.00.

(d) The tentative completion date is September 30, 2027.”.

9. Amend page 54, line 16, by striking out all of section 822 and renumbering the remaining sections accordingly.

10. Amend page 60, line 13, after “is” by striking out “\$10,000,000.00” and inserting “\$67,500,000.00”.

11. Amend page 61, following line 7, by inserting:

“Sec. 829. (1) Funds appropriated in part 1 for use of force and officer misconduct registry must be used to create and maintain a use of force and officer misconduct registry, which must be accessible to all public safety departments in this state. The registry must contain all of the following information:

(a) Name of any officer terminated for on-the-job misconduct and a description of the misconduct.

(b) Name of any officer involved in an on-the-job use of force incident and any applicable information regarding the incident, including whether the incident resulted in any disciplinary action.

(2) The unexpended funds appropriated in part 1 for use of force and officer misconduct registry are designated as a work project appropriation. Unencumbered or unallotted funds shall not lapse at the end of the fiscal year and shall be available for expenditures under this section until the project has been completed. The following is in compliance with section 451a of the management and budget act, 1984 PA 431, MCL 18.1451a:

(a) The purpose of the project is to create and maintain a use of force and officer misconduct registry.

(b) The project will be accomplished by utilizing state employees, contracts with vendors, or local partners.

(c) The estimated cost of the project is \$1,000,000.00.

(d) The tentative completion date is September 30, 2027.”.

The motion did not prevail and the amendments were not adopted, a majority of the members serving not voting therefor.

Rep. Kупpa moved to amend the bill as follows:

1. Amend page 23, following line 12, by inserting:

“Sec. 237. (1) Subject to appropriation, the department shall create a police recruit scholarship grant program to assist units of local government with training police recruits in this state.

(2) Grants must be made only if matched on a one-to-one basis with funds made available by the unit of local government. Grants to a single unit of local government must not exceed \$50,000.00 in a fiscal year.

(3) Grants under the police recruit scholarship grant program must be used by units of local government to recruit and train police recruits pursuant to the strategic personnel hiring and retention plan described in subsection (4).

(4) The department must create an application process, selection criteria, and a grant dispersal process and post the application process, selection criteria, and grant dispersal process on the department’s website. In developing selection criteria, the department shall do both of the following:

(a) Give preference to qualified demographic groups who reside in or near the unit of local government, as determined by the department.

(b) Provide that for a unit of local government to be eligible for the police recruit scholarship grant program, the unit of local government shall create a strategic personnel hiring and retention plan that is designed to improve the ability of its police force to better reflect the economic, racial, and ethnic composition of the residents of the unit of local government.

(c) Provide that for a unit of local government to be eligible for the police recruit scholarship grant program, the unit of local government require a police recruit trained under the police recruit scholarship grant program to maintain employment with that unit of local government for a certain period of time or to repay that unit of local government a certain percentage of the costs to train that police recruit, as determined by the unit of local government. If a police recruit trained under the police recruit scholarship grant program is laid off or terminated by a unit of local government, that unit of local government shall not collect any repayment of the training costs for that police recruit.

(d) Require each unit of local government that receives a grant under this section to report the following to the department:

(i) How many police recruits have been trained and hired by the unit of local government with grant proceeds.

(ii) The number of individuals who are members of a qualified demographic group trained who are employed as police officers by the unit of local government, before and after receiving a grant under this section.

(iii) A statement from the unit of local government on how the grant program has made the police department of that unit of local government more diverse in terms of qualified demographic groups.

(5) The director shall submit an annual report to the governor and each chamber of the legislature and publish a copy of the report on its website. The report must contain all of the following:

(a) The names of any units of local government that received grants under this section.

(b) The number of police recruits trained by each unit of local government that received a grant under this section.

(c) The number of individuals who are members of a qualified demographic group employed by the units of local government that received a grant under this section.

(d) The number of applicants who applied to the unit of local government for funds under this section.

(6) As used in this section:

(a) "Qualified demographic group" means women, minorities, and historically underrepresented groups within or near the unit of local government, as determined by the department.

(b) "Unit of local government" means a city, village, or township."

The motion did not prevail and the amendment was not adopted, a majority of the members serving not voting therefor.

Rep. Kuppa moved to amend the bill as follows:

1. Amend page 23, following line 12, by inserting:

"Sec. 238. (1) Subject to appropriation, the department shall create a law enforcement awareness grant program to assist units of local government with the recruitment of members of qualified demographic groups as police recruits.

(2) Grants must be made only if matched on a one-to-one basis with funds made available by the unit of local government. Grants to a single unit of local government must not exceed \$50,000.00 in a fiscal year.

(3) Grants under the law enforcement awareness grant program must be used by units of local government to create awareness of a profession in law enforcement for members of qualified demographic groups.

(4) The department shall create an application process, selection criteria, and a grant dispersal process and post the application process, selection criteria, and grant dispersal process on its website.

(5) The law enforcement awareness grant program must provide that the grant distributions may be used for all of the following, as determined by the department:

(a) Educational programs.

(b) Marketing events.

(c) Transportation to and from educational programs and marketing events.

(d) Food and child care for individuals who attend the educational programs or marketing events.

(e) Targeted advertising for the educational programs and marketing events.

(6) Units of local government that receive a grant under this section shall annually report the following to the department:

(a) The number of educational programs or marketing events conducted by the unit of local government.

(b) The number of individuals who are members of a qualified demographic group that attended each educational program or marketing event.

(c) An accounting of all expenditures under the grant program.

(7) The director shall submit an annual report to the governor and each chamber of the legislature and publish a copy of the report on its website. The report shall contain all of the following:

(a) The names of any units of local government that received a grant under this section.

(b) The number of educational programs and marketing events held by each unit of local government that received a grant under this section.

