13 Sec. 11553. (1) Consistent with the requirements of ~~this part~~
14 **115**, the department shall apply this section so as to promote and
15 foster the use of wastes and by-products for recycling or
16 beneficial purposes.

17 (2) Any person may request the department, consistent with the
18 definitions and other terms of ~~this part~~ **115**, to approve a
19 material, a use, or a material and use as a source separated
20 material; a beneficial use by-product for beneficial use 1, 2, 4,
21 or 5; an inert material; a low-hazard industrial waste;
22 **nondetrimental material managed for agricultural or silvicultural**
23 **use**; or another material, use, or material and use that can be
24 approved under ~~this part~~ **115**. Among other things, a person may
25 request the department to approve a use that does not ~~qualify as~~
26 **meet the definition of** beneficial use 2 under section ~~11502(4)(a)~~
27 **11502(8)(a)** because the property is not nonresidential property or
28 under section ~~11502(4)(a)~~, **11502(8)(a)**, (b), or (c) because the
29 material exceeds 4 feet in thickness. A request under this

1 subsection shall **be in writing and** contain a description of the
2 material including the process generating it; results of analyses
3 of representative samples of the material for any hazardous
4 substances that the person has knowledge or reason to believe could
5 be present in the material, based on its source, its composition,
6 or the process that generated it; and, if applicable, a description
7 of the proposed use. The analysis and sampling of the material
8 under this subsection shall be consistent with the methods
9 ~~contained in the EPA document entitled "test methods for the~~
10 ~~evaluation of solid waste, physical/chemical methods," SW 846 3rd~~
11 ~~edition; identified in "Standard Methods for the Examination of~~
12 **Water and Wastewater, 20th Edition,** (jointly published by the
13 **American Public Health Association, the American Water Works**
14 **Association, and the Water Environment Federation) or "Test Methods**
15 **for Evaluating Solid Waste, Physical/Chemical Methods," EPA**

24 department determines that the request does not include sufficient
25 information, the department shall, not more than 60 days after
26 receipt of the request, notify the requester. The notice shall
27 specify the additional information that is required. The 150-day
28 period is tolled until the requestor submits the information
29 specified in the notice. If the department approves a request under

1 this subsection, the approval shall include the following
2 statement: "This approval does not require any use of any
3 beneficial use by-product by a governmental entity or any other
4 person." The department may impose conditions and other
5 requirements consistent with the purposes of ~~this part~~ **115** on a
6 material, a use, or a material and use approved under this section
7 that are reasonably necessary for the use. If a request is approved
8 with conditions or other requirements, the approval shall
9 specifically state the conditions or other requirements. If the
10 request is denied, the ~~department's~~ denial shall, to the extent
11 practical, state with specificity all of the reasons for denial. If
12 the department fails to approve or deny the request within the 150-
13 day period, the request is considered approved. A person requesting
14 approval under this subsection may seek review of any final
15 department decision pursuant to section 631 of the revised
16 judicature act of 1961, 1961 PA 236, MCL 600.631.

17 (3) The department shall approve a material for a specified
18 use as a beneficial use by-product if all of the following
19 requirements are met:

20 (a) The material is an industrial or commercial material that
21 is or has the potential to be generated in high volumes.

22 (b) The proposed use serves a legitimate beneficial purpose
23 other than providing a means to discard the material.

24 (c) A market exists for the material or there is a reasonable
25 potential for the creation of a new market for the material if it
26 is approved as a beneficial use by-product.

27 (d) The material and use meet all federal and state consumer
28 protection and product safety laws and regulations.

29 (e) The material meets all of the following requirements:

1 (i) ~~Hazardous~~ **Any hazardous** substances in the material do not
2 pose a direct contact health hazard to humans.

3 (ii) The material does not leach, decompose, or dissolve ~~in a~~
4 ~~way that forms an unacceptably contaminated leachate. An~~
5 ~~unacceptably contaminated leachate is one to form a leachate~~ that
6 exceeds either ~~part of the following~~:

7 **(A) Part** 201 generic residential groundwater drinking water
8 criteria. ~~or surface~~

9 **(B) Surface** water quality standards established under part 31.

10 (iii) The material does not produce emissions that violate part
11 55 or that create a nuisance.

12 (4) The department may approve a material for a specified use
13 as a beneficial use by-product **or as restricted use compost** if the
14 material meets the requirements of subsection (3)(a), (b), (c), and
15 (d) but fails to meet the requirements of subsection (3)(e) and if
16 the department determines that the material and use are protective
17 of **the environment, natural resources, and** the public health,
18 **safety, and environment-welfare**. In making the determination, the
19 department shall consider the potential for exposure and risk to
20 ~~human health and the environment,~~ **natural resources, and the public**
21 **health, safety, and welfare** given the nature of the material, its
22 proposed use, and the environmental fate and transport of any
23 hazardous substances in the material in soil, groundwater, or other
24 relevant media.

