Motions and Resolutions

Reps. Cherry, Sneller, Stone, Sowerby, Neeley, Hammoud, Aiyash, Tyrone Carter, Ellison, Garza, Haadsma, Jones, Liberati, Weiss and Young offered the following resolution:

House Resolution No. 133.

A resolution to reaffirm that the University of Michigan includes the satellite campuses of Dearborn and Flint, and the Board of Regents has an obligation under the Michigan Constitution to provide students at each campus with equitable resources and opportunities.

Whereas, Article VIII, Section 4 of the *Constitution of the State of Michigan of 1963* provides that the Legislature must appropriate funding to maintain public universities, including the University of Michigan. The state constitution also establishes a Board of Regents that is responsible for supervising University of Michigan institutions and controlling expenditures; and

Whereas, The University of Michigan consists of three separate campuses: Ann Arbor, Dearborn, and Flint. While each campus has its own history and has received separate state funding in the past, all three campuses form the University of Michigan system and are controlled and supervised by the same Board of Regents under the state constitution; and

Whereas, While the Board of Regents claims to have the same obligations, responsibilities, and missions at each institution, students attending the Flint and Dearborn campuses experience profound inequity compared to students at the Ann Arbor campus. Disparities in funding have led to infrastructure issues at Dearborn and Flint facilities and a lack of medical and legal services that are currently available for students attending the Ann Arbor campus. In addition, students attending the Dearborn and Flint campuses lack other opportunities available to Ann Arbor students, including the Go Blue Guarantee, which guarantees free tuition to students from low-income families; and

Whereas, Furthermore, there remain pay disparities among faculty. Lecturers in Dearborn and Flint make \$7,000 to \$10,000 less than their counterparts in Ann Arbor. Lecturers, who do the majority of teaching in Dearborn and Flint, need a professional wage in order to provide students with the energy and resources that they deserve; and

Whereas, The students within the University of Michigan system, regardless of campus, should have access to equal resources and opportunities, as required by the state constitution; now, therefore, be it

Resolved by the House of Representatives, That we reaffirm that the University of Michigan includes the satellite campuses of Dearborn and Flint; and be it further

Resolved, That we reaffirm that the Board of Regents has an obligation under the Michigan Constitution to provide students at each campus with equitable resources and opportunities; and be it further

Resolved, That copies of this resolution be transmitted to the University of Michigan Board of Regents.

The resolution was referred to the Committee on Education.

Reps. Brenda Carter, Aiyash, Tyrone Carter, Ellison, Garza, Hope, Jones, Rogers, Sneller, Sowerby, Weiss and Young offered the following resolution:

House Resolution No. 134.

A resolution to oppose efforts to withdraw Michigan from the federal Pandemic Unemployment Compensation Program.

Whereas, The COVID-19 Pandemic has had a dramatic impact on the lives and finances of Michigan residents. The Pandemic has contributed to historic levels of unemployment; and

Whereas, Throughout the crisis, the federal government has enacted policies to provide additional support to those receiving unemployment benefits. The American Rescue Plan will provide an additional \$300 in weekly benefits from the federal government to supplement state, Pandemic Unemployment Assistance(PUA), or Pandemic Extended Unemployment Compensation(PEUC)benefits for unemployment recipients until September 4, 2021; and

Whereas, Michigan already has adequate policies to prevent claimants from abusing unemployment benefits. Claimants who are offered suitable work or are called back to their previous position cannot refuse this offer without good cause. In Michigan, claimants are staying on unemployment for an average of 15 weeks for traditional state programs and 24 weeks for federal programs, far below the maximum length of each benefit; and

Whereas, Prematurely ending supplemental unemployment benefits would particularly harm women and families. Many working mothers have had to leave the workforce to care for children during the Pandemic. Nearly 1.5 million more mothers of school-age children are not actively working compared to before the Pandemic. With some schools and childcare facilities still closed, ending supplemental benefits will deprive these women of the additional funds while they are still unable to reenter the workforce; and

Whereas, Opting out of additional unemployment benefits will disproportionately impact low-wage workers, especially minorities. People of color, who are more likely to be low-wage workers, were more likely to become unemployed during the Pandemic and studies have found that low-wage jobs have been slower to recover than higher-wage jobs. Throughout the crisis, the unemployment rate for minorities has continuously exceeded their share of the labor force; and

Whereas, The disproportionate impact of cutting benefits on women and people of color will only exacerbate the historic economic disadvantages these communities have faced. The wealth gap faced by these individuals means that they have fewer resources to survive the financial stress brought by reduced or eliminated unemployment benefits; and

Whereas, More generous unemployment benefits have been tied to better outcomes for workers and the economy as a whole. States with higher benefits allow workers to find work better suited to their qualifications, leading to increased wages and productivity; and

Whereas, Ending the federal supplemental unemployment benefits will damage Michigan's economic recovery. Taking money out of residents' pockets will lead to a fall in consumer spending, negatively impacting businesses and the state's economy, with the potential to create a recession. Michigan could lose up to \$2.88 billion in spending over the next three months. During the Great Recession, every \$1 of unemployment insurance generated \$1.61 into local and state economies. The economic multiplier is currently estimated at \$1.91; and

Whereas, Rather than targeting the most disadvantaged in our state, elected officials have the opportunity to enact policies that will ensure that these workers are able to thrive. Establishing universal paid sick leave, increasing the effectiveness of the unemployment insurance system, and increasing the minimum wage would improve the lives of workers and create a more just economy for all; now, therefore, be it

Resolved by the House of Representatives, That we oppose efforts to withdraw Michigan from the federal Pandemic Unemployment Compensation Program; and be it further

Resolved, That copies of this resolution be transmitted to the Governor and the Director of the Unemployment Insurance Agency.

The resolution was referred to the Committee on Government Operations.
