SUMMARY:

Senate Bill 452 would amend the Michigan Vehicle Code to establish maximum prices for the sale in bulk of certain records of the secretary of state.

The code allows the secretary of state to contract for the sale of lists of driver and motor vehicle records and other records maintained under the code in bulk, and it currently requires the secretary of state to fix a market-based price for the sale of those lists or other bulk records, which may include personal information.

The bill would remove the requirement of a fixed, market-based price for such lists.

Instead, under the bill, the price per 1,000 records would be based on the date the records are obtained and could not exceed the following amounts, as applicable:

<u>Date</u>	<u>Price</u>
April 1, 2021, through March 31, 2022	\$17.50
April 1, 2022, through March 31, 2023	\$19.00
April 1, 2023, and thereafter	\$20.00

The bill states that it is intended to be retroactive and would apply retroactively for records obtained on and after April 1, 2021.
