(a) To aid, advise, and consult with any municipality with respect to fiscal questions arising from and relating to its proposed or outstanding securities.

(b) To issue bulletins or adopt rules as necessary to carry out the purposes of this act. A bulletin issued under this subdivision shall include a statement of the department's specific statutory authority for any substantive requirement contained within the bulletin. A rule adopted under this subdivision shall be adopted in accordance with the provisions of the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328.

(c) To examine the books and records of any municipality for the purpose of ascertaining if the municipality is complying with the requirements of the department, the statutes of this state, and its charter, ordinances, and resolutions, in relation to its municipal securities. PART III GENERAL

141.2301 Issuance of municipal security.

Sec. 301. A municipality shall not issue a municipal security except in accordance with this act.

History: 2001, Act 34, Eff. Mar. 1, 2002.

141.2303 Annual audit report and qualifying statement; filing by municipality; compliance requirements; determination; correction of noncompliant requirements; reconsideration; order granting exception from prior approval.

Sec. 303. (1) Each municipality shall file an audit report annually with the department within 6 months from the end of its fiscal year or as otherwise provided in the uniform budgeting and accounting act, 1968 PA 2, MCL 141.421 to 141.440a.

(2) Accompanying the audit report described in subsection (1), a municipality shall file a qualifying statement, on a form and in the manner provided by the department, which shall be certified by the chief administrative officer. Within 30 business days of the receipt of the qualifying statement, the department shall

determine if the municipality complies with the requirements of subsection (3). If the department determines that the municipality complies with the provisions of subsection (3) or if the department fails to notify the municipality of its determination under this subsection within 30 business days of receipt of the qualifying statement, the municipality may proceed to issue municipal securities under this act without further approval from the department until 30 business days after the next qualifying statement is due or a new determination is made by the department, whichever occurs first.

(3) To qualify to issue municipal securities without further approval from the department, the municipality shall be in material compliance with all of the following requirements, as determined by the department:

(a) The municipality is not operating under the provisions of the local government and school district fiscal accountability act.

(b) The municipality did not issue securities in the immediately preceding 5 fiscal years or current fiscal year that were authorized by either the emergency municipal loan act, 1980 PA 243, MCL 141.931 to 141.942, other than a security issued for a loan authorized under section 3(2)(a) of the emergency municipal loan act, 1980 PA 243, MCL 141.933, or the fiscal stabilization act, 1981 PA 80, MCL 141.1001 to 141.1011.

(c) The municipality was not required by the terms of a court order or judgment to levy a tax in the preceding fiscal year. For purposes of this subdivision, the department may determine that a court order or judgment to levy a tax is not material if it did not have an adverse financial impact on the municipality.

(d) The most recent audit report, as required by the uniform budgeting and accounting act, 1968 PA 2, MCL 141.421 to 141.440a, was filed with the department within 6 months from the end of the fiscal year of the municipality.

(e) The debt retirement fund balance for any municipal security that is funded from an unlimited tax levy does not exceed 150% of the amount required for principal and interest payments due for that municipal security in the next fiscal year.

(f) The municipality is not currently exceeding its statutory or constitutional debt limits.

(g) The municipality has no outstanding securities that were not authorized by statute.

(h) The municipality is not currently and during the preceding fiscal year was not in violation of any provisions in the covenants for an outstanding security.

(i) The municipality was not delinquent more than 1 time in the preceding fiscal year in transferring employee taxes withheld to the appropriate agency, transferring taxes collected as agent for another taxing entity to that taxing unit, or making all required pension, retirement, or benefit plan contributions.

(j) The most recent delinquent property taxes of the municipality, without regard to payments received from the county under the general property tax act, 1893 PA 206, MCL 211.1 to 211.155, did not exceed 18% of the amount levied.

(k) The municipality did not submit a qualifying statement or an application for any other municipal security in the preceding 12 months that was materially false or incorrect.

(l) The municipality is not in default on the payment of any debt, excluding industrial development revenue bonds issued under the industrial development revenue bond act of 1963, 1963 PA 62, MCL 125.1251 to 125.1267, economic development corporation bonds issued under the economic development corporations act, 1974 PA 338, MCL 125.1601 to 125.1636, bonds issued by a local hospital finance authority for a private hospital under the hospital finance authority act, 1969 PA 38, MCL 331.31 to 331.84, or any other debt for which the municipality is not financially liable.

