*The People of the State of Michigan enact:*

### SUBPART 11 MATERIALS MANAGEMENT PLANS

Sec. 11571. (1) The department shall ensure that each county has an approved materials management plan. The approved solid waste management plan in effect on the effective date of the amendatory act that added this section remains in effect until a materials management plan has been approved for the planning area under this subpart. Before a materials management plan is approved for a county pursuant to section 11575, a solid waste management plan may be amended pursuant to the procedures that applied under section 11533 and former sections 11534 to 11537a immediately before the effective date of the amendatory act that added this section.

(2) The planning area of a single MMP may include 2 or more counties if the county boards of commissioners of those counties agree to the joint exercise of the powers and performance of the duties under this subpart of the county boards of commissioners and of the county approval agencies. In addition, if the department is responsible for preparing the MMP for 2 or more counties under section 11575, the department may include those counties in the planning area of a single MMP and may exercise its powers and perform its duties under this subpart for those counties jointly.

(3) Multicounty MMPs are subject to the same procedure for approval as single-county MMPs, and each county board of commissioners shall take formal action on a multicounty MMP as appropriate. A multicounty MMP shall include a process to ensure that the requirements of section 11578 are met.

(4) All of the municipalities of a county shall be included in the planning area of a single MMP. However, a municipality located in 2 counties that are not in the same planning area may request that the entire municipality be included in the planning area for 1 of those counties and excluded from the planning area of the other county.

A municipality that is adjacent to a county boundary may request that it be included in the planning area of the MMP for the adjacent county. A request under this subsection shall be submitted to and is subject to the approval of the county board of commissioners of each of the affected counties.

(5) Within 180 days after the effective date of the amendatory act that added this section, the department shall, in writing, request the county board of commissioners of each county to submit to the department a notice of intent to prepare an MMP. Within 180 days after the request is delivered, the county board of commissioners shall submit the notice of intent. If the county board of commissioners declines to prepare an MMP, all of the following apply:

(a) The county board of commissioners shall notify the municipalities in the county and the regional planning agency for the county of its decision.

(b) All the municipalities in the county, acting jointly, or the regional planning agency may, within the remaining balance of the 180-day time period applicable to the county board of commissioners, submit to the department a notice of intent to prepare an MMP.

(c) Upon request of the municipalities or regional planning agency, the department may extend the deadline under subdivision (b) to allow the municipalities and regional planning agency an opportunity to determine which will submit the notice of intent.

(6) If a notice of intent is not submitted to the department by the applicable deadline under subsection (5), the department may prepare an MMP for the county, subject to section 11575(11).

(7) A notice of intent under subsection (5) shall meet the following requirements, as applicable:

(a) State that the county board of commissioners, all the municipalities in the county, acting jointly, or the regional planning agency for the county, whichever submits the notice of intent, will prepare an MMP and will be the county approval agency.

(b) For a county with a population of less than 250,000, be accompanied by both of the following:

(i) Documentation that the county approval agency consulted with each adjacent county regarding the option of preparing a multicounty MMP pursuant to the urban cooperation act of 1967, 1967 (Ex Sess) PA 7, MCL 124.501 to 124.512.

(ii) Documentation of the outcome of the consultations, including a copy of any interlocal agreement identifying the process for creating a multicounty MMP.

(c) For a county with a population of 250,000 or more, be accompanied by both of the following:

(8) If the MMP is neither approved nor rejected by a deadline established in this subpart, subject to any extension under subsection (7), the MMP is considered automatically approved at that step in the approval process, and the approval process shall continue at the next step. The procedure for adopting an amendment to the MMP under this subsection is the same as the procedure for adoption of an initial MMP.

(3) The CAA may initiate 1 or more amendments to an MMP by filing a notice of intent with the department. Except as provided in subsection (4), the procedure for adopting an amendment to the MMP under this subsection is the same as the procedure for adoption of an initial MMP except as follows:

(a) The county submits a notice of intent on its own initiative rather than in response to a request from the department under section 11571.

(b) If the CAA rejects a revised amendment under section 11575(2), the amendment process terminates.

(c) Section 11575(11) does not apply. Instead, if any required approval is not timely granted, the amendment process terminates and the amendments are not adopted.

(4) If, after a notice of intent is filed under subsection (3), the department determines that the amendment will increase materials utilization or the recovery of managed material and complies with part 115, the department may authorize the CAA to amend the MMP. Notice posted in electronic media shall remain posted until the end of the public meeting. The notice shall indicate a location where copies of the proposed amendment are available for public inspection or copying at cost and shall indicate the time and place of the public meeting. The same notice may be used to satisfy the requirements of this subdivision and subdivision (b). The planning committee shall submit to the department proof of notice publication under this subdivision and subdivision (b).

(6) Changes made without amendment under subsection (5) shall be incorporated in the next amendment made under subsection (2) or (3).

(7) By every fifth anniversary date of the approval of the initial MMP, the CAA shall do both of the following:

(v) A description of how the benchmark recycling standards will be met.

(vi) A timetable for implementation.

(c) Identify by type and tonnage all managed material generated in the planning area, to determine the planning area's managed material capacity need and all managed material that is included in the planning area's materials management goals. Amounts of material may be estimated using a formula provided by the department.

(d) Require that a proposed materials management facility meet the requirements of part 115 and be consistent with the materials management goals.

(e) To the extent practicable, identify and evaluate current and planned materials management infrastructure and systems that contribute or will contribute to meeting the goal under section 11577(c) and other options to meet that goal.

(f) Include an inventory of the names and addresses of all of the following, subject to subdivision (g):

(i) Existing disposal areas.

(ii) Materials utilization facilities that meet both of the following requirements:

(A) Are in operation on the effective date of the amendatory act that added this section.

(B) On the effective date of the amendatory act that added this section, comply with part 115 or, within 1 year after that date, are in the process of becoming compliant.

(iii) Waste diversion centers for which notification has been given to the department under section 11521b.

(g) Include a materials management facility in the inventory under subdivision (f) only if the owner or operator of the facility has submitted to the county a written acknowledgment indicating that the owner or operator is aware of the proposed inclusion of the facility in the MMP relative to the materials capacity needs identified in subdivision (c) and that the facility has the indicated capacity to manage the materials identified under subdivision (h). The MMP shall include a statement that the owner or operator of each facility listed in the MMP has submitted such an acknowledgment to the county. If the submitted acknowledgments do not document sufficient capacity for disposal or utilization of the identified managed materials to reach the MMP's materials management capacity requirements, including the materials management goals, the MMP shall identify specific strategies, including a schedule and approach to develop and fund capacity.
