

**STATE OF MICHIGAN
101ST LEGISLATURE
REGULAR SESSION OF 2021**

Introduced by Reps. Tisdell, Calley, Ellison, Cavanagh and Hall

ENROLLED HOUSE BILL No. 5502

AN ACT to amend 1893 PA 206, entitled “An act to provide for the assessment of rights and interests, including leasehold interests, in property and the levy and collection of taxes on property, and for the collection of taxes levied; making those taxes a lien on the property taxed, establishing and continuing the lien, providing for the sale or forfeiture and conveyance of property delinquent for taxes, and for the inspection and disposition of lands bid off to the state and not redeemed or purchased; to provide for the establishment of a delinquent tax revolving fund and the borrowing of money by counties and the issuance of notes; to define and limit the jurisdiction of the courts in proceedings in connection with property delinquent for taxes; to limit the time within which actions may be brought; to prescribe certain limitations with respect to rates of taxation; to prescribe certain powers and duties of certain officers, departments, agencies, and political subdivisions of this state; to provide for certain reimbursements of certain expenses incurred by units of local government; to provide penalties for the violation of this act; and to repeal acts and parts of acts,” by amending section 9m (MCL 211.9m), as amended by 2017 PA 261.

The People of the State of Michigan enact:

Sec. 9m. (1) Beginning December 31, 2015 and each year thereafter, qualified new personal property for which an exemption has been properly claimed under subsection (2) is exempt from the collection of taxes under this act.

(2) A person shall claim the exemption under this section and section 9n by filing a combined document that includes: the form to claim the exemption under this section and section 9n, a report of the fair market value and year of acquisition by the first owner of qualified new personal property, and for any year before 2023, a statement under section 19. All of the following apply to a claim of the exemption under this section:

(a) The combined document must be in a form and manner prescribed by the department of treasury.

(b) Leasing companies are not eligible to receive the exemption under this section and may not use the combined document prescribed in this section. With respect to personal property that is the subject of a lease agreement, regardless of whether the agreement constitutes a lease for financial or tax purposes, all of the following apply:

(i) If the personal property is eligible manufacturing personal property, the lessee and lessor may elect that the lessee report the leased personal property on the combined document.

(ii) An election made by the lessee and the lessor under this subdivision must be made in a form and manner approved by the department.

(iii) Absent an election, the personal property must be reported by the lessor on the personal property statement unless the exemption for eligible manufacturing personal property is claimed by the lessee on the combined document.

(c) The combined document prescribed in this section must be completed and delivered to the assessor of the township or city in which the qualified new personal property is located by February 20 of each year for any year the exemption is claimed before 2023 and the first year the exemption is claimed in a year after 2022. However, if February 20 of a year is a Saturday, Sunday, or legal holiday, the delivery deadline for that year is the next day that is not a Saturday, Sunday, or legal holiday. For purposes of a combined document delivered by the United States Postal Service, the delivery is timely if the postmark date is on or before the delivery deadline prescribed in this subdivision. If the combined document prescribed in this section is not timely delivered to the assessor of the township or city, a late application may be filed directly with the March board of review before its final adjournment by submitting the combined document prescribed in this section. The board of review shall not accept a filing after adjournment of its March meeting. An appeal of a denial by the March board of review may be made by filing a petition with the Michigan tax tribunal within 35 days of the denial notice.

(d) The assessor shall transmit to the department of treasury the information contained in the combined document filed under this section, and other parcel information required by the department of treasury, in the form and manner prescribed by the department of treasury by no later than April 1.