(m) The municipality did not end the immediately preceding fiscal year with a deficit in any fund, unless the municipality has filed a financial plan to correct that deficit condition that is acceptable to the department.

(n) The municipality has not been found by a court of competent jurisdiction to be in violation of any finance or tax-related state or federal statutes during the preceding fiscal year.

(o) The municipality has not been determined by the department to be in violation of this act during the preceding fiscal year.

(p) The municipality did not issue a refunding security in the preceding fiscal year to avoid a potential default on an outstanding security.

(4) If a municipality is notified within 30 business days of the filing of the qualifying statement that it does not comply with 1 or more of the requirements of subsection (3), the municipality may correct the noncompliant requirements and request a reconsideration of the determination from the department as provided in subsection (5).

(5) A municipality may request a reconsideration of the determination from the department. That request shall indicate the requirements that the department determined the municipality to be not in compliance with and the action taken by the municipality to correct the noncompliance. Within 30 business days of the receipt of the request for reconsideration, the department shall determine if the municipality complies with the requirements of subsection (3) or, if the department fails to notify the municipality of its determination under

this subsection within 30 business days of receipt of the request for reconsideration, the municipality will be granted qualified status.

(6) If a municipality is notified within 30 business days after filing a request for reconsideration that it does not comply with the requirements of subsection (3), the municipality shall not issue municipal securities under this act without the prior written approval of the department to issue a municipal security as provided in subsections (7) and (8).

(7) If a municipality has not been granted qualified status, the municipality must obtain, for each municipal security, the prior written approval of the department to issue a municipal security. To request prior written approval to issue a municipal security, the municipality shall submit an application and supporting documentation to the department on a form and in a manner prescribed by the department, which shall be certified by the chief administrative officer. A filing fee equal to 0.03% of the principal amount of the municipal security to be issued, but not less than \$800.00 and not greater than \$2,000.00 as determined by the department, shall accompany each application. If the qualifying statement required by subsection (2) was received by the department more than 6 months after the end of the municipality's fiscal year, a late fee of \$100.00 shall accompany the first application filed after that date. Within 30 business days of receiving an application, the fee, and supporting documentation from a municipality, the department shall make a determination whether the municipality has met all of the following requirements:

(a) Has indicated the authority to issue the municipal security requested.

(b) Is projected to be able to repay the municipal security when due.

(c) Has filed information with the department indicating compliance with the requirements of subsection (3) or adequately addressed any noncompliance with subsection (3) as determined by the department.

(d) If required by the department, has obtained an investment grade rating for the municipal security or has purchased insurance for payment of the principal and interest on the municipal security to the holders of the municipal security, or has otherwise enhanced the creditworthiness of the municipal security.

(8) If the department determines that the requirements in subsection (7) have been met, the department shall approve the issuance of the proposed municipal security. If the department determines that the requirements in subsection (7) have not been met, the department shall issue a notice of deficiency to the municipality that prevents the issuance of the proposed municipal security. The notice of deficiency shall state the specific deficiencies and problems with the proposed issuance. After the deficiencies and problems have been addressed as determined by the department, the department shall approve the issuance of the proposed municipal security.

(9) A determination by the department that a municipality has been granted qualified status constitutes an order granting exception from prior approval under former 1943 PA 202, of that municipality's securities.

History: 2001, Act 34, Eff. Mar. 1, 2002;—Am. 2002, Act 541, Imd. Eff. July 26, 2002;—Am. 2011, Act 5, Imd. Eff. Mar. 16, 2011.

Sec. 304. If a municipality issues a municipal security subject to this act and the principal and interest for that municipal security will be paid by 1 or more municipalities not issuing the municipal security under a contract, then 1 of the following applies:

(a) If all of the municipalities contracting to pay the municipal security have been granted qualified status, then the issuance of the municipal security is subject to section 303(2).

(b) Except as provided in subdivision (c), if 1 or more of the municipalities contracting to pay the municipal security have not been granted qualified status, then the issuance of the municipal security is subject to section 303(7).

(c) If 1 or more of the municipalities contracting to pay the municipal security have not been granted qualified status and the other municipalities representing over 50% of the contractual obligation have been granted qualified status and the municipality that issues the municipal security has been granted qualified status and pledges its full faith and credit on the municipal security, then the issuance of the municipal security is subject to section 303(2).

