SUMMARY:

House Bill 6045 would amend the Social Welfare Act to allow the director of the Department of Health and Human Services (DHHS) to organize any number of counties into a single administrative unit for purposes of administrative efficiency. Currently, the director may organize up to three counties into a single administrative unit.

Under both current law and the bill, before a decision is made to organize counties into a single administrative unit, DHHS must have a formal consultation with the applicable county boards.

MCL 400.48

FISCAL IMPACT:

The bill would have a negligible fiscal impact on the state and local units of government.
