Boilerplate Changes from FY 2020-21 Year-to-Date:

- 1. Membership Definitions for Pandemic Learning.** The Governor, House, and Senate eliminated special membership provisions and definitions related to pandemic learning. The calculation of pupils in membership for FY 2021-22 would be 90% applied to the count of students in October 2021 plus 10% of the count of students in February 2021. (All pandemic-related 'Return to Learn' provisions were removed from the bill.) (Sec. 6, 21f, 101)
- 2. Teacher of Record/Definition of Class.** The Senate extended by one year the date by which districts have to ensure that all teachers are 'appropriately placed'. (Sec. 6(8))
- 3. Pupil Accounting Manual.** The Senate added a date (March 31) by which any changes to the pupil accounting manual must be made, in order to be effective for the following school year and required MDE to provide districts in violation of the PAM with a 30-day window to correct the violations. (Sec. 18)
- 4. Reduction to Cyber School Foundation Allowance.** The Governor proposed a 20% reduction. The Senate and House did not concur. (Sec. 20)
- 5. At Risk.** The Governor, House, and Senate increased the percentage, from 30% to 35%, of the amount higher-funded

districts receive in per-pupil at risk payments as compared to lower-funded districts. The Senate also added a new allowable use of up to 10% of at risk funds for districts to provide evidence-based pre-kindergarten instructional and non-instructional services to children who meet at risk criteria. The Senate concurred with the House to broaden At Risk to include prekindergarten students. (Sec. 31a)

6. **10 Cents a Meal Administrative Funding.** The Governor changed the funding designated for administration, from up to 10% by districts and 6% by MDE, to up to 10% for MDE and 1% for each project partner. The Senate reduced this to 5% for MDE (because the overall funding for the program was doubled). (Sec. 31j)
7. **ISD Mental Health Grants.** The Senate included a change to the funding for ISDs such that each ISD would get a base grant of \$575,000 (the FY 21 amount) and the rest of the funding would be distributed based on population. Also, the Senate and House included language encouraging ISDs to provide suicide prevention and awareness education and counseling. (Sec. 31n)
8. **GSRP.** The Senate increased from 10% to 15% the percentage of children who can enroll in GSRP classrooms who are in families above the required income levels. (Sec. 32d)
9. **Early Literacy.** The Senate retained both existing early literacy programming and added \$4.0 million and substantive changes throughout the section to focus on professional development for early literacy teachers and coaches. (Sec. 35a)
10. **ISD Operational Funding.** The Senate and House added language requiring ISDs to include public school academies in all communications where traditional local districts are included, or not receive operational funding. (Sec. 81)
11. **CEPI Reporting.** The Governor included language narrowing CEPI's reporting to those areas where State or Federal laws require the reporting. The Senate and House did not include. (Sec. 94a)
12. **Benchmark Assessment Reporting.** The Senate concurred with House language requiring districts, in order to receive State aid, to publicly present the results from benchmark assessments and local benchmark assessments, and the progress toward meeting educational goals. (Sec. 98b)
13. **Adult Education.** The Governor and Senate changed the payments for adult education from the amounts paid in FY 2018-19 to a formula based on each ISD's population aged 18-24 who are not high school graduates (60%), each ISD's proportion of population aged 25 and up who are not high school graduates (35%), and each ISD's proportion of the State population age 18 and up who lack basic English language proficiency (5%). (Sec. 107)
14. **MPSERS.** The Senate concurred in House language allowing the Office of Retirement Services to adjust employer contribution rates if necessary. (Sec. 147 and 147c)
15. **Shared Time.** The Governor included new language requiring a district offering shared time programs to report each course for which participation by nonpublic or homeschool students exceeds 50% of all students. The Senate and House did not concur. (Sec. 166b)