In

making its determination, the department shall establish a rate that shall bear a reasonable relationship to 80% of the adjusted prime rate determined by the department under section 23 of 1941 PA 122, MCL 205.23. Except as otherwise provided in this section, the rate determined by the department shall be conclusive as to the maximum rate of interest permitted for a municipal security issued under this act.

(2) Except as provided in subsection (3), a municipal security issued under this act shall not be sold at a discount exceeding 10% of the principal amount of the municipal security. The amortization of the discount shall be considered interest and shall be within the interest rate limitation set forth in subsection (1).

(3) A municipal security may be sold at a discount exceeding 10% of the principal amount of the municipal security only if 1 or more of the following conditions apply, as determined by the department:

(a) The sale will result in the more even distribution for the municipality of total debt service on proposed and outstanding municipal securities.

(b) The sale will result in an interest cost savings when compared to the best available alternative that does not include a municipal security being sold at a discount exceeding 10% of the principal amount.

(c) The issuance is based on the availability of specific revenues previously pledged for another purpose and lawfully available for this purpose.

(d) The municipal security is issued to this state or the federal government to secure a loan or agreement.

(4) A municipal security issued in accordance with subsection (3)(a), (b), or (c) shall be rated investment grade by a nationally recognized rating agency or have insurance for payment of the principal and interest on the municipal security to the holders of the municipal security.

(5) Notwithstanding any other provision of this section, a municipal security meeting the requirements of subsection (3) that is a refunding security shall not have a maturity that exceeds the maturity of the existing municipal security.

(6) Not more than 25% of the total principal amount of any authorized issue of a municipal security shall meet the qualifications under subsection (3)(a), (b), and (c).

(7) A municipal security may bear no interest if sold in accordance with a federal program by which the holder of the municipal security, as a result of holding the municipal security, may declare a credit against a federal tax.

(8) A municipal security may bear no interest and appreciate as to principal amount if it meets the requirements of subsections (3), (4), and (6). The accreted principal amount of a municipal security shall be considered interest and shall be within the interest rate limitations provided in subsection (1).

(4) If authorized by the governing body of the issuing municipality, ownership of a municipal security may be transferred by means of a recorded entry in a record maintained by the issuing municipality, trustee, or other agent in lieu of printing and transferring a new municipal security. (5) If an individual acting in an official capacity signs or affixes his or her signature to a municipal security under this act and that individual ceases to be an officer before delivery of the municipal security, the municipal security is valid the same as if the individual had remained in office until delivery of that municipal security.

(2) By resolution of its governing body and without a vote of the electors, an authority organized under 1957 PA 206, MCL 259.621 to 259.631, or a public airport authority created or incorporated under the public airport authority act, chapter VIA of the aeronautics code of the state of Michigan, 1945 PA 327, MCL 259.108 to 259.125c, may borrow money and issue short-term municipal securities maturing not more than 1 year from the date of issue in anticipation of the collection of revenues to which it will be entitled to receive within 1 year from the date of the short-term municipal securities' issuance. The amount of the short-term municipal securities issued under this section shall not exceed 50% of the revenues collected in the preceding fiscal year not pledged for the payment of a security other than a short-term municipal security issued under this section as conclusively certified by the governing body of the authority. The resolution shall provide for the pledging of all or a portion of the revenues of the authority not previously pledged for the payment of a security. The resolution may also provide for the pledging of other assets of the authority as additional security for the payment of the short-term municipal security. The resolution also shall provide that from the receipts of the revenues in anticipation of which the authority issued the short-term municipal security, there shall be set aside in a special fund to be used for the payment of principal and interest on the short-term municipal security a portion of each dollar received that is not less than 125% of the percentage that the principal amount of the short-term municipal security bears to the amount certified as the revenues estimated to be collected, until the amount set aside is sufficient for the payment of principal and interest on the short-term municipal security. The amount set aside shall be used only for the payment of the principal and interest on the short-term municipal security until the short-term municipal security is paid as to both principal and interest. Except when in conflict with the requirements of section 9 of 1957 PA 206, MCL 259.629, the short-term municipal securities authorized under this subsection are subject to this act.

141.2403 Resolution authorizing municipal security; tax levy provision; operating expenditures; limitation; set aside of taxes collected; tax installments; capital improvements; debt service charges.

Sec. 403. (1) If a municipality issues a municipal security in anticipation of the collection of the taxes for the next succeeding fiscal year, the resolution authorizing a municipal security shall contain an irrevocable provision for the levying of a tax in the next succeeding fiscal year for the purpose for which the municipal security is to be made and the repayment of the municipal security from the receipt of taxes.