25 (5) The department shall approve a material as inert **or as**
26 **general use compost** if all of the following requirements are met:

27 (a) The material is proposed to be used for a legitimate
28 purpose other than a means to dispose of the material.

29 (b) ~~Hazardous substances~~ **Substances** in the material do not

1 pose a direct contact health hazard to humans.

2 (c) The material does not leach, decompose, or dissolve in a
 3 way that forms an unacceptably contaminated leachate upon contact
 4 with water or other liquids likely to be found at the area of
 5 placement, disposal, or use. ~~An unacceptably contaminated leachate~~
 6 ~~is to form a~~ leachate that exceeds ~~part~~ **either of the following:**

7 (i) **Part** 201 generic residential groundwater drinking water
 8 criteria. ~~or surface~~

9 (ii) **Surface** water quality standards established under part 31.

10 (d) The material does not produce emissions that violate part
 11 55 or that create a nuisance.

12 (6) The department may approve a material as inert if the
 13 material meets the requirements of subsection (5)(a) but fails to
 14 meet the requirements of subsection (5)(b), (c), or (d) and if the
 15 department determines that the material is protective of the ~~public~~
 16 ~~health and environment,~~ **natural resources, and the public health,**
 17 **safety, and welfare.** In making the determination, the department
 18 shall consider the potential for exposure and risk to ~~human health~~
 19 ~~and the environment,~~ **natural resources, and the public health,**
 20 **safety, and welfare** given the nature of the material, its proposed
 21 use, and the environmental fate and transport of any hazardous
 22 substances in the material in soil, groundwater, or other relevant
 23 media.

24 (7) The department shall approve a material as a low-hazard
 25 industrial waste if hazardous substances in representative samples
 26 of the material do not leach, using, at the option of the
 27 generator, EPA method 1311, ~~1312,~~ **"Toxicity Characteristic Leaching**
 28 **Procedure", EPA method 1312, "Synthetic Precipitation Leaching**
 29 **Procedure",** or any other method approved by the department that

1 more accurately simulates mobility, above the higher of the
2 following:

3 (a) One-tenth the hazardous waste toxicity characteristic
4 threshold as set forth in rules promulgated under part 111.

5 (b) Ten times the generic residential groundwater drinking
6 water cleanup criteria as set forth in rules promulgated under part
7 201.

8 (8) The department shall approve a material as a source
9 separated material if the person who seeks the designation
10 demonstrates that the material can be recycled or converted into
11 raw materials or new products by being returned to the original
12 process from which it was generated, by use or reuse as an
13 ingredient in an industrial process to make a product, or by use or
14 reuse as an effective substitute for a commercial product. To
15 qualify as a source separated material, the material, product, or
16 reuse must meet all federal and state consumer protection and
17 product safety laws and regulations and must not create a nuisance.
18 If a material will be applied to or placed on ~~the~~ land, or will be
19 used to produce products that are applied to or placed on ~~the~~ land,
20 the material must qualify as an inert material or beneficial use
21 by-product.

22 (9) Any written determination by the department made ~~prior to~~
23 ~~the effective date of the amendatory act that added this section~~
24 **before September 16, 2014**, designating a material as an inert
25 material, an inert material appropriate for general reuse, an inert
26 material appropriate for reuse at a specific location, an inert
27 material appropriate for specific reuse instead of virgin material,
28 a source separated material, ~~a site separated material,~~ a low-
29 hazard industrial waste, or a non-solid-waste material remains in

1 effect according to its terms or until forfeited in writing by the
 2 person who received the determination. Upon termination,
 3 expiration, or forfeiture of the written determination, the current
 4 requirements of ~~this part 115~~ control. The amendments made to this
 5 part by ~~the amendatory act that added this section 2014 PA 178~~ do
 6 not rescind, invalidate, limit, or modify any such prior
 7 determination in any way.

8 **(10) Notwithstanding any other provision of part 115, a person**
 9 **in possession of material that is designated or approved for**
 10 **beneficial use or as inert material or in possession of material**
 11 **from an industrial facility that is designated or approved as**
 12 **source separated material is not subject to regulation as a**
 13 **materials management facility if the person manages and uses the**
 14 **material as provided in part 115 for that material.**

15 Sec. 11554. The department of agriculture and rural
 16 development, and not the department of ~~environmental quality,~~
 17 **environment, Great Lakes, and energy**, shall administer and enforce
 18 ~~this part 115~~ in connection with any material that is licensed or
 19 registered under part 85 or 1955 PA 162, MCL 290.531 to 290.538.

20 Enacting section 1. This amendatory act takes effect 90 days
 21 after the date it is enacted into law.

22 Enacting section 2. This amendatory act does not take effect
 23 unless all of the following bills of the 101st Legislature are
