

MANUFACTURING MILK LAW OF 2001 (EXCERPT)
Act 267 of 2001

288.693 Examination of test results and inspection of dairy farms; frequency.

Sec. 133. The department may examine test results and inspect dairy farms as frequently as the department determines necessary to assure compliance with this act. Upon receipt of a written request from a person who purchases milk produced at a dairy farm subject to this act, the department shall provide that person with a copy of the department's inspection reports for the dairy farm.

History: 2001, Act 267, Eff. Feb. 8, 2002.