(2) A municipality may issue the short-term municipal security described in subsection (1) to pay for operating expenditures. As used in this section, "operating expenditures" means 1 or more of the following:

(a) Necessary operating expenditures of the municipality that could not reasonably have been foreseen and adequately provided for in the tax levy for the then current fiscal year.

(b) Payment of an expenditure in the then current fiscal year that cannot be funded because of a delay in or failure of receipt of budgeted revenue.

(c) Payment of budgeted expenditures in the then current fiscal year that precede budgeted revenues.

(3) The amount of the municipal securities issued under this section to pay operating expenditures shall not exceed 50% of the operating tax levy for the current fiscal year, or if the operating tax levy for the next succeeding fiscal year is determined, then 50% of the levy for the next succeeding fiscal year. The authorizing resolution shall provide that from the first collections of the operating taxes for the next succeeding fiscal year, there shall be set aside in a special fund to be used for the payment of principal and interest on the tax anticipation municipal security, a portion of each dollar that is not less than 125% of the percentage that the principal amount of the municipal security bears to the amount of the operating taxes until the amount set aside is sufficient for the payment. If a municipality collects its taxes in installments and issues a municipal security in anticipation of more than 1 installment, the requirements of the preceding sentence shall apply to each installment of taxes. The collection of the taxes to be set aside shall not be used for any other purpose. If the municipality determines that issuing municipal securities for this purpose will result in a deficiency in the funds available to pay the necessary operating expenditures of the next succeeding fiscal year, the municipality shall levy additional taxes in the future from within constitutional, charter, and statutory limits to prevent a continuation of the deficiency from year to year.

(4) A municipality may issue a short-term municipal security described in subsection (1) to pay for 1 or more capital improvements that can be legally and properly provided for in the budget of the municipality for the fiscal year in which the municipality issues the short-term municipal security. The principal amount of the municipal security issued for this purpose shall not exceed the sum set forth in the authorizing resolution to be levied for the improvement. The authorizing resolution shall provide that from the first collection of taxes for the next succeeding fiscal year, there shall be set aside in a special fund to be used for the payment of principal and interest on the short-term municipal security that percentage of the collection that the tax levied for capital outlay bears to the total levy, and until the amount set aside is sufficient for the payment, collection of the taxes to be set aside shall not be used for any other purpose.

(5) A municipality may issue the short-term municipal security described in subsection (1) to pay debt service charges or obligations on municipal securities or agreements described in section 317(5).

- (c) Capital improvements.

(2) If the municipality issues short-term municipal securities described in subsection (1) to pay operating expenditures or debt service charges, the principal amount of that municipal security issued under this section shall not exceed 75% of the amount of the debt service taxes, if the proceeds of the municipal security are to pay debt service charges, or 75% of the amount of the operating taxes, if the proceeds of the municipal security are to pay operating expenditures, as provided for in the budget of the current fiscal year and that remain to be collected at the time the authorizing resolution is passed. However, if the resolution is passed before the day upon which taxes for the year become due and payable, the principal amount of the municipal security shall not exceed 50% of the tax levy made for debt service or operating expenditures, respectively, for the preceding fiscal year.

(3) The authorizing resolution shall provide that, from the date of the authorizing resolution, from the collection of the taxes remaining to be collected for the current fiscal year there shall be set aside in a special fund, to be used for the payment of principal and interest on the short-term municipal security, a portion of each dollar of taxes remaining to be collected for the current fiscal year not less than 125% of the percentage that the principal amount of the municipal security bears to the amount of the tax levied for debt service or operating expenditures, respectively, that remain to be collected from the date of the authorizing resolution until the amount set aside is sufficient for that payment. The collection of the taxes to be set aside shall not be used for any other purpose.

(4) A municipality may issue short-term municipal securities in anticipation of the collection of taxes for the current fiscal year for the payment of 1 or more capital improvements that are legally and properly provided for in the tax levy of the current fiscal year. The principal amount of the municipal security issued for this purpose shall not exceed the anticipated collection, based on the delinquency in collections of the levy of the preceding fiscal year, of the sum included in the tax levy for that purpose and remaining unpaid at the time the authorizing resolution is passed. The authorizing resolution shall provide that from the collections of

the taxes for the current fiscal year there shall be set aside in a special fund to be used for the payment of principal and interest on the municipal security that percentage of the collections that the tax levied for capital outlay bears to the total levy, and until the amount set aside is sufficient for that payment, collection of the taxes to be set aside shall be used for no other purpose.