(e) Beginning in 2023, an exemption granted under this section remains in effect until the personal property is no longer qualified new personal property. A person claiming an exemption under this section shall rescind the claim of exemption by February 20, or if February 20 of a year is a Saturday, Sunday, or legal holiday, the next day that is not a Saturday, Sunday, or legal holiday, of the year in which exempted property is no longer eligible for the exemption by filing with the assessor of the township or city a rescission form prescribed by the department of treasury and the statement required under section 19. Upon receipt of a timely filed rescission form, the local assessor shall immediately remove the exemption. An owner that fails to file a rescission for property later determined to be ineligible for the exemption will be subject to repayment of any additional taxes with interest as described in this subdivision. Upon discovery that the property is no longer eligible manufacturing personal property, the assessor shall remove the exemption of that personal property and, if the tax roll is in the local tax collecting unit's possession, amend the tax roll to reflect the removal of the exemption, and the local treasurer shall within 30 days of the date of the discovery issue a corrected tax bill for any additional taxes with interest at the rate of 1% per month or fraction of a month and penalties computed from the date the taxes were last payable without interest or penalty. If the tax roll is in the county treasurer's possession, the tax roll must be amended to reflect the removal of the exemption and the county treasurer shall within 30 days of the date of the removal prepare and submit a supplemental tax bill for any additional taxes, together with interest at the rate of 1% per month or fraction of a month and penalties computed from the date the taxes were last payable without interest or penalty. Interest on any tax set forth in a corrected or supplemental tax bill again begins to accrue 60 days after the date the corrected or supplemental tax bill is issued at the rate of 1% per month or fraction of a month. Taxes levied in a corrected or supplemental tax bill must be returned as delinquent on the March 1 in the year immediately succeeding the year in which the corrected or supplemental tax bill is issued.

(f) The assessor of the township or city shall annually transmit the rescission forms filed, or the information contained in the rescission forms filed, under this section to the department of treasury in the form and in the manner prescribed by the department of treasury no later than April 1.

(3) If the assessor of the township or city believes that personal property for which the form claiming an exemption is timely filed each year under subsection (2)(c) is not qualified new personal property or the form filed

was incomplete, the assessor may deny that claim for exemption by notifying the person that filed the form in writing of the reason for the denial and advising the person that the denial must be appealed to the board of review under section 30 by filing a combined document as prescribed under subsection (2). If the denial is issued after the first meeting of the March board of review that follows the organizational meeting, the appeal of the denial is either to the March board of review or the Michigan tax tribunal by filing a petition and a completed combined document as prescribed under subsection (2), within 35 days of the denial notice. The assessor may deny a claim for exemption under this subsection for the current year only. If the assessor denies a claim for exemption, the assessor shall remove the exemption of that personal property and amend the tax roll to reflect the denial and the local treasurer shall within 30 days of the date of the denial issue a corrected tax bill for any additional taxes.

(4) A person claiming an exemption for qualified new personal property exempt under this section shall maintain books and records and shall provide access to those books and records as provided in section 22.

(5) If a person fraudulently claims an exemption for personal property under this section, that person is subject to the penalties provided for in section 21(2).

(6) As used in this section:

(a) "Affiliated person" means a sole proprietorship, partnership, limited liability company, corporation, association, flow-through entity, member of a unitary business group, or other entity related to a person claiming an exemption under this section.

(b) "Direct integrated support" means any of the following:

(i) Research and development related to goods produced in industrial processing and conducted in furtherance of that industrial processing.

(ii) Testing and quality control functions related to goods produced in industrial processing and conducted in furtherance of that industrial processing.

(iii) Engineering related to goods produced in industrial processing and conducted in furtherance of that industrial processing.

(iv) Receiving or storing equipment, materials, supplies, parts, or components for industrial processing, or scrap materials or waste resulting from industrial processing, at the industrial processing site or at another site owned or leased by the owner or lessee of the industrial processing site.

(v) Storing of finished goods inventory if the inventory was produced by a business engaged primarily in industrial processing and if the inventory is stored either at the site where it was produced or at another site owned or leased by the business that produced the inventory.

(vi) Sorting, distributing, or sequencing functions that optimize transportation and just-in-time inventory management and material handling for inputs to industrial processing.

(c) "Eligible manufacturing personal property" means all personal property located on occupied real property if that personal property is predominantly used in industrial processing or direct integrated support. For personal property that is construction in progress and part of a new facility not in operation, eligible manufacturing personal property means all personal property that is part of that new facility if that personal property will be predominantly used in industrial processing when the facility becomes operational. Personal property that is not owned, leased, or used by the person who owns or leases occupied real property where the personal property is located is not eligible manufacturing personal property, unless the personal property is located on the occupied real property to carry on a current on-site business activity. Personal property that is placed on occupied real property solely to qualify the personal property for an exemption under this section or section 9n is not eligible manufacturing personal property. Utility personal property as described in section 34c(3)(e) and personal property used in the generation, transmission, or distribution of electricity for sale are not eligible manufacturing personal property. Personal property located on occupied real property is predominantly used in industrial processing or direct integrated support if the result of the following calculation is more than 50%:

