House Bill 4659 (as passed by the House)
Sponsor: Representative Joseph N. Bellino, Jr.
House Committee: Health Policy
Senate Committee: Health Policy and Human Services

Date Completed: 9-9-21

CONTENT

The bill would amend the Public Health Code to prescribe certain exceptions to a requirement that prescriptions be transmitted electronically.

Beginning October 1, 2021, Section 17754a of the Code requires a prescriber or his or her agent to electronically transmit a prescription, including a prescription for a controlled substance, directly to a pharmacy of the patient's choice.

The requirement to transmit a prescription electronically does not apply under certain specified circumstances. Under the bill, the requirement also would not apply to the following circumstances:

- If the prescription were dispensed by a dispensing prescriber.
- If the prescription were for a dialysis-related drug that was administered as part of or incident to a home-based dialysis treatment.