(5) The principal amount outstanding of any municipal security issued under section 403 shall be deducted from the total principal amount of any municipal security that may be issued under this section.

(2) Through December 31, 2018, a county, city, village, or township may by ordinance or resolution of its governing body, and without a vote of its electors, issue a municipal security under this section to pay the costs of the unfunded accrued health care liability provided that the amount of taxes necessary to pay the principal and interest on that municipal security, together with the taxes levied for the same year, shall not exceed the limit authorized by law or to refund in whole or in part a contract obligation issued for the same purpose. Postemployment health care or benefits may be funded by the county, city, village, or township. (3) Before a county, city, village, or township issues a municipal security under this section, the county, city, village, or township shall publish a notice of intent to issue the municipal security. The notice of intent and the rights of referendum shall meet the requirements of section 517(2).

Except for a refunding, the proceeds of a municipal security issued under this section to cover unfunded health care liability shall be deposited in a health care trust fund, a trust created by the issuer which has as its beneficiary a health care trust fund, or, for a county, city, village, or township, a restricted fund within a trust that would only be used to retire the municipal securities issued under subsection (1) or (3). A county, city, village, or township shall have the power to create a trust to carry out the purposes of this subsection. (a) Report its financial condition according to generally accepted accounting principles.

(b) Be tax-exempt under the internal revenue code.

(7) A county, city, village, or township issuing municipal securities under this section may enter into indentures or other agreements with trustees and escrow agents for the issuance, administration, or payment of the municipal securities.

(11) A county, city, village, or township that issues a municipal security under subsection (1) shall covenant with the holders of the municipal security and this state that it will not, after the issuance of the municipal security and while the municipal security is outstanding, rescind whatever action it has taken to make a partial or complete cessation of accruals to a defined benefit plan or the closure of the defined benefit plan for new or existing employees.

(12) If a county, city, village, or township has issued a municipal security under subsection (1) or (2), the county, city, village, or township may issue a refunding security to refund that municipal security under this section after December 31, 2018 if that refunding security does not have a final maturity later than the final maturity of the municipal security being refunded and if the municipality that issued the municipal security has been assigned a credit rating within the category of AA or higher or the equivalent by at least 1 nationally recognized rating agency in connection with the refunding security.

(2) This act shall not be construed to prohibit a municipality from refunding any of its outstanding securities even though some other municipality may be required to contribute to the payment of those outstanding securities, and that refunding is hereby expressly authorized. Refunding authorized under this subsection does not relieve any other municipality from a pledge to make a contribution to the payment of an

outstanding security.

A refunding security issued to refund an outstanding municipal security secured by an unlimited tax full faith and credit pledge shall be secured by an unlimited tax full faith and credit pledge. Refunding securities for outstanding securities issued under the revenue bond act of 1933, 1933 PA 94, MCL 141.101 to 141.140, shall be secured by the same pledge as the outstanding securities being refunded. (1) Except as provided in section 515 or subsection (2), a municipality shall not refund all or any part of its outstanding securities by issuing a refunding security unless the net present value of the principal and interest to be paid on the refunding security, including the cost of issuance, and taking into account an agreement entered into pursuant to section 317, is less than the net present value of the principal and interest to be paid on the outstanding security being refunded as calculated using a method approved by the department. However, when a municipality is issuing refunding securities for outstanding variable interest rate securities, as determined by the department the net present value calculation shall use the appropriate current fixed interest rate and the fixed interest rate that would have been available for the outstanding variable interest rate securities when originally issued if the outstanding variable interest rate securities had been issued as fixed interest rate securities or shall use another procedure determined by the department.

(2) A municipality may, under procedures established by the department, obtain an exception from the requirements of subsection (1) if the department determines a reasonable basis for that exception exists. As used in this subsection, reasonable basis means 1 or more of the following:

141.2701 Annual tax levy; determination; limitation not applicable; adjustment in event of surplus funds; use of money remaining in debt retirement fund; priority; set aside of tax collections allocable to principal and interest payment; failure of officer to perform duties; "tax levy" defined.