21. Amend page 260, following line 24, by inserting:

“Sec. 1996. From the funds appropriated in part 1 for behavioral health crisis continuum workforce sign-on bonus, the department shall allocate \$3,000,000.00 general fund/general purpose revenue, and any associated federal, local, or private match, for grants of \$3,000.00 per-individual for existing licensed social workers who choose to enter the public sector behavioral health workforce on, or after, October 1 2022.

Sec. 1997. (1) From the funds appropriated in part 1 for behavioral health workforce student recruitment, the department shall allocate \$30,000,000.00 general fund/general purpose revenue, and any associated federal, local, or private match, over the course of 3 consecutive fiscal years for the following:

(a) Provide \$30,000.00 grants per-individual, per-year, to at least 300 individuals who have obtained a bachelor’s degree in social work (BSW), will immediately enter an accelerated master’s of social work (MSW) program, and will complete the MSW program within 1 year.

(b) Recipients of grants provided for under subdivision (a) of this subsection must commit to a minimum of 2 years in the public sector behavioral health workforce in areas such as, but not limited to, community mental health, substance abuse programs, crisis intervention, local crisis call centers, mobile crisis care, crisis stabilization, psychiatric emergency services, and rapid post-crisis care.

(2) Funds appropriated under subsection (1) of this section are designated as work project appropriations, and any unencumbered or unallotted funds shall not lapse at the end of the fiscal year and shall be available for expenditures for behavioral health workforce student recruitment under this section until the work project has been completed. All of the following are in compliance with section 451a(1) of the management and budget act, 1984 PA 431, MCL 18.1451a:

(a) The purpose of the work project is to fund training costs to accelerate the introduction of new mental health providers into the public sector workforce.

(b) The work project will be accomplished by providing student grants to individuals with a BSW and immediately enter an accelerated MSW program.

(c) The total estimated completion cost of the work project is \$30,000,000.00.

(d) The tentative completion date is September 30, 2025.

Sec. 1998. (1) The funds appropriated in part 1 for MEHP-mental health expansion must be used to expand the Michigan essential healthcare provider program to include loan repayment assistance to eligible behavioral health providers who work in federally designated health professional shortage areas.

(2) The unexpended funds appropriated in part 1 for MEHP-mental health expansion are designated as a work project appropriation, and any unencumbered or unallotted funds shall not lapse at the end of the fiscal year and shall be available for expenditures for projects under this section until the projects have been completed. The following is in compliance with section 451a of the management and budget act, 1984 PA 431, MCL 18.1451a:

(a) The purpose of the project is to expand financial support provided through the Michigan essential healthcare provider to behavioral health providers.

(b) The project will be accomplished by utilizing state employees or contracts.

(c) The total estimated cost of the project is \$25,000,000.00.

(d) The tentative completion date is September 30, 2026.

Sec. 1999. (1) From the funds appropriated in part 1 for professional development, collaboration and evidence-informed practice, the department shall allocate \$5,000,000.00 general fund/general purpose revenue, and any associated federal, local, or private match, over the course of 3 consecutive fiscal years to support the delivery of thorough and sustainable training programs administered by the National Association of Social Workers – Michigan in order to seek clinical providers who demonstrate the ability to deliver all of the following evidence-based programming:

(a) Expansion of practitioner education.

(b) Integrated substance use disorder.

(c) Clinical social work supervision.

(d) Geriatric workforce.

(e) Implicit bias.

(f) Human trafficking.

(2) Funds appropriated under subsection (1) of this section are designated as work project appropriations, and any unencumbered or unallotted funds shall not lapse at the end of the fiscal year and shall be available for expenditures for professional development, collaboration, and evidence-informed practice under this section until the work project has been completed. All of the following are in compliance with section 451a(1) of the management and budget act, 1984 PA 431, MCL 18.1451a:

(a) The purpose of the work project is to support the delivery of thorough and sustainable training programs administered by the National Association of Social Workers – Michigan in order to seek clinical providers who demonstrate the ability to deliver evidence-based programming.

(b) The work project will be accomplished by supporting evidence-informed practice.

(c) The total estimated completion cost of the work project is \$5,000,000.00.

(d) The tentative completion date is September 30, 2025.

Sec. 2000. From the funds appropriated in part 1 for residency training collaboration, the department shall allocate \$5,000,000.00 general fund/general purpose revenue, and any associated federal, local, or private match, to a public research university in this state, located in a county with a population of at least 1,790,000 according to the most recent federal decennial census, in a city with a population of at least 635,000 according to the most recent federal decennial census, to support a collaborative partnership between the public research university and a mental health service provider in this state that is currently operating in a county with a population between 103,000 and 104,000 according to the most recent federal decennial census, in a city with a population between 32,000 and 33,000 according to the most recent federal decennial census, to implement and support a psychiatry residency training program that has opportunities to expand into other rural sites within this state.

Sec. 2001. (1) From the funds appropriated in part 1 for statewide social work workforce study, the department shall conduct a study to identify and assess efforts to increase access to the number of social workers delivering services and supports in rural and underserved communities, and identify further workforce gaps and potential improvements in the system.

(2) By September 30, of the current fiscal year, the department shall report the findings of the study required under subsection (1) of this section to the house and senate appropriations subcommittees on the department budget, the house and senate fiscal agencies, the house and senate policy offices, and the state budget office.

Sec. 2002. From the funds appropriated in part 1 for university dental clinic, the department shall allocate \$4,000,000.00 general fund/general purpose revenue, and any associated federal, local, or private match, to a university school of dentistry to create a new facility to service individuals in nearby communities unable to afford or access care. The university must be located in a county with a population greater than 1,500,000 according to the most recent federal decennial census, and must have a student population between 4,000 and 6,000 in the previous fiscal year.”
