Rep. Jack O’Malley, from the 101st District, offered the following invocation:

“Eternal Father, I pray that You will give us all strength, so we don’t grow weary in our efforts. Father, our jobs can be difficult.

Sometimes we can feel overwhelmed or frustrated. My prayer is that You give us the clarity to recognize that we are to do Your will and if we do, at the right time, we will reap rewards. Give us the strength not to give up. Lord, I pray for strength for everyone in this Chamber, and all branches of our states Government... and that we will not arrogantly rely on ourselves, but on You. Amen.”

The Speaker Pro Tempore assumed the Chair.

Rep. Rabhi moved that Reps. Brixie and Whitsett be excused from today’s session. The motion prevailed.

Rep. Frederick moved that Rep. Mekoski be excused from today’s session. The motion prevailed.

### Motions and Resolutions

Reps. Hoitenga, Outman, Griffin, LaFave, Markkanen, Borton, Carra, Steven Johnson, Meerman, Fink and Clements offered the following resolution:

#### House Resolution No. 309.

A resolution to urge the federal government to withdraw membership in the World Health Organization and suspend all payments to the organization.

Whereas, The United States government has historically been one of the largest funders of the World Health Organization, providing between \$200 million and \$600 million annually over the last decade. These contributions have exceeded membership contributions to include voluntary contributions. Voluntary contributions are made of funds that could be redirected to actually help Americans; and

Whereas, The World Health Organization was unable to successfully manage the COVID-19 pandemic. The organization recommended lockdowns, mandates, and vaccine passports, none of which have stopped the spread of the COVID-19 virus. We cannot continue to place our trust or our hard-earned taxpayer dollars in the hands of the World Health Organization; and

Whereas, The World Health Assembly, comprised of representatives from the World Health Organization's 194 member states, is poised to vote on the Biden Administration's proposed amendments to the International Health Regulations. These proposed amendments would strengthen the World Health Organization's ability to declare health emergencies without the consent of State parties; and

Whereas, These proposed amendments raise significant concerns regarding our country's sovereignty. Without consent from the United States, the declaration of an international health emergency may cause undue economic and financial actions by other nations, ostracism, or other negative consequences; now, therefore, be it

Resolved by the House of Representatives, That we urge the federal government to withdraw membership in the World Health Organization and suspend all payments to the organization; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States of America, the Speaker of the United States House of Representatives, the President of the United States Senate, and members of the Michigan congressional delegation.

The resolution was referred to the Committee on Health Policy.

Reps. Sowerby, Aiyash, Glanville, Cherry, Sneller, Camilleri, Rogers, Scott, Hood, Morse, Hope, Koleszar, Rabhi, Clemente, Brabec, Puri, Kuppa, LaGrand, Anthony, Stone, Breen, Haadsma and Thanedar offered the following resolution:

**House Resolution No. 310.**

A resolution to urge municipalities to use recently appropriated state and federal funding to pursue green infrastructure policies.

Whereas, Climate change is threatening the environmental, economic, and social well-being of the people of our nation. In Michigan, climate change has resulted in increasingly extreme weather events, such as flooding, periods of drought, and higher temperatures. Current scientific projections suggest that the impacts of climate change will continue to increase in both frequency and intensity, and that measures must be taken to adapt to the changing climate; and

Whereas, Important work is already being done to fight climate change and increase climate resilience in Michigan. The draft MI Healthy Climate Plan, published in January 2022, outlines the state's vision and goals as they relate to addressing climate change. Additionally, municipalities throughout the state have adopted policies designed to combat and adapt to climate change. However, more work is needed to mitigate the impacts of climate change and adapt to changing weather patterns; and

Whereas, Green infrastructure, which is an approach to water management designed to filter and absorb stormwater where it falls, could help mitigate impacts of climate change by providing communities with increased flood protection, cleaner water, and more green space. While green infrastructure may take many forms, common examples of green infrastructure projects include pollinator plots; rain gardens; bioswales; green streets and alleys; permeable pavement; rainwater harvesting; downspout disconnection; green roofs, and native plant-based restoration projects; and

Whereas, Recently appropriated state and federal funding, which will deliver more than \$3 billion in badly needed infrastructure and climate-related funding to Michigan communities, will provide municipalities a rare opportunity to fund green infrastructure projects. Green infrastructure has been shown to be a cost effective, locally enriching, and impactful way to develop a community while also mitigating the impacts of human created changes to Earth's climate; now, therefore, be it

Resolved by the House of Representatives, That we urge municipalities to use recently appropriated state and federal funding to pursue green infrastructure policies; and be it further

Resolved, That copies of this resolution be transmitted to the executive directors of the Michigan Municipal League, Michigan Townships Association, and Michigan Association of Counties.

The resolution was referred to the Committee on Local Government and Municipal Finance.