(i) Multiply the original cost of all personal property that is subject to the collection of taxes under this act and all personal property that is exempt from the collection of taxes under sections 7k, 9b, 9f, 9n, and 9o and this section that is located on that occupied real property and that is not construction in progress by its percentage of use in industrial processing or in direct integrated support. For an item of personal property that is used in industrial processing, its percentage of use in industrial processing must equal the percentage of the exemption the property would be eligible for under section 4t of the general sales tax act, 1933 PA 167, MCL 205.54t, or section 4o of the use tax act, 1937 PA 94, MCL 205.94o. Utility personal property as described in section 34c(3)(e) and personal property used in the generation, transmission, or distribution of electricity for sale is not included in this calculation.

(ii) Divide the result of the calculation under subparagraph (i) by the total original cost of all personal property that is subject to the collection of taxes under this act and all personal property that is exempt from the collection of taxes under sections 7k, 9b, 9f, 9n, and 9o and this section that is located on that occupied real property and that is not construction in progress. Utility personal property as described in section 34c(3)(e) and personal property used in the generation, transmission, or distribution of electricity for sale is not included in this calculation.

(d) “Fair market value” means the fair market value of personal property at the time of acquisition by the first owner, including the cost of freight, sales tax, installation, and other capitalized costs, except capitalized interest. There is a rebuttable presumption that the acquisition price paid by the first owner for personal property, and any costs of freight, sales tax, installation, and other capitalized costs, except capitalized interest, reflect the fair market value.

(e) “Industrial processing” means that term as defined in section 4t of the general sales tax act, 1933 PA 167, MCL 205.54t, or section 4o of the use tax act, 1937 PA 94, MCL 205.94o. Industrial processing does not include the generation, transmission, or distribution of electricity for sale.

(f) “New personal property” means property that was initially placed in service in this state or outside of this state after December 31, 2012 or that was construction in progress on or after December 31, 2012 that had not been placed in service in this state or outside of this state before 2013.

(g) “Occupied real property” means any of the following:

(i) A parcel of real property that is entirely owned, leased, or otherwise occupied by a person claiming an exemption under this section or under section 9n.

(ii) Contiguous parcels of real property that are entirely owned, leased, or otherwise occupied by a person claiming an exemption under this section or under section 9n and that host a single, integrated business operation engaged primarily in industrial processing, direct integrated support, or both. A business operation is not engaged primarily in industrial processing, direct integrated support, or both if it engages in significant business activities that are not directly related to industrial processing or direct integrated support. Contiguity is not broken by a boundary between local tax collecting units, a road, a right-of-way, or property purchased or taken under condemnation proceedings by a public utility for power transmission lines if the 2 parcels separated by the purchased or condemned property were a single parcel prior to the sale or condemnation. As used in this subparagraph, “single, integrated business operation” means a company that combines 1 or more related operations or divisions and operates as a single business unit.

(iii) The portion of a parcel of real property that is owned, leased, or otherwise occupied by a person claiming the exemption under this section or under section 9n or by an affiliated person.

(h) “Original cost” means the fair market value of personal property at the time of acquisition by the first owner. There is a rebuttable presumption that the acquisition price paid by the first owner for personal property reflects the original cost of that personal property. The department of treasury may provide guidelines for 1 or more of the following circumstances:

(i) Determining original cost of personal property when the actual acquisition price paid by the first owner for personal property is not determinative of the original cost of that personal property.

(ii) Estimating original cost of personal property when the actual acquisition price paid by the first owner for the personal property is unknown.

(iii) Adjusting original cost of personal property when the personal property is idle, is obsolete or has material obsolescence, or is surplus.

(i) “Person” means an individual, partnership, corporation, association, limited liability company, or any other legal entity.

(j) “Qualified new personal property” means property that meets all of the following conditions:

(i) Is eligible manufacturing personal property.

(ii) Is new personal property.

Enacting section 1. This amendatory act does not take effect unless all of the following bills of the 101st Legislature are enacted into law:

(a) House Bill No. 5504.

(b) House Bill No. 5505.

(c) House Bill No. 5503.

This act is ordered to take immediate effect.