Sec. 701. (1) Subject to subsection (3), if a municipality has municipal securities outstanding, or with the approval of its electors has authorized the issuance of municipal securities to be paid from collections of its next tax levy, an officer or official body charged with a duty in connection with the determination of the amount of the next taxes to be raised or with the levying of the next taxes, shall include all of the following in the amount of taxes levied each year:

(a) An amount such that the estimated collections will be sufficient to promptly pay, when due, the interest on all municipal securities and the portion of the principal falling due whether by maturity or by mandatory redemption before the time of the following year's tax collection.

(b) An amount, if there are outstanding mandatory redemption refunding securities, sufficient to provide the sum required to be deposited, by the ordinance or resolution authorizing the issue, into the sinking fund for that purpose before the time of the following year's tax collection.

(c) An amount, if there are outstanding mandatory redemption municipal securities other than refunding securities not required to be redeemed in annual amounts before the maturity of the outstanding mandatory redemption municipal securities, that if deposited annually into a sinking fund will, with the existing sinking fund pertaining to the municipal securities and the increment of the municipal securities, be sufficient to pay the municipal securities at maturity.

(d) An amount necessary to pay debt service charges or obligations on municipal securities or agreements described in section 317(5) falling due in the immediately preceding fiscal year, to the extent that the tax levy in the preceding fiscal year was inadequate to pay, when due, the debt service charges or obligations on municipal securities or agreements described in section 317(5). The municipality shall do 1 or more of the following with the proceeds of the tax levy:

(i) Deposit in the debt retirement fund established for the municipal securities and used to pay debt service charges or obligations on municipal securities or agreements described in section 317(5).

(2) Subsection (1) does not limit the amount required to be levied in a year for the purposes prescribed in that subsection, by the terms of an ordinance or resolution authorizing the issuance of the municipal

securities.

(3) If the municipal securities were authorized or issued before December 23, 1978, or were approved by the electors of a municipality, the municipality shall levy the full amount of taxes required by this section for the payment of the municipal securities without limitation as to rate or amount and in addition to other taxes that the municipality may be authorized to levy. If the municipal securities were authorized or issued by a municipality after December 22, 1978, and were not approved by the electors of the municipality, the municipality shall set aside each year from the levy and collection of ad valorem taxes as required by this section as a first budget obligation for the payment of the municipal securities. However, the ad valorem taxes shall be subject to applicable charter, statutory, or constitutional rate limitations.

(4) If there is surplus money on hand for the payment of principal or interest at the time of making an annual tax levy, and provision has not been made in the authorizing resolution for the disposition of that money, the annual levy for principal or interest shall be adjusted to reflect available funds.

(5) Money remaining in a debt retirement fund from the levy of a tax or an account within a debt retirement fund from the levy of a tax after the retirement of all municipal securities payable from that fund shall be used in the following order of priority:

- (a) To pay other outstanding unlimited tax full faith and credit municipal securities.
- (b) To pay other outstanding limited tax full faith and credit municipal securities.
- (c) To be deposited in the general fund of the municipality.

(6) As taxes are collected, there shall be set aside that portion of the collections that is allocable to the payment of the principal and interest on the municipal securities. The portion set aside shall be divided pro rata among the various sinking funds and debt retirement funds in accordance with the amount levied for that purpose. Tax collections paid into a debt retirement fund, if the fund is for the payment of more than 1 issue of municipal securities, shall be allocated on the books and records of the municipality between the various issues in accordance with the amounts levied for that purpose.

(7) An officer who willfully fails to perform duties required by this section is personally liable to the municipality or to a holder of a municipal security for loss or damage arising from his or her failure.

(8) As used in this section, "tax levy" includes special assessments.

- (a) Voted debt.
- (b) Nonvoted debt, other than special assessment debt.
- (c) Special assessment debt.

(2) When any municipality completes the retirement of a debt evidenced by a municipal security or accumulates sufficient funds in the debt retirement fund for the retirement of the debts evidenced by a municipal security, the governing body of the municipality shall certify that the debt evidenced by a municipal security is retired or that the debt retirement fund is of sufficient amount to retire the debt evidenced by a municipal security to the county treasurer of the county in which the municipality is located, and the county treasurer shall no longer be required to recognize a levy for the debt or municipal security issue.

The department shall then advise the governing body to take the necessary steps to implement the plan. If the governing body declines or refuses to do so within 90 days after receiving the department's advice, the department shall be vested with all powers of the municipality, its governing body, and its officers that are necessary to implement the plan.
