(b) For a voluntary seller, a percentage of tax revenue generated for this state by that voluntary seller for a period not to exceed 24 months after the voluntary seller registered under the agreement.

(2) In computing the amount of tax remitted to this state, a seller who has selected Model 2 as described in section 21 may take a deduction in addition to the deductions taken under section 4 of the general sales tax act or section 4f of the use tax act for a period not to exceed 24 months after the seller registered under the agreement equal to 1 or more of the following:

In addition, a voluntary seller who selected Model 3 or a voluntary seller who has not selected any model described in section 21 may take a deduction for a period not to exceed 24 months after the seller registered under the agreement equal to a percentage, determined by the board, of tax revenue generated for this state by that voluntary seller.

As the seller's agent, the certified service provider is liable for sales and use tax due to this state on all sales transactions it processes for the seller unless the seller made a material misrepresentation or committed fraud.

(2) A seller that uses a certified automated system is responsible and is liable to this state for reporting and remitting tax.

(3) A certified service provider or a seller that uses a certified automated system is not liable for sales tax and use tax if it relied on the department's determination that the software program submitted to the board for certification as a certified automated system under the agreement accurately reflected the taxability of the product categories included in the software program. Relief from liability under this section does not apply if a certified service provider or a seller that uses a certified automated system has incorrectly classified an item or transaction into a product category of the certified automated system.

(4) A certified service provider is considered a seller and is eligible for relief from liability for sales tax as provided in section 12(9) of the general sales tax act, 1933 PA 167, MCL 205.62.

(5) If the department determines that an item or transaction is incorrectly classified as to its taxability by a certified service provider or by a seller that uses a certified automated system, the department shall notify that certified service provider or seller of the incorrect classification. The certified service provider or seller shall revise the classification within 10 days after receipt of notice from the department. If the classification is not changed within 10 days of notice from the department, the certified service provider or seller that uses a certified automated system is liable for the failure to collect the correct amount of sales or use tax due and owing to this state.

The seller is also not responsible for any penalty or interest that may be due on those transactions. The statute of limitations applicable to assessing a tax liability is tolled during this 36-month period.

Whenever possible, a rate or tax base change should occur on the first day of a calendar quarter.

(2) Failure of a seller to receive notice under subsection (1), however, does not relieve the seller of its obligation to collect the sales or use tax.

(3) The department shall complete a taxability matrix as provided for under section 328 of the agreement, maintain it in a database in a downloadable format approved by the board, and provide notice of changes in the matrix.
