SUMMARY:

House Bills 5433 to 5435 would each introduce effectively identical language into state statutes to require the Department of Licensing and Regulatory Affairs (LARA) to work with the Department of Military and Veterans Affairs to ensure that the fee for specified required examinations was approved for funding under the federal Post-9/11 Veterans Educational Assistance Act.¹

HB 5433 would apply to examinations required for licensure or registration under Article 15 (Occupations) of the Public Health Code.

HB 5434 would apply to required examinations under the Skilled Trades Regulation Act.

HB 5435 would apply to required examinations under the Occupational Code.

The federal act provides that an individual entitled to educational assistance under the bill is also entitled to payment for certain licensing and certification tests in the amount of \$2,000 or the fee charged for the test, whichever is less.
