To comply with the requirements of this subdivision, a public university with a policy requiring students to live in university-owned housing for more than 1 year must either amend the policy to require only 1 year in university-owned housing, or offer a discount to students for the second and all subsequent years of enrollment at that university for each year that each student is subject to the policy.

(2) The payment to each public university that certifies compliance under subsection (1) is that public university's operations funding amount under section 236(2) divided by the total operations funding amounts appropriated under section 236(2) for each public university that certified compliance under subsection (1), multiplied by the amount appropriated under section 236(11).

The state budget director has the sole authority to determine if a public university has met the requirements of this section. Information reported by a public university to the state budget director under this subsection must also be reported to the house and senate appropriations subcommittees on higher education and the house and senate fiscal agencies.

Sec. 244. By October 15 of each year, a public university receiving funds in section 236 shall provide its longitudinal data system data set for the preceding academic year to the center for

the student's actual program of study, minus all gift aid received
by the student.

contact hours for the student's actual program of study, up to a

For the purposes of this sub-subparagraph, the department, in collaboration with the state budget office and the house and senate fiscal agencies, may calculate a student aid index number or may issue administrative guidance for the student aid index eligibility of students with more than 1 member of the student's household or the student's parents' household attending a postsecondary institution during that academic year. It is intended that the utilization of a student aid index instead of expected family contribution does not adversely impact the eligibility of students with multiple members of the student's household or the student's parents' household attending postsecondary institutions. It is further intended that the legislature and executive branch work collaboratively to use Michigan achievement scholarship uptake and other relevant data to establish a more permanent measure of financial need for the Michigan achievement scholarship for subsequent academic years.

(e) Not be incarcerated in a corrections institution.

(f) Not be in default on a federal student loan.

determined by the department of treasury. For the purposes of this
subparagraph, the department of treasury, in collaboration with the
state budget office and the house and senate fiscal agencies, may
calculate a student aid index number or may issue administrative
guidance for the student aid index eligibility of students with
more than 1 member of the student's household or the student's
parents' household attending a postsecondary institution during

parents' household in college.

(h) For the purpose of determining eligibility under
subdivision (g), an individual is considered to have met the
requirements of subdivision (g) if the individual received the

Application for Federal Student Aid for the subsequent award
cycles.

(i) The legislature finds and declares that the student aid
index thresholds in subdivision (g) are temporary and intended to
apply only for academic year 2024-2025. awards in relation to the total number of eligible applicants. Any
increase in the award must be proportional for all eligible
students receiving awards.

(5) Veterans Administration benefits must not be
considered in determining eligibility for the award of scholarships

that insufficient funds are available to establish an award amount
equal to $3,000.00, the department shall immediately report to the
house and senate appropriations subcommittees on higher education,
the house and senate fiscal agencies, and the state budget director
regarding the estimated amount of additional funds necessary to
establish a $3,000.00 award amount. If the department determines
that sufficient funds are available to establish an award amount
equal to $3,000.00, the department shall immediately report to the
house and senate appropriations subcommittees on higher education, the house and senate fiscal agencies, and the state budget director regarding the award amount established and the projected amount of any projected year-end appropriation balance based on that award amount. By February 18 of each fiscal year, the department shall analyze the status of award commitments, shall make any necessary adjustments, and shall confirm that those award commitments will not exceed the appropriation contained in section 236 for the tuition grant program. The determination and actions must be reported to the state budget director and the house and senate fiscal agencies no later than the final day of February of each year. If award adjustments are necessary, the students must be notified of the adjustment by March 4 of each year. Subject to subsection (9), for the purpose of determining a student's financial need under 1966 PA 313, MCL 390.991 to 390.997a, the department of lifelong education, advancement, and potential shall presume that a student who receives a Michigan achievement scholarship under section 248 has no need for a state tuition grant under this section. It is the intent of the legislature that 1966 PA 313, MCL 390.991 to 390.997a, will be amended to end tuition grant eligibility of students enrolling in college for the first time after the fiscal year ending on September 30, 2024, as those students may be eligible for the Michigan achievement scholarship.

increase in the grant must be proportional for all eligible
students receiving awards for that fiscal year.

(6) The department of **treasury**, **lifelong education**, **advancement**, and **potential** shall not award more than $5,000,000.00
in tuition grants to eligible students enrolled in the same

decrease in the grant must be proportional for all eligible
students enrolled in that college or university, as determined by
the department.

(7) The department of **treasury**, **lifelong education**, **advancement**, and **potential** shall not award tuition grants to
otherwise eligible students enrolled in an independent college or
