As servants of Yours we ask that You give us a servant’s heart.

We ask for Your wisdom for the decisions that we need to make this day.

Lord we seek Your perfect knowledge to know the best ways to engage our work as Legislators.

We desire Your light to shine in and through us so that we can see the right paths, and be a light for those who need it.

We ask that You would ‘equip us with everything good that we may do Your will’.

We ask this all emboldened by the power of the Word made flesh.

Amen.”

Whereas, Article XI, Section 1 of the *Constitution of the State of Michigan of 1963* provides, in relevant part:

Reps. Farrington, Haadsma, Marino, Sneller and Young offered the following resolution:

**House Resolution No. 261.**

A resolution to declare April 2022 as Financial Literacy Month in the state of Michigan.

Whereas, The informed use of credit and other financial products and services benefits individual consumers and promotes economic growth; and

Whereas, Learning financial literacy skills at an early age encourages greater economic self-sufficiency, higher levels of successful homeownership, and enhanced retirement security, particularly among low-and moderate-income citizens; and

Whereas, Michigan has formally participated in financial literacy programming for eighteen years through the collaboration and coordinated effort of hundred of organizations including financial institutions, non-profit groups, government entities, schools and libraries. The initiative showcases these organizations educational resources, strengthens public-private partnerships, engages the media, and connects people with resources to help them better manage their money; and

Whereas, A greater understanding of, and familiarity with, financial markets and institutions will lead to increased economic activity and growth; and

Whereas, According to the 2021 Consumer Financial Literacy Survey report by the National Foundation for Credit Counseling, 62% of U.S. adults have carried credit card debt in last 12 months and 41 percent of adults living in the United States gave themselves a grade of C, D, or F on their knowledge of personal finance; and

Whereas, Personal financial education and money management skills are crucial to ensure that all Michiganders and especially our young people are prepared to manage credit and debt and become responsible workers, heads of households, homeowners, investors, entrepreneurs, business leaders, and productive citizens; and

Whereas, According to the report titled “Economic Well-Being of U.S. Households” by the Board of Governors of the Federal Reserve System, 40 percent of adults in the United States cannot cover an expense of \$400; and

Whereas, According to the report of the Board of Governors of the Federal Reserve for the fourth quarter of 2020 outstanding household debt in the United States reached \$14,560,000,000,000 and the total debt balance is \$414 billion higher than at the end of 2019; and

Whereas, According to the most recent FDIC Survey and Report of Household Use of Banking and Financial Services, the number one reason, at twenty-nine percent, cited by unbanked households for not having an account was “Don’t have enough money to meet minimum balance requirements” compared to the majority of banked households being satisfied with their primary bank and thinking that fees were clearly communicated; and

Whereas, Expanding access to the mainstream financial system will provide individuals with less expensive and more secure options for managing finances and building wealth; and

Whereas, The young people of our state represent Michigan’s single greatest resource who, in the years ahead, will assume leadership positions and responsibility for advancement of our society; and

Whereas, Financial Literacy Month highlights the commitment of Michigan banks to strengthen the financial knowledge of Michigan citizens to prepare them for a fiscally-responsible future; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare April 2022 as Financial Literacy Month in the state of Michigan. We encourage raising public awareness about the importance of personal financial education in Michigan and the rest of the United States. This will help address the serious problems that are associated with mismanagement of personal finances; and be it further

Resolved, That we call on each parent, school, business, financial institution, community organization, and unit of government to observe the month with appropriate programs and activities.

The question being on the adoption of the resolution,

The resolution was adopted.

Reps. Brenda Carter, Whiteford, Green, Wakeman, Brann, Kahle, Young, Pohutsky, Tyrone Carter, O’Malley, Haadsma, Sneller and Sowerby offered the following resolution:

**House Resolution No. 262.**

A resolution to urge the United States Congress to expand the federal Family First Prevention Services Act by allowing flexibility in the use of Title IV-E funds to help children remain safely in their homes.

Whereas, In the United States, nearly half a million children are in foster care. Michigan ranks 18th in the country for the number of children, per capita, placed in out-of-home care, with approximately 13,000 children in foster care or a residential placement on any given day; and

Whereas, Research shows that children in the foster system have the best outcomes when they are placed in a safe and stable environment that supports their long-term well-being. Instead of subjecting children to the trauma of being separated from their family and placed out of their home, more efforts are being made to provide struggling and overburdened families with the resources they need to create a stable and loving environment; and

Whereas, The Family First Prevention Services Act, signed into law in 2018, was enacted to help increase the number of children who can remain safely at home with their families. The law allows states to use federal funding available under Title IV-E of the Social Security Act to address some of the issues that contribute to family separation. Currently, the Family First Prevention Services Act allows funding for a narrow range of services, including substance use prevention and treatment, in-home parenting skills classes, and kinship navigator services. While these services are essential, there are many other areas in which families require assistance; and

Whereas, Poverty and homelessness, for example, have been shown to be associated with the separation of families, and many studies have documented that children in families who experience homelessness frequently become separated from their parents. Poverty leads to housing instability and parents often struggle to provide for their children’s basic needs. Helping parents out of poverty and providing stable environments for children would allow more families to stay together, which would reduce the number of children that have to endure the foster care system; now, therefore, be it

Resolved by the House of Representatives, That we urge the United States Congress to expand the federal Family First Prevention Services Act by allowing flexibility in the use of Title IV-E funds to help children remain safely in their homes; and be it further

Resolved, That copies of this resolution be transmitted to the Speaker of the United States House of Representatives, the President of the United States Senate, and the members of the Michigan congressional delegation.

The resolution was referred to the Committee on Families, Children, and Seniors.
